2101	17132-000	HI DENSITY MOBILE STORAGE 6 SHELVES	N/A	3/16/2004	63,267.26

Comments/Justification:

These shelving units are obsolete and are no longer of use. In their current location due to their size and lack of function they prevent any other utilization of the space. Due to past flooding the tracks and some wood is damaged which make it cost prohibitive to relocate the units for further use. Asset will be disassembled and disposed of by contractor on-site - transported to landfill by dumpster.

The second signal will sound 3 short 5-second blasts indicating a reduced danger allowing play to resume. The Sferic Siren Alerting System is designed to help assess weather conditions with both audible as well as visual signals. It is the CONTRACTOR'S responsibility to ensure the playing field, dug outs, bleachers and picnic area, are clear until the all clear (3 short blasts) is given or the strobe light is no longer visible.

21. The CONTRACTOR agrees to mutual cooperation with all local youth athletic groups whose participants share common park facilities.

This agreement will terminate and all field use will revert back to the COUNTY after the official League is over.

23. The CONTRACTOR agrees to remove all of the league's equipment, including soccer goals, benches, and signage from County property within (24) hours after the specified date range for each field is no longer valid. SUBJECT:	FTA Fiscal Year 2021 Triennial Review - Final Report
AGENDA DATE:	**July 27, 2021**

BRIEF OVERVIEW:

This Federal Transit Administration (FTA) report is required by 49 U.S.C. Chapter 53 and other federal requirements. The attached report documents the FTA's Triennial Review of Citrus County Transit (CCT) in Lecanto, Florida. Although not an audit, the Triennial Review is the FTA's assessment of CCT's compliance with federal requirements, determined by examining a sample of award management and program implementation practices. As such, the Triennial Review is not intended as, nor does it constitute, a comprehensive and final review of compliance with award requirements. This review started in February 2020 and was completed June 2021.

The Triennial Review focused on CCT's compliance in 21 areas. No deficiencies were found with the FTA requirements. This review is closed.

Re: Federal Transit Administration (FTA) Fiscal Year 2021 Triennial Review – Final Report

Dear Mr. Carnahan:

I am pleased to provide you with a copy of this FTA report as required by 49 U.S.C. Chapter 53 and other federal requirements. The enclosed final report documents the FTA's Triennial Review of Citrus County Transit (CCT) in Lecanto, Florida. Although not an audit, the Triennial Review is the FTA's assessment of CCT's compliance with federal requirements, determined by examining a sample of award management and program implementation practices. As such, the Triennial Review is not intended as, nor does it constitute, a comprehensive and final review of compliance with award requirements.

The Triennial Review focused on CCT's compliance in 21 areas. No deficiencies were found with the FTA requirements. We commend you on this outstanding achievement. This review is closed.

Given the delay in completing the FY 2020 reviews until FY 2021 and the significant amount of additional federal financial support provided through CARES Act, FTA developed a supplement to the FY2020 Contractors' Manual to assist in the evaluation of how recipients have used CARES Act and Emergency Relief funding. This supplement details the specific flexibilities and administrative relief provided by FTA for the use of these funds.

Regulations and Guidance

As CCT moves forward with its transit program, FTA would like to provide a look-ahead for future oversight activities related to new and/or updated requirements, below.

Attachment: 04_FL_6462_CitrusCounty_2021_TR_FinalReport (15078 : FTA Fiscal Year 2021 Triennial Review - Final Report)

Public Transportation Agency Safety Plan (PTASP) Regulation
The PTASP regulation requires all operators of public transportation systems that are recipients and subrecipients of FTA's Urbanized Area Formula Grants (Section 5307) to develop safety plans that include the processes and procedures to implement Safety Management Systems (SMS). FTA has deferred applicability of this requirement for operators that only receive funds through FTA's Enhanced Mobility of Seniors and Individuals with Disabilities Formula Program (Section 5310) and/or Rural Area Formula Program (Section 5311).

As part of the Annual Certifications and Assurances, transit operators must certify they have a safety plan in place for meeting the requirements of the rule by July 20, 2020. However, in response to the COVID-19 public health emergency, on December 11, 2020, FTA issued a Notice of Enforcement Discretion, effectively extending the PTASP compliance deadline to July 21, 2021. All plans will be reviewed starting October 1, 2021, through FTA's oversight process. For guidance and updates to assist in the preparation and implementation of the PTASP Final Rule, please visit FTA's website at www.transit.dot.gov/PTASP.

Random Drug Testing Rate Increase
On October 17, 2018, FTA published a Dear Colleague letter "2019 Random Drug Testing Increase." In its letter, FTA notified recipients that effective January 1, 2019 and as mandated by its drug and alcohol regulation at 49 C.F.R. 655.45, the random drug testing rate will change. FTA increased the minimum rate of random drug testing from 25 percent to 50 percent of covered employees, for employers subject to FTA's drug and alcohol regulation. This increased random drug testing rate results from an uptick in the proportion of violations identified through random drug testing.

The 50 percent random drug testing rate applies to entities receiving federal assistance under 49 U.S.C. 5307, 5309, 5311 or 5339, including recipients, subrecipients, and safety-sensitive contractors. The required minimum rate for random alcohol testing is unaffected and remains at 10 percent.

Mask Order
On January 29, 2021, the Centers for Disease Control and Prevention (CDC) issued an order requiring all persons traveling into and within the United States on conveyances, as well as persons at transportation hubs, to wear masks covering their nose and mouth. The CDC Order requires that, effective February 1, 2021, transit operators may transport only persons wearing masks and must use best efforts to ensure that masks are worn when embarking, disembarking, and throughout the duration of travel. Recipients who are operators of transportation hubs must use best efforts to ensure that any person entering in or on the premises wears a mask. Recipients must ensure that direct employees and contractor employees wear a mask at all times when in vehicles or in or around transportation facilities controlled by the recipient. On February 9, 2021, FTA amended its Master Agreement to incorporate a special provision requiring recipients and third-party participants to comply with the CDC Order.

Thank you for your cooperation and assistance during this Triennial Review. If you need any technical assistance or have any questions, please do not hesitate to contact Mr. Chris White,

I. Executive Summary

This report documents the Federal Transit Administration's (FTA) Triennial Review of the Citrus County Board of County Commissioners, Citrus County Transit (CCT) of Leconto, Florida. FTA wants to ensure that awards are administered in accordance with the requirements of Federal Public Transportation Law 49 U.S.C. Chapter 53. The review was performed by Interactive Elements Inc. During the virtual site visit, administrative and statutory requirements were discussed and documents were reviewed.

The Triennial Review focused on CCT's compliance in 21 areas. The review found no deficiencies.

II. Review Background and Process

1. Background

The United States Code, Chapter 53 of Title 49 (49 U.S.C. 5307(f)(2)) requires that "At least once every 3 years, the Secretary shall review and evaluate completely the performance of a recipient in carrying out the recipient's program, specifically referring to compliance with statutory and administrative requirements..." This Triennial Review was performed in accordance with FTA procedures (published in FTA Order 9010.1B, April 5, 1993).

The Triennial Review includes a review of the recipient's compliance in 21 areas. The basic requirements for each of these areas are summarized in Section IV.

This report presents the findings from the Triennial Review of CCT. The review concentrated on procedures and practices employed during the past three years; however, coverage was extended to earlier periods as needed to assess the policies in place and the management of award funds. The specific documents reviewed and referenced in this report are available at the FTA's regional office or the recipient's office.

2. Process

The Triennial Review process includes a pre-review assessment and scoping meeting with the FTA regional office and a virtual site visit. The review scoping meeting was conducted with the Region IV Office on February 26, 2020. Necessary files retained by the regional office were sent to the reviewer electronically. A recipient information request was sent to CCT on October 31, 2019 indicating a review would be conducted during Fiscal Year 2020. In March 2020, all work on reviews was halted due to the Public Health Emergency. A subsequent recipient information request was sent to CCT on October 27, 2020 advising that a virtual site visit would be taking place and indicating additional information that would be needed and issues that would be discussed. The virtual site visit to CCT occurred on May 11-12, 2021.

The virtual site visit portion of the review began with an entrance conference, at which the purpose of the Triennial Review and the review process were discussed. The remaining time was spent discussing administrative and statutory requirements and reviewing documents. In addition, the reviewers evaluated how CCT has used CARES Act and ER funding and the impacts of COVID-19 Public Health Emergency on the agency by discussing a series of questions included in the supplement to the FFY 2020 Contractors' Manual. Additional documentation was requested for the Financial Management and Capacity and Procurement areas only. The reviewer examined a sample of maintenance records for FTA-funded vehicles and equipment.

Upon completion of the review, FTA and the reviewer provided a summary of preliminary findings to CCT at an exit conference. Section VI of this report lists the individuals participating in the review.

Attachment: 04_FL_6462_CitrusCounty_2021_TR_FinalReport (15078 : FTA Fiscal Year 2021 Triennial Review - Final Report)

3. Metrics

The metrics used to evaluate whether a recipient is meeting the requirements for each of the areas reviewed are:

- *Not Deficient*: An area is considered not deficient if, during the review, nothing came to light that would indicate the requirements within the area reviewed were not met.
- *Deficient*: An area is considered deficient if any of the requirements within the area reviewed were not met.
- *Not Applicable*: An area can be deemed not applicable if, after an initial assessment, the recipient does not conduct activities for which the requirements of the respective area would be applicable.

III. Recipient Description

1. Organization

As a division of the Department of Community Services of the Citrus County Board of County Commissioners, Citrus County Transit (CCT) directly operates a demand-response paratransit bus system. In addition, CCT functions as the Community Transportation Coordinator for countywide paratransit transportation operations, working with other human services agencies. Citrus County is located on the west central coast of Florida, north of Tampa and west of Orlando. The county measures approximately 773 square miles with a population of 147,929.

Prior to the pandemic, CCT provided two types of service: a demand responsive door-to-door-service for the general public throughout the entire county (Transit Bus) and a deviated fixed-route bus service (Orange Line). In response to the public health emergency, CCT suspended the Orange Line service, suspended all fare collection, and expanded the demand response service hours. Currently, Transit Bus is available Monday through Friday from 6 a.m. to 6 p.m. The pre-pandemic hours were 7 a.m. to 5 p.m. Because CCT operates no fixed route service, no ADA complementary paratransit is offered. CCT will resume the Orange Line service and fare collection when it is determined to be safe.

CCT's active fleet consist of 23 cutaway buses and one van, all of which were procured with FTA Section 5310 or 5311 funds through a subrecipient relationship with the Florida Department of Transportation (FDOT). The transit center, located in the Lecanto Government Complex at 1300 S. Lecanto Highway, Lecanto, Florida, also was funded through FDOT's rural transit assistance program. At the time of the review, CCT had no transit assets funded directly from FTA.

2. Award and Project Activity

Below is a list of CCT's open awards at the time of the review.

Award Number	Award Amount	Year Executed	Description
FL-2019-063	$350,000	2019	5307 Operating; Citrus Co. Transit; Citrus Co. FL
FL-2020-104	$1,038,000	2020	5307 Operating and Capital; Citrus Co. Transit; Citrus County, FL
FL-2020-105	$3,809,275	2020	5307 CARES Act Operating; Citrus Co. Transit; Citrus County, FL

Attachment: 04_FL_6462_CitrusCounty_2021_TR_FinalReport (15078 : FTA Fiscal Year 2021 Triennial Review - Final Report)

Projects Completed

In the past few years, CCT installed card readers for use on the deviated fixed-route system for tracking and data collection of Transportation Disadvantaged qualified riders (5311 Capital funding).

Ongoing Projects

Citrus County is currently implementing the following noteworthy projects:

- Expanding Veteran's Transportation to three out-of-county Veterans Administration hospitals
- Continuing to maintain services for passengers, many of whom are elderly, low income, or disabled individuals, to meet their educational, employment, medical, nutritional, and social activities transportation needs.

Future Projects

Citrus County will begin to use Section 5307 funding for capital purchases of buses, using the current FDOT TRIPS contract to meet procurement regulations.

IV. Results of the Review

1. Legal

Basic Requirement: The recipient must promptly notify the FTA of legal matters, include clauses in its third party and subrecipient agreements, and additionally notify the U.S. DOT Office of Inspector General (OIG) of any instances relating to false claims under the False Claims Act or fraud. Recipients must comply with restrictions on lobbying requirements.

Finding: During this Triennial Review of CCT, no deficiencies were found with the FTA requirements for Legal.

2. Financial Management and Capacity

Basic Requirement: The recipient must have financial policies and procedures; an organizational structure that defines, assigns and delegates authority; and financial management systems in place to match, manage, and charge only allowable cost to the award. The recipient must conduct required single audits and provide financial oversight of subrecipients.

Finding: During this Triennial Review of CCT, no deficiencies were found with the FTA requirements for Financial Management and Capacity.

3. Technical Capacity – Award Management

Basic Requirement: The recipient must report progress of projects in awards to the FTA timely.

Attachment: 04_FL_6462_CitrusCounty_2021_TR_FinalReport (15078 : FTA Fiscal Year 2021 Triennial Review - Final Report)

Finding: During this Triennial Review of CCT, no deficiencies were found with the FTA requirements for Technical Capacity – Award Management.

4. Technical Capacity – Program Management & Subrecipient Oversight

Basic Requirement: The recipient must follow the public involvement process for transportation plans; develop and submit a State Management/Program Management Plan to the FTA for approval; report in the Federal Funding Accountability and Transparency Act Subaward Reporting System (FSRS) on subawards; and ensure subrecipients comply with the terms of the award.

This section applies only to recipients that have subrecipients; therefore, the related requirements are not applicable to this review of CCT.

5. Technical Capacity – Project Management

Basic Requirement: The recipient must be able to implement FTA-funded projects in accordance with the award application, FTA Master Agreement, and all applicable laws and regulations, using sound management practices; and prepare force account plans.

Finding: During this Triennial Review of CCT, no deficiencies were found with the FTA requirements for Technical Capacity – Project Management.

6. Transit Asset Management

Basic Requirement: Recipients must comply with 49 CFR Part 625 to ensure public transportation providers develop and implement transit asset management (TAM) plans.

Finding: During this Triennial Review of CCT, no deficiencies were found with the FTA requirements for Transit Asset Management.

7. Satisfactory Continuing Control

Basic Requirement: The recipient must ensure that FTA-funded property will remain available to be used for its originally authorized purpose throughout its useful life until disposition.

Finding: During this Triennial Review of CCT, no deficiencies were found with the FTA requirements for Satisfactory and Continuing Control.

Attachment: 04_FL_6462_CitrusCounty_2021_TR_FinalReport (15078 : FTA Fiscal Year 2021 Triennial Review - Final Report)

8. Maintenance

Basic Requirement: Recipients must keep federally funded vehicles, equipment, and facilities in good operating condition. Recipients must keep ADA accessibility features on all vehicles, equipment, and facilities in good operating order.

Finding: During this Triennial Review of CCT, no deficiencies were found with the FTA requirements for Maintenance.

9. Procurement

Basic Requirement: The non-Federal entity must use its own documented procurement procedures which reflect applicable State, local, and tribal laws and regulations, and conform to applicable Federal law and the standards identified in 2 CFR Part 200. State recipients can use the state's overall policies and procedures. When applied to Federal procurements, those policies and procedures must still be compliant with all Federal requirements as applied to non-state recipients. The flexibility afforded by 2 CFR Part 200 should not be misconstrued as absolving a state from Federal requirements. For example, FTA does not require each State DOT to have policies and procedures separate from the state education department.

Finding: During this Triennial Review of CCT, no deficiencies were found with the FTA requirements for Procurement.

10. Disadvantaged Business Enterprise (DBE)

Basic Requirement: Recipients must comply with 49 CFR Part 26 to ensure nondiscrimination in the award and administration of USDOT assisted contracts. Recipients also must create a level playing field on which DBEs can compete fairly for US DOT-assisted contracts.

Finding: During this Triennial Review of CCT, no deficiencies were found with the US DOT requirements for DBE.

11. Title VI

Basic Requirement: The recipient must ensure that no person shall, on the grounds of race, color, or national origin, be excluded from participating in, or be denied the benefits of, or be subject to discrimination under any program or activity receiving Federal financial assistance without regard to whether specific projects or services are federally funded. The recipient must ensure that all transit services and related benefits are distributed in an equitable manner.

Finding: During this Triennial Review of CCT, no deficiencies were found with the FTA requirements for Title VI.

Attachment: 04_FL_6462_CitrusCounty_2021_TR_FinalReport (15078 : FTA Fiscal Year 2021 Triennial Review - Final Report)

12. Americans with Disabilities Act (ADA) – General

Basic Requirement: Titles II and III of the ADA of 1990 provide that no entity shall discriminate against an individual with a disability in connection with the provision of transportation service. The law sets forth specific requirements for vehicle and facility accessibility and the provision of service, including complementary paratransit service.

Finding: During this Triennial Review of CCT, no deficiencies were found with the US DOT requirements for ADA – General.

13. ADA – Complementary Paratransit

Basic Requirement: Under 49 CFR 37.121(a), each public entity operating a fixed-route system shall provide paratransit or other special service to individuals with disabilities that is comparable to the level of service provided to individuals without disabilities who use the fixed route system. "Comparability" is determined by 49 CFR 37.123-37.133. Requirements for complementary paratransit do not apply to commuter bus, commuter rail, or intercity rail systems.

This section applies only to recipients that operate a fixed-route system; therefore, the related requirements are not applicable to this review of CCT.

14. Equal Employment Opportunity

Basic Requirement: The recipient must ensure that no person in the United States shall on the grounds of race, color, religion, national origin, sex, age, or disability be excluded from participating in, or denied the benefits of, or be subject to discrimination in employment under any project, program, or activity receiving Federal financial assistance under the Federal transit laws. (Note: Equal Employment Opportunity Commission's regulation only identifies/recognizes religion and not creed as one of the protected groups.)

Finding: During this Triennial Review of CCT, no deficiencies were found with the FTA requirements for Equal Employment Opportunity.

Attachment: 04_FL_6462_CitrusCounty_2021_TR_FinalReport (15078 : FTA Fiscal Year 2021 Triennial Review - Final Report)

16. Charter Bus

Basic Requirement: Recipients are prohibited from using FTA-funded equipment and facilities to provide charter service if a registered private charter operator expresses interest in providing the service. Recipients are allowed to operate community-based charter services pursuant to certain regulatory exceptions.

Finding: During this Triennial Review of CCT, no deficiencies were found with the FTA requirements for Charter Bus.

17. Drug Free Workplace Act

Basic Requirement: Recipients are required to maintain a drug free workplace for all award-related employees; report any convictions occurring in the workplace timely; and have an ongoing drug-free awareness program.

Finding: During this Triennial Review of CCT, no deficiencies were found with the FTA requirements for Drug-Free Workplace Act.

18. Drug and Alcohol Program

Basic Requirement: Recipients receiving Section 5307, 5309, 5311, or 5339 funds that have safety-sensitive employees must have a drug and alcohol testing program in place for such employees.

Recipients are expected to have a written, locally developed process for soliciting and considering public comment before raising a fare or carrying out a major transportation service reduction.

Recipients shall develop, publish, afford an opportunity for a public hearing on, and submit for approval, a program of projects (POP).

Finding: During this Triennial Review of CCT, no deficiencies were found with the FTA requirements for Section 5307 Program Requirements.

Attachment: 04_FL_6462_CitrusCounty_2021_TR_FinalReport (15078 : FTA Fiscal Year 2021 Triennial Review - Final Report)

20. Section 5310 Program Requirements

Basic Requirement: Recipients must expend funds on eligible projects that meet the specific needs of seniors and individuals with disabilities. Projects selected for funding under the Section 5310 program must be included in a locally developed, coordinated public transit-human services transportation plan. Recipients must approve all leases of Section 5310-funded vehicles and ensure that leases include required terms and conditions. Either the recipient or subrecipient must hold title to the leased vehicles.

This section applies only to recipients that receive Section 5310 funds directly from FTA; therefore, the related requirements are not applicable to this review of CCT.

21. Section 5311 Program Requirements

Basic Requirement: Recipients must expend funds on eligible projects to support rural public transportation services and intercity bus transportation.

This section applies only to recipients that receive Section 5311 funds directly from FTA; therefore, the related requirements are not applicable to this review of CCT.

AGENDA MEMORANDUM

FROM:	Mariselle Rodriguez, Community Services Director
SUBJECT:	Transit Development Plan (TDP) 2021 Annual Progress Report
AGENDA DATE:	**July 27, 2021**

BRIEF OVERVIEW:

The Transit Development Plan (TDP) Major Update for the Citrus County Transit (CCT) system for FY2021-2030 was adopted by the BOCC on June 23, 2020, and was submitted by September 1st, 2020 to FDOT, as required in Administrative Code (14.73.002). As a strategic plan, it sets the vision and outlines potential strategies to achieve the vision. **Note that this was not a CIP, an operating budget, or binding contract.** It will depend on future funding by the Board for any expansion of routes.

Each in between year an Annual Progress Report is required to be submitted to FDOT by September 1st. Doing so keeps Citrus County eligible for the Florida Public Transit Block Grant funding that provides our annual operating assistance from the State through FDOT.

Through the partnership of the Hernando/Citrus Metropolitan Planning Organization (MPO) and Citrus County Transit, the final version of the 2021 Annual Progress Report for the Citrus County Transit Development Plan (TDP) is presented for approval and adoption by the Citrus County Board of County Commissioners.

Section 1.: Introduction

Introduction

The State of Florida Public Transit Block Grant Program was enacted by the Florida Legislature to provide a source of funding for public transportation. The Block Grant Program requires public transit service providers to develop, adopt, and annually update a 10-Year Transit Development Plan (TDP). Each update must be submitted annually to the appropriate Florida Department of Transportation (FDOT) District Office by September 1st.

The most recent TDP Major Update, required every five years, and covering fiscal years (FYs) 2021-2030 was adopted by the Citrus County Board of County Commissioners (BOCC) in June 23, 2020. This document serves as Citrus County's 2021 annual progress and meets the requirement for a TDP annual progress report in accordance with Rule Chapter 14-73, Florida Administrative Code (FAC). An annual progress report is due by September 1, 2021 and has been initiated.

TDP Annual Progress Report Requirements

Annual Progress Report (APR) updates shall be in the form of a progress report on the 10-year implementation program and shall include:

- Past year's accomplishments compared to the original implementation program
- Analysis of any discrepancies between the plan and its implementation for the past year, and steps that will be taken to attain original goals and objectives
- Any revisions to the implementation program for the coming year
- Revised implementation program for the 10th year
- Added recommendations for the new 10th year of the updated plan
- A revised financial plan
- A revised list of projects or services needed to meet the goals and objectives

Report Organization

The APR is compiled to support the Citrus County Transit's Ten-Year Transit Development Plan (TDP) Major Update (2021-2030) and is composed of six (6) major Chapters, including this introduction.

Table 1-1 lists the TDP requirements from Rule 14-73.001, FAC for annual TDP progress reports and indicates where in this document discussion of each can be found.

Section 2.: Overview of the System

Citrus County Transit System Overview

The Citrus County BOCC, the transit grant recipient in Citrus County, is technically viewed as the operator of transit services in Citrus County. The transit system, called Citrus County Transit, has been in operation since 1978 under the County's Department of Community Services. Citrus County Transit provides two types of services: a deviated fixed-route bus service (Orange Line Bus) and a demand response paratransit service (Transit Bus).

Orange Line Bus

The Orange Line Bus service is a deviated fixed-route bus service that allows a bus to pick up a passenger at a location within ¼-mile from the regular route alignment. The passenger must call at least one hour before the time they would like to be picked up. The service currently has four routes that form a radial network with all routes originating from Citrus County Transit's office. There are four (4) routes denoted by color. The Homosassa Route was removed and the Inverness Route was split into two (2). A description of each route is presented below.

- **Green Route (Beverly Hills):** The Beverly Hills Route operates along CR 491 from the south end at Citrus County Transit's office to the north end of intersection of CR 491 and Roosevelt Blvd. The route provides access to several neighborhoods in Beverly Hills and deviates east along SR 44 to the Citrus Center.
- **Blue Route (Crystal River):** The Crystal River Route starts at Citrus County Transit's office and makes a loop back along CR 491, CR 486, SR 44, and US 19. Major activity centers covered by this route include YMCA, West Citrus Government Center, Coastal Region Library, and Crystal River City Hall. The route will go as far south as the Homosassa Winn-Dixie on US19.
- **Purple Route (Hernando / Inverness):** The Hernando / Inverness Route starts at Citrus County Transit's office and services US41 north up to East Campfire Court and North Carl G. Rose Hwy in Hernando. The route services Career Source and Family Resource Center and several shopping centers. The Inverness Walmart is a transfer point to connect with other routes.
- **Red Route (Floral City / Inverness):** The Floral City /Inverness Route starts at Citrus County Transit's office to Inverness, along the US 41 corridor south to East Brooks Lane in Floral City. The route also connects several major activity centers in Inverness and Floral City, including Withlacoochee Tech College, Libraries, and Courthouse. The Inverness Walmart is a transfer point to connect with other routes.

Table 2-1 presents a summary of existing deviated fixed-route service operating characteristics. The current deviated fixed-route system and urban boundaries are depicted in Map 2-1.

Source: Citrus County Transit

**Due to COVID-19, the deviated fixed route was suspended from Mar 26, 2020 to present. Anticipated to restart on August 9, 2021.

Table 2 contains the anticipated Post-COVID characteristics of the Orange Line Bus System.

The Inverness Route was split into 2 routes, denoted as the Purple & Red Routes.

Aside from tentative stops / schedule adjustments, there have been no notable changes to the Orange Line Bus deviated fixed-route service since adoption of the 2021-2030 TDP Major Update.

Transit Bus

In addition to deviated fixed-route bus service, Citrus County Transit Bus provides door-to-door transit service throughout the county as a demand-response paratransit bus system. Transit Bus service operates on preset schedules and reservations.

The system picks up riders anywhere within the county's 773 square-mile area and transports them to their planned destinations, which, in some cases, are destinations outside of the county. The service transports veterans as far south as Tampa, as far east as The Villages, and as far north as Gainesville. Reservations are required and are accepted up to fourteen (14) calendar days in advance.

There have been no significant changes to the Transit Bus service since adoption of the 2021-2030 TDP Major Update.

Public Involvement Activities

The Following Public Involvement Activities were conducted in FY 2020/21:

May 3, 2021: Prosperity Citrus – Stakeholder activity

June 14, 2021: Prosperity Citrus – Stakeholder activity (provided Rider's Guide for Demand Response, Deviated Fixed Routes (Beverly Hills, Hernando, Inverness – Hernando, Inverness – Floral City)

Analysis of Any Discrepancies:

Upon review and analysis of the Major Update for 2021-2030 and the preparation of the Annual Progress Report, no discrepancies were determined. However, there were unpredicted and unprecedented impacts to the system resulting from the Coronavirus 19 (COVID 19) pandemic. These are discussed in the next section "Impacts to the System".

Impacts & Enhancements to the System:

In response to the pandemic, Citrus County utilized the following initiatives for the health, safety, and security of its system operators / users / riders:

- The Deviated Fixed Routes were suspended as of March 26th, 2020. We are currently working on getting it back in service with a target date of August 9th, 2021.
- The Demand Response continued to operate during the pandemic at limited capacity with social distancing requirements implemented. All fares were suspended.
- Additional strategies for stringent cleaning and disinfecting of vehicles and facilities that were in effect at the start of the pandemic is still ongoing.
- All Transit employees and bus passengers were and continue to be required to wear masks.
- Trips to the Veteran's Hospital in Gainesville, The Villages and the Veteran's Hospital in Tampa continued to be available (except in the initial 2-3 months of COVID).
- The express to the Social Security office in Ocala is not yet able to start due to the Pandemic. This is expected to occur when the Social Security office is open.
- As of May 2021, the demand response trips are starting to return to normal.
- The Deviated Fixed Routes have been analyzed to start reducing lead times. As a part of marketing, new signage has been designed. Citrus County Transit will be using the map route colors as well as the name of the route.
- Possible enhancement of using bus locator apps is currently being explored.
- Fares will continue to be suspended until October 1 (giving the opportunity to re-market the Deviated Fixed Route – Orange Line).

Section 6.: Updated Recommendations for the New 10th Year and Revised Financial Plan

The purpose of this section is to examine the factors that would influence extending the TDP horizon an additional year, in effect, a new 10th year of the required 10-year implementation and financial plan.

Planning Considerations

The Transit Element of the 2045 LRTP along with the Update of the associated 2022-2031 TDP provided a current framework for the coming ten-year horizon.

The Ten-Year Financial Plan

The TDP Major Update for 2021-2030 was adopted in September 2020. This reflected an updated Ten (10) year financial plan based on a variety of factors and anticipated changes to the transit system.

Cost and Revenue Assumptions

Table 4-5 presents the updated 10-Year Financial Plan for FYs 2022-2031. Updated capital and operating costs and revenues were provided by Citrus County Transit staff for the 10th year. This report includes key assumptions that are consistent with those included in the Citrus County 2021-2030 TDP Major Update Final Report.

b. The writing must state the date by which the cat may be safely spayed or neutered. The county may extend the time for spaying or neutering a cat or may exempt such cat from the spay/neuter requirement based upon the written medical recommendation of a licensed veterinarian. For a cat that is not spayed or neutered due to a health condition as provided herein, the license tag fee established by the board for sterilized cats shall apply. However, if the cat is trapped or otherwise found at large and impounded at animal services more than once, the license will be forfeited and the cat will be sterilized.

d. The cat is used for breeding purposes by a licensed hobby or commercial breeder and is registered as a pedigreed cat with the Cat Fancier Association or the International Cat Association.

e. The cat is being harbored by a shelter, humane society, or private animal nonprofit organization, whether public or private, whose principal purpose is securing the adoption of cats or offering sanctuary for cats, provided that the cat is spayed or neutered prior to being placed for adoption.

Section 8. Dangerous dogs. Article II, Section 14-45, is amended in its entirety as follows:

(a) *Definitions.* When used in this section, the following terms shall have the meaning indicated:

(1) *Dangerous dog* means any dog that according to the records of animal services:

a. Has aggressively bitten, attacked, or endangered or has inflicted severe injury on a human being on public or private property;

b. Has more than once severely injured or killed a domestic animal while off the owner's property;

c. Has been used primarily or in part for the purpose of dog fighting or is a dog trained for dog fighting; or

d. Has, when unprovoked, chased or approached a person upon the streets, sidewalks, or any other public or private property that the person had a legal right to be on, in a menacing fashion or apparent attitude of attack, provided that such actions are attested to in a sworn statement by one or more persons and dutifully investigated by the appropriate authority.

(2) *Animal control authority* means the Citrus County Sheriff's Office, whether acting alone or in concert with Citrus County Animal Services, or other local governmental units and authorized by them to enforce the provisions of this ordinance as well as the animal control laws of the state.

(3) *Unprovoked* means that the victim who has been conducting himself or herself peacefully and lawfully has been bitten or chased in a menacing fashion or attacked by a dog.

(b) *Classification of dogs as dangerous.*

(1) An animal control authority shall investigate reported incidents involving any dog that may be dangerous and shall, if possible, interview the owner and require a sworn affidavit from any person, including any animal control officer or enforcement officer, desiring to have a dog classified as dangerous.

(2) An animal that is the subject of a dangerous dog investigation because of severe injury to a human being may be immediately confiscated by an animal control authority, placed in quarantine, if necessary, for the proper length of time, or impounded and held. The animal may be held pending the outcome of the investigation and any hearings or appeals related to the dangerous dog classification or any penalty imposed under this section. If the dog is to be destroyed, the dog may not be destroyed while an appeal is pending. The owner is responsible for payment of all boarding costs and other fees as may be required to humanely and safely keep the animal pending any hearing or appeal.

(~~2~~3) Any animal that is the subject of a dangerous dog investigation, that is not impounded with the animal control authority, shall be humanely and safely confined by the owner in a securely fenced or enclosed area pending the outcome of the investigation and resolution of any hearings related to the dangerous dog classification. The address of where the animal resides shall be provided to the animal control authority.

(~~3~~4) No dog that is the subject of a dangerous dog investigation may be relocated or ownership transferred pending the outcome of an investigation or any hearings related

Attachment: Animal Contol Ordinance 2021 Draft Redline (12994 : Set a Public Hearing on an Ordinance Pertaining to Animal Control)

to the determination of a dangerous dog classification. In the event that a dog is to be destroyed, the dog shall not be relocated or ownership transferred.

(45) A dog shall not be declared dangerous if the threat, injury, or damage was sustained by a person who, at the time, was unlawfully on the property or, while lawfully on the property, was tormenting, abusing, or assaulting the dog or its owner or a family member. No dog may be declared dangerous if the dog was protecting or defending a human being within the immediate vicinity of the dog from an unjustified attack or assault.

(c) *Notice and hearing requirements for determination of dangerous dog classification.*

(1) After the investigation, the animal control authority shall make an initial determination as to whether there is sufficient cause to classify the dog as dangerous and shall afford the owner an opportunity for a hearing prior to making a final determination as to whether there is sufficient cause to classify the dog as dangerous and if so, the appropriate statutory penalty, i.e., 1) classify the dog as a dangerous subject to secure confinement by the owner; or, 2) destroy the dog if the dog caused severe injury to a human being and constitutes a likely future threat to public safety, health and welfare.

(2) The animal control authority shall provide written notification of the sufficient cause finding to the owner, by registered mail, certified hand delivery, or service in conformance with the provisions of Chapter 48, Florida Statutes, relating to service of process.

(3) The owner may file a written request for a hearing with the Office of the County Administrator within seven calendar days from the date of receipt of the notification of the sufficient cause finding and, if requested, the hearing shall be held as soon as possible, but not more than 21 calendar days and no sooner than five days after receipt of the request from the owner. If the owner does not timely request a hearing, the determination of animal control is final. If the dog is impounded and an appeal is requested, at the time appeal is requested the owner shall pay boarding costs and fees incurred from the date of impoundment through the date of the request to appeal. When the appeal to the County Administrator is concluded, the owner of an impounded dog shall pay the boarding costs and fees incurred after the date of appeal through the date of the County Administrator's decision. If the impounded dog is released to the owner at the conclusion of the appeal, the owner shall pay any boarding costs and fees due through the date of release.

(4) The formal rules of evidence shall not apply at the hearing and hearsay is admissible, but the hearing officer may not base his decision solely upon hearsay testimony.

(5) Upon a dangerous dog classification becoming final after hearing or by operation of law, the animal control authority shall provide a written final order to the owner by registered mail, certified hand delivery or service pursuant to F.S. Ch. 48. The owner may appeal the final order in the ~~county~~ circuit court within ten business days after receipt of the final order. If the dog is not held by animal control, the owners must confine the dog in a securely fenced or enclosed area pending a resolution of the appeal. The appeal shall be the traditional record review applicable to other types of appeals from quasi-judicial decisions of administrative bodies or hearing officers. If the dog is impounded and the owner files an appeal to the circuit court, at the time the notice of appeal is filed the owner shall pay the County any boarding costs and fees due through the date of the filing of the notice of appeal. If the impounded dog is

released to the owner at the conclusion of the appeal, the owner shall pay any boarding costs and fees due through the date of release.

(d) *Registration.*

(1) Within 14 days after a dog has been classified as dangerous by the animal control authority or a dangerous dog classification is upheld by the county court on appeal, the owner of the dog must obtain a certificate of registration from animal services. The owner must provide two current photographs of the dangerous dog to animal services at the time of registration.

(2) The owner of a dangerous dog will be required to purchase annually a certificate of registration and a dangerous dog tag. Certificates of registration are renewed in January of each year. Partial year registrations will be pro-rated by month.

d. Sterilization. All dangerous dogs that are unsterilized will be required to be spayed or neutered immediately at the owner's expense.

(4) Unless the statutory penalty requires that the animal be destroyed, a dog that has been impounded which is subsequently classified as dangerous shall remain impounded until the owner purchases a certificate of registration and provides for its secure confinement in accordance with this section ~~and a court order to return the animal to the owner~~. If the owner does not make such provisions within 14 days of the latter of:

a. the final order of classification of dangerousness; or,

b. the conclusion of any appeal which is decided adversely to the owner,

the county will seek an order to have the animal remanded to the custody of the county. The owner shall be responsible for boarding fees, veterinary and other costs incurred by the county to maintain the dog during ~~such~~ impoundment ~~unless the owner prevails at the conclusion of all legal proceedings~~.

(5) The owner shall immediately notify animal services when a dog that has been classified as dangerous:

a. Is loose or unconfined.

c. Is sold, given away, or dies.

It shall be unlawful for an owner of a dangerous dog to deny the animal control authority access to inspect the owner's premises to determine compliance as provided in this section.

The owner shall be responsible for payment of all boarding costs and other fees as may be required to humanely and safely keep the animal during any appeal procedure. (i) *Hearing on humane disposal of dangerous dog.*

(1) The purpose of a hearing under this section is not to determine whether or not a dog should be classified as a dangerous dog; this section only applies to those dogs who have previously been classified as dangerous either through the consent of the owner or by the animal control authority pursuant to the hearing and appeal process in section (c).

(2) The request for the hearing must be in writing and must be received by the office of the county administrator by the close of business on the final business day prior to expiration of the applicable deadline.

(3) The hearing shall be confined to the issue of whether or not the owner of the dangerous dog is able to properly meet the requirements listed in this ordinance to both care for the dog and keep the dog from being a threat to the health, safety and welfare of humans and other animals.

(4) The hearing shall be held as soon as possible, but not more than 21 calendar days and no sooner than five days after receipt of the request from the owner.

(5) The formal rules of evidence shall not apply during the conduction of the hearing and hearsay is admissible, but the hearing officer may not base his decision solely upon hearsay testimony.

(6) A written copy of the decision shall be provided to the owner by certified mail return receipt requested, certified hand delivery or service pursuant to F.S. ch. 48. Section 9. Article II, Section 14-49(a) (1)d is amended in its entirety as follows:

Attachment: Animal Contol Ordinance 2021 Draft Redline (12994 : Set a Public Hearing on an Ordinance Pertaining to Animal Control)

d. *Adequate space* means a space that allows a companion animal to easily sit, stand, lie down, turnabout and make other normal body movements in a comfortable normal position for a companion animal. An enclosure shall provide each animal a minimum of 80 square feet of open space and shall be suitable to prevent the escape of the animal or the entry of young children. Working law enforcement canines may be kept in a smaller encloser.

Section 10. Euthanasia of Animals. Article II, Section 14-55 is amended in its entirety as follows:

(a) Animal services will offer the service of euthanasia of animals after said animal has been released to the county. The form of euthanasia used is lethal injection.

(1) The owner of the animal must sign a release form stating that the animal has not bitten any person during the last ten days, and has not been exposed to rabies.

(2) Any individual requesting the euthanasia of an animal must provide proof of ownership (e.g., AKC or UKC, CFA registration papers, health records, bill of sale, adoption agreement). Personal identification is required.

~~(3) Proof that euthanasia is a more humane alternative to its present existence must be provided.~~

(b) Animal services reserves the right to refuse to perform euthanasia on any animal for which the above criteria cannot be met.

Section 11. Mandatory spay and neuter for cats. Article II, Section 14-65 is amended in its entirety as follows:

(a) *Purpose.* The board has determined that the unintended or uncontrolled breeding of cats within the county leads to many cats and kittens being unwanted, becoming strays, suffering privation and death, being impounded and euthanized at great expense to the community, and constituting a public nuisance and public health hazard. It is, therefore, declared to be the public policy of the county to encourage every feasible means of reducing the number of unwanted cats and kittens in the county.

(b) *Spaying, neutering of cats.*

(1) Every cat four months of age or older within the county shall be spayed or neutered, unless proof of one of the following exemptions is provided to the county:

a. The cat is registered with a national or international club or association and the owner certifies in writing to the county that the animal is being used, trained, or considered for use in a show(s), sporting competition(s), or other similar competitive event(s) held by one or more national or international clubs or associations.

b. A veterinarian licensed in the state certifies in writing that the cat is medically unfit to undergo the required spay or neuter procedure because of a medical condition, including but not limited to age, that would be substantially aggravated by such procedure or would likely cause the cat's death. The writing must state the date by which the cat may be safely spayed or neutered. The county may extend the time for spaying or neutering a cat or may exempt such cat from the spay/neuter requirement based upon the written medical recommendation of a licensed veterinarian. For a cat that is not spayed or neutered due to a health condition as

Attachment: Animal Contol Ordinance 2021 Draft Redline (12994 : Set a Public Hearing on an Ordinance Pertaining to Animal Control)

provided herein, the license tag fee established by the board for sterilized cats shall apply. As soon as the medical condition that prevents a cat from being spayed or neutered ceases to exist, it shall be the duty of the owner of such cat to promptly comply with this section.

c. The owner wishes to keep the cat unsterilized and has purchased an unsterilized license and has microchipped the cat for identification~~a breeder permit from the county~~. However, if the cat is trapped or otherwise found at large and impounded at animal services more than once, the license will be forfeited and the cat will be sterilized.

d. The cat is used for breeding purposes by a licensed hobby or commercial breeder and is registered as a pedigreed cat with the Cat Fancier Association or the International Cat Association.

e. The cat is being harbored by a shelter, humane society, or private animal nonprofit organization, whether public or private, whose principal purpose is securing the adoption of cats or offering sanctuary for cats, provided that the cat is spayed or neutered prior to being placed for adoption.

Section 12. Article II, Section 14-66, entitled "Registration of rescue groups, breeders, hobby breeders and owners of eleven or more companion animals," is added as follows:

(a) Rescue groups, breeders, hobby breeders and owners of eleven or more dogs, cats and companion animals shall register annually with the County.

(b) The fee for annual registration is $25.

(c) Those registering shall submit a disaster plan and shall authorize animal control to inspect the location where the animals are kept.

(d) A $250 penalty may be assessed for failure to register.

(e) Law Enforcement personnel are exempt from registration.

Section 13. Severability. If any section, sentence, clause, phrase or provision of this Ordinance is held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality shall not be construed so as to render invalid or unconstitutional the remaining provisions of this Ordinance.

Section 14. Codification. The publisher of the County's Code of Ordinances, the Municipal Code Corporation, is directed to incorporate this article into the Code of Ordinances where indicated.

Section 15. Modification. The provisions of this Ordinance may be modified as a result of considerations that may arise during public hearings. Such modifications shall be incorporated into the final version of the ordinance adopted by the Board and filed with the Clerk.

Section 16. Effective Date. This Ordinance shall take effect as provided by law.

AGENDA MEMORANDUM

FROM:	Ken Cheek, Director, Water Resources Department
SUBJECT:	SRF Septic Tank Phase Out Facilities Plan
AGENDA DATE:	**July 27, 2021**

BRIEF OVERVIEW:

Staff is proceeding with the multi-phased septic to sewer program in the Old Homosassa Area. In order to fund the assessment portion of the program costs, staff is proposing to acquire a State Revolving Fund Loan (SRF). The SRF process requires development of a facilities plan to include public participation.

The purpose of this item is to have public participation with the review and evaluation of the facilities plan to be submitted to the State Revolving Fund (SRF) loan program in support of the proposed Homosassa Springs Septic Tank Phase-Out Facility Plan (STOP). The Homosassa Springs STOP Plan will provide a new wastewater collection system to nine areas in the Homosassa Springs vicinity. The construction will be through nine independent projects. The main purpose is to eliminate the discharge of nutrients and other septic tank pollutants from entering the groundwater and seeping into the Homosassa River.

RECOMMENDED ACTION:

Approve and authorize the Board to proclaim August 7, 2021 as Purple Heart Day in Citrus County, Florida.

THE BOARD OF COUNTY COMMISSIONERS OF CITRUS COUNTY, FLORIDA
P R O C L A M A T I O N
PURPLE HEART DAY

WHEREAS, the Purple Heart, originally known as the Military Badge of Merit, was established by the General Orders of General George Washington 239 years ago on August 7, 1782 and is the oldest military decoration in the world in present use. The War Department first adopted the Purple Heart as a combat award on February 22, 1932 exclusively for those members of the Armed Forces who are killed, died of wounds or wounded by an enemy instrument of war; and

WHEREAS, over 1.7 million members of the Armed Forces of the United States have been awarded the Purple Heart and merit the reverence of their fellow countrymen for selflessly sacrificing their lives or shedding their blood on the field of battle in defense of our Republic and its cherished freedoms; and

WHEREAS, THE Governor of Florida enacted legislation passed by the Florida Legislature in 2012 designating August 7 of each year as Purple Heart Day. Citrus County is a Purple Heart County and home to over a dozen designated Purple Heart entities, to include 2 Purple Heart cities, the first Purple Heart School District and Law Enforcement agency in the nation, Florida's first State Forest Purple Heart Trail, and Florida's first Purple Heart Tax Collector office.

NOW, THEREFORE, the Board of County Commissioners of Citrus County, Florida, does hereby proclaim August 7, 2021 as Purple Heart Day and recognizes the 239th anniversary of the Purple Heart and by paying tribute to all Purple Heart recipients for their extraordinary sacrifice and bravery on the field of battle and in saluting the Military Order of the Purple Heart as a national organization dedicated to preserving the proud legacy of the Purple Heart.

AGENDA MEMORANDUM

FROM:	Charles R. Oliver, County Administrator
SUBJECT:	Proclamation - Breast Feeding Support Month
AGENDA DATE:	**July 27, 2021**

BRIEF OVERVIEW:

Breastfeeding Support Month

BUDGET IMPACT/FUNDING SOURCE:

Account No.	Account Title	Current Budget	YTD Expenditures	Encumbrances	Available Balance
					$0

RECOMMENDED ACTION:

Approve and authorize the Board to Proclaim the month of July 2021 as Breastfeeding Support month in Citrus County, Florida.

THE BOARD OF COUNTY COMMISSIONERS OF CITRUS COUNTY, FLORIDA
P R O C L A M A T I O N
BREASTFEEDING SUPPORT MONTH

WHEREAS, infant nutrition should be considered a public health issue and the nutrients exclusive to human milk cannot be manufactured, breastfeeding promotes overall health, growth and development and helps to prevent infections during infancy as well as asthma, obesity diabetes and other chronic illnesses in childhood and later adulthood. Mothers benefit from breastfeeding as it not only advances postpartum recovery, but decreases the risk of ovarian, uterine and endometrial cancers, as well as anemia, diabetes, heart disease and osteoporosis.; and

WHEREAS, national estimates suggest that if 90% of U.S. babies were breastfed exclusively for six months, the nation would save $13 billion per year in health care cost. Breastfeeding is recognized by the Florida Department of Health, Florida Breastfeeding Coalition, Tampa Bay Breastfeeding Taskforce, Florida West Coast Breastfeeding Taskforce, and major medical organizations such as the American Academy of Pediatrics, the Center of Disease Control, the Academy of Nutrition and Dietetics, the National Association of WIC Directors, the Office of Women's Health, UNICEF, World Health Organization and more as the healthiest method of infant feeding; and

WHEREAS, World Breastfeeding Week is recognized during the first week of August and is a global initiative to raise awareness of the benefits of breastfeeding and its important long-term effects on the growth and development of infants. With the 2021 theme being, "Protect Breastfeeding: A Shared Responsibility". Black Breastfeeding Week is recognized during the last week of August, drawing focus to the gaping racial disparity in breastfeeding rates and the unique cultural barriers among black women. The disparity is linked to high black infant mortality rate and high rates of diet-related disease. Black Breastfeeding Week also aims to diversify the lactation field and reduce the first food deserts in Black communities; and

WHEREAS, Florida laws permit mothers to breastfeed in any location, public or private irrespective of whether the mother's breasts are covered during or incidental to the breastfeeding and specify that the act of breastfeeding shall not be considered public indecency. Women with infants and children are one of the fastest growing segments of the U.S. labor force, yet accommodations for breastfeeding at work, protected under the law, benefit not only women and children, but employers as well as there are cost savings in terms of health care including less illness among breastfed children, higher morale and a stronger sense of loyalty among female employees; and

WHEREAS, the Florida Department of Health and Florida Breastfeeding Coalition, Tamp Bay and the Florida West Coast Breastfeeding Task Force recognizes it is vital for families to make informed choices about the health and care of infants and supports increased efforts by hospital staff, providers, employers and all Floridians to not only encourage, but to provide tangible support for breastfeeding.

NOW, THEREFORE, be it resolved that the Board of County Commissioners of Citrus County, Florida, does hereby proclaim the month of July 2021 as Breastfeeding Support Month in Citrus County, Florida and encourage all citizens to join in this worthy observance.

Subject: [EXTERNAL]Open to the Public: Citrus county Library System Displays

WARNING: This email originated from an external Domain DO NOT CLICK unless you recognize the sender and know the content is safe.

Dear BOCC, We are very troubled over recent reports that the Citrus County Library System is prominently displaying books and other library materials to our children and other citizens, which promote Critical Race Theory, and gay pride. First, CRT is not a theory at all. It is reverse discrimination and specifically rejected by the State through an order by Gov DeSantis. Second, gay pride and sexual orientation in general should not even be a public topic, especially for children. We REJECT these displays, promotions, and topics completely. We do not want our tax dollars to fund such things, and we ask that our representatives move to have these displays and promotions removed from the Citrus county libraries immediately. Thank you for your attention to this urgent matter.

9. PRORATION; CREDITS: Taxes, assessments, rent, interest, insurance and other expenses and revenue of the Property will be prorated through the day before closing. Cash at closing shall be increased or decreased as may be required by prorations. Taxes shall be prorated based on the current year's tax with allowance made for maximum allowable discount. If closing occurs at a date when the current year's millage is not fixed and current year's assessment is available, taxes will be prorated based upon such assessment and the prior year's millage. If the current year's assessment is not available, then taxes will be prorated on the prior year's tax. Purchaser should not rely on Seller's current property taxes as the amount of property taxes that the Purchaser may be obligated to pay in the year subsequent to purchase. A change of ownership or property improvements triggers reassessments of the property that could result in higher property taxes.

10. DEFAULT: If Purchaser fails, neglects or refuses to perform Purchaser's obligations under this Contract including payment of the Deposit, within the time limits specified, Seller shall retain the Deposit for the account of Seller as agreed upon liquidated damages, consideration for execution of this Contract, and in full settlement of any claims, whereupon Purchaser and Seller shall be relieved from all further obligations under this Contract. If Seller fails, neglects or refuses to perform Seller's obligations under this Contract within the time limits specified, Seller shall return the Deposit to Purchaser as agreed upon liquidated damages, consideration for execution of this Contract, and in full settlement of any claims, whereupon Purchaser and Seller shall be relieved from all further obligations under this Contract.

11. ASSIGNMENT: This Agreement may not be assigned without Seller's written approval.

12. SEVERABILITY: If any of the provisions of this Agreement are deemed to be unenforceable and the unenforceability of said provisions does not adversely affect the purpose and intent of this Agreement the enforceability of the remaining provisions of this Agreement shall not be affected.

13. SUCCESSORS IN INTEREST: This Agreement shall bind and inure to the benefit of Seller and Purchaser and their respective heirs, legal representatives, successors and assigns. Whenever used, the singular shall include the plural and one gender shall include all genders.

14. ENTIRE AGREEMENT: This Agreement contains the entire agreement between the parties pertaining to the subject matter contained in it and supersedes all prior and contemporaneous agreements, representations and understandings of the parties. No supplement, modification or amendment to this Agreement shall be binding unless executed

in writing by the parties.

15. AGREEMENT EFFECTIVE DATE: This Agreement or any modification, amendment or alteration thereto, shall not be effective or binding upon any of the parties hereto until it has been executed by all of the parties.

16. ADDENDUM: Any addendum attached hereto that is signed by the parties shall be deemed a part of this Agreement.

17. NOTICE: Whenever either party desires or is required to give notice unto the other, it must be given by written notice, and either delivered personally, transmitted via facsimile transmission, mailed postage prepaid, or sent by overnight courier to the appropriate address indicated on the first page of this Agreement, or such other address as is designated in writing by a party to this Agreement.

18. SURVIVAL: The covenants, warranties, representations and undertakings set forth in this Agreement and the parties' respective rights and obligations under Section 4 (A) & (B) shall survive and shall continue to be binding upon the Seller and Purchaser as the case may be after Closing.

19. APPLICABLE LAW: This Agreement shall be governed by and construed in accordance with the laws of the State of Florida. Venue for any proceeding arising under this Agreement shall be in the Circuit Court in and for Citrus County, Florida, as to State actions, and in the United States District Court for the Middle District of Florida, as to Federal actions.

20. INTERPRETATION: Whenever the context hereof shall so require, the singular shall include the plural, the male gender shall include the female gender and neuter and vice versa. This Agreement and any related instruments shall not be construed more strictly against one party than against the other by virtue of the fact that initial drafts were made and prepared by counsel for one of the parties, it being recognized that this Agreement and any related instruments are the product of extensive negotiations between the parties hereto and that both parties hereto have contributed substantially and materially to the final preparation of this Agreement and all related instruments.

21. AUCTIONEER REMARKS (if purchased at auction): The parties acknowledge that this purchase is being made at a public auction and the Purchaser is thereby bound by the terms and conditions stated in the auctioneer's opening remarks.

22. AUTHORITY OF PARTIES: Seller and Purchaser represent to each other that each has full power and authority to enter into and perform this Agreement, all related instruments and the documentation contemplated hereby and thereby in accordance with their respective terms and that delivery and performance of this Agreement, all related instruments and the documentation contemplated hereby and thereby has been duly authorized by all necessary action.

Select Year: 2020 Go

The 2020 Florida Statutes

125.35 County authorized to sell real and personal property and to lease real property.—

(1)(a) The board of county commissioners is expressly authorized to sell and convey any real or personal property, and to lease real property, belonging to the county, whenever the board determines that it is to the best interest of the county to do so, to the highest and best bidder for the particular use the board deems to be the highest and best, for such length of term and such conditions as the governing body may in its discretion determine.

(b) Notwithstanding paragraph (a), under terms and conditions negotiated by the board, the board of county commissioners may:

1. Negotiate the lease of an airport or seaport facility;

2. Modify or extend an existing lease of real property for an additional term not to exceed 25 years, where the improved value of the lease has an appraised value in excess of $20 million; or

3. Lease a professional sports franchise facility financed by revenues received pursuant to s. 125.0104 or s. 212.20 which may include commercial development that is ancillary to the sports facility if the ancillary development property is part of or contiguous to the professional sports franchise facility. The board's authority to lease the above described ancillary commercial development in conjunction with a professional sports franchise facility lease applies only if at the time the board leases the ancillary commercial development, the professional sports franchise facility lease has been in effect for at least 10 years and such lease has at least an additional 10 years remaining in the lease term.

(c) No sale of any real property shall be made unless notice thereof is published once a week for at least 2 weeks in some newspaper of general circulation published in the county, calling for bids for the purchase of the real estate so advertised to be sold. In the case of a sale, the bid of the highest bidder complying with the terms and conditions set forth in such notice shall be accepted, unless the board of county commissioners rejects all bids because they are too low. The board of county commissioners may require a deposit to be made or a surety bond to be given, in such form or in such amount as the board determines, with each bid submitted.

(2) When the board of county commissioners finds that a parcel of real property is of insufficient size and shape to be issued a building permit for any type of development to be constructed on the property or when the board of county commissioners finds that the value of a parcel of real property is $15,000 or less, as determined by a fee appraiser designated by the board or as determined by the county property appraiser, and when, due to the size, shape, location, and value of the parcel, it is determined by the board that the parcel is of use only to one or more adjacent property owners, the board may effect a private sale of the parcel. The board may, after sending notice of its intended action to owners of adjacent property by certified mail, effect a sale and conveyance of the parcel at private sale without receiving bids or publishing notice; however, if, within 10 working days after receiving such mailed notice, two or more owners of adjacent property notify the board of their desire to purchase the parcel, the board shall accept sealed bids for the parcel from such property owners and may convey such parcel to the highest bidder or may reject all offers.

(3) As an alternative to subsections (1) and (2), the board of county commissioners may by ordinance prescribe disposition standards and procedures to be used by the county in selling and conveying any real or personal property and in leasing real property owned by the county. The standards and procedures must provide at a minimum for:

(a) Establishment of competition and qualification standards upon which disposition will be determined.

(b) Reasonable public notice of the intent to consider disposition of county property and the availability of copies of the standards. Reasonableness of the notice is to be determined by the efficacy and efficiency of the means of communication used.

(c) Identification of the form and manner by which an interested person may acquire county property.

(d) Types of negotiation procedures applicable to the selection of a person to whom county properties may be disposed.

(e) The manner in which interested persons will be notified of the board's intent to consider final action at a regular meeting of the board on the disposition of a property and the time and manner for making objections.

(f) Adherence in the disposition of real property to the governing comprehensive plan and zoning ordinances.

ARTICLE IV.I. - REAL PROPERTY DISPOSITION PROCEDURES

Sec. 2-109. - Purpose.

This article is adopted for the purpose of setting forth the methods of disposition of surplus county real property. The county administrator or designee shall have the option of utilizing the statutory methods of disposal, this article, or any combination thereof.

(Ord. No. 2014-02, § 2, 3-25-14)

Sec. 2-110. - Authority, purpose, and standards.

(a) This section is enacted under authority F.S. § 125.35 for the sale, leasing and donation of real property by the county when it is determined by the board of county commissioners (the "board") to be in the best interest of the county.

(b) Any of the procedures specified in this article may be used and applied, where applicable, by the board for the competitive or non-competitive sale or lease of any real property.

(c) At a minimum, persons or legal entities seeking to purchase or lease available county real property must be financially responsible and currently active, registered and in good standing with the Florida Department of State. Other standards for competition and qualification for the sale or lease of county real property are set forth in sections 2-111 through 2-114 below.

(Ord. No. 2014-02, § 2, 3-25-14)

Sec. 2-111. - Declaration of surplus property.

(a) Any real property owned by the county may be declared as surplus upon:

(1) Presentation of a staff request to the board of county commissioners by the county administrator or designee. The county administrator or designee shall review all real property held by the county as frequently as is needed to determine whether such property is unusable or no longer needed for county purposes or usable for affordable housing.

(2) Presentation of an interested party's request to the board of county commissioners by the county administrator or designee. The county administrator or designee shall include a staff recommendation with the interested party's request.

(3) The board of county commissioners' own motion.

(b) When the board of county commissioners finds that any real property owned by the county is unusable or not needed for county purposes or usable for affordable housing, the board may declare the real property to be surplus property. Once the property is declared surplus, the property may be sold, dedicated, donated, leased or otherwise conveyed to interested parties in accordance with applicable Florida Statutes or pursuant to the terms of this article.

(Ord. No. 2014-02, § 2, 3-25-14)

Sec. 2-112. - Methods of disposal.

Once the real property has been declared surplus, the county administrator or designee shall recommend to the board of county commissioners a particular method of disposal as set forth in this section.

(1)

Attachment: Supporting Documents (13044 : Accept Offer to Purchase Surplus Property)

Statutory competitive bidding. In accordance with F.S. § 125.35(1), the county may sell, convey or lease any real property, whenever the board of county commissioners determines that it is in the best interest of the county to do so, to the highest and best bidder for the particular use of the property the board determines is the highest and best pursuant to the statutory procedures provided in F.S. § 125.35(1). Notice shall be published once a week for at least two weeks in a newspaper of general circulation, calling for bids on the property.

(2) *Private sale.* In accordance with F.S. § 125.35(2), the county may negotiate a private sale with an adjacent property owner when the board of county commissioners finds that the property is of insufficient size and shape to be issued a permit for any type of development, or when the value of the property is $15,000.00 or less as determined by an independent appraisal or by the county property appraiser and of use only to the adjacent property owners. Notice of intended action shall be sent to the adjacent property owners by certified mail and no bids or public notice shall be required. However, if, within ten days, two or more adjacent property owners indicate an interest to purchase the property, then the county administrator or designee shall accept sealed bids for the parcel from those property owners and may convey the property to the highest bidder or reject all bids. If no response is received from the adjacent property owners, then a private sale may be completed.

(3) *Property exchange.* In accordance with F.S. § 125.37, the county may exchange surplus real property for another parcel of real property, provided that the board of county commissioners has published a notice for at least two weeks in a newspaper of general circulation, before adoption of a resolution authorizing the exchange. The notice shall set forth the terms and conditions of the exchange of property.

(4) *Sale to government or nonprofit.* In accordance with F.S. § 125.38, upon a finding by the board of county commissioners that the property is required for use by another governmental entity or nonprofit entity, the county may sell, transfer, lease or convey real property to that entity for such price, whether nominal or otherwise as the board may fix. No advertisement is required. The fact of the application being made, the purpose for which such property is to be used, and the price or rent thereof shall be set out in a resolution duly adopted by the board, setting forth the following:

a. The facts of the application;

b. The purpose for which the property is to be used;

c. The rent and term of the lease or the purchase price and terms; and

d. A provision to be incorporated into the lease or deed which states that in the event the property is not used or ceases to be used for the stated purpose, the lease term shall immediately cease, or in the case of a purchase, the property shall revert to the county which shall thereafter have the right to re-enter and repossess the property.

(5) *Affordable housing.* In accordance with F.S. § 125.379, the county may sell, transfer, lease, or convey surplus real property to another governmental entity, a nonprofit entity, or a private entity or person to carry out the provisions of F.S. ch. 420, relating to affordable housing. The county may adopt requirements for such conveyances on a case-by-case basis and after recommendation by the affordable housing advisory committee, such as deed restrictions, percentage of affordable units for low-income, moderate-income and very low-income persons as defined in F.S. § 420.0004, and such other restrictions to insure that said property will be permanently preserved as affordable housing.

Attachment: Supporting Documents (13044 : Accept Offer to Purchase Surplus Property)

(6) *Alternative disposition procedures.* As authorized in F.S. § 125.35(3), the county may dispose of surplus real property through alternative procedures outlined in this subsection:

a. *Minimum base bid.* The county may sell, transfer, lease or convey real property through the minimum base bid procedures outlined in this subsection.

1. A minimum base bid for the lease or sale of real property may be determined by:
   i. A written offer procured by a real estate broker; or
   ii. An appraisal; or
   iii. An unsolicited written offer made by a prospective lessee or purchaser.
2. After determining the minimum base bid, the county may elect to advertise for bids on the property which is the subject matter of the written offer. The election to advertise for bids must be brought up as a regular agenda item at a duly noticed regular public meeting of the board of county commissioners at which members of the public are afforded the opportunity to comment on the proposed sale or lease. The advertisement shall specify the minimum base bid and the specific terms and conditions, if any, to be bid upon. All bids shall be sealed and must contain a minimum of one percent or $150.00, whichever amount is greater, as an earnest money deposit.
3. Upon receipt of the sealed bids, the property shall be sold or leased to the bidder submitting the highest, qualified, responsive and best bid. The offer of the prospective purchaser used to establish the minimum base bid, shall be deemed to constitute the bid of the lessee/purchaser unless a second sealed bid is submitted by the prospective lessee/purchaser. The county commission reserves the right to reject any bid, including the minimum base bid, that is not reasonably close to the fair market value of the property at the time bids are opened.
4. If no other bids are received or if no bid exceeds the minimum base bid, the offer used as the minimum base bid shall be accepted by the county only if such minimum base bid is reasonably close to the fair market value of the property. If other bids are received, and at least one such bid is reasonably close to the fair market value of the property, the sale or lease shall be made to the highest and best bidder.

b. *Negotiated sale.* The county may sell, transfer, lease or convey real property through the negotiated sale procedures outlined in this subsection through the use of a licensed real estate broker or through a public auction house in the following manner:

1. A licensed real estate broker or public auction house (including internet auction companies) shall be retained in accordance with county policy to market, lease, or auction the real property. Any contract for services shall, at a minimum, set forth the amount of compensation due for services, the length of notice/advertising time, the time for auction, if being auctioned, and such other information as deemed necessary by the county administrator or designee. The contract(s) shall be approved by the board of county commissioners. Notice of the board's intent to consider the contract (s) shall be given in accordance with the board's regular advertising procedures.
2. Any offer made to a licensed real estate broker for purchase of listed surplus property shall be brought to the board of county commissioners in the form of a purchase agreement. Notice of the board's intent to consider the purchase

Attachment: Supporting Documents (13044 : Accept Offer to Purchase Surplus Property)

agreement shall be given in accordance with the board's regular advertising procedures. If the board approves the purchase agreement, then the chair shall be authorized to sign all required closing documents, including the deed.

3. For any real property dispositions made through public auction, the county shall establish a base reserve for the property.

c. *Request for proposals.* The county may sell, transfer, lease or convey real property through the request for proposals (RFP) process in the following manner:

1. The election to use the RFP process must be brought up as a regular agenda item at a duly noticed regular public meeting of the board of county commissioners at which members of the public are afforded the opportunity to comment on the proposed sale or lease.
2. Upon approval by the board, the county administrator or designee shall proceed to issue the RFP, evaluate the proposals, and submit a recommendation regarding such proposals to the board of county commissioners.
3. If the sale or lease of the property was initiated in response to an unsolicited offer by a prospective purchaser then the offeror may submit another proposal. If no other proposal is received, the original proposal shall be accepted, unless the original offer was deemed unacceptable and rejected before issuing the RFP. The county reserves the right to reject any RFP in which the proposed sale or lease amount is not reasonably close to the fair market value of the property at the time RFPs are considered by the county commission.

(Ord. No. 2014-02, § 2, 3-25-14)

Sec. 2-113. - Negotiation procedures.

(a) In determining the terms and conditions of the disposal of surplus property, the county administrator or designee shall take into consideration the following factors:

(1) The appraised value of the real property;

(2) The condition of the real property, and the extent to which the party seeking to acquire the property will have to expend funds to make the property usable, rezoning issues excluded, or, to bring the property into compliance with the county Code;

(3) The proposed use of the party seeking to acquire the property; and

(4) The proposed use of the property for affordable housing.

(b) In no event shall the disposition of surplus property violate the county comprehensive plan or the zoning regulations of the county.

(Ord. No. 2014-02, § 2, 3-25-14)

Sec. 2-114. - Exemptions.

Notwithstanding anything in this article to the contrary, the county is expressly authorized to:

(1) Negotiate the lease of an airport or seaport facility;

(2) Modify or extend an existing lease of real property for an additional term not to exceed 25 years; or

(3) Lease a professional sports franchise facility financed by revenues received pursuant to F.S. § 125.0104 or 212.20.

The following is intended to establish real estate acquisition and sale procedures for Citrus County. All real estate acquisition will comply with Florida Statutes and Citrus County Code, County Ordinance 97.05.

PROCEDURE: ACQUISITION

A. A Department, Division or Office shall make a written request, which must be signed by the Department Director and forwarded, to the Director of Engineering through the chain of command.

B. All acquisition action requires the Board of County Commissioners' approval.

C. If a survey/title search is necessary, Land Section will conduct or contract for the necessary research and/or work products.

E. The Land Section shall prepare an Agenda Request and submit to the County Attorney for the Board of County Commissioners to formally accept and authorize recording of a deed and place an acceptance seal on the document.

PROCEDURE: SALE OF SURPLUS PROPERTY

A. Annually, the Department of Public Works will prepare a list of surplus properties for review and approval by the Board of County Commissioners. Land Section will verify with all departments that the properties are not necessary to fulfill requirements of the Comprehensive Plan, Facilities Plan or other Master Space Plan. The list will be divided into two categories: those properties that have a reasonable potential for public sale and those properties that have a low potential for sale and are recommended by staff for possible donation to not-for-profits. The Board shall add, delete, and modify categories of properties as they see fit.

B. Florida Statutes shall control whether adjacent property owners will have the first option to purchase the parcel.

C. Florida Statutes shall also control whether an appraisal will be required.

D. **For those properties approved by the Board for public purchase only:**

1. The Board of County Commissioners will determine if the property is to be sold by the bid process, or by another procedure established by local ordinance.

Attachment: Supporting Documents (13044 : Accept Offer to Purchase Surplus Property)

2. Any public land offering shall establish a minimum bid threshold based on the appraised value as reflected in the current Property Appraiser's database. Only offers of at least 75% of the Property Appraiser's appraised value or higher will be placed on the Board agenda for consideration.

3. If the Board determines the bid process should be implemented, a bid package will be prepared.

4. A successful bidder shall receive a Statutory "Deed of Conveyance" approved by the Board of County Commissioners. A marketable title will not be guaranteed.

E. **For those properties approved as eligible for donation to Not-for-Profits:**

1. Properties shown on the annual list of surplus properties shall be eligible for acquisition by qualified non-profit agencies for the purposes of promoting community interest and welfare.

2. A request for donation of a specific parcel must be made to the Land Section of the Engineering Division by a non-profit agency interested in acquiring County property. The request should outline the proposed public purpose use of the property as it relates to the not-for-profit's business activities, submitted on official letterhead, and signed by the agent/officer qualified to accept real property.

3. Florida Statutes shall control whether adjacent property owners will have the first option to purchase the parcel.

4. Florida Statutes shall also control whether an appraisal will be required.

5. Florida Statute 125.38, or its successor, shall control non-profit agency requests for property.

6. The non-profit agency shall provide proof of their corporate status as a 501(c)3 or 501(c)4 as defined in IRS Publication 557. The Land Section will verify non-profit status.

7. If a request is received from a qualifying non-profit agency, the Board of County Commissioners reserves the right to transfer the property to that agency through either sale (including sale at a reduced value) or donation, provided that such action is in compliance with applicable Florida Statutes.

8. Once a request is received and validated from a legitimate not-for-profit agency, it will be posted on the Land Section website and publicly in the lobby of the Lecanto Government Building for seven (7) calendar days giving other not-for-profits an opportunity to request the same property.

Attachment: Supporting Documents (13044 : Accept Offer to Purchase Surplus Property)

9. In the event that requests are received from two (2) or more not-for-profit agencies for the same parcel, sufficient additional information may be requested for presentation to the Board of County Commissioners. The Board shall make the final decision as to which agency receives the donation. 10. Requests for donation of property to not-for-profits is limited to ten (10) conveyances per year.

11. Prior to transfer to not-for-profits following this section, the Board of County Commissioners must duly adopt a resolution finding that the transfer is for public or community interest and welfare. Consideration shall include the proposed purpose for which the property will be used. The resolution shall include the proposed price or that it is a donation. No advertisement shall be required.

12. A successful bidder shall receive a Statutory "Deed of Conveyance" approved by the Board of County Commissioners. A marketable title will not be guaranteed. The Board of County Commissioners reserves the right to determine whether a reverter clause is required.

AGENDA MEMORANDUM

FROM:	Denise A. Dymond Lyn, County Attorney
SUBJECT:	Noise Pollution on Vessels Ordinance
AGENDA DATE:	**July 27, 2021**

BRIEF OVERVIEW:

The Board requested that we research the matter and create an ordinance to limit or restrict sound emanating from boats or to create a noise sensitive area (springs area) where noise was to be restricted. In researching the matter, we learned that Chapter 327, Florida Statutes and the administrative rules promulgated pursuant thereto limit the authority of local governments to adopt noise abatement regulations and to enforce those regulations on state waters. Section 327.65(2)(a), Florida Statutes provides the sole avenue available to local governments to control noise on state waters. This section provides the following:

> "Any county wishing to impose additional noise pollution and exhaust regulations on vessels may, pursuant to s. 327.60(1), adopt by county ordinance the following regulations:
>
> > 1. No person shall operate or give permission for the operation of any vessel on the waters of any county or on a specified portion of the waters of any county, including the Florida Intracoastal Waterway, which has adopted the provisions of this section in such a manner as to exceed the following sound levels at a distance of 50 feet from the vessel: for all vessels, a maximum sound level of 90 dB A.
> >
> > 2. Any person who refuses to submit to a sound level test when requested to do so by a law enforcement officer is guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083."

Given the state's preemption in this arena, we have drafted the attached ordinance consistent with the above statute for your consideration.

BUDGET IMPACT/FUNDING SOURCE:

Account No.	Account Title	Current Budget	YTD Expenditures	Encumbrances	Available Balance
					$0

RECOMMENDED ACTION:

a. Consider whether the Board wishes to continue toward regulating Noise Pollution on Vessels.

b. If the Board wishes to proceed, motion and vote to advertise the attached Ordinance for public hearing and adoption.

Section 1. Chapter 21, Article V, Noise Pollution on Vessels, is hereby created as follows:

Article V, Noise Pollution on Vessels

(1) No person shall operate or give permission for the operation of any vessel on the waters of Citrus County in such a manner as to exceed the following sound level at a distance of fifty (50) feet from the vessel: for all vessels, a maximum sound level of ninety (90) dBA.

(2) Any person who refuses to submit to a sound level test when requested to do so by a law enforcement officer is guilty of a misdemeanor of the second degree, punishable as provided in F.S. §775.082 or §775.083.

Sec. 21-71 Definitions. The following words and phrases, when used in this section shall have the meanings respectively assigned to them in this subsection.

(1) dBA means the composite abbreviation for the A-weighted sound level and the unit of sound level, the decibel.

(2) Sound level means the A-weighted sound pressure level measured with fast response using an instrument complying with the specification for sound level meters of the American National Standards Institute, Inc., or its successor bodies, except that only a weighting and fast dynamic response need be provided.

Sec. 21-72 Enforcement and penalties. This section shall be enforced pursuant to F.S. §§ 327.70 through 327.74, as the same may be amended from time to time.

Section 2. Severability. If any section, sentence, clause, phrase or provision of this Ordinance is held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality shall not be construed so as to render invalid or unconstitutional the remaining provisions of this Ordinance.

RE: COUNTIES - BOATS - VESSELS - NOISE - ORDINANCES - FISH AND WILDLIFE CONSERVATION COMMISSION - county's authority to enact ordinance creating boating restricted area for noise abatement. Ss. 327.65, Fla. Stat.; Rule 68D-23.105, Fla. Admin. Code.

***1** Mr. Robert B. Battista
Citrus County Attorney
110 North Apopka Avenue
Inverness, Florida 34450

Dear Mr. Battista:
On behalf of the Citrus County Board of County Commissioners, you have asked for my opinion on substantially the following questions:
1. Is Citrus County prohibited, pursuant to Chapter 327, Florida Statutes, and Chapter 68D-23, Florida Administrative Code, from adopting an ordinance creating a boating restricted area near residential properties for the purpose of vessel noise abatement under the county's police power to protect the health, safety and welfare of those citizens subjected to unnecessary vessel noise?

2. If the response to Question 1 is no, can the county enforce such a regulation if waterway regulatory markers for this purpose are prohibited?

According to your letter, Citrus County is a non-charter county that has concerns regarding vessel noise on waterways, particularly airboat noise. The county has recently declined to adopt the provisions of section 327.65, Florida Statutes, restricting vessel noise to 90 decibels at 50 feet and is awaiting the pending airboat sound study to be undertaken by the Florida Fish and Wildlife Conservation Commission. The county is considering the creation of boating restricted areas, such as idle speed zones, near residential properties as a means of controlling unnecessary vessel noise. The areas of concern to Citrus County citizens do not meet the criteria for approval of a regulatory marker for a boating restricted area as set forth in section 68D-23.105, Florida Administrative Code. In addition, you have advised this office that no reports, citations, studies or other creditable data are currently available to support the approval of a regulatory marker for such a restriction in these areas.

Subject to the powers of Congress over navigable waters, and in the absence of federal legislation on the subject, the state has full regulatory authority over navigable waters within its limits, and may legislate even in the area of navigation itself in appropriate circumstances.[1] Recognizing its authority in this area, the state has enacted Chapter 327, Florida Statutes, which regulates registration and safety of vessels using Florida waters, and provisions in Chapter 861, Florida Statutes, that make it a crime to obstruct navigability.[2]

The state may entrust the protection of navigable waters within a county to the county itself, provided there is no interference with the control of the federal government within its jurisdiction.[3] Thus, section 327.60, Florida Statutes, authorizes local governments to adopt ordinances or local laws relating to the operation and equipment of vessels and provides limitations on that authority. Section 327.60(1), Florida Statutes, provides in part:
***2** "Nothing in these sections shall be construed to prevent the adoption of any ordinance or local law relating to the operation and equipment of vessels… except that such ordinances or local laws shall be operative *only when they are not in conflict with this chapter or any amendments thereto or regulations thereunder*." (e.s.)

In addition, section 327.22, Florida Statutes, authorizes a county that expends money for the patrol, regulation, and maintenance of any lakes, rivers, or waters and for other boating-related activities in the county to regulate vessels resident in the county.

Chapter 327, Florida Statutes, imposes specific requirements for noise abatement of vessel engines.[4] Counties are authorized to adopt ordinances imposing additional noise pollution and exhaust regulations. Section 327.65(2)(a), Florida Statutes, states:
"Any county wishing to impose additional[5] noise pollution and exhaust regulations on vessels may, pursuant to s. 327.60(1), adopt by county ordinance the following regulations:
1. No person shall operate or give permission for the operation of any vessel on the waters of any county or on a specified portion of the waters of any county, including the Florida Intracoastal Waterway, which has adopted the provisions of this section in such a manner as to exceed the following sound levels at a distance of 50 feet from the vessel: for all vessels, a maximum sound level of 90 dB A.[6]

2. Any person who refuses to submit to a sound level test when requested to do so by a law enforcement officer is guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083."

Thus, the statutes provide authority for counties to adopt regulations on certain navigation-related issues including noise abatement, but provide specific parameters for such local legislation. Violations of local ordinances imposing additional noise pollution regulations on vessels are classified as noncriminal infractions punishable pursuant to section 327.73, Florida Statutes.[7] Your letter indicates that Citrus County has not adopted these more stringent noise pollution regulations.

The administrative rules promulgated by the Fish and Wildlife Conservation Commission to implement provisions of Chapter 327, Florida Statutes, also recognize the authority of local governments to adopt local regulations requiring the placement of safety or navigation waterway markers in Florida waters. The provisions of Chapter 68D-23, Florida Administrative Code, set forth the procedures by which the Division of Law Enforcement of the Fish and Wildlife Conservation Commission permits and regulates the placement of markers on Florida waters and shores.[8] It is the specific intent of this chapter of the Florida Administrative Code:
"(a) To provide for uniformity in design, construction and coloring of markers so that all vessel operators may readily recognize, identify and distinguish between authorized markers and unlawfully placed markers;

***3** (b) To provide a means by which the Division and its officers and all other law enforcement officers charged with the enforcement of this chapter may determine with reasonable certainty which boating restricted areas are lawfully established and marked;

* * *

(d) To insure that regulatory markers noticing boating restricted areas created pursuant to Sections 327.22, 327.60 and 370.12, F.S., are authorized only for the purposes of protecting human life and limb, vessel traffic safety and maritime property, and manatees."[9]

The rules also express the intent that "no boating restricted area [shall] be established, continued in effect, or enforced *for the purpose of noise abatement* or for the protection of shoreline, shore-based structures, or upland property from vessel wake or shoreline wash."[10] A "[b]oating restricted area" is defined to mean "an area of the waters of the state within which the operation of vessels is subject to specified restrictions or from which vessels are excluded."[11] Furthermore, section 327.40, Florida Statutes, provides that no governmental entity shall place safety or navigation markers in or on Florida waters without a permit from the Division of Law Enforcement of the Fish and Wildlife Conservation Commission.[12]

Chapter 327, Florida Statutes, and the administrative rules promulgated thereunder limit the authority of local governments to adopt noise abatement regulations and enforce those regulations on state waters. The county's authority to regulate is subject to the state's paramount power to regulate and control the use of its sovereign lands. A corollary to the requirement that

regulations and restrictions of certain activities must be in furtherance of public health, safety, and welfare is that such regulation must not be in violation of constitutional protections afforded to the public for the use of, and access to, state sovereignty lands.[13]

Therefore, it is my opinion, based on these considerations, that Citrus County is prohibited from adopting an ordinance creating a boating restricted area near residential properties for the purpose of vessel noise abatement outside of the specific grant of authority provided in Chapter 327, Florida Statutes. The county may wish to reconsider adopting an ordinance pursuant to the authority of section 327.65(2)(a), Florida Statutes, that would allow the county to regulate noise pollution on vessels as provided in that section.

Sincerely,

Charlie Crist
Attorney General

68D-21.002 Procedures for Reviewing Applications.

(1) Upon receipt of all statements and other documents specified above, the Boating and Waterways Section will determine whether or not the application is complete.

(a) If the application is not substantially complete or has not been completed substantially correctly, the Boating and Waterways Section will within 30 days of receipt return it to the applicant with a statement of the items that are missing or that must be corrected.

(b) If the application is substantially complete and only minor additions or corrections are required, the Boating and Waterways Section will within 30 days following receipt notify the applicant of the apparent errors or omissions and request the required additional or corrected information. If the requested additional or corrected information is not received within 30 days, the Boating and Waterways Section will return the application to the applicant with a statement of the items that are missing or that must be corrected.

(2) Within 30 days following receipt of a completed application, the Boating and Waterways Section will provide notice of such receipt to the applicant by mail or by email using the same method by which the application was submitted and to the public as provided in Rule 68D-21.003, F.A.C.

(3) The Boating and Waterways Section will within 90 days following receipt of a completed application, review and act upon the application as follows:

(a) The Boating and Waterways Section will determine whether or not each boating-restricted area created in the ordinance is authorized under Section 327.46(1)(b) or (c), F.S. If any boating-restricted area created in the ordinance is not authorized pursuant to one of those paragraphs, the application will be denied. As provided in subsection 68D-21.001(1), F.A.C., approval is not required for ordinances in which every boating-restricted area established therein is authorized under Section 327.46(1)(b), F.S.

(b) The Boating and Waterways Section will determine whether or not each boating-restricted area established in the ordinance was developed prior to adoption of the ordinance:

1. For municipal ordinances, in consultation and coordination with the governing body of the county in which the boating-restricted area is located,

2. For county ordinances, in consultation and coordination with the governing body of each municipality in which a boating-restricted area is located unless all boating-restricted areas are located in unincorporated portions of the county,

3. For boating-restricted area on navigable waters of the United States, in consultation and coordination with the United States Coast Guard and the United States Army Corps of Engineers.

If the required consultation and coordination has not taken place, the application will be denied. This paragraph shall not be construed to require an applicant to wait indefinitely for a response to a request for consultation and coordination. If a municipality or county has made such a request for consultation and coordination in writing and has not received a response within 30 days, the Boating and Waterways Section will, if requested, attempt to facilitate such consultation and coordination. If a response is still not forthcoming, the Boating and Waterways Section will conclude that the municipality, county, or federal agency to whom the request was addressed has no objection to the proposed ordinance and no further consultation or coordination will be required.

(c) The Boating and Waterways Section will determine whether or not the application and appendix establish a *prima facie* showing that the ordinance is necessary to protect public safety by evaluating if at least one of the criteria in Rule 68D-21.004, F.A.C., has been met.

(d) If there is a *prima facie* showing that the ordinance is necessary to protect public safety and that at least one of the criteria in Rule 68D-21.004, F.A.C., has been met, the Boating and Waterways Section will:

1. Review all written public comments received within 21 days following the notice provided to the public as required in Rule 68D-21.003, F.A.C., and all testimony, evidence, and exhibits presented at a public hearing if one was requested,

2. Review all comments provided by the United States Coast Guard and the United States Army Corps of Engineers received prior to the determination.

3. Conduct a public hearing within the applicant's jurisdiction if a written request for such a hearing is received within 21 days following the notice provided to the public as required in Rule 68D-21.003, F.A.C.

(e) Based on the totality of the information received, the Boating and Waterways Section will determine whether or not there is substantial competent evidence that the ordinance is necessary to protect public safety.

1. An ordinance will be considered necessary to protect public safety only if it is required for the purposes of protecting human life and limb, vessel traffic safety, and, as defined in Rule 68D-23.103, F.A.C., maritime property.

Attachment: Agenda Backup Materials (15148 : Noise Pollution on Vessels Ordinance)

2. No ordinance establishing a boating restricted area will be approved for the purpose of noise abatement or for the protection of shoreline, shore-based structures, or upland property from vessel wake or shoreline wash. As provided in Section 327.33(2), F.S., "vessel wake and shoreline wash resulting from the reasonable and prudent operation of a vessel shall, absent negligence, not constitute damage or endangerment to property." The wake resulting from the reasonable and prudent operation of a vessel is a force which should be anticipated by the owners of property adjacent to the navigable waters of this state.

(4) The Boating and Waterways Section will act to approve or deny the application within the time limits specified in Section 327.46(1)(c), F.S. Upon approval or denial of the application, the Boating and Waterways Section will provide notice of the approval or denial as provided in Rule 68D-21.003, F.A.C. If no request for review is timely received, this notice will constitute final agency action.

(5) The Florida Fish and Wildlife Conservation Commission, sitting as agency head at its next available regularly scheduled meeting, will review any approval or denial determination made by the Boating and Waterways Section upon timely receipt of a request for review. Any substantially affected person may request review of the approval or denial; the request must be received by the Boating and Waterway Section within 21 days following the notice provided to the public as required in Rule 68D-21.003, F.A.C.

AGENDA MEMORANDUM

FROM:	Charles R. Oliver, County Administrator
SUBJECT:	1:30 PM Discussion of Court Needs
AGENDA DATE:	**July 27, 2021**

BRIEF OVERVIEW:

The Chairman, Administrator and Representatives of the Court System met with representatives of the Court System on Thursday, June 15, 2021 to discuss the immediate needs of the Court System for space.

The purpose of this Agenda item is to establish a time certain at 1:30PM on Tuesday, July 27th to discuss the needs of the Court. Judge Flavey, the Administrative Judge for Citrus County, will be in attendance. The Judges believe that a renovation to the Coke Building will meet their needs for the next 10 plus years.

We believe we can expedite the process by hiring an architect and performing the demolition work under our continuing service contract. We will then hire an architect to contract for the future space need using the Consultants Competitive Negotiations Act (CCNA). Please note that using this approach the architectural services and demolition of the interior of the Coke Building may **not** be eligible for payment under the American Rescue Plan Act (ARPA) but we believe using this approach will take 12 to 14 months. Using the CCNA approach will increase the time frame to approximately 17 months.

We believe the cost of the architect/engineer will be about $300,000, demolition about $35,000 and the renovation $2 million. Please note these are preliminary estimates.

BUDGET IMPACT/FUNDING SOURCE:

Account No.	Account Title	Current Budget	YTD Expenditures	Encumbrances	Available Balance

Based on the attached Treasury question and answer 2.1, we believe this is an eligible expense under The American Rescue Plan (ARP) provided the County adheres to the federal rules. Using the shorten process may make the architectural and demolition costs ineligible, however, it speeds up the process. Please note this will reduce the numbers of water and sewer projects that can be completed with the funding provided.

RECOMMENDED ACTION:
Take action as appropriate.

specified in the statute. A transferee receiving a transfer from a recipient under sections 602(c)(3) and 603(c)(3) will be considered to be a subrecipient and will be expected to comply with all subrecipient reporting requirements.

The ARPA does not authorize Treasury to provide CSFRF/CLFRF funds directly to non-profit or private organizations. Thus, non-profit or private organizations should seek funds from CSFRF/CLFRF recipient(s) in their jurisdiction (e.g., a State, local, territorial, or Tribal government).

2. Eligible Uses – Responding to the Public Health Emergency / Negative Economic Impacts

2.1. What types of COVID-19 response, mitigation, and prevention activities are eligible?

A broad range of services are needed to contain COVID-19 and are eligible uses, including vaccination programs; medical care; testing; contact tracing; support for isolation or quarantine; supports for vulnerable populations to access medical or public health services; public health surveillance (e.g., monitoring case trends, genomic sequencing for variants); enforcement of public health orders; public communication efforts; enhancement to health care capacity, including through alternative care facilities; purchases of personal protective equipment; support for prevention, mitigation, or other services in congregate living facilities (e.g., nursing homes, incarceration settings, homeless shelters, group living facilities) and other key settings like schools; ventilation improvements in congregate settings, health care settings, or other key locations; enhancement of public health data systems; and other public health responses. Capital investments in public facilities to meet pandemic operational needs are also eligible, such as physical plant improvements to public hospitals and health clinics or adaptations to public buildings to implement COVID-19 mitigation tactics.

2.2. If a use of funds was allowable under the Coronavirus Relief Fund (CRF) to respond to the public health emergency, may recipients presume it is also allowable under CSFRF/CLFRF?

Generally, funding uses eligible under CRF as a response to the direct public health impacts of COVID-19 will continue to be eligible under CSFRF/CLFRF, with the following two exceptions: (1) the standard for eligibility of public health and safety payrolls has been updated; and (2) expenses related to the issuance of tax-anticipation notes are not an eligible funding use.

2.3. If a use of funds is not explicitly permitted in the Interim Final Rule as a response to the public health emergency and its negative economic impacts, does that mean it is prohibited?

RE: Citrus Springs 2021 Assessment Area

The Board of County Commissioners of Citrus County, Florida (the "County"), recently established and approved a special assessment against property within the Citrus Springs 2021 Assessment Area to fund the construction of water distribution facilities to provide your property with access to potable water services. This type of financing where the property owners participate in the cost of the program is used throughout Florida and is consistent with the policy of the County.

The assessments will be payable in not to exceed fifteen (15) annual installments, the first of which shall be included on the ad valorem tax bill to be mailed in November, 2021. Failure to pay the assessments will cause a tax certificate to be issued against the property which may result in a loss of title.

The County has financed this project with an internal loan. This will permit the cost attributable to your property to be amortized over a period of not to exceed fifteen (15) years. However, you may choose to prepay your assessment in full at any time to avoid additional interest. The amount required to prepay the assessment on or prior to {insert prepayment date} is {insert amount}.

RE: 2021 MONTEZUMA WATERS SEWER PROJECT ASSESSMENT AREA

The Board of County Commissioners of Citrus County, Florida (the "County"), recently established and approved a special assessment against property within the 2021 Montezuma Waters Sewer Project Assessment Area to fund the construction of Wastewater Collection System to provide your property with access to sanitary sewerage. This type of financing where the property owners participate in the cost of the program is used throughout Florida and is consistent with the policy of the County.

The assessments will be collected on the ad valorem tax bill, as authorized by Section 197.3632, Florida Statutes. The assessments will be payable in not to exceed ten (10) annual installments, the first of which shall be included on the ad valorem tax bill to be mailed in November, 2021. Failure to pay the assessments will cause a tax certificate to be issued against the property which may result in a loss of title.

The County has financed this project with an internal loan. This will permit the cost attributable to your property to be amortized over a period of not to exceed ten (10) years. However, you may choose to prepay your assessment in full at any time to avoid additional interest. The amount required to prepay the assessment on or prior to {insert prepayment date} is {insert amount}.

After { insert prepayment date }, the amount required to prepay the assessment will be increased to include additional interest on the permanent financing.

Please make checks for prepayment amounts payable to Citrus County, Florida, Attention: Finance Department, _____, Florida _____. Please be sure

to either write the assessment parcel number (shown at the top of this letter) on your check or return this letter with your payment.

Assessment records and copies of applicable Codes and Resolutions passed by the Board are on file at the offices of the County Administrator, located at 110 North Apopka Avenue, Inverness, Florida.

To whom it may concern: MSBU etc.

A $2.00 increase for waste mngmt is not in my best interest. On a fixed SS income of less than $800.00/mo. this is just one more increase, as All things are increased.

I have noticed Removal of Recycle Areas — Hence, I'm not driving that far to Recycle, especially since I'm already charged $25. for waste mngmt. Also, Can not afford private pick-up services.

My Answer to this $2.00 increase is — Take a Salary cut — wouldn't hurt.

This is our written objections for all properties we own, regarding your (MSBU), Solid Waste Municipal Service Benefit Unit (The annual disposal assessment), we are totally against this, and do not want this to be passed, and enforced in anyway.

First, we are taxed enough, and we already pay for trash removal (disposal) of $280.00 for 3021 W. Tanager court. Additionally, we paid for each septic tank, and well and for maintaining. Therefore, we are already and are paying for our disposal.

This money you are wanting to collect of $27.00 for each residence is not going back to help the owners in anyway; **It's just an extra tax. We should not have to pay. What benefit is this for us and other owners?**

Sincerely,

Dorsey and Tammi (Lotz) Fields

Re: See below
Date: July 9, 2021

Received your uncaring, form-letter of the "Assessment increase" (to $27.00). So, in your stench-ridden-infinite Repug-dominated world, what else is new? You also, to retain your obsessive-Repug-dictate, "Only money counts," (a "given" by all Repugs) – struggling individuals do not – we're all relatives of Billy-Boy Gates, "we'll simply raise the taxes on everyone," and if anyone fails to pay the raised taxes, we'll simply slam the owner with a "tax certificate to be issued against the property, which may result in the loss of the title." As usual Repug-Nazis, simply line up the people (men, women, and children), strip them naked on the edge of the Babi Yar Ravine (Ukraine) and machine-gun 'em till they all fall into the pit. Who cares? If anyone, by chance, is still breathing, we'll put a bullet in their heads via our selected Gestapo, to stop the breathing. If any relative/onlookers complain, solution is simple: quietly ship 'em off to Auschwitz for slave labor or to receive a nice, warm shower via our Xyklon-B pellets.

Bottom line: S.S. checks do not increase; retirement checks do not increase, but the Repug-dominated-business world, esp. with Gov. DeSinful (always replete in his speeches with his gay voice of "uh's," "um's," and "er's") could never care less. And if discontents have any questions, as Nazis, we can simply pass the buck to inform them, "They can CALL (not fax, text, or e-mail) 352-527-5210, and, of course, be graciously greeted with the perennial, "Your call may be monitored for 'quality assurance,'" (which has nothing to do with any quality assurance, but rather to protect the booties of the political conglomerates), via a labyrinth of 125 menus, and 89 sub-menus, before a human being will finally come to the phone, with the deity-damnable-forsaken response, "Oh, let me transfer you to the right department," which will take another 30 minutes – if (s)he presses the right button.

What will we have to pay for next? The air we breathe?

We live in a sick world – and the Covid family has nothing to do with it.

I am writing to oppose being charged for funding of solid waste disposal services. The reason I oppose being charged for this is my property in Citrus County is a small Tract on an island that can only be reached by boat. It is a one room fishing cabin that I use once or twice a month.. There is no garbage disposal available.. I bag my garbage And take it back home with me.

In 1997, the Board of County Commissioners of Citrus County created the Citrus County Solid Waste Municipal Service Benefit Unit (the "MSBU"), which includes the entire unincorporated area of the County, for the provision and funding of solid waste disposal services. The provision of these services is funded, in part, by an annual disposal assessment imposed against all improved residential property within the MSBU. Accordingly, pursuant to section 197.3632, Florida Statutes, notice is hereby given that the Board of County Commissioners of Citrus County, Florida, sitting as the governing body of the MSBU, will consider the continued imposition of an annual disposal assessment for solid waste disposal services using the tax bill collection method which may be levied on your property. The use of the annual disposal assessment to fund solid waste disposal services benefiting improved property located within the MSBU is a fair, efficient and effective method of funding these essential public services.

The annual disposal assessment is based on the number of residential dwelling units attributed to each tax parcel of property. The annual disposal assessment will include each tax parcel's share of the annual disposal costs, administrative costs, and collection costs. The maximum annual disposal assessment is estimated to be $27.00 per residential dwelling unit. The total annual assessment revenue to be collected within the MSBU for the Fiscal Year beginning October 1, 2021, is estimated to be $2,027,106.00. Information regarding the assessment for the tax parcel identified above is provided below:

The total number of dwelling units on the above tax parcel is: 1

The maximum annual disposal assessment for the above tax parcel for the fiscal year commencing on October 1, 2021 and future fiscal years is: $27.00.

A more specific description of the solid waste disposal services and the method of computing the assessment for each parcel of property are set forth in the Article XVIII, Chapter 90 of the Citrus County Code of Ordinances and the County's existing rate resolution for the MSBU. Copies of these documents and the preliminary Annual Disposal Assessment Roll for the upcoming fiscal year are available for inspection at the Office of the Board of County

In 1997, the Board of County Commissioners of Citrus County created the Citrus County Solid Waste Municipal Service Benefit Unit (the "MSBU"), which includes the entire unincorporated area of the County, for the provision and funding of solid waste disposal services. The provision of these services is funded, in part, by an annual disposal assessment imposed against all improved residential property within the MSBU. Accordingly, pursuant to section 197.3632, Florida Statutes, notice is hereby given that the Board of County Commissioners of Citrus County, Florida, sitting as the governing body of the MSBU, will consider the continued imposition of an annual disposal assessment for solid waste disposal services using the tax bill collection method which may be levied on your property. The use of the annual disposal assessment to fund solid waste disposal services benefiting improved property located within the MSBU is a fair, efficient and effective method of funding these essential public services.

CHARGE MORE $$ TO THOSE WHO USE THE DUMP.

The annual disposal assessment is based on the number of residential dwelling units attributed to each tax parcel of property. The annual disposal assessment will include each tax parcel's share of the annual disposal costs, administrative costs, and collection costs. The maximum annual disposal assessment is estimated to be $27.00 per residential dwelling unit. The total annual assessment revenue to be collected within the MSBU for the Fiscal Year beginning October 1, 2021, is estimated to be $2,027,106.00. Information regarding the assessment for the tax parcel identified above is provided below:

The maximum annual disposal assessment for the above tax parcel for the fiscal year commencing on October 1, 2021 and future fiscal years is: $27.00.

A more specific description of the solid waste disposal services and the method of computing the assessment for each parcel of property are set forth in the Article XVIII, Chapter 90 of the Citrus County Code of Ordinances and the County's existing rate resolution for the MSBU. File for Written Objection

To Whom it May Concern;

Our objection is not the funding of the Solid Waste Disposal Services per say, but that it is taxed on the number of dwelling units attributed to each tax parcel of property. The reason for our objection is that we have two dwellings as you know. One is our main house, the other is our guest house. No one lives in the guest house. We have never rented it, nor do we plan on renting it. It is used when we have guests. It's a place for my out of state family to stay for short visits. Most of the time it's empty as we don't have guests very often, but when we do it's great to have the extra room. Last year we learned that the county was taxing us on the guest house because they "assumed" we were renting it. No one from the county ever inquired, just assumed.

Thank you for your assistance with this matter.

Sincerely,

Fawn R. McGee

Subject: Citrus Co. Solid Waste Municipal Service Benefit Unit hearing

To be read into the record of the hearing:

We own Parcel 16C Cypress Run Condo Unit, in Sugarmill Woods. AT MOST the condo is used 4 months of the year. Our condo fees pay for private trash pick-up. Since we only use the condo for one-third of the year, we feel strongly that we should only be assessed a maximum of $9 for solid waste under the non-ad valorem assessments. The $27 annual assessment for short-term, seasonal residents in Citrus Co. should be pro-rated to make the fees equitable.

Thank you.

AGENDA MEMORANDUM

FROM:	Holly L. Davis, Commissioner
SUBJECT:	Consider Options and Alternatives for Funding Additional Law Enforcement Presence on the Water
AGENDA DATE:	**July 27, 2021**

BRIEF OVERVIEW:

After the last meeting, I asked the Sheriff's Department to provide options and alternatives for placing additional law enforcement on the waters of Citrus County. They provided the following options and the details provided by the Sheriff's Office are attached.

Option 1. Add three-entry level sworn-personnel to fill vacancies left by the transfer of deputies to the Special Enforcement Unit - $561,562.

Option 2. Add four entry-level sworn personnel and two multi-use Law Enforcement Maritime Vessel - $833,416.

Option 3. Adding six entry-level sworn personnel sworn personnel, two LE Maritime Vessel (21ft. and 23 ft.) - $1,198,648

Original Proposal - Adding five entry-level worn personnel, 2 LE Vessels, 2021 LE Vehicle capable pf towing a larger boat - $1,054,968.

I believe just the presence of additional law enforcement on the water will decrease both unlawful and irresponsible activities. The question is what level of additional enforcement is needed and are what are we willing to fund.

BUDGET IMPACT/FUNDING SOURCE:

RECOMMENDED ACTION:

Recommend approval of funding of one of the options above and direct Administrator to include in the FY 2021/2022 Budget.

Necessary Additional Manpower

On July 01, 2021, emails were sent to each Commissioner responding to the requests for information made by the BOCC on June 22, 2021, which was to provide costs for the CAD/RMS system, Body-Worn Camera Program, and adding critically needed Manpower. The CAD/RMS proposal received a motion on the floor and passed. The other two items received no motion, thus remain in limbo.

In regards to adding personnel, as Citrus County grows, so does the need for services. Safety is not only a pillar of Prosperity Citrus, it is the second level of Maslow's hierarchy of needs, just above food, water, and shelter. In the information sent over on July 01, 2021, the narrative written details how far below the national average the Citrus County Sheriff's Office is concerning staffing. While we endeavor to be effective and efficient, the increases in population and the continuing rise of tourism in Citrus County will continue, and unless our staffing increases, certain expected but not required services will begin to deteriorate.

Below are three alternatives to the original proposal of adding personnel. There needs to be a great understanding that the original proposal was intentionally drafted as a bare minimum addition of sworn personnel to address the influx of maritime complaints and similar issues. It provided latitude to increase maritime presence and simultaneously begin to build staffing to necessary levels.

At no point during any discussion should the staffing request be perceived to solely address one maritime issue on the "Blue Waters". These options are to address maritime issues on all of our lakes, rivers, estuaries, and gulf area waterways. All of these proposals would be year one options with an overall goal of adding resources in the future.

Option 01:

Adding three entry-level sworn-personnel to fill vacancies left by the transfer of deputies to the Special Enforcement Unit.	(3 X $144,854.00 = $434,562.00)
Adding one multi-use Law Enforcement Maritime Vessel	($127,000.00)
Year one total:	$561,562.00

Option 02:

Adding four entry-level sworn personnel:	(4 X $144,854.00 = $579,416.00)
Adding two multi-use Law Enforcement Maritime Vessels:	(2 X $127,000 = $254,000.00)
Year one total:	$833,416.00

Option 03:

Adding six entry-level sworn personnel:	(6 X $144,654.00 = $867,924.00)
Adding two 2 LE Maritime Vessels (21FT and 23FT)	($292,000.00)
2021 LE Vehicle to Pull Vessel:	($38,700.00)
Year one total:	$1,198,624.00

Original Proposal Emailed on July 01, 2021 to all Members of the BOCC and the County Administrator.

Adding five entry-level sworn personnel:	(5 X $144,654.00 = $724,270.00)
2 LE Vessels	($292,000.00)
2021 LE Vehicle capable of towing a larger boat	($38, 700.00)
Year one total:	$1,054,968.00

The need to increase personnel to address population growth, tourism, maritime issues, and matters related to the full expansion of the Suncoast Parkway are existent now. Increasing personnel is no longer a desire to meet the State Average (1.7) of personnel per population (1000), let alone the national level (2.4). This is an essential necessity to begin to address the growing needs of our community.

NOTE: The recurring costs for year two and beyond are substantially lower.

Special Note:	*Citrus County Sheriff's Office is at 1.44 Deputies per 1000 populace:*	*(221 Sworn)*
	To match the State Average of 1.7 per populace:	*(255 Sworn)*
	To match the National Average 2.4 per populace:	*(360 Sworn)*
	In 2010 CCSO had more sworn deputies than today	*(224 Sworn)*

Hello Commissioners

As to Noise on Homosassa River. It seems that a few, though vocal residents, want their back yard of state property river for themselves and extra enforcement just for their beautiful view.

Perhaps if the river is to be restored, move everyone off the river and make the land public buffer. Oh the uproar that would be to take something from the water front owners vs taking something from the citizen enjoying the river while on the river.

How about ME! I'd like the noisy.wreckless jacked up trucks and shoddy conditioned unsafe cars removed from the highway, I and bet you see them daily

SUBJECT:	Buses for Prosperity Citrus Event
AGENDA DATE:	**July 27, 2021**

BRIEF OVERVIEW:

Prosperity Citrus is planning an event on Saturday, August 7, 2021 called “Food, Fun and Family Opportunity” at the LeGrone Park YMCA in Crystal River. The event will run from 10:00 AM to 2:00 PM. The event covers two zip codes that are some of the most economically disadvantaged in the County. One is the area around LeGrone Park in Crystal River and the other is in the northwest corner of unincorporated Citrus County.

Kids and young adults in and around LeGrone Park can walk to the event, however, those from the northwest corner of the County will need transportation. Consequently I am proposing that the County, through transit services, provide two buses from 9:00 AM to 3:00 PM to run shuttle bus service to the event. The cost is estimated at less than $1,000. Please note all other services and time are being donated.

J. APPLICATIONS

1. LAND USE APPLICATION

a. CPA/AA/PUD-21-07 Clark A. Stillwell, Esq. for Affordable Secure Storage – Inverness, FL

REQUEST: This request is to amend the Future Land Use Map (FLUM) of the Citrus County Comprehensive Plan from CLC (Coastal Lakes Commercial District) to GNC (General Commercial District) and to amend the Land Use Atlas Map (LUAM) of the Land Development Code from CLC (Coastal Lakes Commercial District with a Planned Unit Development) to GNC (General Commercial District with a Planned Unit Development) on approximately .5 acres.

LOCATION: Section 3, Township 20 South, Range 20 East; more specifically, Parcel 41230, of an unrecorded subdivision, also known as Alternate Key Number 1960428, in Floral City, Florida.

STAFF CONTACT: Miranda Anaya, Senior Planner, Land Development Division

INTRODUCTION: Mr. O'Brien's overview included an aerial view of the subject property, photos of the subject property and surrounding area and a proposed site plan as submitted by the applicant.

APPLICANT: Clark Stillwell represented the applicant. Mr. Stillwell explained that the purpose of the application was so that the entire 3.5 acres would have the same land use zoning. The request is to amend the .5 acres from CLC (Coastal Lakes Commercial District) to GNC (General Commercial District). Mr. Stillwell advised that he has reviewed the staff report and agrees with the suggested conditions listed in the report.

QUESTIONS FROM STAFF: None.

COMMISSION QUESTIONS/COMMENTS: None.

Attachment: June 3, 2021, PDC draft minutes (15087 : 5:01 pm CPA/AA/PUD-21-07 Clark A. Stillwell for Affordable Secure Storage- Inverness,)

STAFF: The applicant requested to redesignate approximately .5 acres from CLC (Coastal Lakes Commercial District) to GNC (General Commercial District) on the Future Land Use Map and from CLC (Coastal Lakes Commercial District with a Planned Unit Development) to GNG (General Commercial District with a Planned Unit Development) on the Land Use Atlas Map. Ms. Anaya's presentation included an aerial view of the subject property and surrounding area, photos of the subject property and surrounding area and a proposed site plan as submitted by the applicant. The surrounding area is a mix of commercial and residential land uses. The parcels adjacent to the subject property are being used for non-residential purposes. Originally, this parcel was zoned Low Density Residential. In 2015, it was approved for a CPA/AA/PUD for the land use zone to be amended to CLC (Coastal Lakes Commercial District). The approval granted a 6,750 square feet mini warehouse building which is currently onsite. One of the conditions for the approval of the 2015 application was that the site gain access from East Gobbler Drive. The suggested conditions from CPA/AA/PUD-15-06 are to remain in effect with minor modifications to the conditions that were met during the permitting stage.

Ms. Coutu requested clarification that the applicant was not changing the ISR and FAR that were approved. Ms. Anaya stated the applicant did not propose changes to ISR and/or FAR.

COMMISSION QUESTIONS/COMMENTS:

Mr. Bass inquired about the existing driveway onto Florida Avenue (U.S. 41) as shown on the site plan. The report stated that there would not be an access onto Florida Avenue. Will that existing driveway be removed or gated? Ms. Anaya stated that the condition was from the previous application (CPA/AA/PUD-15-06). Discussion ensued with regard to clarification to the language for #2 of the suggested conditions. Mr. Bass commented that he believes the existing driveway should be removed.

Mr. Barmes commented that his thought is that the existing driveway onto Florida Avenue (U.S. 41) is more for emergency/fire access and that the gate should remain and be locked.

PROPONENT: None.

OPPONENT: None.

MOTION: The Planning and Development Commission finds application number ***CPA/AA/PUD-21-07 - CONSISTENT*** with the Citrus County Comprehensive Plan and Citrus County Land Development Code and that this Board recommends ***APPROVAL WITH AMENDED CONDITIONS*** of the application to the Board of County Commissioners based upon the evidence

Attachment: June 3, 2021, PDC draft minutes (15087 : 5:01 pm CPA/AA/PUD-21-07 Clark A. Stillwell for Affordable Secure Storage- Inverness,)

and testimony presented, and the staff report and conclusions regarding this petition.

MOTION:

1st Mr. Bramblett 2nd Ms. Scragg

Mr. Bass stated that he still has an issue with the wording on suggested condition #2. Staff proposed the following:

Amendment to Suggested Condition #2:

2. Access to the mini-warehouse facility shall be from E. Gobbler Dr. (CR-39A) and the access from S. Florida Ave. U.S. 41 has been eliminated and will serve as emergency access only.

VOTE: 7 - 0, Motion Carried

K. ADDITIONAL ITEMS:

There are currently three applications on the agenda for the PDC meeting on June 17. The remainder of the LDC amendments will be presented at the July 15 meeting.

L. PLANNING AND DEVELOPMENT COMMISSION MEMBER COMMENTS: None.

Re: Affordable Secure Storage – Inverness, LLC
Land Use Plan Map and LDC Atlas Map Amendments – .50 Acres (MOL)
Alt. Key #1960428
Sect. 3, Township 20, Range 20

Dear Mr. Sherman:

On behalf of our client, Affordable Secure Storage – Inverness, LLC we enclose the noted Land Use Plan Map and LDC Atlas Amendment for .50 Acres (MOL) from C/L/C to GNC. As application text points out, the parcel has no physical characteristics of the C/L area or the C/L/C land use district.

The subject property is located on US 41 in Floral City, Florida area; total size is .50 acres and has existing mini-warehouses per an approved PUD (No. 15-06); parent parcel for mini-warehouse is Alternate Key #1845561 and 2748966. The Plan/LDC map amendment does not modify the PUD – which will remain. There are no concurrency or environmental issues. This is a minor map correction.

Please have your staff review the attached for completeness and sufficiency. The application corrects a historically bad planning policy of split zoning on the parcel. The filing fee of $1.670.00 is enclosed. Thank you

Very truly yours,

Exhibit "F"
Application Text
Affordable Secure Storage – Inverness, LLC
Alternate Key 1960428
Section 3, Township 20S, Range 20E

I. General Facts/Site Characteristics: The subject parcel is .50 acres (MOL) in size. It is improved with one (1) mini warehouse structure which is one part of larger mini-warehouse project on alternate key #1845661 and 2748966. The original mini-warehouses were constructed in the year 1996-97 for AK 2748966, 2004 for AK 1845661 and 2016 for this parcel. The site has central water service and onsite septic service. There is no direct access to US 41. No vegetation of significance. There are no environmental constraints. The parcel has an existing SWFWMD permit for stormwater. The PUD of site is not being modified.

The following land uses surround the subject site and parent parcel:

(1) North – GNC – convenience store
(2) East- GNC – mini-warehouse
(3) South – PSI – Floral City Water Association
(4) West- GNC – US 41 corridor

In 1990, the parcel was designated as Coastal/Lakes. In the year 2004, the parcel was re-designated to Coastal/Lakes/Commercial with a subsequent PUD. See applications #CPA/AA-04-04 and PUD-15-06.

II. Concurrency: There are no concurrency issues for existing PUD use which will continue "AS IS".

III. Plan Consistency: The subject site and its existing uses do not meet the definition of C/L/C. The parcel is located in Plan Service Area. The parcel does not abut the C/L district and is located the traditional 400 feet commercial corridor for US 41. See 1990 LDC atlas mapping standards and FLUE at page 10-3. Finally, this small parcel is classic "spot zoning" which subject to correction as a matter of law. See: Bird-Kendall Homeowners Association et al vs. Metropolitan Dade County Board of County Commissioners; 695 So. 2d 908 (Fla. 3rd DCA 1997).

The site meets FLUE test for new commercial – FLUE Page 129-134 and Policy 17.6.4:

	site.
Ensure adequate service from public utilities and other urban services	Site has collector road access/central water is available.
Minimize environmental impacts	No environmental issues exists.
Serve its intended market area	Serves US 41 corridor market for Inverness/Floral City area and is within PSA and Central Ridge.
Provides buffering from other land uses to minimize conflicts	Site is capable of meeting LDC standards for open space and buffering.
Provide adequate landscaping utilizing native plants and preserving existing on-site vegetation	Standard is inapplicable given existing use.

Finally, Table 10-13 of FLUE documents the need for additional commercial land, acres (2,349 acres) through Plan's planning period of 2020.

IV. Compatibility: The site use is consistent with abutting parcels. It fronts on US 41. It is in the defined commercial corridor for US 41. See Policy 17.11.1 of Plan FLUE. Commercial uses to the east, west and north. This long-term mini-warehouse use has not impacted neighbors.

V. Conclusion: The applicant requests a simple map correction to reflect the long time actual use and correct split zoning. Split zoning represents "bad" land use planning. Highest use of site is GNC. Historical GNC land uses in the area support the consolidation of uses. Application meets statutory test of consistency (F.S. 163.3184(1)(b)) and compatibility (F.S. 163.3164(a)). Finally, this is a map amendment only; the PUD for mini-warehouses remains unchanged and controls.

Dear Mr. Smith,

I would like to use the proposed property to expand A-Mini Storage, an existing business since 1979. My intentions are to add additional storage warehouses that are needed, and in doing so provide a site that is clean, well engineered, and compliant with all Citrus County codes.

The proposed property is located such that the Circle K store borders on the north side, the exisiting A-Mini Storage on the east side, and Floral City Water is on it's south side. The subject property is a small lot with only 90 feet on the highway. This project will not adversely affect the level of service on Gobbler Drive or Highway 41. Traffic impact for storage warehouses is extremely low and some days it is nonexistant.

If you have any questions, please don't hesitate to call me (352)302-5656 or (352)344-1114.

Sincerely,

Scott Borgeson

TO: Applicants for Land Use Amendments
FROM: Chuck Dixon, AICP, Director, Community Development Division
DATE: September 27, 2000
SUBJ: APPLICATION FOR CHANGE OF LAND USE DISTRICT

Attached is an application form and information packet for amendments to the Citrus County Comprehensive Plan/Generalized Future Land Use Map (Ord. No. 89-04 as amended) and Citrus County Land Development Code (Ord. No. 90-14 as amended).

PRE-APPLICATION PROCESS

Applicants are urged to schedule a pre-application conference with county staff to acquaint you with the Comprehensive Plan regulations, provide information, and answer questions (optional). Contact the Community Development Division at (352)527-5239.

REVIEW PROCESS

All amendments are reviewed by staff and presented at several public meetings before the Planning and Development Review Board and the Board of County Commissioners. The total review time period is approximately nine (9) months (Small Scale amendments are significantly less). Refer to attached flow chart.

Unless specifically requested by the applicant, all applications for Comprehensive Plan Amendments and LDC Atlas Amendments will be processed simultaneously. Large Scale amendments and text amendments are limited to two review cycles per calendar year, except for certain exemptions as identified in Ch. 163, Florida Statutes.

REVIEW

The review depends on the type of amendment and the size if the subject property: cpa Text amendment; Small Scale CPA-GFLUM (less than 10 acres); Large Scale CPA-GFLUM; and LDC Atlas Amendment.

PUBLIC NOTICE COSTS

Florida Statues require adequate public notice be provided for all proposed amendments to the Citrus County Comprehensive Plan and Land Development Code.

INSTRUCTIONS FOR COMPLETING THE REQUIRED INFORMATION PAGES

The following are the descriptions for the respectively numbered items from the pages titled "Required Information for a Comprehensive Plan Amendment".

1. The application form is provided as part of this packet. Complete all areas before submitting back to the County. The signature must be notarized and this can be done in the offices for the Department of Development Services.

2. Each Comprehensive Plan within the State of Florida is limited to **TWO** major submittals for amendments within a year; January 1st through December 31st. These are referred to as cycles. The **exemptions** from being included in a major cycle include:

   A. The property under application cannot exceed 10 acres in total area, and
   B. The total acres that can be exempted in a year is 80 acres for **ALL** applications combined.

   Other exemptions may apply and are described in more detail in Chapter 163.3187, Florida Statutes. Copies can be provided from the Department of Development Services.

   Check the appropriate space if this application qualifies for the above exemption and indicate the total acres of this property.

3. Legal descriptions are necessary to locate the property on the County's maps. The "legals" come in different forms; lot number and block number 9of a particular subdivision, a tract number of a subdivision, as well as metes and bounds descriptions to name three types. Metes and bounds descriptions use feet and fractions of feet to measure and compass bearings in degrees and minutes (fractions of degrees) to set the direction in which to measure. This information is contained within property deeds and surveys. Both can be used to satisfy other information requirements to follow.

4. Proof of ownership is necessary to insure that the correct property is being changed and that the person requesting the change is authorized to submit the application. This can be a deed, copy of tax bill, or other document that legally identifies the owner of the property.

5. As stated in number 3 above, the survey will provide an accurate legal description to locate the property on the maps. Plus, it provides the dimensions to calculate and confirm the total acreage under application.

   Wetlands and other special features are affected by specific Federal, State, and local regulations and are therefore needed on the survey to insure that all of these regulations are met. Locally, the US Army Corp of Engineers will assist in identifying those wetland areas that would apply to their agency and the Southwest Florida Management District (SWFWMD) is a State agency.

   A list of agency phone numbers and addresses can be obtained during the pre-submittal conference.

6. Text amendments are generally proposed due to changes in other laws or individual circumstances that result in a possible conflict with the existing text of the Comprehensive Plan. Since only the applicant can determine where the conflict is and what adjustments will eliminate the conflict, draft new text must be submitted to make sure no misunderstandings occur.

7. Stating exactly what new land use designation is being requested is simple but often overlooked when completing the application.

8. Maps provide quick and easily understood information that describes what is being requested. Copies of the LDC atlas, with land use designations, can be requested from the Department. This will show the property boundaries as well as the surrounding roadways.

   It will then be a matter of the applicant marking how the surrounding properties are being used (i.e. commercial, vacant, single family residential, etc.) Similarly, a copy can be marked to reflect the designation on the Generalized future Land Use map, especially when it differs from the Atlas.

9. The comprehensive plan and state regulations require that changes to the County's map(s) must be reviewed to determine what method will be used to provide the services (i.e., water, sewer, roads, etc.) necessary to develop or use the property under application. Provide discussion for each of these facilities listed on how this property will be serviced. If these facilities exist and are proposed to be utilized by the property, discuss all impacts on the capacity of each facility type.

   Example: An applicant proposed to change the maps so that the property can be developed with a small office complex. Water lines run by the property but no sewer is available. The applicant would describe the use of the water and include a statement from the owner of the lines that it's okay to connect and that adequate capacity exists to handle the extra connection. The applicant would likewise state that sewer was not available and describe what type of system would be used to handle the project. This would be done for each facility listed.

   A list of people to contact to obtain information on each facility type can be obtained during the pre-submittal conference.

10. The County has guidelines that were set up to insure that there would be no negative impacts on affordable housing within the County. The impacts would include additions to, or the removal from, the total amount of dwelling units that are used for affordable housing. Check the appropriate space and describe the impacts in the space provided if 'YES' is checked.

11. The objectives and policies of the Comprehensive Plan provide the guidelines for growth and development within the County. All amendments must be compatible with these objectives and policies. Check the space that fits this application.

    In the spaces provided, fill in the number of the objective(s) and policy(ies) that apply to the proposed amendment. Then describe how this change will or will not affect each objective and policy that was listed. Copies of the County's Comprehensive Plan are available at each branch of the County library System; Crystal River, Homosassa, Hernando, Floral City, and Beverly Hills.

    Assistance to identify these objectives and policies that may be affected by this proposal can be obtained during the pre-submittal conference.

12. There are times when certain changes and projects are required to satisfy special regulations and rules (i.e. landfills must satisfy special environmental rules.) In the space provided, describe any special rules that apply to the request and where possible, attach copies of that information.

NOTE: **More detailed and technical descriptions of these guidelines can be found in Chapter 163, Florida Statutes, the Florida Administrative Codes, the Citrus County Comprehensive Plan, and Citrus County Administrative Regulation 13.8-1.**

access, environmental and water resource protection, preservation of wetlands, open spaces, and convenient on-site traffic flow.

Policy 17.1.7 Citrus County will review the LDC Atlas and adjust residential land use district boundaries when possible to coincide with existing parcel boundaries during the atlas readoption process.

Objective 17.2 In order to promote the efficient use of resources and discourage scattered development and sprawl, the County shall encourage development in Planned Service Areas (PSA) and commercial infill areas as identified in the Plan and through the following mechanisms:

- County LDC - specific standards which allow higher intensities of land use in areas where adequate services are available and where specific design criteria are met, and future land uses are coordinated with appropriate topography conditions and soil types; and
- GFLUM - by designating an appropriate amount of acreage in each land use category that reflects projected growth, demonstrated needs, existing development patterns, environmental suitability, availability of infrastructure, and community values

Policy 17.2.1 Residential uses adjacent to the municipalities of Inverness and Crystal River shall be served with utilities from those municipalities where that service will ensure the least expensive service, the best environmental protection, and where the municipality and County have entered into an interlocal agreement.

Policy 17.2.2 The County will initiate the creation of suburban service areas around the municipalities and seek to develop interlocal agreements for the provision of urban utility services to these areas.

Policy 17.2.3 The County will develop PSAs within portions of the County designated for suburban development and establish priorities and provisions for the extension of services to each area.

Policy 17.2.4 Areas experiencing rapid development not properly served by utilities or other needed services may have further development postponed through legislation until the health, safety, and welfare of the public is ensured through the provision of services.

Policy 17.2.5 New development locating in the PSA shall be allowed only when central water and sewer are provided. For new residential land

uses, this shall apply to developments of four units or greater per acre. Existing development must connect to central water and sewer systems when the services become available. Within the Planned Service Area, all new subdivision plats of 500 or more dwellings shall be required to connect to regional central water and regional central sewer.

Policy 17.2.6 The County will ensure that the future land use plan provides for sufficient potable water supply and service as detailed in the 10 year Water Supply Facilities Work Plan.

Policy 17.2.7 The County shall guide future development to the most appropriate areas, as depicted on the GFLUM, specifically those with minimal environmental limitations and the availability of necessary services.

Policy 17.2.8 The County shall utilize land use techniques and development standards to achieve a functional and compatible land use framework which reduces incompatible land uses.

Policy 17.2.9 The County LDC shall contain standards which will protect potable water wellfields and prime recharge areas within the County from the encroachment of incompatible land uses.

Policy 17.2.10 Land uses adjacent to conservation areas shall, where possible, only allow for low density residential development or agricultural use.

Policy 17.2.11 Consistent with the Plan's basic strategy for protection of environmentally sensitive areas, the following guidelines shall apply to all development in the Coastal, Lakes, and Rivers Region:

- No increase in residential density should be approved except for the Planned Development standards already contained in the plan, or as otherwise mitigated in the PORT district.
- No additional high intensity non-residential land uses shall be approved for this region. Specifically new GNC and IND districts should be avoided

Policy 17.2.12 The County shall include in the County LDC requirements for nonconforming land uses to be buffered and meet performance criteria in accordance with a schedule which relates to redevelopment of a specific time frame, or require the amortization or phasing out over a specified period of time, nonconforming land uses. Where new development occurs making another use

by the Planning and Development Review Board (PDRB) or its predecessor in function.

Policy 17.5.6 The LDC shall contain standards for PDs including provisions for residential clustering to preserve wetlands or other natural features. Such provisions may include density bonuses and/or allowance for additional land uses on non-environmentally sensitive portions of the project, such as neighborhood commercial centers.

Standards for PDs shall address the following:

- Minimum lot size allowed when the project is platted or otherwise subdivided
- Open space requirements when the project is platted or otherwise subdivided
- Maximum impervious surface area allowed on a per lot basis
- Front, side, and rear yard building setbacks if different from LDC standards
- Building height restrictions if different from LDC standards

Policy 17.5.7 The LDC shall be revised to include provisions for permitting later phases of a PD if the project is vested and continuing in good faith, and provided the construction standards sought are substantially the same as construction standards previously approved for earlier phases of the development.

Commercial

Objective 17.6 The County shall provide for a range of commercial densities and uses in the Future Land Use Plan and County LDC.

Policy 17.6.1 The Future Land Use Plan and County LDC shall provide for efficient and reasonable commercial development standards, including provisions for off-street parking and loading facilities, to serve ~~neighborhood, community,~~ and regional commercial needs.

Policy 17.6.2 The Future Land Use Plan and County LDC shall provide adequate locations for business and professional office needs.

Policy 17.6.3 The County LDC shall contain standards for development which will encourage the development of commercial nodes while discouraging strip commercial development.

Policy 17.6.4 The County LDC shall contain standards for the location of commercial development which:

RE: CPA – AA – PUD #1506/A-1 Mini Storage

To Whom It May Concern:

We are requesting to modify our application request from LDR to GNC "TO" LDR to CLC, in regards to the above referenced application. Please be advised that we are requesting the following three considerations/conditions for our application.

1. Request the GNC standard ISR of 70% needed for mini warehouse addition project. We are asking that the 70% ISR be granted for the CLC Land Use Designation. We also have included a modified "proposed" site plan.
2. Waive the buffer requirement on the south side of property line due to the fact it is heavily wooded, vacant, and owned by a utility company that has no plans for developing it. If at any time a buffer is needed I will comply with requirements.
3. Both drives/entry ways on Gobbler Drive, the main entrance driveway and the secondary driveway, are needed. The secondary drive is pre-existing for over 25 years. It is needed for staging area for dumpster truck service once a week. It is also the only entranceway to enter the outdoor storage area, which is typically only 2-3 times a month. This is a very low impact use. It is critical that I maintain both pre-existing driveways.

I respectfully request these 3 above conditions/considerations and also respectfully request the land use change to CLC.
Please let me know if you have any questions or concerns.

Respectfully,

Scott Borgeson
Owner

SOIL INFORMATION:	According to the *Soil Survey of Citrus County* (1988), the soil type in the area is primarily Orsino fine sand, 0 to 5 percent slopes. Limitations to building development are slight.
FLOOD ZONE:	The subject property appears to be located in Flood Zone X as found on the current Flood Insurance Rate Map 12017C0366D.

BACKGROUND

The subject property under application totals approximately 0.5 acres and is part of an unrecorded tract which accesses E. Gobbler Dr., a paved, public, minor collector roadway. The site is currently developed as self-storage. The property is a part of a larger mini-warehouse business/facility located from the gated entrance on E. Gobbler Drive. The existing mini-warehouses and subject property are under common ownership. There are six parcels in total for the Affordable Secure Storage business – all incorporating mini-warehouse buildings. The business started in 1980 according to the Citrus County Property Appraiser. Four of those parcels having permits before 1997 and designated GNC. The parcel abutting the subject property (a part of the facility) was approved to change from LDR to GNC (NO. 97-A14) to expand the business.

In 2004, CPA/AA/04-04 was submitted for the subject property to change the FLUM/Atlas from LDR to GNC to allow for the expansion of an existing mini-storage facility. That application was withdrawn by the applicant.

In 2015, CPA/AA/PUD-15-06 was approved to change the subject property from LDR to CLC with a PUD for the expansion of the mini-warehouse facility. In 2015, the staff report revealed the property had been in use since 2004 without building permits. Permits were issued in 2016 for the existing 6,750 square-foot self-storage building.

ANALYSIS

The request is to redesignate the subject property from the Coastal Lakes Commercial (CLC) to the General Commercial District (GNC). The applicant wishes to continue with the PUD "as-is" in CPA/AA/PUD-15-06. The CPA/AA/PUD-15-06 ordinance is attached to this staff report which includes the conditions and the Master Plan.

The surrounding area is predominantly a mix of commercial and residential uses. GNC is a common commercial land use along U.S. 41. A request to change the land use from CLC to GNC on less than 10 acres is considered a small-scale amendment and will not require a review from the Florida Department of Economic Opportunity (DEO) or other appropriate state agencies.

The subject property is located within the Planned Service Area (PSA). The PSA represents an area where regional services, such as water and sewer, are or are expected to be available. Development is encouraged in the PSA because of available or future infrastructure.

CLC and GNC are similar because they allow for a range of different non-residential uses; however, they differ because CLC designates those areas suitable for commercial development within the

Attachment: Staff report and locator map (15087 : 5:01 pm CPA/AA/PUD-21-07 Clark A. Stillwell for Affordable Secure Storage- Inverness,)

Coastal, Lakes, and River Region and the commercial uses allowed in this category are water-related, water-dependent, or necessary for the support of the immediate population. This CLC designation does not seem applicable to the subject property. Although nearby, the subject property is not located in the Coastal, Lakes, and River Region. Mini-warehouses are not directly water related, water dependent or necessary for the support of the immediate population. The GNC District is limited to commercial activity and activities of similar impact or consistent with commercial activity. GNC allows for a wider range of commercial allowable uses than the CLC district. The land use change would be compatible with the surrounding area. The safeguards of a Planned Unit Development (PUD) have already been established and the associated conditions are already in place.

SUMMARY OF AGENCY COMMENTS: No comments have been received from state agencies at this time.

SUMMARY OF PUBLIC COMMENTS: As of this writing, no comments have been received regarding this application.

REQUEST FOR LAND USE CHANGE

1. **Concurrency**

   a. Sanitary Sewer – The subject property has onsite septic for existing mini-warehouse use.

   b. Potable Water – The applicant has stated the site has potable water from Floral City Water Association.

   c. Solid Waste – The property will utilize commercial solid waste collection with disposal in the Citrus County landfill and has provided a letter from Citrus County Solid Waste Management Division.

   d. Drainage – The applicant has stated the existing SWFWMD permit includes onsite stormwater for mini-warehouse facilities.

2. **Consistency with the Land Development Code** –The safeguards from a PUD to further mitigate or reduce impacts from the provision of potential specific commercial uses have been provided. The site is already developed, and any possible redevelopment would have to comply with the PUD conditions and the Land Development Code.

3. **Consistency with Comprehensive Plan** – All development applications shall demonstrate complete compliance with the Comprehensive Plan.

   Policy 17.2.11 Consistent with the Plan's basic strategy for protection of environmentally sensitive areas, the following guidelines shall apply to all development in the Coastal, Lakes and Rivers Region:

   - No increase in residential density should be approved except for the Planned Development standards already contained in the plan, or as otherwise mitigated in the PORT district.

Attachment: Staff report and locator map (15087 : 5:01 pm CPA/AA/PUD-21-07 Clark A. Stillwell for Affordable Secure Storage- Inverness,)

- No additional high intensity non-residential land uses shall be approved for this region. Specifically, new GNC and IND districts should be avoided.

Policy 17.6.14 Because the GNC district allows potentially high density/intensity development, it should not be located in areas of the County deemed to be environmentally sensitive areas. No new GNC shall be allowed in the Coastal, Lakes, and Rivers Region. New GNC shall be limited to the Central Ridge Region.

Staff comment – This site does not lie in the Coastal, Lakes and Rivers Region. This application would not result in an increase in residential density and is bound by the PUD conditions.

Policy 17.2.7 The County shall guide future development to the most appropriate areas, as depicted on the GFLUM, specifically those with minimal environmental limitations and the availability of necessary services.

Staff comment – The site has been operating as a mini-warehouse facility for many years and does not have any apparent environmental limitations. If there are any protected wildlife found, they must obtain a permit with Florida Fish and Wildlife Conservation Commission *(FWC). There does not appear to be any wetlands present. The subject property is within Flood Zone X.*

4. **Impacts on Affordable Housing** – The proposal does not appear to have any impacts on affordable housing.

5. **Compatibility with Adjacent Land Uses** – The subject property is a part of a larger development, all designated GNC. There is GNC to the west, the general areas and along U.S. 41. The site has a PUD to limit development.

6. **Environmental** – There does not appear to be any environmental concerns. If any gopher tortoises or other protected species are found onsite, the applicant will need to coordinate with Florida Fish and Wildlife Conservation Commission (FWC).

7. **Transportation** – The subject property currently takes access from E. Gobbler Dr., a paved, public, minor collector roadway. A condition per FDOT was added in CPA/AA/PUD-15-06 to prevent direct access from S. Florida Ave.

PROPOSED FINDINGS OF FACT – LAND USE CHANGE

1. The request is to re-designate approximately 0.5 acres from CLC to GNC on the Future Land Use Map, and from CLC/PUD to GNC/PUD on the LDC Atlas Map.

2. The PUD conditions and Master Plan from CPA/AA/PUD-15-06 will remain in effect.

3. The subject property is located within the adopted PSA for Citrus County.

4. Concurrency has been addressed for water, sewer, solid waste, and drainage.

Attachment: Staff report and locator map (15087 : 5:01 pm CPA/AA/PUD-21-07 Clark A. Stillwell for Affordable Secure Storage- Inverness,)

5. The site takes access from a public, minor collector roadway, and there does not appear to be any environmental limitations that would be impacted by non-residential use on the site.

PROPOSED FINDINGS OF FACT – PLANNED UNIT DEVELOPMENT

Staff reviewed this application under the standards of Section 4300, Planned Unit Developments (PUD), and Section 2412, General Commercial District, of the LDC. The Board of County Commissioners (BCC) may adopt modified conditions of approval pursuant to LDC Section 4302, PUD Approval Procedures, when in the public interest and expressed in formal findings of fact. The reviewing body shall approve, approve with modifications and/or conditions, or disapprove the PUD. The reviewing body shall enter its reasons for such action in its record. As evidence, the following findings of facts are cited.

A. **Only uses which are consistent with the Comprehensive Plan may be approved as a PUD.** *Mini-warehouses are allowed with a conditional use or PUD in the GNC district, and the proposed plan is consistent with the Comprehensive Plan.*

B. **Any development approved through the PUD application process, which is not designated a use in the respective land use district for the subject PUD parcel, shall be compatible with established or planned uses both within the development footprint and surrounding neighborhoods and property.** *The surrounding area is a mixture of residential and commercial uses. U.S. 41 has several commercial uses and the ongoing use is compatible with the conditions as proposed.*

C. **Accessory uses shall be permitted as set forth within the approved general concept plan or as found by the Board of County Commissioners to be compatible with an approved plan.** *Any future accessory uses would be subject to standards as outlined in the LDC and PUD Conditions.*

D. **Subsequent to the approval of a PUD, uses not enumerated may be permitted through amendment of the PUD and approved by the Board of County Commissioners.** *This site will require an amendment to this PUD for future uses.*

E. **The land area included within the PUD development shall be of such proportions as to properly accommodate all proposed uses in keeping with the general requirements of the county and the established objectives and policies of the adopted Comprehensive Plan.** *The land area meets the general requirements of the Comprehensive Plan. The parcel can accommodate the existing mini-warehouse with the PUD and also maintain access to the existing facility.*

F. **Landscaping and design and maintenance shall follow the principles of *Florida Friendly Landscaping* ™ and the *Florida Yards and Neighborhoods (FYN) Homeowner Program* to reduce water use and fertilizer runoff.**

1. Planted turf grass and landscaping on residential lots shall be limited to a maximum of 50% of the upland portion of the lot.

Attachment: Staff report and locator map (15087 : 5:01 pm CPA/AA/PUD-21-07 Clark A. Stillwell for Affordable Secure Storage- Inverness,)

2. Turf grasses and landscape vegetation shall be common to the area and drought tolerant. *The applicant will be required to maintain this standard.*

G. There shall be no specific lot requirements for individual uses; provided, however, that the area designated for any particular use shall be of sufficient size and proportion so as to properly accommodate said use and to provide for adequate open space and buffering between it and an adjacent use. *The subject property is a part of a larger mini-warehouse facility that has been operating in continuous operation. Buffering and open space requirements are minimal but are addressed in the existing PUD conditions.*

H. The maximum height of structures, setbacks, and density within a PUD development shall be as specifically established by the Board of County Commissioners in its approval action. *The use is already established on site for the mini-warehouse and was permitted in 2016.*

I. Approval of the proposed PUD development shall include approval of all maps, diagrams, tables, and reports submitted by the applicant. *The applicant has submitted a Master Plan date-stamped April 30, 2021, for this application and was based off the CPA/AA/PUD-15-06 Master Plan submitted August 14, 2015.*

J. A planned unit development will terminate within three years of the date of approval if either a site development plan or preliminary subdivision plat application is not filed with the county. If one of these applications is not filed within the specified time frame, the PUD shall be null and void. *A site development plan was filed in 2016. The applicant wishes to continue the PUD.*

PLANNING AND DEVELOPMENT COMMISSION (PDC) RECOMMENDATION: The Planning and Development Commission (PDC) discussed this application on June 3, 2021. The PDC recommended approval with the revised conditions of the proposed request to amend the Future Land Use Map (FLUM) of the Citrus County Comprehensive Plan, to amend the Land Development Code Atlas Map, and to establish a Planned Unit Development. The PDC found that the application is consistent with the requirements of the LDC and consistent with the Comprehensive Plan. Granting this request will not adversely affect the public interest and would be generally compatible with adjacent properties and other properties in the district, provided adherence to the revised conditions.

SUGGESTED CONDITIONS – PLANNED UNIT DEVELOPMENT:

The suggested conditions are based off the CPA/AA/PUD-15-06 Conditions. Strikethrough is provided for the items that would no longer apply and underlined is new verbiage.
