Honorable Mayor and City Council
City of Inverness, Florida

We have audited the financial statements of City *of Inverness* as of and for the year ended September 30, 2020, and have issued our report thereon dated June 10, 2021. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit
As communicated in our engagement letter dated October 7, 2020, our responsibility, as described by professional standards, is to form and express an opinion(s) about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of City of Inverness solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit
We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence
The engagement team, others in our firm, as appropriate, and our firm, have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the Entity's Significant Accounting Practices
Significant Accounting Policies
Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by City of Inverness is included in Note 1 to the financial statements. As described in Note 1 to the financial statements, during the year, the city adopted Governmental Accounting Standards Board (GASB) Statement No. 89, *Accounting for Interest costs Incurred Before the End of a Construction Period,* and GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. There was no effect on beginning net position. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates
Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

Attachment: City of Inverness Fiscal Year Ended September 30, 2020 Financial Statements (15136 : City of Inverness Audited Financial

The most sensitive accounting estimates affecting the financial statements are:

Management's estimate for the allowance for doubtful accounts is based on historical loss levels, and an analysis of the individual accounts. We evaluated the key factors and assumptions used to develop the allowance in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimation for the allowance for depreciation is based on the estimated useful lives of the capital assets. We evaluated the reasonableness of the useful lives as well as the depreciation methods in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimation for the allocation of pension related balances between governmental activities and the water and sewer utility is based on the amount of required pension contributions required to be made by each reporting unit. We evaluated the reasonableness of the allocation factor in determining that it is reasonable in relation to the financial statements taken as a whole.

Significant Difficulties Encountered During the Audit
We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements
For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole and each applicable opinion unit. Management has corrected all such misstatements.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of audit procedures. None of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management
For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to City of Inverness's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management
We have requested certain written representations from management, which are included in the attached letter dated June 10, 2021.

Management's Consultations with Other Accountants
In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues
In the normal course of our professional association with City of Inverness , we generally discuss a variety of matters, including the application of accounting principles and auditing standards, operating and regulatory conditions affecting the entity, and operational plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as City of Inverness's auditors

This report is intended solely for the use of management, the City Council and the Auditor General of the State of Florida and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

McDermit Davis

This representation letter is provided in connection with your audit of the basic financial statements of City of Inverness, Florida, as of September 30, 2020 and for the year then ended, and the related notes to the financial statements, for the purpose of expressing opinions on whether the financial statements present fairly, in all material respects, the financial position, results of operations, and cash flows, where applicable, of the various opinion units of the City in conformity with accounting principles generally accepted for governments in the United States of America (U.S. GAAP).

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm that, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves as of June 10, 2021:

Financial Statements

- We have fulfilled our responsibilities, as set out in the terms of the audit engagement dated October 7, 2020, for the preparation and fair presentation of the financial statements of the various opinion units referred to above in accordance with U.S. GAAP.
- We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
- We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
- We acknowledge our responsibility for compliance with the laws, regulations, and provisions of contracts and grant agreements.
- We have reviewed, approved, and taken responsibility for the financial statements and related notes.
- We have a process to track the status of audit findings and recommendations.
- We have identified and communicated to you all previous audits, attestation engagements, and other studies related to the audit objectives and whether related recommendations have been implemented.
- Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.
- Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.
- All events subsequent to the date of the financial statements and for which U.S. GAAP requires adjustment or disclosure have been adjusted or disclosed.
- All proposed audit adjustments have been posted to the City's books.
- The effects of all known actual or possible litigation and claims have been accounted for and disclosed in accordance with U.S. GAAP.
- All component units, as well as joint ventures with an equity interest, are included and other joint ventures and related organizations are properly disclosed.
- All funds and activities are properly classified.

Attachment: City of Inverness Fiscal Year Ended September 30, 2020 Financial Statements (15136 : City of Inverness Audited Financial

- All funds that meet the quantitative criteria in GASB Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*, and GASB Statement No. 37, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments: Omnibus* as amended, and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, for presentation as major are identified and presented as such and all other funds that are presented as major are considered important to financial statement users.
- All components of net position, nonspendable fund balance, and restricted, committed, assigned and unassigned fund balance have been properly classified and, if applicable, approved.
- Our policy regarding whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position/fund balance are available is appropriately disclosed and net position/fund balance is properly recognized under the policy.
- All revenues within the statement of activities have been properly classified as program revenues, general revenues, contributions to term or permanent endowments, or contributions to permanent fund principal.
- All expenses have been properly classified in or allocated to functions and programs in the statement of activities, and allocations, if any, have been made on a reasonable basis.
- All interfund and intra-entity transactions and balances have been properly classified and reported.
- Special items and extraordinary items have been properly classified and reported.
- Deposit and investment risks have been properly and fully disclosed.
- Capital assets, including infrastructure assets, are properly capitalized, reported, and if applicable, depreciated.
- All required supplementary information is measured and presented within the prescribed guidelines.
- With regard to items reported at fair value:
    - The underlying assumptions are reasonable, and they appropriately reflect management's intent and ability to carry out its stated courses of action.
    - The measurement methods and related assumptions used in determining fair value are appropriate in the circumstances and have been consistently applied.
    - The disclosures related to fair values are complete, adequate, and in conformity with U.S. GAAP.
    - There are no subsequent events that require adjustments to the fair value measurements and disclosures included in the financial statements.
- With regard to nonadult services performed by you (financial statement preparation), we have performed the following:
    - Made all management decisions and performed all management functions:
    - Assign a competent individual to oversee the services.
    - Evaluated the adequacy of the services performed.
    - Evaluated and accepted responsibility for the result of the service performed; and
    - Established and maintained internal controls, including monitoring ongoing activities.
- With regard to pensions and OPEB
    - We believe that the actuarial assumptions and methods used to measure pension and OPEB liabilities and costs for financial accounting purposes are appropriate in the circumstances.
    - We are unable to determine the possibility of withdrawal liability from the OPEB Plan, of which we are a sponsor and are not currently contemplating withdrawing from the OPEB Plan.
    - Increases in benefits, elimination of benefits and similar amendments have been disclosed in accordance with U.S. GAAP and are included in the most recent actuarial valuation, or disclosed as a subsequent event.

Information Provided

- We have provided you with:
    - Access to all information, of which we are aware that is relevant to the preparation and fair presentation of the financial statements of the various opinion units referred to above, such as records, documentation, meeting minutes, and other matters.
    - Additional information that you have requested from us for the purpose of the audit; and
    - Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
- All transactions have been recorded in the accounting records and are reflected in the financial statements.
- We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
- We have provided to you our analysis of the entity's ability to continue as a going concern, including significant conditions and events present, and if necessary, our analysis of management's plans, and our ability to achieve those plans.
- We have no knowledge of any fraud or suspected fraud that affects the entity and involves:
    - Management.
    - Employees who have significant roles in internal control; or
    - Others where the fraud could have a material effect on the financial statements.

Attachment: City of Inverness Fiscal Year Ended September 30, 2020 Financial Statements (15136 : City of Inverness Audited Financial

- We have no knowledge of any allegations of fraud, or suspected fraud, affecting the entity's financial statements communicated by employees, former employees, vendors, regulators, or others.

- We have disclosed to you all known actual or possible litigation and claims whose effects should be considered when preparing the financial statements.
- We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware.
- There have been no communications from regulatory agencies concerning noncompliance with or deficiencies in accounting, internal control, or financial reporting practices.
- City of Inverness, Florida has no plans or intentions that may materially affect the carrying value or classification of assets and liabilities.
- We have disclosed to you all guarantees, whether written or oral, under which City of Inverness, Florida is contingently liable.
- We have disclosed to you all nonexchange financial guarantees, under which we are obligated and have declared liabilities and disclosed properly in accordance with GASB Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees,* for those guarantees where it is more likely than not that the entity will make a payment on any guarantee.
- For nonexchange financial guarantees where we have declared liabilities, the amount of the liability recognized is the discounted present value of the best estimate of the future outflows expected to be incurred as a result of the guarantee. Where there was no best estimate, but a range of estimated future outflows has been established, we have recognized the minimum amount within the range.
- We have disclosed to you all significant estimates and material concentrations known to management that are required to be disclosed in accordance with GASB Statement No. 62 (GASB-62), *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements.* Significant estimates are estimates at the balance sheet date that could change materially within the next year. Concentrations refer to volumes of business, revenues, available sources of supply, or markets or geographic areas for which events could occur that would significantly disrupt normal finances within the next year.
- We have identified and disclosed to you the laws, regulations, and provisions of contracts and grant agreements that could have a direct and material effect on financial statement amounts, including legal and contractual provisions for reporting specific activities in separate funds.
- There are no:
    - Violations or possible violations of laws or regulations, or provisions of contracts or grant agreements whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency, including applicable budget laws and regulations.
    - Unasserted claims or assessments that our lawyer has advised are probable of assertion and must be disclosed in accordance with GASB-62.
    - Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by GASB-62.
    - Continuing disclosure consent decree agreements or filings with the Securities and Exchange Commission and we have filed updates on a timely basis in accordance with the agreements (Rule 240, 15c2-12).
- City of Inverness, Florida has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets nor has any asset or future revenue been pledged as collateral, except as disclosed to you.
- We have complied with all aspects of grant agreements and other contractual agreements that would have a material effect on the financial statements in the event of noncompliance.

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Council
City of Inverness, Florida

Report on the Financial Statements
We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the *City of Inverness, Florida*, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements
City of Inverness's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor Responsibility
Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions
In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Inverness, Florida, as of September 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the general fund, and community redevelopment agency fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters
Required Supplementary Information
Accounting principles generally accepted in the United States of America, require that the management's discussion and analysis, and pension and the other postemployment benefits disclosures on pages 3 through 13, and 53 through 55 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Attachment: City of Inverness Fiscal Year Ended September 30, 2020 Financial Statements (15136 : City of Inverness Audited Financial

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Inverness, Florida's financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical schedules are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

The introductory section and statistical schedules have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated June 10, 2021 on our consideration of the *City of Inverness, Florida*'s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit preformed in accordance with *Government Auditing Standards* in considering City of Inverness's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Attachment: City of Inverness Fiscal Year Ended September 30, 2020 Financial Statements (15136 : City of Inverness Audited Financial

This narrative overview and analysis of the financial activities of the City of Inverness (the "City") for the fiscal year ended September 30, 2020 is designed to assist the reader in a) focusing on significant financial issues, b) providing an overview of the City's financial activity, c) identifying changes in the City's financial position, d) identifying any material deviations from the approved budget, and e) identifying individual fund issues or concerns. Please read it in conjunction with the City's Independent Auditor's Report, financial statements, and accompanying notes.

Introduction

The City of Inverness confronted three challenges during the fiscal year 2020. The first was the retirement of the City Manager. The second challenge was the shutdown of the Nation due to COVID - 19 and finally, the restructuring of City service delivery to accommodate the new assets that were placed in service.

The retirement of the former City Manager and the appointment of his successor resulted in the inheritance of projects that were carried over from the preceding year, closing out projects that still required final inspection and contract compliance, and required development of a business plan to ensure the most efficient service delivery.

As the City was navigating the issues associated with project completion the COVID - 19 shutdown commenced. This event required a reallocation of resources to address COVID - 19, as well as maintaining essential services. The reallocation of resources was done in anticipation of revenue shortfalls and included prioritization of expenditures for essential services and repair items to sustain continued operations. Significant impacts were felt in the functional areas of culture and recreation as well as highways, streets and general government.

Financial Highlights

- The assets and deferred outflows of the City exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by $66,659,224 (*net position*). Of this amount, $21,838,653 (*unrestricted net position*) may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's total net position increased by $3,061,946 or 4.6%.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of $18,910,141. Approximately 36% of this total amount, $6,823,140 is *available for spending* at the government's discretion (*unassigned fund balance*).
- At the end of the current fiscal year, unassigned fund balance for the general fund was $6,823,140 or 81% of total general fund expenditures and transfers out.
- The City's total Business-type debt decreased by $304,208 or 7.3% during the current fiscal year.

Using this Annual Report

The financial statement's focus is on both the City as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison (year to year or government to government) and enhance the City's accountability.

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements, which are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City's assets, liabilities and deferred inflows/outflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

Attachment: City of Inverness Fiscal Year Ended September 30, 2020 Financial Statements (15136 : City of Inverness Audited Financial

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, highways and streets, sanitation, and culture and recreation. The business-type activities of the City include the Public Utilities System and the Oakridge Cemetery.

The government-wide financial statements include only the City itself (known as the *primary government*) and one blended component unit (The City Community Redevelopment Trust Fund). The Water and Sewer Utility fund and the Cemetery fund function as departments of the City, and therefore have been included as an integral part of the primary government.

The government-wide financial statements can be found on pages 14-15 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds, and proprietary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the governmental-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources,* as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities.*

The City maintains six individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Community Redevelopment Fund, and Capital Projects Fund. Data from the other three governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* elsewhere in this report.

The City adopts an annual appropriated budget for the General Fund, Whispering Pines Park Fund, Community Redevelopment Fund, and Capital projects Fund. Budgetary comparison schedules have been provided for these funds to demonstrate compliance with the budget on pages 20-21, page 56 and page 59.

The basic governmental fund financial statements can be found on pages 16-21 of this report.

Attachment: City of Inverness Fiscal Year Ended September 30, 2020 Financial Statements (15136 : City of Inverness Audited Financial

Proprietary Funds
The City maintains one type of proprietary funds: *enterprise funds*.

Enterprise funds are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its Water and Sewer Utility Fund, and Cemetery Fund. Annual operating budgets are adopted for these funds.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water and Sewer Utility Fund and for the Cemetery Fund.

The basic proprietary fund financial statements can be found on pages 22-24 of this report.

Notes to the Financial Statements
The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 26-52 of this report.

Required Supplementary Information (RSI)
RSI can be found on pages 53-55 of this report.

Other Information
The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the RSI. Combining and individual fund statements and schedules can be found on pages 56-59 of this report.

Government-Wide Financial Analysis

Statement of Net Position
As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows exceeded liabilities and deferred inflows by $69,659,224 at the close of the most recent fiscal year.

By far the largest portion of the City's net position (67%) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. An additional portion of the City's net position (1%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted net position* ($21,838,653) may be used to meet the government's ongoing obligations to citizens and creditors.

At September 30, 2020, the City is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities. The following table reflects the condensed Statement of Net Position for the current and prior year. For more detail see the Statement of Net Position on page 14.

Statement of Activities
The following table reflects the condensed Statement of Activities for the current and prior year. For more detailed information see the Statement of Activities on page 15. Note that total net position increased by $3,061,946.

Net position for governmental activities increased by $2,196,848. Key elements of this change are:

- Capital grants and contributions for governmental activities increased by $419,556 primarily resulting from increased grant activity, from state and local governments.
- Operational costs, in general, are controlled with little growth or change. Impacts of pandemic curtailed activities which reduced costs.

Net position for business-type activities increased by $865,098. The key element of this change was:

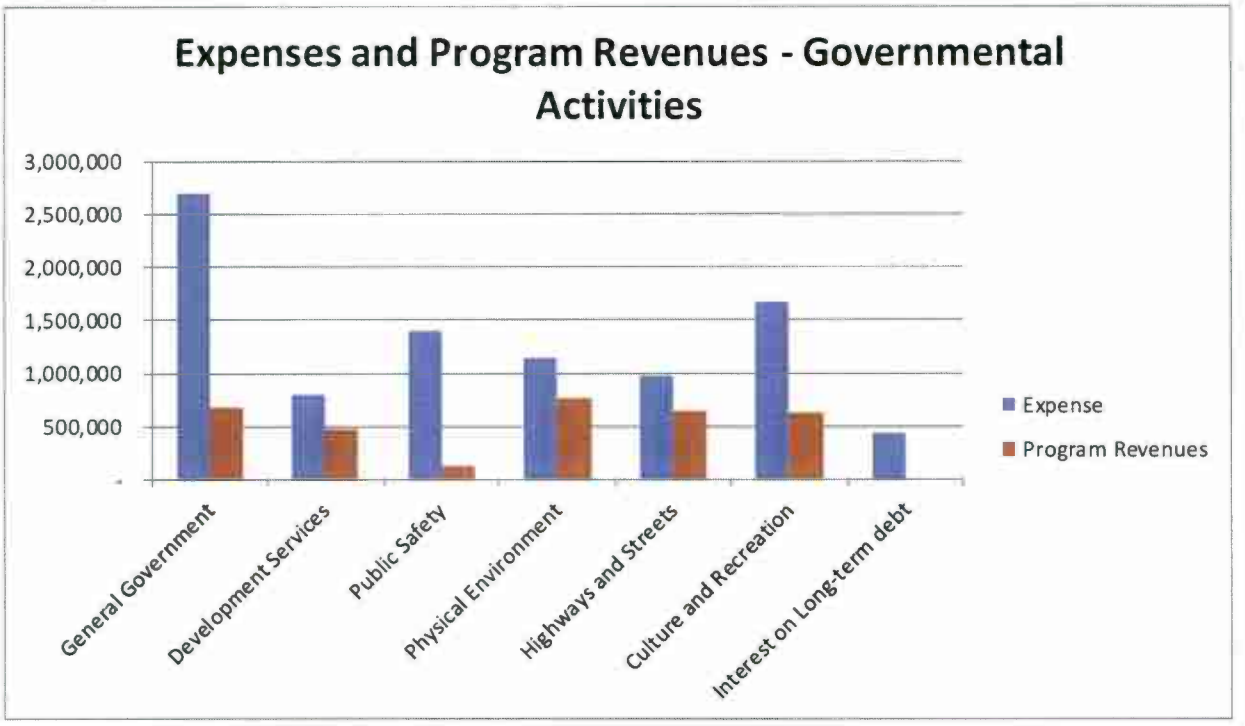

- Implementation of Rate Study recommendations for all utilities.

Financial Analysis of the Government's Funds
As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds
The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of September 30, 2020, the City's governmental funds reported combined ending fund balances of $18,910,141, a decrease of $601,474. Approximately 36% or $6,823,140 of this total constitutes unassigned fund balance, which is available for spending at the City's discretion. The remainder of fund balance is restricted, committed, or assigned to indicate that it is not available for spending.

The general fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the general fund was $6,823,140 while total fund balance reached $9,043,737. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 81% of total general fund expenditures and transfers out, compared to 81% for last year. Total fund balance represents 107% of total general fund expenditures and transfers out, compared to 113% for last year.

Fund balance of the City's General Fund increased by $548,862 due to reductions in expenditures and increased revenues.

The Community Redevelopment Special Revenue Fund is considered a major fund. This fund was created in 1990 as a dependent taxing district. The incremental annual increase in tax over the base years is used to fund projects. As of September 30, 2020, the fund balance was $1,995,021 a decrease of $2,655,668. This decrease is a result of additional expenses for community development projects.

The fund balance of the Capital Projects Fund increased $1,450,478 as a result of financial support from the General Fund for planned projects which were initiated but not completed during the fiscal year and were carried forward.

Proprietary Funds
The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net position of the Water and Sewer Fund at the end of the year amounted to $7,613,076 and unrestricted net position for the Cemetery Fund amounted to $459,793. The total increase in Water and Sewer Utility Fund was $910,072 and the decrease in the Cemetery Fund was $44,974. Other factors concerning the finances of these two funds have already been addressed in the discussion of the City's business-type activities on page 6.

General Fund Budgetary Highlights
All functional expenditure areas expended less than budgeted for a total positive variance of $1,524,650 due to underspending in operations and maintenance areas as a result of the pandemic.

Capital Asset and Debt Administration
Capital Assets
The City's investment in capital assets for its governmental and business type activities as of September 30, 2020 amounts to $62,118,714 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, infrastructure, vehicles and equipment.

Attachment: City of Inverness Fiscal Year Ended September 30, 2020 Financial Statements (15136 : City of Inverness Audited Financial

Major capital asset events during the current fiscal year included the following:

Governmental Activities

- Depot District, Wallace Brooks Park and Liberty Park Construction Project completed $11,833,224.
- CDBG Streetscape improvements completed $2,000,000
- Total Depot District, Wallace Brooks and Liberty Park Project cost $12,406,946

Additional information on the City's capital assets can be found in note 6 on pages 36-37 of this report.

During Fiscal Year 2005, the City executed a State Revolving Loan agreement through the Department of Environmental Protection State Revolving Fund program for the purpose of constructing a Wastewater Treatment Plant and Reclamation Facility. The Loan amount of $16,052,561 included grant funding of amount of $10,000,000 which offset debt principal and interest payments for a period of twenty years from January 1, 2011 through July 1, 2030. However, on January 15, 2017, the Department transferred the balance of Grant Funds in amount of $6,024,340 and reduced the SRF loan balance. The City's semiannual loan payment will be $104,123.98, which is the Local Government share.

In September 2013, the city entered into a $1,883,000 Master Lease Agreement with SunTrust Bank. The purpose of the lease is to finance a portion of the City's Energy Performance Program of $2,255,246 for installation of the energy conservation measures including automated metering infrastructure. Total cost savings and revenue improvements annually for the combined program is $207,314. The city provided $375,000 in committed capital funding from the Utility Fund to offset the total financed investment cost of the program. The remaining project balance is financed with a Master Lease Purchase Agreement with SunTrust in the amount of $1,883,000 at a rate of 2.8% for a period of 12 years. Repayment of the agreement commenced on June 15, 2014, payable semi-annually starting with payments of $66,500 and increasing annually to a maximum payment of $114,500 due in June and December 2025.

In August 2017, the City issued ICRA Refunding Revenue Bonds of $12,980,000 for the construction of various improvements within the ICRA.

Additional information on the City's long-term debt can be found in notes 7 and 8 on pages 38 - 41 of this report.

Economic Factors and Next Year's Budgets and Rates

As the City approached the development of the FY2021 budget process, the opportunity to present a budget utilizing knowledge gained from FY2020 events was implemented. An update of the purchasing policy was completed, adopted by City Council and distributed to all staff. The City Manager introduced a budgeting concept of Plan, Fund and Execute whereby department heads established what would be accomplished with the funding allocated to their departments. While still operating in the pandemic environment the challenges of what could be accomplished had to be factored into the decision making process. Business plans were developed to assist in creating the most operational and cost effective service delivery possible.

On April 9, 2020 the Budget Overview Workshop presented facts, market trends, a local analysis of economic and social conditions, plus items that potentially would require policy changes to keep the community moving forward with an estimated 15% reduction in non-ad valorem revenues for the FY 20-21. A focus of the workshop was the current approach to fiscal policies regarding the City's restricted and unrestricted fund balances. On March 17, 2020 the City adopted a residential sanitation fee program that would be implemented October 1, 2020. As part of the Budget Overview presentation the need to continue the approach of developing new revenue sources into the general fund in the face of slow valuation growth was discussed. The continued approach will be to diversify the revenue streams to reduce emphasis on property valuations and shift a portion to certain fees and charges affording reductions in the City's millage rate.

On April 30, 2020, a Workshop was held to discuss the Five-year Capital Plan. A summary of completed projects, plus a discussion of pending projects that are scheduled for the five-year plan period, was made. This presentation featured a focus on looking to a shift to strategic infrastructure investment. This included an ambitious annual road resurfacing program in concert with the development of capital projects that offered a return on investment by way of expanding/increasing the tax base. The City will continue to be an attractive location for retirees and families seeking an affordable high quality of life. The need to develop new housing starts to receive the interest will require the City to look at how it can incentivize and improve conditions for residential development in under developed areas of the Inverness Acres and Inverness Villages Units 1 and 2 subdivisions.

In the face of effects from COVID 19 the City Council at its July 7, 2020 meeting set the tentative millage rate for the development of the budget in the ensuing fiscal year at the current rate of 8.2729 captivating a 4.9% increase in valuation over the previous year. A City-Wide Budget presentation was made at a public workshop on July 23, 2020 at 5:30pm, to discuss final budget figures that were structured to keep the millage rate at the same level, without change, for the ensuing fiscal year and would develop a plan for the reduction of the millage rate in the future.

On September 3, 2020, after a public hearing, the City set a tentative millage rate of 7.9730. Final adoption of the 2020-2021 budget was September 17, 2020.

In closing the financial position of the City is strong and stable. The proposed budget reflects the new normal, prioritizes our greatest assets, refocuses capital investment, maintains current levels of service, and continues to advance established priorities. Our guiding principle of Plan-Fund-Execute through this and future budget development cycles presents a balanced budget to reflect the new community economic conditions and continue to provide great service to our community.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities
Year Ended September 30, 2020

Net Change in Fund Balances - total governmental funds:		$ (601,474)
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of these assets is depreciated over their estimated useful lives.		
Expenditures for capital assets	4,139,503	
Less: current year depreciation	$ (1,190,601)	2,948,902
The net effect of various miscellaneous transactions involving capital assets (i.e. sales, trade-ins and disposals) is to decrease net assets		(4,558)
Cash pension contributions reported in the funds were more than the calculated pension expense in the Statement of Activities, and therefore increased net position.		(511,261)
Repayments of long-term liabilities are reported as expenditures in governmental funds, while repayments reduce long-term liabilities in the statement of net position.		290,000
Some expenses reported in the Statement of Activities do not require the use of current financial resources and these are not reported as expenditures in governmental funds.		
Change in accrued interest	3,625	
Amortization of bond premium	14,763	
Change in long-term compensated absences	57,256	
Change in other post employment benefits	$ (405)	75,239
Change in net position of governmental activities		$ 2,196,848

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The City of Inverness, Florida ("the City") is a political subdivision of the state of Florida located in Citrus County, and was incorporated in 1919, under the laws of Florida, Chapter 8274 (Act 492). The legislative branch of the City is comprised of a five-member elected Council and a separately elected Mayor, which is governed by the City Charter and by state and local laws and regulations. The City Council is responsible for the establishment and adoption of policy; the execution of such policy is the responsibility of the City Manager appointed by the Council.

In evaluating how to define the government, for financial reporting purposes, the City has considered all potential component units. The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body, and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects or activities of, or the level of services performed or provided by, the organization. A financial benefit or burden relationship exists if the primary government (a) is entitled to the organizations' resources; (b) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or (c) is obligated in some manner for the debt of the organization. In applying the above criteria, the City has one blended component unit as follows:

The City of Inverness created the Downtown Redevelopment Agency (CRA) by City Resolution No. 90.07. This is a dependent taxing district established in accordance with Chapter 163, Part III, Florida Statutes. Then in 2014, the City expanded the CRA in accordance with Chapter 163 of the Florida Statutes designating the expanded area, and passed Ordinance 2014-703 adopting the CRA plan amendment to extend the boundaries and extend the implementation period for 30 years following the amendment of the existing plan. The incremental annual increase in tax over the base years (1990 and 2014) will be used to fund projects designed to enhance and improve the described area. The CRA is governed by a board of seven appointed by the City Council. The CRA Fund is presented as a blended component unit and is included in the City's fund financials.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the City. For the most part, the effect of interfund activity has been removed from these statements; however, interfund services provided and used are not eliminated. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues.*

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation
The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting,* as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting.* Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The government reports the following funds:

Major Governmental Funds
General Fund - is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Community Redevelopment Fund - established as a dependent taxing district. The incremental annual increase in tax over the base years will be used to fund projects designed to enhance and improve the described area.

Capital Projects Fund - accounts for the acquisition and construction of major capital assets other than those financed by proprietary funds.

Nonmajor Governmental Funds
Special Revenue Funds - account for specific revenue sources that are legally restricted or committed to expenditures for specific purposes other than debt service or capital projects.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Major Proprietary Funds

Water and Sewer Utility Fund - is used to account for the operations of the City's water and sewer systems, which are financed in a manner similar to private business enterprises, where the costs, including depreciation, of providing services to the general public on an ongoing basis are financed primarily through user charges.

Cemetery Fund - accounts for the sale of lots and maintenance of the Oak Ridge Cemetery.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are other charges between the City's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's Water and Sewer Utility and Cemetery funds are charges to customers for sales and services. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance

Deposits and Investments

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments of the City are reported at fair value. The City's investments consist of investments authorized per the investment policy adopted in accordance with Section 218.415, Florida Statutes.

Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

Advances between funds, as reported in the fund financial statements, are offset by a non-spendable fund balance account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

All receivables are shown net of an allowance for uncollectibles. The County bills and collects property taxes and remits them to the City. City property tax revenues are recognized when levied to the extent that they result in current receivables.

All property is reassessed according to its fair value on the lien date, or January 1 of each year. Taxes are levied on October 1 of each year. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January, and 1% in the month of February. The taxes paid in March are without discount. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. On or around May 31 following the tax year, certificates are sold for all delinquent taxes on real property.

Inventories and Prepaid Items
All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. These are recorded as expenditures when consumed rather than when purchased.

Restricted assets
Certain proceeds of the City's enterprise fund notes and leases, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because they are maintained in separate bank accounts or their use is limited by applicable debt covenants. Restricted assets also include security deposits held by the enterprise funds. The General Fund also restricts assets for security deposits for commercial sanitation deposits. Assets so designated are identified as restricted assets on the balance sheet.

Capital assets
Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of $5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property, plant, and equipment of the City are depreciated using the straight line method over the following estimated useful lives:

	Years
Buildings	10-50
Infrastructure and Improvements	10-50
Equipment	5-20
Intangible Assets	5-20

Compensated absences

It is the City's policy to permit Charter employees to accumulate earned but unused personal leave benefits. Since the City's policy is to pay accumulated personal leave when employees separate from service, all personal leave is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. The City pays general employees any unused leave balances on the employee's anniversary date. General employees may elect to transfer their unused sick time to a catastrophic leave bank, but unused vacation time is not carried over. For governmental funds, compensated absences, net pension liability and other post-employment benefits are generally liquidated by the General Fund.

Long-term obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has one item that qualifies for reporting in this category for the year ended September 30, 2020, deferred outflows of pension earnings.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has one item that qualifies for reporting in this category for the year ended September 30, 2020, deferred inflows of pension earnings.

Attachment: City of Inverness Fiscal Year Ended September 30, 2020 Financial Statements (15136 : City of Inverness Audited Financial

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net position flow assumptions
Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

Fund balance flow assumptions
Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted first before using any of the components of unrestricted fund balance. Further when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund balance policies
Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The City itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the City's highest level of decision-making authority. The City Council is the highest level of decision making authority for the City that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

Amounts in the assigned fund balance classifications are intended to be used by the City for specific purposes but do not meet the criteria to be classified as committed. The Council has the responsibility for assigning fund balance. The Council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

New GASB Statements Implemented
In fiscal year 2020, the City implemented Government Accounting Standards Board (GASB) Statement No. 89, *Accounting for Interest Costs Incurred Before the End of a Construction Period*. This statement eliminates the requirement to capitalize interest on enterprise fund construction projects. The City also implemented GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. This pronouncement provides temporary relief to governments and other stakeholders in light of the COVID-19 pandemic by postponing the effective dates of provisions in certain other statements. There was no effect on beginning balances of the City for the implementation of either statement.

NOTE 2 RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-Wide Statement of Net Position
The governmental fund balance sheet includes a reconciliation between *fund balance - total governmental funds* and *net position-governmental activities* as reported in the government-wide statement of net position.

Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government - Wide Statement of Activities The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances - total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities.

NOTE 3 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgetary Information
Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the General Fund, Whispering Pines Park Special Revenue Fund, Community Redevelopment Agency Special Revenue Fund, Capital Projects Fund and Enterprise Funds, except as described below under Budget Basis of Accounting. All annual appropriations lapse at fiscal year end. The City follows these procedures set forth below in establishing the budgetary data reflected in the financial statements.

1. Prior to August 1st, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following October 1st. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayers comments.
3. On or before September 30th of each year, public hearings are completed and the Council adopts the final budget and establishes the ad valorem tax millage.
4. The City cannot legally exceed the budget; however, the City Manager is authorized to transfer budgeted amounts within departments within any fund unless the transfer affects a budgeted reserve. The City Council must approve revisions that alter the total expenditures of any department. The legal level of budgetary control is department.
5. Budgetary comparisons are not presented for Enterprise Funds since not required under generally accepted accounting principles.

NOTE 4 DEPOSITS AND INVESTMENTS

Deposits
All bank deposits were covered by Federal Depository Insurance or held in banks that are members of the State of Florida's Collateral Pool as specified under Florida law. This limits local government deposits to "authorized depositories." The State of Florida Collateral Pool is a multiple financial institution pool with the ability to assess its members for collateral shortfalls if a member institution fails. For this reason, the City considers its deposits insured or collateralized.

Attachment: City of Inverness Fiscal Year Ended September 30, 2020 Financial Statements (15136 : City of Inverness Audited Financial

NOTE 4 DEPOSITS AND INVESTMENTS (CONTINUED)

Investments

The City's investment policy is governed by State Statutes and City ordinances. The investment policy does not apply to funds related to the issuance of debt where there are other existing policies or indentures in effect. City ordinance allows investments in any financial institution that is a qualified public depository of the State of Florida as identified by the State Treasurer, in accordance with chapter 280 of the Florida Statutes. Authorized investments are:

1. Direct obligations of the U.S. Government, its Agencies or Instrumentalities;
2. Securities and Exchange Commission registered money market mutual funds with the highest credit quality rating from a nationally recognized rating agency;
3. Insured or fully collateralized Certificates of Deposit and other forms of deposit in financial institutions that are qualified public depositories of the State as determined by the State Treasurer, in accordance with Chapter 280.02 of the State Statutes;
4. Financial institution deposits that are in qualified public depositories of the State in accordance with Chapter 280.02, where the selected depository arranges for the deposit of the funds in certificates of deposit in one or more federally insured financial institutions, wherever located, for the account of the City in amounts that ensure that each certificate of deposit is insured by the Federal Deposit Insurance Corporation, and meet the requirements of Chapter 218.415 (23);
5. The Local Government Surplus Funds Trust Fund, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act of 1969, as provided in s. 163.01; and
6. Repurchase agreements secured by direct obligations of the U.S. Government, its Agencies, or Instrumentalities, pledged with an independent third party approved by the City, and having a market value of not less than 102% if investment balance plus interest. All repurchase agreement transactions shall be governed in accordance with a master repurchase agreement executed in compliance with State law.

The SBA is not a registrant with the Securities and Exchange Commission (SEC); however, the State of Florida does provide regulatory oversight. The Board has adopted operating procedures consistent with the requirements for a 2a-7 fund for the Florida Prime Fund; therefore, the pool account balance can be used as fair value for the financial reporting.

Investments made by the City at September 30, 2020 are summarized below.

Investment Type	Fair Value	Credit Rating	Weighted Average Maturity (Years)
Florida Prime	$ 42,174	AAAm	48 days
Florida Safe Money Market	11,687,560	AAAm	N/A

NOTE 4 DEPOSITS AND INVESTMENTS (CONTINUED)

Fair Value

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The City uses a market approach in measuring fair value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities or groups of assets and liabilities.

Assets or liabilities are classified into one of three levels. Level 1 is the most reliable and is based on quoted prices for identical assets, or liabilities, in an active market. Level 2 uses significant other observable inputs when obtaining quoted prices for identical or similar assets, or liabilities, in markets that are not active. Level 3 is the least reliable, and uses significant unobservable inputs that uses the best information available under the circumstances, which includes the City's own data in measuring unobservable inputs.

The City has the following recurring fair value measurements as of September 30, 2020:

Investments Valued by Fair Value Level		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
0-2 Year High Quality Bond	$ 70,257	$ -	$ 70,257
	$ 70,257	$ -	$ 70,257

Credit Risk

The City's investment policy limits credit risk by restricting authorized investments to those described above. The policy requires that investments in U.S. Government Agency Securities be guaranteed by the full faith of the U.S. Government. Also, term repurchase agreements must be collateralized by U.S. Treasury securities and overnight (sweep) repurchase agreements must be collateralized by the full faith or general faith and credit obligations of the U.S. Government or U.S. Government Agency Securities. Securities of registered investment companies must be limited to U.S. Government obligations and to repurchase agreements fully collateralized by such U.S. Government obligations.

Custodial Credit Risk

In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's investment policy requires that bank deposits be secured as provided by Chapter 280, Florida Statutes. This law requires local governments to deposit funds only in financial institutions designated as qualified public depositories by the Chief Financial officer of the State of Florida, and creates the Public Deposits Trust Fund, a multiple financial institution pool with the ability to assess its member financial institutions for collateral shortfalls if a default or insolvency has occurred. At September 30, 2020, all of the City's bank deposits were in qualified public depositories.

For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments of collateral securities that are in the possession of an outside party. At September 30, 2020, none of the investments listed are exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

NOTE 4 DEPOSITS AND INVESTMENTS (CONTINUED)

Concentration of Credit Risk
The policy has no limitations on portfolio composition.

Interest Rate Risk
The policy minimizes interest rate risk by structuring investments to meet cash requirements and diversifying maturities and staggering purchase dates to minimize the impact of market movements over time.

NOTE 8 LONG-TERM DEBT

Notes Payable- Direct Borrowing

In 2005, the City executed a State Revolving Loan agreement for various water and wastewater system upgrades. The amended agreement provides total funding of $16,052,561, including grant funding of $10,000,000 that was funded by the state through a Small Community Wastewater Grant. The loan period is 26 years with an interest rate of 2.3%. The loan is secured by the gross revenues from the water and sewer utility net of operation and maintenance costs. Total principal and interest remaining was $3,331,968. For the fiscal year, principal and interest paid was $208,248 and total pledged revenue was $2,539,337.

In the event of default on the State Revolving Fund Loan, the Florida Department of Environmental Protection may cause to establish rates and collect fees, require the City to account for all moneys received and used, appoint a receiver to manager the water and sewer systems, intercept delinquent amounts plus a penalty due to the City under State Revenue Sharing, recover all amounts due including costs of collection and attorney fees, and accelerate the repayment schedule or increase the interest rate by a factor of up to 1.667.

Annual debt service requirements to maturity for notes payable are as follows:

Bonds Payable Public Offering

In 2017, the City issued Tax Increment Revenue Refunding Bonds, Series 2017. These Bonds were issued to fund various City-wide projects and upgrades managed by the Inverness Community Development District. The agreement provided total funding of $12,980,000. The loan period is 27 years with an interest rate of 4%. The bonds are secured by Ad Valorem revenues from the Community Development District and supplemented by general fund ad valorem revenues. Total principal and interest remaining was $18,694,138. For the fiscal year, interest paid was $749,700 and total pledged revenue was $1,276,867.

NOTE 10 RETIREMENT PLANS

Florida Retirement System

City employees, except for participants in the separate general employees' defined contribution pension fund, participate in the State of Florida Retirement System (FRS), a cost-sharing multiple-employer public employee retirement plan administered by the State of Florida Department of Management Services, Division of Retirement, to provide retirement and survivor benefits to participating public employees. The City elected to opt out of the System beginning with employees hired after January 1, 1996, then elected to re-enter with employees hired on or after January 1, 2005.

All employees, other than those described above participate in FRS. Employees who retire at or after age 62 with 10 years of credited service, or 30 years of credited service regardless of age, are entitled to a retirement benefit equal to 1.6% to 1.68% (dependent upon age and years of service) of their average final compensation. The average final compensation is the average of the five highest fiscal years of earnings. Benefits are adjusted annually for a cost of living increase in the Consumer Price Index up to a maximum of 3%. At September 30, 2020, 45 City employees were members of the FRS Retirement plans.

Benefits are payable monthly under one of four options elected by the participant upon retirement. The options range from a full benefit during life of the member to reduced benefits paid to survivors upon the death of the member. Benefits fully vest on reaching 6 years of service. Vested employees may retire at any time after vesting and receive a 5% benefit reduction for each year prior to normal retirement age or date. FRS also provides death and disability benefits.

NOTE 10 RETIREMENT PLANS (CONTINUED)

General Information
As provided by Chapters 121 and 112, Florida Statutes, the FRS provides two cost sharing, multiple employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the FRS Pension Plan ("Pension Plan") and the Retiree Health Insurance Subsidy ("HIS Plan"). Under Section 121.4501, Florida Statutes, the FRS also provides a defined contribution plan ("Investment Plan") alternative to the FRS Pension Plan, which is administered by the State Board of Administration ("SBA"). As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the State of Florida. The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida State Legislature.

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000, or from the Web site: www.dms.myflorida.com/workforce_operations/retirement/publications

Pension Plan
Plan Description
The Pension Plan is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program ("DROP") for eligible employees.

Benefits Provided
Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. For Pension Plan members enrolled before July 1, 2011, Regular class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service.

Vested members with less than 30 years of service may retire before age 62 and receive reduced retirement benefits. Special Risk Administrative Support class members who retire at or after age 55 with at least six years of credited service or 25 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Special Risk class members (sworn law enforcement officers, firefighters, and correctional officers) who retire at or after age 55 with at least six years of credited service, or with 25 years of service regardless of age, are entitled to a retirement benefit payable monthly for life, equal to 3.0% of their final average compensation based on the five highest years of salary for each year of credited service. Senior Management Service class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2.0% of their final average compensation based on the five highest years of salary for each year of credited service. Elected Officers' class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 3.0% (3.33% for judges and justices) of their final average compensation based on the five highest years of salary for each year of credited service.

Attachment: City of Inverness Fiscal Year Ended September 30, 2020 Financial Statements (15136 : City of Inverness Audited Financial

NOTE 10 RETIREMENT PLANS (CONTINUED)

For Plan members enrolled on or after July 1, 2011, the vesting requirement is extended to eight years of credited service for all these members and increasing normal retirement to age 65 or 33 years of service regardless of age for Regular, Senior Management Service, and Elected Officers' class members, and to age 60 or 30 years of service regardless of age for Special Risk and Special Risk Administrative Support class members. Also, the final average compensation for all these members will be based on the eight highest years of salary.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the Pension Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of- living adjustment is three percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of three percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by three percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

In addition to the above benefits, the DROP program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

Contributions
Effective July 1, 2011, all enrolled members of the FRS, other than DROP participants, are required to contribute three percent of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year. The employer contribution rates by job class for the periods from October 1, 2019 through June 30, 2020 and from July 1, 2020 through September 30, 2020, respectively, were as follows: Regular-8.47% and 10%; Special Risk Administrative Support-38.59% and 35.84%; Special Risk-25.48% and 24.45%; Senior Management Service-25.41% and 27.29%; Elected Officers-48.82% and 49.18%; and DROP participants-14.60% and 16.98%.

These employer contribution rates include 1.66% and 1.66% HIS Plan subsidy for the periods October 1, 2019 through June 30, 2020 and from July 1, 2020 through September 30, 2020, respectively.

The City's contributions, including employee contributions, to the Pension Plan totaled $265,171 for the fiscal year ended September 30, 2020.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions
At September 30, 2020, the City reported a liability of $3,351,466 for its proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The City's proportionate share of the net pension liability was based on the City's 2019-20 fiscal year contributions relative to the 2018-19 fiscal year contributions of all participating members. At June 30, 2020, the City's proportionate share was .0077 percent, which was an increase (decrease) of .0002 percent from its proportionate share measured as of June 30, 2019.

NOTE 10 RETIREMENT PLANS (CONTINUED)

For the fiscal year ended September 30, 2020, the City recognized pension expense of $774,559. In addition, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	$ 128,267	$ -
Change of Assumptions	606,722	-
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	199,550	-

City Pension Plan Contributions Subsequent to the Measurement Date	66,541	-
Total	$ 1,191,039	$ 51,959

The deferred outflows of resources related to the Pension Plan, totaling $66,541 resulting from City contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Pension Plan will be recognized in pension expense as follows:

Fiscal Year Ending September 30:	Amount
2021	$ 247,632
2022	346,142
2023	271,759
2024	162,037

Actuarial Assumptions
The total pension liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumption, applied to all period included in the measurement:

Inflation	2.40 %
Salary Increases	3.25%, average, including inflation
Investment Rate of Return	6.80%, net of pension plan investment expense, including inflation

Mortality rates were based on the PUB-2010 base table varies by member category and sex, projected generationally with Scale MP 2018.

The actuarial assumptions used in the June 30, 2020, valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

The long-term expected rate of return on Pension Plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation (1)	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.00%	2.20%	2.20%	1.20%
Fixed income	19.00%	3.00%	2.90%	3.50%
Global equities	54.20%	8.00%	6.70%	17.10%
Real estate	10.30%	6.40%	5.80%	11.70%

Discount Rate
The discount rate used to measure the total pension liability was 6.80%. The Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculation the total pension liability is equal to the long-term expected rate of return.

Payables to the Pension Plan
At September 30, 2020, the City reported a payable in the amount of $30,764 for outstanding contributions to the Pension Plan required for the fiscal year ended September 30, 2020.

HIS Plan
Plan Description
The HIS Plan is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided
For the fiscal year ended September 30, 2020, eligible retirees and beneficiaries received a monthly HIS payment of $5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of $30 and a maximum HIS payment of $150 per month. To be eligible to receive these benefits, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions
The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2020, the HIS contribution for the period October 1, 2019 through June 30, 2020 and from July 1, 2020 through September 30, 2020 was 1.66% and 1.66%, respectively. The City contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

The City's contributions to the HIS Plan totaled $32,583 for the fiscal year ended September 30, 2020.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions
At September 30, 2020, the City reported a liability of $695,582 for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2020. The City's proportionate share of the net pension liability was based on the City's 2019-20 fiscal year contributions relative to the 2018-19 fiscal year contributions of all participating members. At June 30, 2020, the City's proportionate share was .0057 percent, which was an increase (decrease) of .00009 percent from its proportionate share measured as of June 30, 2019.

For the fiscal year ended September 30, 2020, the City recognized pension expense of $72,864. In addition, the City reported deferred outflows of resources and deferred in flows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	$ 28,454	$ 537
Change of Assumptions	74,795	40,445
Net Difference Between Projected and Actual Earnings on HIS Plan Investments	555	-
Changes in Proportion and Differences Between City HIS Plan Contributions and Proportionate Share of Contributions	84,761	31,939
City HIS Plan Contributions Subsequent to the Measurement Date	7,435	-
Total	$ 196,000	$ 72,921

The deferred outflows of resources related to the HIS Plan, totaling $7,435 resulting from City contributions to the HIS Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIS Plan will be recognized in pension expense as follows:

Fiscal Year Ending September 30:	Amount
2021	$ 35,043
2022	28,413
2023	14,733
2024	11,117

Actuarial Assumptions
The total pension liability in the June 30, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40%
Salary Increases	3.25%, average, including inflation
Municipal Bond Rate	2.21 % net of pension plan investment expense

Mortality rates were based on the Generational PUB-2010 with Projection Scale MP-2018.

The actuarial assumptions used in the June 30, 2020, valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

Discount Rate
The discount rate used to measure the total pension liability was 2.21%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the City's Proportionate Share of the Net Position Liability to Changes in the Discount Rate
The following represents the City's proportionate share of the net pension liability calculated using the discount rate of 2.21%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (1.21%) or one percentage point higher (3.21%) than the current rate:

	1% Decrease (1.21%)	Current Discount Rate (2.21%)	1% Increase (3.21%)
City's Proportionate Share of the Net Pension Liability	$ 804,062	$ 695,582	$ 606,792

Pension Plan Fiduciary Net Position
Detailed information regarding the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

Investment Plan
The SBA administers the defined contribution plan officially titled the FRS Investment Plan. The investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

Attachment: City of Inverness Fiscal Year Ended September 30, 2020 Financial Statements (15136 : City of Inverness Audited Financial

NOTE 10 RETIREMENT PLANS (CONTINUED)

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. City employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected City Officers, etc.), as the Pension Plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.04 percent of payroll and by forfeited benefits of plan members. Allocations to the investment member's accounts during the 2018-19 fiscal year, as established by Section 121.72, Florida Statutes, are based on a percentage of gross compensation, by class, as follows: Regular class 6.30%, Special Risk Administrative Support class 7.95%, Special Risk class 14.00%, Senior Management Service class 7.67% and City Elected Officers class 11.34%.

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Pension Plan is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended September 30, 2020, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the City.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump- sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The City's Investment Plan pension expense totaled $70,777 for the fiscal year ended September 30, 2020.

General Employees Defined Contribution Pension Plan
All of the City's full-time general employees hired after January 1, 1996, but before January 1, 2005, participate in a single-employer, defined contribution pension plan.

Chapter 112 of the Florida Statutes provides for a system of retirement plans for general employees. Chapter 112 sets forth maximum benefits, administrative arrangements, and fiduciary responsibilities. Non-bargaining unit employees contribute 3% of their earnings to the fund, union employees make voluntary contributions only, not to exceed 7%, and the City is required to make contributions from general revenues at the rate of 10% of covered earnings.

The plan assets are held in trust for the employees by a third party administrator and are not subject to creditors of the City. Therefore, the assets, liabilities, net assets and operations of this plan are not presented in the City's financial statements.

At September 30, 2020 there were no plan members or City contributions to the plan.

NOTE 10 RETIREMENT PLANS (CONTINUED)

Deferred Compensation Plan
The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

The plan assets are held in trust for the employees by a third party administrator and investments are directed by the participating employees. Therefore, the assets, liabilities, net assets and operations of this plan are not presented on the City's financial statements.

NOTE 11 OTHER POST-EMPLOYMENT BENEFITS

Plan Description - The City of Inverness's Retiree Health Care Plan (Plan) is a single-employer defined benefit post-employment health care plan that covers eligible retired employees of the City. The Plan, which is administered by the City, allows employees who retire and meet retirement eligibility requirements under the applicable retirement plan to continue medical insurance coverage as a participant in the City's plan. For purposes of applying Paragraph 4 under Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions,* the Plan does not meet the requirements for an OPEB plan administered through a trust. The City has chosen pay-as-you-go funding, but is recording the liability in the government wide financial statements. This plan does not issue stand-alone financial statements.

Employees Covered by Benefit Term - At October 1, 2019, the following employees were covered by the benefit terms:

Inactive plan members or beneficiaries currently receiving benefits	-
Inactive plan members entitled to but not yet receiving benefits	-
Active plan members	48
Total	48

Benefits Provided - A retired employee and his or her spouse and eligible dependents are eligible to continue health insurance identical to active employees if they meet the eligibility for retirement under the applicable retirement plan. For retirees over age 60 with at least 25 years of Credited Service, the City contributes $5 per year of Credited Service each month towards each retiree's health premiums until the retiree becomes eligible to receive Medicare. The retiree is responsible for paying the remaining monthly premium for health coverage and that of any covered spouse or eligible dependents.

Summary of Actuarial Methods & Assumptions
Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

NOTE 11 OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The City qualifies to use the alternative measurement method, and has elected to do so. The Total OPEB Liability was determined by an actuarial valuation as of October 1, 2019 using the following actuarial assumptions:

Inflation	2.50%
Salary increases	2.50%
Discount rate	2.14%
Initial trend rate	7.50%
Ultimate trend rate	4.00%
Years to ultimate	55

For all lives, mortality rates were PubG-2010 Mortality Tables projected to the valuation date using Projection Scale MP-2019.

Discount Rate - Given the City's decision not to fund the program, all future benefit payments were discounted using a high-quality municipal bond rate of 2.14%. The high-quality municipal bond rate was based on the measurement date of the S&P Municipal Bond 20 Year High Grade Index as published by S&P Dow Jones Indices. The S&P Municipal Bond 20 Year High Grade Rate Index consists of bonds in the S&P Municipal bond Index with a maturity of 20 years. Eligible bonds must be rated at least AA by Standard and Poor's Ratings Services, Aa2 by Moody's or AA by Fitch. If there are multiple ratings, the lowest rating is used.

For the year ended September 30, 2020, the City will recognize OPEB Expense of $5,170. Below are the details regarding the Total OPEB liability for the measurement period from October 1, 2019 to September 30, 2020.

	Increases and (Decreases) in Total OPEB Liability
Balances at September 30, 2019	$ 48,606
Changes for a Year:	
Service cost	8,164
Interest	1,974

Changes of assumptions	(7,838)
Contributions - employer	-
Benefit payments	(565)
Net Changes	405
Balances at September 30, 2020	$ 49,011

Changes of assumptions reflect a change in the discount rate from 3.58% for the fiscal year ending September 30, 2019 to 2.14% for fiscal year ending September 30, 2020.

There are no deferred inflows or outflows for the OPEB Plan, since the City uses the alternative measurement method.

	1% Decrease 3.00% - 6.50%	Healthcare Cost Trend Rates 4.00% - 7.50%	1% Increase 5.00% - 8.50%
Total OPEB Liability (Asset)	$ 42,449	$ 49,011	$ 57,132

NOTE 12 RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; job-related illnesses or injuries to employees; and natural disasters for which the City carries commercial insurance.

Risk of loss from above is transferred by the City to various commercial insurers through the purchase of insurance. There have been no significant reductions in insurance coverage from the prior year, and settlements have not exceeded insurance coverage during the past three years.

NOTE 13 COMMITMENTS AND CONTINGENCIES

Litigation
The City is engaged in various liability claims incidental to the conduct of its general government operations. While the outcome of the litigation is not presently determinable, management believes that any amounts not covered by insurance, if any, resulting from these lawsuits would not materially affect the financial position of the City.

Grants
Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government and the State of Florida. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Mayor and City Council
City of Inverness, Florida

We have audited, in accordance with auditing standards generally accepted in the United states of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the *City of Inverness, Florida*, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated June 10, 2021.

Internal Control Over Financial Reporting
In planning and performing our audit of the financial statements, we considered the *City of Inverness, Florida's* internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of *City of Inverness's* internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters
As part of obtaining reasonable assurance about whether *City of Inverness's* financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The result of our tests disclosed no instances of noncompliance, or other matters that are required to be reported under *Government Auditing Standards.*

Purpose of this Report
The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

Honorable Mayor and City Council
City of Inverness, Florida

Report on the Financial Statements
We have audited the financial statements of the *City of Inverness, Florida*, as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated June 10, 2021.

Auditor's Responsibility
We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Florida Auditor General.

Other Reporting Requirements
We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards;* and Independent Auditor's Report on an examination conducted in accordance with *AICPA Professional Standards,* AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated June 10, 2021, should be considered in conjunction with this management letter.

Prior Audit Findings
Section 10.554(1)(i.)1., Rules of the Auditor General, require that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address findings and recommendations made in the preceding financial audit report.

Official Title and Legal Authority
Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information has been disclosed in the notes to the financial statements.

Financial Condition
Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the *City of Inverness, Florida* has met one or more of the conditions described in Section 218.503(1), Florida Statues, and identification of the specific condition(s) met. In connection with our audit, we determined that the *City of Inverness, Florida* did not meet any of the conditions described in Section 218.503(1), Florida Statues.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the *City of Inverness, Florida*'s financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we have the following recommendations.

ML 20-1- Change Orders
During our audit, we noted that several large change orders on the Depot District construction projects were not brought before Council for approval. We recommend that the City's purchasing policy require change orders over a specified amount or percentage of the contract be brought before Council for formal approval.

ML 20-2 Owner Direct Purchases
During our audit, we noted that several owner direct purchases on the Depot District Construction projects did not have documentation of quotes or bids per the City's purchasing policy. We recommend that Contracts specify whether the City or Contractor is responsible for obtaining and maintain documentation of quotes and bids related to owner direct purchases.

Additional Matters
Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter
Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, Council Members, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH THE REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES

The Honorable Mayor and City Council
City of Inverness, Florida

We have examined City of Inverness' (the City) compliance with the requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2020. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in Government Auditing Standards issued by the Comptroller General of the United States and, accordingly, included examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, City of Inverness complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2020.

Re: City of Inverness - FYE September 30, 2020

Dear Auditor General,

The management comments related to fiscal year ending September 30, 2020 were received by both the City Manager and the Finance Director.

ML 20-1- Change Orders
The change order condition was related to six projects related to the Depot District construction which started in Fiscal Year 2018 and was substantially completed as of FY2020. The City updated the purchasing policy which was approved by City Council in January of 2020. All transactions subsequent to that date have been in compliance with the new policy.

ML 20-2 Owner Direct Purchases
The ODP condition was a result of the Depot District construction which started in Fiscal Year 2018 and was substantially completed as of FY2020. The City updated the purchasing policy which was approved by City Council in January of 2020. All transactions subsequent to that date have been in compliance with the new policy.

Comments:

This is the back up for Req#6857 & 6858 and copy of Budget Transfer that will be on the April 8th agenda.

I am sending the copies of the quotes that need to be attached to the Purchase Order when mailing. There were too many items to list on the purchase order.

Thank you for all your help and patience.

GENERAL NOTES:

1. THERE MAY BE ADDITIONAL RESTRICTIONS THAT ARE NOT RECORDED ON THIS PLAT THAT MAY BE FOUND IN THE PUBLIC RECORDS OF THIS COUNTY.
2. THIS PLAT, AS RECORDED IN ITS GRAPHIC FORM, IS THE OFFICIAL DEPICTION OF THE SUBDIVIDED LANDS DESCRIBED HEREIN AND WILL IN NO CIRCUMSTANCES BE SUPPLANTED IN AUTHORITY BY ANY OTHER GRAPHIC OR DIGITAL FORM OF THE PLAT.
3. ALL RECORDING DATA REFERENCES THE PUBLIC RECORDS OF CITRUS COUNTY, FLORIDA.
4. THIS PLAT HAS BEEN PREPARED WITH BENEFIT OF THE ALTA COMMITMENT FOR TITLE INSURANCE UNDERWRITTEN BY FIRST AMERICAN TITLE INSURANCE COMPANY, FILE NO. 2076-4754020, ISSUED BY DEAN, MEAD, EGERTON, BLOODWORTH, CAPOUANO & BOZARTH, FILE NO. 2037-4815787, ISSUING OFFICE FILE NO. 038387/074092, DATED JUNE 29, 2020, AT 8:00 AM; THE FOLLOWING ARE THE NUMBERED EXCEPTIONS TO TITLE AS SET FORTH IN SCHEDULE B-II THEREOF AND WHICH ARE ALSO CONSIDERED AS MATTERS OF SURVEY TO BE SHOWN OR NOTED HEREON AS TO THE EXTENT THAT SUCH AFFECT THE SUBJECT PROPERTY:
   A. RESERVATIONS SET FORTH IN COUNTY OF CITRUS DEED NO. 98 IN DEED BOOK 77, PAGE 99, ARE CONTIGUOUS WITH BUT DO NOT AFFECT THE SUBJECT PROPERTY AS SHOWN ON SHEET 3 (REFERENCE SCHEDULE B-II, ITEM 8);
   B. THE DECLARATION OF RESTRICTIONS, COVENANTS AND CONDITIONS RECORDED IN OFFICIAL RECORDS BOOK 2450, AT PAGE 2370, AS AMENDED BY THE FIRST AMENDMENT TO DECLARATION OF RESTRICTIONS, COVENANTS AND CONDITIONS RECORDED IN OFFICIAL RECORDS BOOK 2467, AT PAGE 854, ENCUMBERS THE SUBJECT PROPERTY IN ITS ENTIRETY, HOWEVER, THERE APPEAR TO BE NO MATTERS OF SURVEY CONTAINED THEREIN THAT REQUIRE FURTHER ILLUSTRATION OR NOTATION HEREON (REFERENCE SCHEDULE B-11, ITEM 9);
   C. THE AMENDED AND RESTATED AGREEMENT FOR DRAINAGE EASEMENT RECORDED IN OFFICIAL RECORDS BOOK 2627, AT PAGE 1515, BENEFITS THE PARENT TRACT OF THE SUBJECT PROPERTY IN ITS ENTIRETY, HOWEVER, THERE APPEAR TO BE NO MATTERS CONTAINED THEREIN THAT REQUIRE FURTHER ILLUSTRATION OR NOTATION HEREON (REFERENCE SCHEDULE B-II, ITEM 10);
   D. THE DRAINAGE EASEMENT RECORDED IN OFFICIAL RECORDS BOOK 2627, AT PAGE 1527, BENEFITS THE PARENT TRACT OF THE SUBJECT PROPERTY IN ITS ENTIRETY AS IT PROVIDES EASEMENT RIGHTS FOR STORMWATER DRAINAGE PURPOSES ACROSS OTHER LANDS FOR WHICH TITLE APPEARS VESTED IN CITRUS COUNTY, A POLITICAL SUBDIVISION OF THE STATE OF FLORIDA, MORE PARTICULARLY IDENTIFIED AS CITRUS COUNTY PARCEL 18E18S28 74000 0070 (ALTERNATE KEY NO. 3487277; ALSO KNOWN AS CR 486 – DRA 7); AS SUCH, THERE APPEAR TO BE NO MATTERS CONTAINED THEREIN THAT REQUIRE FURTHER ILLUSTRATION HEREON (REFERENCE SCHEDULE B-II, ITEM 11);
   E. THE DRAINAGE EASEMENT RECORDED IN OFFICIAL RECORDS BOOK 2684, AT PAGE 1358, BENEFITS THE PARENT TRACT OF THE SUBJECT PROPERTY IN ITS ENTIRETY AS IT PROVIDES EASEMENT RIGHTS FOR STORMWATER DRAINAGE PURPOSES ACROSS OTHER LANDS FOR WHICH TITLE APPEARS VESTED IN CITRUS COUNTY, A POLITICAL SUBDIVISION OF THE STATE OF FLORIDA, MORE PARTICULARLY IDENTIFIED AS CITRUS COUNTY PARCEL 18E18S28 74000 0070 (ALTERNATE KEY NO. 3487277; ALSO KNOWN AS CR 486 – DRA 7); AS SUCH, THERE APPEAR TO BE NO MATTERS CONTAINED THEREIN THAT REQUIRE FURTHER ILLUSTRATION HEREON (REFERENCE SCHEDULE B-II, ITEM 12);
5. BEARINGS AND COORDINATES AS SHOWN HEREON ARE BASED ON THE FLORIDA STATE PLANE COORDINATE SYSTEM (WEST ZONE), NORTH AMERICAN DATUM (NAD) OF 1983 AND WERE DETERMINED WITH REAL TIME KINEMATIC (RTK) GLOBAL POSITIONING SYSTEM (GPS) OBSERVATIONS OBTAINED USING THE REAL TIME NETWORK OF BASE STATIONS OWNED AND OPERATED BY EGPS SOLUTIONS, INC., FROM WHICH THE WESTERLY RIGHT-OF-WAY LINE OF NORTH LECANTO HIGHWAY AS SHOWN AND MONUMENTED HEREON BEARS S23°26'16"W; PARCEL AREAS (IN UNITS OF SQUARE FEET AND ACRES) SHOWN HEREON REFLECT GROUND VALUES.
6. THE MAJOR PORTION OF THE PROPERTY DESCRIBED HEREON APPEARS TO LIE IN ZONE "X" (AREAS DETERMINED TO BE OUTSIDE THE 0.2% ANNUAL CHANCE FLOODPLAIN); A MINOR PORTION OF THE PROPERTY DESCRIBED HEREON APPEARS TO LIE IN ZONE AE (EL 56.2) (SPECIAL FLOOD HAZARD AREAS SUBJECT TO INUNDATION BY THE 1% ANNUAL CHANCE FLOOD WITH BASE FLOOD ELEVATIONS DETERMINED), ACCORDING TO FLOOD INSURANCE RATE MAP NO. 12017C0213D (FIRM) AS PREPARED BY THE FEDERAL EMERGENCY MANAGEMENT AGENCY (FEMA), COMMUNITY 120063, PANEL 02130, SUFFIX D, EFFECTIVE DATE: SEPTEMBER 26, 2014 (WHICH WAS UNAFFECTED BY THE UPDATE OF FLOOD INSURANCE RATE MAPPING IN CITRUS COUNTY, EFFECTIVE DATE: JANUAERY 15, 2021), THE LIMITS OF WHICH ARE SHOWN HEREON AS DETERMINED FROM DIGITAL FLOOD INSURANCE RATE MAP (DFIRM) DATA AS PROVIDED BY THE GEOGRAPHIC INFORMATION SYSTEMS DIVISION OF THE CITRUS COUNTY DEPARTMENT OF SYSTEMS MANAGEMENT.
7. THE NORTH LINE OF THE NORTHEAST 1/4 OF SECTION 28, TOWNSHIP 18 SOUTH, RANGE 18 EAST, WAS DETERMINED FROM THE LOCATION OF PHYSICAL MONUMENTS (MATCHING THE IDENTIFICATION AND CHARACTER OF THE MONUMENTS DESCRIBED AND DEPICTED IN CERTIFIED CORNER RECORDS "87129" (AS TO THE NORTHEAST CORNER OF THE NORTHEAST 1/4 OF SECTION 28) AND "87130" (AS TO THE NORTHWEST CORNER OF THE NORTHEAST 1/4 OF SECTION 28) AS PREPARED BY THE CITRUS COUNTY ENGINEERING DIVISION AND ON FILE WITH THE FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION) MARKING THE POSITION OF THE NORTHEAST AND NORTHWEST CORNERS OF THE NORTHEAST 1/4 OF SAID SECTION 28 AS LOCATED DURING PREVIOUS SURVEYS CONDUCTED IN THE AREA; SUCH PHYSICAL MONUMENTS WERE SUBSEQUENTLY DESTROYED DURING CONSTRUCTION ACTIVITIES ASSOCIATED WITH THE WIDENING OF WEST NORVELL BRYANT HIGHWAY AND WERE NOT RESET DURING THE EXECUTION OF THIS SURVEY.
8. THE SUBJECT PROPERTY AND ALL PARCELS OF RECORD LYING IMMEDIATELY ADJACENT THERETO LIE WITHIN THE "GNC" (GENERAL COMMERCIAL) LAND USE DISTRICT ACCORDING TO THE CURRENT ZONING INTERACTIVE MAP OPERATED AND MAINTAINED BY THE GEOGRAPHIC INFORMATION SYSTEMS DIVISION OF THE CITRUS COUNTY SYSTEMS MANAGEMENT DEPARTMENT.
9. THE SUBJECT PROPERTY AND ALL PARCELS OF RECORD LYING IMMEDIATELY ADJACENT THERETO LIE WITHIN THE "GNC" (GENERAL COMMERCIAL) LAND USE DISTRICT ACCORDING TO THE LAND USE INTERACTIVE MAP OPERATED AND MAINTAINED BY THE GEOGRAPHIC INFORMATION SYSTEMS DIVISION OF THE CITRUS COUNTY SYSTEMS MANAGEMENT DEPARTMENT.
10. SITE IMPROVEMENTS, UTILITIES, AND STORMWATER RUNOFF FOR PARCEL "A" SHALL BE THE SUBJECT OF A SEPARATE SITE PLAN APPLICATION TO CITRUS COUNTY IN ACCORDANCE WITH THE APPLICABLE REQUIRMENTS OF THE CITRUS COUNTY LAND DEVELOPMENT CODE WHICH MAY REQUIRE THE DEDICATION OF ADDITIONAL RIGHT-OF-WAY TO CITRUS COUNTY PART OF THE SITE DEVELOPMENT PLAN PERMIT PROCESS.
11. BUILDING SETBACKS SHALL BE IN ACCORDANCE WITH THE CITRUS COUNTY LAND DEVELOPMENT CODE AND / OR A LEGITIMATE DEVELOPMENT AGREEMENT WITH CITRUS COUNTY, SUCH SETBACKS SHALL BE SUBJECT TO FUTURE MODIFICATION THROUGH ADMINISTRATIVE ACTION AS APPROPRIATE AND AS ALLOWED BY SAID LAND DEVELOPMENT CODE.
12. LANDSCAPE BUFFERS SHALL BE IN ACCORDANCE WITH THE CITRUS COUNTY LAND DEVELOPMENT CODE AND / OR AS PROVIDED BY A LEGITIMATE DEVELOPMENT AGREEMENT WITH CITRUS COUNTY; SUCH BUFFERS SHALL BE SUBJECT TO FUTURE MODIFICATION THROUGH ADMINISTRATIVE ACTION AS APPROPRIATE AND AS ALLOWED PROVIDED BY SAID LAND DEVELOPMENT CODE.
13. THERE ARE NO RIGHTS-OF-WAY, EASEMENTS, ALLEYS, PARKS, AND / OR OTHER PUBLIC SPACES RESULTING FROM THE PROPOSED DIVISION OF PROPERTY SHOWN HEREON.
14. THERE APPEAR TO BE NO EXISTING SURFACE WATER BODIES, WETLANDS, STREAMS, AND CANALS WITHIN THE PROPOSED SUBDIVISION.
15. THIS PLAT ESTABLISHES 1 PARCEL OF RECORD WITH AN AVERAGE DENSITY OF 0.51 UNITS PER ACRE, NO TRACTS OF RECORD, 0.00 MILES OF ROAD RIGHT-OF-WAY AND CONTAINS 1.98 ACRES, MORE OR LESS.
16. LOT 1 SHALL BE SERVED WITH CENTRAL WATER, CENTRAL SEWER AND FIRE FLOW SERVICE VIA FACILITIES OWNED, OPERATED, AND MAINTAINED BY THE UTILITY DIVISION OF THE CITRUS COUNTY WATER RESOURCES DEPARTMENT.
17. NORTH LECANTO HIGHWAY (COUNTY ROAD 491) AND WEST PARKVILLE STREET ARE PUBLICLY MAINTAINED RIGHTS-OF-WAY.
18. FUNCTIONAL ACCESS TO LOT 1 VIA WEST PARKVILLE STREET AND NORTH LECANTO HIGHWAY (COUNTY ROAD 491) SHALL BE SUBJECT TO THE REQUIREMENTS OF THE CITRUS COUNTY LAND DEVELOPMENT CODE AS APPLICABLE IN CONSIDERATION OF THE FUTURE DEVELOPMENT OF LOT 1 AS THE SUBJECT OF A SEPARATE SITE PLAN APPLICATION.
19. SURVEY MEASUREMENTS OBTAINED FOR THE PREPARATION OF THIS PLAT AND THE ASSOCIATED BOUNDARY SURVEY ACHIEVED THE FOLLOWING ORDER OF CLOSURE: 1:10,290.
20. TRACT "A" SHALL BE CONVEYED TO CITRUS COUNTY, A POLITICAL SUBDIVISION OF THE STATE OF FLORIDA, BY WARRANTY DEED WITHIN 12 MONTHS FROM THE DATE THIS PLAT IS RECORDED AND SHALL BE FOR THE PURPOSES OF SUPPLEMENTING THE PRESCRIPTIVE RIGHT-OF-WAY OF WEST PARKVILLE STREET (ACCORDING TO THE PRESCRIPTIVE ROAD PLAT THEROF RECORDED IN PRESCRIPTIVE ROAD PLAT BOOK 2, AT PAGE 59) AND TO ACCOMMODATE EXISTING ROADWAY AND UTILITY IMPROVEMENTS LYING THEREIN.

THIS 28 DAY OF May 20 21

At the meeting of the Board of County Commissioners of Citrus County, Florida, held in the County Commission Chambers located in the Citrus County Courthouse, 110 North Apopka Avenue, Inverness, Florida 34450, at 2:00 P.M. on the 25th day of May, 2021, Commissioner Ronald E. Kitchen, Jr. introduced and moved for the adoption of the following:

RESOLUTION NO. 2021 – 046

WHEREAS, Guy Newman has submitted a Petition to the Board of County Commissioners of Citrus County, Florida, to vacate the six foot drainage and utility easements lying on either side of lot line common to Lots 14 and 15, Citrus Springs Unit 20, as recorded in Plat Book 7, Pages 52-66, public records of Citrus County, Florida; and

WHEREAS, the Petitioner requested this Board to remove, vacate, abandon and discontinue the six foot drainage and utility easements lying on either side of lot line common to Lots 14 and 15, Citrus Springs Unit 20, as recorded in Plat Book 7, Pages 52-66, public records of Citrus County, Florida, and renounce and disclaim any right and interest of the County and the public in and to the plat vacation and the lands in connection therewith, except as herein provided; and

WHEREAS, this Board adopted a Resolution calling for a public hearing to determine the advisability of vacating, abandoning and discontinuing the same to be held in the County Commission Chambers located in the Citrus County Courthouse, 110 North Apopka Avenue, Inverness, Florida 34450, at 2:00 P.M. on the 25th day of May, 2021; and

WHEREAS, Notice of such hearing was published in accordance with the law and at the expense of the Petitioner; and

WHEREAS, a hearing has been held in accordance with such Resolution, Notice, and the law pertaining thereto; and

WHEREAS, this Board has determined that the six foot drainage and utility easements lying on either side of lot line common to Lots 14 and 15, Citrus Springs Unit 20, as recorded in Plat Book 7, Pages 52-66, public records of Citrus County, Florida; should be removed and vacated, discontinued and abandoned, and any right of Citrus County and the public in and to any lands delineated on the recorded plat, should be renounced and disclaimed.

Attachment: Resolution 2021-046_PV-20-04 (15110 : PV-20-04 Newman legal description correction)

IT IS, THEREFORE, RESOLVED by the Board of County Commissioners of Citrus County, Florida, as follows:

1. That the above-described six foot drainage and utility easements lying on either side of lot line common to Lots 14 and 15, Citrus Springs Unit 20, as recorded in Plat Book 7, Pages 52-66, public records of Citrus County, Florida; is hereby removed, vacated, abandoned and discontinued, and any right of Citrus County or the public in and to the same, or in and to the lands delineated on the recorded plat of the same, is hereby renounced and disclaimed.

2. That this Resolution shall be signed by the Chairman of this Board, attested by the Clerk of this Board, and the seal of this Board shall be affixed hereto.

3. That this Resolution shall become effective when a certified copy of such has been filed in the office of the Circuit Court Clerk and duly recorded in the public records of Citrus County, Florida.

4. That the Clerk of the Board is hereby directed to forward a certified copy of this Resolution to all abutting property owners.

Motion seconded by Commissioner Scott Carnahan and carried for adoption by the Board on this 25th day of May, 2021.

TO THE
BOARD OF COUNTY COMMISSIONERS

PLAT VACATION APPLICATION NO.: PV-20-04 Guy Newman
DATE: March 12, 2021
PREPARED BY: Joe Hochadel, Principal Planner, Land Development Division

REQUEST AND SUBJECT PROPERTY:	To vacate a portion of the platted drainage and utility easements lying in Lots 14 and 15, Block 1340, Citrus Springs Unit 20, as recorded in Plat Book 7, Pages 52 through 66, public records of Citrus County, Florida (Section 1, Township 17 South, Range 18 East), which addresses are 11564 and 11560 N. Kenlake Cir., Citrus Springs, Florida.
SURROUNDING LAND USE	PDR, Planned Residential Development, on the Land Development Code (LDC) Atlas; and RMU, Residential Mixed Use, on the Future Land Use Map
SURROUNDING AREA	Single-family residential (vacant and improved lots)

ANALYSIS

The purpose of this application is to remove the drainage and utility easements lying on the south line of Lot 15 and the north line of Lot 14 in the Citrus Springs Unit 20 subdivision. The applicant owns both lots and has applied for a permit to develop a secondary dwelling on Lot 14 (Permit 2020-15239). The approved site plan indicates that the structure will be placed outside of the easement.

Comprehensive Plan Policy 10B.4.3 states:

> *The vacation of rights-of-way, alleys, roads, or access easements shall only be allowed when principal or secondary access to a parcel of land is not diminished, the location of an existing or future utility is not adversely affected, or the roadway does not serve a public purpose, nor has the potential of being integrated into the transportation system.*

Pursuant to Administrative Regulation No. 13.01-5, this item was routed to the Land Section, Fire Rescue, and Emergency Operation Center/911, which had no objections.

The application has been reviewed by the Citrus County Utilities Division, Land Development Division, Engineering Division, GIS, Survey Section, and the Environmental Health Office (State of Florida). These offices recommend approval of the vacation application as proposed.

Attachment: BCC staff report (15110 : PV-20-04 Newman legal description correction)

Utility companies that service the area had no concerns. The utility company comments are provided with this application.

Based on a review of the application and supporting documentation, it has been determined that this request for a plat vacation is consistent with the Comprehensive Plan and Land Development Code.

Planning and Development Commission Recommendation: The Planning and Development Commission discussed this application on March 4, 2021, and recommended approval.

At the meeting of the Board of County Commissioners of Citrus County, Florida, held in the County Commission Chambers located in the Citrus County Courthouse, 110 North Apopka Avenue, Inverness, Florida 34450, on the 10th day of August, 2021, Commissioner _____ introduced and moved for the adoption of the following:

RESOLUTION NO. 2021 – _____

WHEREAS, Guy Newman submitted a Petition to the Board of County Commissioners of Citrus County, Florida, to vacate the six foot drainage and utility easements lying on either side of lot line common to Lots 14 and 15, Block 1340, Citrus Springs Unit 20, as recorded in Plat Book 7, Pages 52-66, public records of Citrus County, Florida; and

WHEREAS, the Petitioner requested this Board to remove, vacate, abandon and discontinue the six foot drainage and utility easements lying on either side of lot line common to Lots 14 and 15, Block 1340, Citrus Springs Unit 20, as recorded in Plat Book 7, Pages 52-66, public records of Citrus County, Florida, and renounce and disclaim any right and interest of the County and the public in and to the plat vacation and the lands in connection therewith, except as herein provided; and

WHEREAS, this Board adopted a Resolution calling for a public hearing to determine the advisability of vacating, abandoning and discontinuing the same to be held in the County Commission Chambers located in the Citrus County Courthouse, 110 North Apopka Avenue, Inverness, Florida 34450, at 2:00 P.M. on the 25th day of May, 2021; and

WHEREAS, Notice of such hearing was published in accordance with the law and at the expense of the Petitioner; and

WHEREAS, a hearing was held in accordance with such Resolution, Notice, and the law pertaining thereto; and

WHEREAS, this Board determined that the six foot drainage and utility easements lying on either side of lot line common to Lots 14 and 15, Block 1340, Citrus Springs Unit 20, as recorded in Plat Book 7, Pages 52-66, public records of Citrus County, Florida; should be removed and vacated, discontinued and abandoned, and any right of Citrus County and the public in and to any lands delineated on the recorded plat, should be renounced and disclaimed.

WHEREAS, on May 25, 2021, Resolution 2021-046 was adopted by the Board and was recorded in Book 3169, Page 807 in the Official Records of Citrus County, Florida.

WHEREAS, after Resolution 2021-046 was recorded it was noted that Block 1340 was inadvertently left out of the description of the drainage and utility easements to be vacated.

Attachment: PV-20-04 Newman 2nd Resolution--FINAL (15110 : PV-20-04 Newman legal description correction)

WHEREAS, Resolution 2021-046 should be rescinded and this Resolution should be adopted in its place to add Block 1340 to the description of the drainage and utility easements to be vacated.

IT IS, THEREFORE, RESOLVED by the Board of County Commissioners of Citrus County, Florida, as follows:

1. That the above-described six foot drainage and utility easements lying on either side of lot line common to Lots 14 and 15, Block 1340, Citrus Springs Unit 20, as recorded in Plat Book 7, Pages 52-66, public records of Citrus County, Florida; is hereby removed, vacated, abandoned and discontinued, and any right of Citrus County or the public in and to the same, or in and to the lands delineated on the recorded plat of the same, is hereby renounced and disclaimed.

2. That this Resolution shall be signed by the Chairman of this Board, attested by the Clerk of this Board, and the seal of this Board shall be affixed hereto.

3. That Resolution 2021-046 be rescinded and this Resolution be adopted in its place.

4. That this Resolution shall become effective when a certified copy of such has been filed in the office of the Circuit Court Clerk and duly recorded in the public records of Citrus County, Florida.

5. That the Clerk of the Board is hereby directed to forward a certified copy of this Resolution to all abutting property owners.

Motion seconded by Commissioner _____ and carried for adoption by the Board on this 10th day of August, 2021.

AGENDA MEMORANDUM

FROM:	Randall Olney, Public Works Director
SUBJECT:	Volvo L20H Mini Loader
AGENDA DATE:	**August 10, 2021**

BRIEF OVERVIEW:

On January 4, 2021, Solid Waste took delivery of a Volvo L20H mini loader, Asset #55629, S/N# VCEL20HSE01220306. After several call outs to identify issues with the HVAC air cabin filter easily getting clogged and fine particles entering the cab area, Alta Construction Equipment has decided the best solution is to exchange the Volvo L20H for the Volvo L30G, S/N #VCEL30GSK03224588 with a better located HVAC cabin air filter at no cost to the County. All existing attachments will fit the Volvo L30G loader.

DEPARTMENT OF PUBLIC WORKS
SOLID WASTE MANAGEMENT DIVISION

MEMORANDUM

DATE: June 08, 2021

TO: Dan Johnson, Fleet Management Director

THROUGH: Randall Olney, PE, Director, Department of Public Works

FROM: Henry C. Norris Jr., Solid Waste Management Director

SUBJECT: Volvo L20H Mini Loader HVAC Issues

On 1/4/2021, Solid Waste took delivery of a Volvo L20H mini loader, asset # 55629, serial #VCEL20HSE01220306. After several call outs to identify issues with the HVAC air cabin filter easily getting clogged and fine particles entering the cab area, Kevin with Alta Construction Equipment has decided the best solution is to exchange the Volvo L20H for the Volvo L30G, serial # VCEL30GSK03224588 with a better located HVAC cabin air filter at no cost to Citrus County. All existing attachments will fit the Volvo L30G loader.

Please see attached information and supporting documentation.

POWER TO PERFORM

Improve your cycle times with the fully automatic two-speed range hydrostatic drive, and work at a speed of up to 30 km/h (18.6 mph). The L20H and L25H are powered by a powerful turbo charged engine – with diesel oxidation catalyst (DOC) – meeting the latest emission regulations, without the need for regeneration or additives. Trust your Volvo to keep performance high and downtime low.

Fully loaded

ALL-AROUND COMPACT LOADER

Volvo attachments are perfectly matched to the machine's linkage, hydraulics and driveline to increase productivity.

Here to support you

Keep your machine in fighting form, with a range of Genuine Volvo Parts, as well as maintenance and repair plans.

POWER TO PERFORM

Travel up to 30 km/h (18.6 mph) with the fully automatic two-speed range hydrostatic drive and powerful engine - with diesel oxidation catalyst.

Maximize attachments use

For increased productivity and versatility, Volvo offers two options: a Universal Attachment Bracket that picks up most SSL/CTL attachments, or Volvo Attachment Bracket for use with Volvo Attachments.

Attachment: SW Volvo Supporting documents (15106 : Volvo L20H Mini Loader)

ActiveCare Direct

Maximize machine uptime and reduce repair costs with our ActiveCare Direct service, providing around the clock machine monitoring.

More comfort to get more done

Enjoy all-around visibility and easy operation. The Volvo cab features a single joystick lever that incorporates three functions, with flow sharing valve.

Access tight areas

The compact design of the L20H and L25H, with a compact turning radius, allows for manoeuvrability in confined spaces.

Designed with safety in mind

The FOPS/ROPS certified Volvo cab is equipped with a high capacity air filter and a highly visible entrance step and single inching brake pedal.

Small machine with big potential

Small in size but high in reach and dump height, the L20H and L25H offers excellent loading capabilities.

Tackle uneven terrains

Increase traction on unstable ground, the L20H and L25H feature a 38°/±10° articulated oscillating joint and operator controlled 100% differential locks on both axles.

Less service, more work

Keep downtime to a minimum, with ground level greasing points, best-in-class components and long service intervals.

Attachment: SW Volvo Supporting documents (15106 : Volvo L20H Mini Loader)

Cab

The cab is tested and approved according to ROPS (ISO 3471, SAE J1040) and FOPS (ISO 3449) specifications. The cab is compliant with ISO 6055 requirements for operator overhead protection. The cab is also compliant with industrial trucks and SAE J386 regarding Operator Restraint System. The operator seat features adjustable suspension and a retractable seatbelt. Fresh air is filtered through large elements prior entering the cab, ensuring clean air distribution in the cab. Several air vents enable fast de-misting and defrosting. The contronic monitoring system provides important information and is located in a central position to ensure all machine controls are within the operator's field of vision.

Hydraulic system

Working hydraulics system with mechanical operated control valves. **System supplies:** a gear pump provides flow to the working hydraulics. **System control:** double-acting 3-spool main control valve. **The lift function has four positions:** lift, hold (neutral), lower and float.
The tilt function has three positions: rollback, hold and dump. A fourth hydraulic function is available as an option to power the hydraulic implements (Hi-Tip bucket, angle sweeper, etc...) **Filtration:** full-flow filtration through 10 micron (absolute) filter cartridge in a combined suction-return-filter. **Cooling:** thermostatically controlled oil flow to the oil cooler (fast warm-up, optimized cooling).

Linkage

The parallel linkage system offers 100% parallel lift with the loading fork. The linkage system and the attachment bracket are designed for an excellent visibility to the front attachment and fork tines. The Volvo Attachment Bracket design has long guide pins and an additional sealing ring for protection against dust and mud.

BOOST YOUR PERFORMANCE

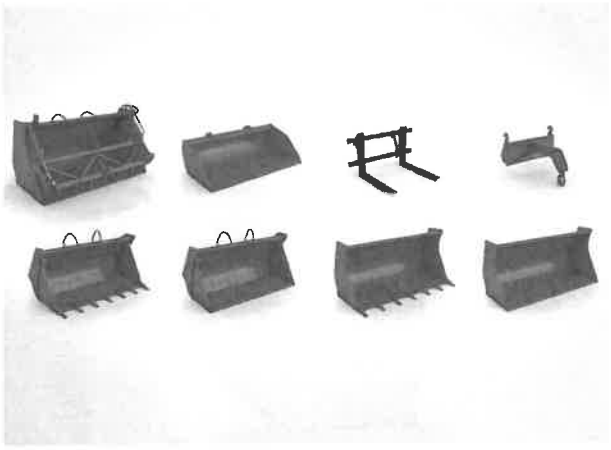

Expect unbeatable traction and best-in-class ground clearance with the L30G and L35G. The compact wheel loaders are equipped with an articulated oscillating joint, 100% differential locks for front and rear wheels, and industry unique portal axles. Maintain excellent parallel movement with forks and ensure fast cycle times with Z-bar or TP linkages, delivering high tilt force throughout the entire lift path. Connect to a wide range of attachments with the universal skid steer coupler.

State-of-the-art support

Volvo is committed to providing a complete solution to guarantee the highest performance from your Volvo machine, including high quality attachments and state-of-the-art support through our customer solutions. Take advantage of our unique, global dealer support network to ensure your machine achieves maximum uptime, and generates maximum profit and growth for your business.

Robust attachments to match

Keep the production running with Volvo attachments, built to last. Trust our high quality attachments and gain peace of mind. Perfectly matched to Volvo compact wheel loader, Volvo buckets, forks, grapple and material handling arms make your machine perform at maximum capacity.

Control service costs

We can help support the profitability of your operation. The range of Customer Support Agreements offer preventive maintenance, total repairs and a number of uptime services. Volvo uses the latest technology to monitor machine operation and status, giving you advice to increase machine uptime. By having a Customer Support Agreement, you are in control of your service costs.

Retain Volvo quality

Our leading parts availability ensures maximum uptime of your machine. Volvo parts are extensively tested and approved because every part is vital for performance. Benefit from a cost-effective manufacturing program by selecting the Diesel Particulate Filter engine, providing short part delivery to reduce your maintenance time.

Here to support you

Volvo is here to support you whenever you need it. As a complete solutions provider, we listen to your requirements to ensure machine uptime and increase your revenue. With our extensive infrastructure of technicians, workshops and dealers, Volvo has a comprehensive network to fully support you using local knowledge and experience.

AGENDA MEMORANDUM

FROM:	Ken Cheek, Director, Water Resources Department
SUBJECT:	Connection Fee Lien Agreement - Baker
AGENDA DATE:	**August 10, 2021**

BRIEF OVERVIEW:

New Connection Charge Installment Lien Agreement, in the name of Jordan A. Baker to be recorded in the Official Record Book.

BUDGET IMPACT/FUNDING SOURCE:

RECOMMENDED ACTION:

Approve and authorize the Chairman to execute Connection Charge Installment Lien Agreement by and between the Citrus County Municipal Service Benefit Unit for Water and Wastewater Utility Services for Jordan A. Baker.

CONNECTION FEE INSTALLMENT LIEN AGREEMENT

("CFIL AGREEMENT")

THIS AGREEMENT entered into this ____ day of _____, 2021, made and entered into by and between the Citrus County Board of County Commissioners the governing body of the CITRUS COUNTY MUNICIPAL SERVICE BENEFIT UNIT FOR WATER AND WASTEWATER UTILITY SERVICES, hereinafter called SERVICE UNIT and **Jordan A. Baker** whose mailing address is **9379 W Milwaukee Ct., Crystal River, FL 34428** hereinafter referred to as PROPERTY OWNER.

WITNESSETH

WHEREAS, PROPERTY OWNER is required by either state law or county ordinance to connect to the SERVICE UNIT'S utility system and in doing so is required to pay either or all of the following fees (water connection fee, wastewater connection fee, installation fee, inspection fee, lateral fee) collectively referred to as "connection charges," and

WHEREAS, the cost of paying all of said fees at one time would create a financial burden to the PROPERTY OWNER and the PROPERTY OWNER is desirous of paying the connection charges on an installment basis;

NOW, THEREFORE, in consideration of the mutual covenants herein contained, the parties agree as follows:

1. PROPERTY OWNER does hereby agree to pay on an installment basis connection charges in the amount of **$1,830.00** which shall be paid monthly in equal amounts amortized over ten (10) years (120 months) together with interest on the unpaid balance at the current rate of 6% per annum until the entire amount has been paid in full.

Attachment: Connection Fee Installment Lien Agreement - Baker (15130 : Connection Fee Lien Agreement - Baker)

2. In order to secure the principal amount of connection charges referenced in paragraph 1 above, the PROPERTY OWNER agrees that this contract shall constitute a lien upon the lands benefited which are being provided utility services by the SERVICE UNIT. Said lands are more particularly described in Exhibit "A" attached hereto and made a part hereof by reference.

3. The SERVICE UNIT agrees that it shall amortize the connection charge in accordance with the amortization schedule described in paragraph 1 above and said monthly installment shall be billed to the PROPERTY OWNER monthly and separately from the monthly service charges for water consumption and sewer service.

4. The parties agree that should PROPERTY OWNER fail to pay the monthly connection charge as required by the terms of this Agreement, the SERVICE UNIT shall have the right to discontinue utility service to the property in question until such time as the connection charge has been paid currently. The SERVICE UNIT will not reestablish service to the property until all past due amounts are paid. When the PROPERTY OWNER has paid the past due charges, the PROPERTY OWNER shall be allowed to remain on the connection charge installment formula established in paragraph 1 for the balance of the principal sum owed under this Agreement.

5. This Agreement may not be assigned by PROPERTY OWNER without the consent of the SERVICE UNIT which consent shall not be unreasonably withheld. This Agreement encompasses the entire agreement of the parties and may not be modified unless placed into written form and executed by both the SERVICE UNIT and the PROPERTY OWNER.

6. In the event of litigation with respect to enforcing the terms of this Agreement, the venue and court of jurisdiction shall be the Circuit Court of the Fifth Judicial Circuit in and for Citrus County, Florida.

Attachment: Connection Fee Installment Lien Agreement - Baker (15130 : Connection Fee Lien Agreement - Baker)

IN WITNESS WHEREOF the parties have hereunto executed this Agreement the date and year first above written.

AGENDA MEMORANDUM

FROM:	Colleen Scott, Management & Budget Director
SUBJECT:	ITB 18-057 Amendment No. 2; Processing Yard Waste at Landfill; Consolidated Resource Recovery, Inc.
AGENDA DATE:	**August 10, 2021**

BRIEF OVERVIEW:

On October 9, 2018, Board awarded ITB 18-057 Processing Yard Waste at Landfill to Consolidated Resource Recovery, Inc. to process yard waste and horticultural debris accumulated at the Citrus County Central Landfill for a period of two (2) years with the option to renew for three (3) one (1) year periods.

Staff desires to exercise the option to renew for the second one (1) year renewal extending the Agreement to October 8, 2022, and to increase the fees as submitted in Exhibit "B" of the Agreement.

BUDGET IMPACT/FUNDING SOURCE:

Account No.	Account Title	Current Budget	YTD Expenditures	Encumbrances	Available Balance

Board of County Commissioners
DEPARTMENT OF PUBLIC WORKS
SOLID WASTE MANAGEMENT DIVISION

MEMORANDUM

Date: June 25, 2021
To: Linda Morse, Purchasing and Contract Manager
Through: Randall Olney, PE, Director, Department of Public Works RSO
From: Henry C Norris Jr, Director, Solid Waste Division
Subject: ITB# 18-057 Recommendation of Continuation of Contract

Citrus County is currently under contract with Consolidated Resource Recovery, Inc. for the processing of yard waste. This contract was renewed last year for an additional one-year period and allows for a total of three, one year period renewals. (section 7) This would be the second of three renewals, with one, one year period renewal remaining. This is upon written mutual consent between the two parties.

Consolidated Resource Recovery, Inc. is requesting an increase of approximately 2 percent to all services performed under the current contract with Citrus County, not to exceed 5%. After review of the proposed rate increase of the above referenced contract, staff agrees and recommends the continuation of the contract to Consolidated Resource Recovery, Inc. as the lowest bidder for Contractor Services to process yard waste at the Citrus County Landfill meeting all requirements.

If you have any questions, please do not hesitate to contact me.

Thank you.

Amendment No. 2 to Agreement
ITB 18-057
Contractor Services for Processing Yard Waste

THIS AMENDMENT is made and entered into by and between Consolidated Resource Recovery, Inc., a foreign corporation registered to do business in the State of Florida (hereinafter referred to as "Contractor") and Citrus County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County").

WHEREAS, On October 9, 2018, County and Contractor entered into an Agreement to process yard waste and horticultural debris accumulated at the Citrus County Central Landfill for a term of two (2) years with an option to renew for three (3) additional one-year renewal periods; and

WHEREAS, On September 22, 2020, County and Contractor amended the Agreement to extend the duration of the Agreement to October 8, 2021, including a price increase; and

WHEREAS, County and Contractor desire to amend the Agreement to exercise the second renewal option, extending the duration of the Agreement to October 8, 2022; and

WHEREAS, County and Contractor desire to further amend the Agreement to reflect an increase in the price to be paid Contractor for the services; and

NOW THEREFORE, in consideration of the original Agreement and the foregoing recitals, County and the Contractor agree as follows:

1. The above Recitals are true and correct and are hereby incorporated into this paragraph.

2. County and Contractor hereby renew the Agreement for an additional one (1) year term, extending the duration of the Agreement to October 8, 2022.

3. County and Contractor further amend the Agreement to modify the price to be paid Contractor for the services to those rates set forth in Exhibit "B", fee schedule attached hereto and made a part hereof.

4. County and Contractor agree that all other terms, conditions and pricing of the Agreement are hereby ratified and confirmed and shall continue in full force and effect except as amended herein.

ITB 19-083
Mowing Citrus County Buildings

THIS AMENDMENT is made and entered into by and between GAMCO Properties III, Inc., a corporation organized under the laws of the State of Florida (hereinafter referred to as "Contractor") and Citrus County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County").

WHEREAS, On October 8, 2019, County and Contractor entered into an Agreement to provide routine mowing, edging, trimming, and clean-up services at various Citrus County owned buildings for a term of two (2) years with an option to renew for three (3) additional one (1) year periods; and

WHEREAS, County and Contractor desire to amend the Agreement to exercise the first option to renew the Agreement for an additional one (1) year term, extending the duration of the Agreement to October 7, 2022; and

NOW THEREFORE, in consideration of the original Agreement and the foregoing recitals, County and the Contractor agree as follows:

1. The above Recitals are true and correct and are hereby incorporated into this paragraph.

2. County and Contractor hereby renew the Agreement for an additional one (1) year term, extending the duration of the Agreement to October 7, 2022.

3. County and Contractor, agree that all other terms, conditions, and pricing of the Agreement are hereby ratified and confirmed and shall continue in full force and effect except as amended herein.

Amendment No. 2 to Agreement

ITB 19-085
Mowing Zone 2 and Zone 3

THIS AMENDMENT is made and entered into by and between Gamco Properties III, Inc. a corporation organized and existing under the laws of the State of Florida, (hereinafter referred to as "Contractor") and Citrus County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County").

WHEREAS, On September 24, 2019 County and Contractor entered into an Agreement for Services to provide Mowing, Edging, Trimming and Clean-up services for a term of two (2) years with an option to renew for three (3) additional one (1) year renewal periods; and

WHEREAS, On February 13, 2020 County and Contractor amended the Agreement to remove the Inverness Community Center from Zone 3 list of locations to be mowed by Contractor and adjusted Contractor's pricing accordingly; and

WHEREAS, County and Contractor desire to amend the Agreement to exercise the first option to renew the Agreement for an additional one (1) year term, extending the duration of the Agreement to September 23, 2022.

NOW THEREFORE, in consideration of the original Agreement and the foregoing recitals, County and the Contractor agree as follows:

1. The above Recitals are true and correct and are hereby incorporated into this paragraph.
2. County and Contractor hereby modify the Agreement to renew the Agreement for an additional one (1) year term, extending the duration of the Agreement to September 23, 2022.
3. County and Contractor, agree that all other terms, conditions and pricing of the Agreement are hereby ratified and confirmed and shall continue in full force and effect except as amended herein.

FROM:	Colleen Scott, Management & Budget Director
SUBJECT:	ITB 19-091 Amendment No. 2; Ph 3 Water Sense Label Irrigation Ctrl Install Prog; Eco-Land Design LLC
AGENDA DATE:	**August 10, 2021**

BRIEF OVERVIEW:

On November 5, 2019, Board awarded ITB 19-091 Phase 3 Water Sense Labeled Irrigation Controller Install Program to Eco-Land Design, LLC to provide and install a specific Water Sense Labeled irrigation controller at specific approved residential properties within Citrus County for a period of one (1) year with the option for two (2) one year renewals.

Water Sense Labeled Irrigation Controller Project N958 grant budget, which provides funds for financial incentives to residential customers for the installation of approximately 180 Water Sense labeled irrigation controllers at high water use customer sites.

The Q070 Phase Three Water Sense labeled irrigation controller installation program is a grant funded project through the Southwest Florida Water Management District's Cooperative Funding Initiative and the Withlacoochee Regional Water Supply Authority and is funded in October of each year. FY21/22 grant funding will be available to the County on October 1, 2021.

Staff desires to exercise the first one (1) year option and extend the Agreement to November 4, 2022 and add services to install the Rachio controller at a cost of $500 per installation.

Amendment No. 2 to Agreement

ITB 19-091

Phase Three Water Sense Labeled Irrigation Controller Install Program

THIS AMENDMENT is made and entered into by and between ECO-Land Design, LLC a limited liability company organized and existing under the laws of the State of Florida (hereinafter referred to as "Contractor") and Citrus County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County").

WHEREAS, On November 5, 2019, County and Contractor entered into an Agreement for Services to provide installation services for the Water Sense labeled irrigation controller program for a term of one (1) year with an option to renew for two (2) additional one-year renewal periods; and

WHEREAS, On July 14, 2020, County and Contractor entered into Amendment No. 1 to renew the Agreement for an additional one (1) year period thereby, extending the Agreement to November 4, 2021

WHEREAS, County and Contractor desire to amend the Agreement to exercise the option to renew the Agreement for an additional one-year term, extending the duration of the Agreement to November 4, 2022; and

WHEREAS, County and Contractor desire to amend the Agreement to add services to install the Rachio controller at a cost of $500 per installation.

NOW THEREFORE, in consideration of the original Agreement and the foregoing recitals, County and the Contractor agree as follows:

1. The above Recitals are true and correct and are hereby incorporated into this paragraph.
2. County and Contractor hereby renew the Agreement for an additional one (1) year term, extending the duration of the Agreement to November 4, 2022, as set forth in the Agreement.
3. County and Contractor hereby add services to install the Rachio controller at a cost of $500 per installation.
4. County and Contractor, agree that all other terms, conditions and pricing of the Agreement are hereby ratified and confirmed and shall continue in full force and effect except as amended herein.

AGENDA MEMORANDUM

FROM:	Colleen Scott, Management & Budget Director
SUBJECT:	PB 21-078 Osceola Co AR-21-12226-HL Sign Material Reflective sheeting; 3M Company
AGENDA DATE:	**August 10, 2021**

BRIEF OVERVIEW:

March 17, 2021, Osceola County approved AR-21-12226-HL Sign Material and Reflective Sheeting Agreement with 3M Company effective through March 24, 2024 and may be renewed for one (1) additional two (2) year period. Osceola County awarded two Vendors, 3M Company and Florida Transcor.

After Staff reviewed the bid solicitation and Agreement finding that the price and terms meet the needs of the County, it was decided to recommend award to 3M Company. 3M Company has requested to include additional terms and conditions to our Agreement and Osceola's Agreement. Specifically, 3M limited its delivery obligations under the contract and refused to agree to County's standard insurance and indemnification requirements. After reviewing 3M Company and Florida Transcor pricing it was determined that 3M is the lowest price and staff has decided to accept the additional terms.

Staff desire to award PB 21-078 Osceola Co Sign Material Reflective Sheeting to 3M Company to provide sign materials and reflective sheeting.

8.0 Commodity Provided by Vendor: The Commodity to be provided by Vendor is described as noted in Exhibit "A". All purchases made by County shall be on an as-needed basis and County does not guarantee any volume of Commodity purchased during the term of this Agreement.

9.0 Payment of Payment Requests:

9.1 Payment Request: Requests for payment of the Commodities provided under the Agreement shall be submitted after shipment of such Commodities to County. No payment requests will be accepted by County for Commodities that are on back order. At a minimum, the payment requests shall include the Purchase Order Number, a description of the Commodity and the amount of the payment request. All requests for payment shall be submitted in sufficient detail to demonstrate compliance with the terms of the Agreement and to allow for the proper pre-audit and post-audit thereof. County reserves the right to require any information from Vendor that County deems necessary to substantiate claims for remuneration. Upon receipt of Vendor's payment request, County will review such to ensure that it is in proper order, and that the Commodities covered under the payment request have been completed in accordance with this Agreement. If it is found that the payment request is not in proper order, or the Commodity covered under the payment request has not been received or does not satisfy this Agreement, the payment request may be rejected.

9.2 Prompt Payment: County shall make payment of a payment request in accordance with Chapter 218, Part VII of the Florida Statutes "Local Government Prompt Payment Act" from the date which a payment request in proper order is recorded as received by County, for Services completed to the satisfaction of County.

9.3 Form of Request: If the payment request is not received in proper order, County may reject the payment request within ten (10) business days after the date on which the payment request is recorded as received by County. County shall provide Vendor with a written notification of the rejection specifying the deficiency and corrective measures necessary to make the payment request proper. Upon receipt of a payment request that corrects the deficiency, County shall make payment in accordance with Chapter 218, Part VII of the Florida Statutes "Local Government Prompt Payment Act".

9.4 Resolution of Payment Request Disputes: In the event of a dispute between Vendor and County concerning the full or partial payment of a payment request, such disagreement shall be finally determined by County. If the dispute between Vendor and County involves a portion of a payment request, the undisputed portion shall be paid by County in a timely manner, as long as the payment request for the undisputed portion is in proper order. Proceedings to resolve the dispute will be commenced within forty-five (45) business days after the date the payment request in dispute was recorded as being received by County and will be concluded by final decision of County within sixty (60) business days after the date on which the payment request was recorded as being received by County. Such procedures do not constitute an administrative proceeding that prohibits a court from deciding de novo any action arising out of the dispute.

9.5 Purchase Order: A purchase order will be issued to Vendor for each individual purchase of Commodities covered under this Agreement. Except under an "emergency request", Vendor shall not provide any Commodity to County until Vendor has received a purchase order from County. Vendor shall be permitted to accept an order to provide commodities under an emergency purchase without a purchase order; however such request from County must be transmitted to the Vendor via facsimile or e-mail. The written transmission order must be submitted with any payment request submitted by the Vendor for such emergency requests.

9.6 ACH Enrollment: All Vendors will be required to complete an "Authorization Agreement for ACH Credits Enrollment Form". Payments will be deposited directly into Vendor's bank account. This means there is no need to wait for the check to come in the mail, and eliminates the possibility of a lost check. The Clerk's Accounts Payable Department will provide confirmation via email when payments are transmitted, ensuring immediate notification.

10.0 Transportation and Delivery: Transportation of the Commodities shall be FOB Destination Point, which is detailed in the Purchase Order. Vendor, within five (5) days after receiving a purchase order, shall notify County of any potential delivery delays. Evidence of inability or intentional delays shall be cause for cancellation of the Agreement and Vendor suspension.

Attachment: PB 21-078 AGENDA (17172 : PB 21-078 Osceola Co AR-21-12226-HL Sign Material Reflective sheeting; 3M Company)

11.0 Warranties: The manufacturer's warranty shall apply to all commodities provided under the Agreement against defects in materials and workmanship for a minimum period of one (1) year from County's acceptance of the commodities. Should any defects appear during the warranty period, Vendor shall assist County with filing a warranty claim with the manufacturer immediately upon receipt of written notice from County, at no additional expense to County.

12.0 Public Records: Vendor will keep and maintain public records required by the County to obtain the commodity. Upon request from the County's custodian of public records, Vendor will provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time and at a cost that does not exceed the cost provided in Chapter 119, Florida Statues, or as otherwise provided by law. Vendor will ensure that the public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the term of the Agreement and following completion of the Agreement if Vendor does not transfer the records to the County. Upon completion of the Agreement, Vendor will transfer, at no cost, to the County all public records in possession of the Vendor or keep and maintain public records required by County to obtain the commodity. If Vendor transfers all public records to County upon completion of the Agreement, Vendor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If Vendor keeps and maintains public records upon completion of the Agreement, Vendor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's custodian of public records, in a format that is compatible with the information technology system of the County. If Vendor does not comply with the County's request for public records, the County shall enforce the provisions of the Agreement in accordance with the terms of the Agreement and may cancel the Agreement.

IF VENDOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO VENDOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT NANCY COLOGNA, CUSTODIAN OF PUBLIC RECORDS, AT 3600 W. SOVEREIGN PATH, LECANTO, FL 34461; EMAIL: NANCY.COLOGNA@CITRUSBOCC.COM; PHONE: (352)527-5235

13.0 Insurance: During the term of the Agreement, Vendor, at its sole expense, shall provide insurance of such a type and with such terms and limits as noted in the governing Osceola County Bid AR-21-12226-HL. Providing and maintaining adequate insurance coverage is a material obligation of Vendor. Vendor shall provide County a certificate(s) of insurance, evidencing such coverage.

Other Insurance Provisions:

13.1 Vendor shall provide a Certificate of Insurance to County with a thirty (30) day notice of cancellation or changes in policy language, ten (10) day notice if cancellation is for nonpayment of premium. The certificate shall indicate if coverage is provided under a "claims-made" or "occurrence" form. If any coverage is provided under a claims-made form, the certificate will show a retroactive date, which should be the same date of the contract (original if contract is renewed) or prior.

13.2 Vendor has sole responsibility for all insurance premiums and shall be fully and solely responsible for any costs or expenses as a result of a coverage deductible, co-insurance penalty, or self-insured retention; including any loss not covered because of the operation of such deductible, co-insurance penalty, self-insured retention, or coverage exclusion or limitation. For deductible or self-insured amounts that exceed $10,000, Vendor shall maintain a Commercial Surety Bond or Letter of Credit in an amount equal to said deductible or self-insured retention.

13.3 All required insurance policies must be maintained until Vendor's work under this Agreement has been accepted by County.

13.4 Citrus County, Florida, a political subdivision of the State of Florida, its officials, employees and volunteers are to be covered as an Additional Insured on all policies except Workers Compensation.

Attachment: PB 21-078 AGENDA (17172 : PB 21-078 Osceola Co AR-21-12226-HL Sign Material Reflective sheeting; 3M Company)

The coverage shall contain no special limitation on the scope of protection afforded to the County, its officials, employees or volunteers.

13.5 The Vendor's insurance coverage shall be primary insurance as respects the County, its officials, employees and volunteers. Any insurance or self-insurance maintained by the County, its officials, employees or volunteers shall be excess of Vendor's insurance and shall be non-contributory.

13.6 For all policies of insurance: Vendor and its insurance carrier waive all subrogation rights against County for all losses or damages that occur during the term of the Agreement and for any events occurring during the Agreement period, whether the suit is brought during the Agreement period or not. The County requires General Liability policies to be endorsed with CG 24 04 Waiver of Transfer of Rights of Recovery Against Others to Us or similar endorsement, and a WC 00 0313 Waiver of our Right to Recover from Others for Workers Compensation coverage.

13.7 The Certificate Holder should read as follows: Citrus County, Florida, a political subdivision of the State of Florida, 3600 W. Sovereign Path, Lecanto, FL 34461.

13.8 It is the Vendor's responsibility to insure that all sub-vendors comply with these insurance requirements. Vendors shall include all sub-vendors as insured under its policies or shall furnish separate certificates and endorsements for each sub-vendor. All coverages for sub-vendors shall be subject to all of the requirements stated herein.

13.9 With the exception of workers compensation policies, all required insurance policies must be written by a carrier having a minimum rating of A- by A.M. Best or similar rating company. All workers compensation policies must be written by carriers admitted in the State of Florida, and who participate in the Florida Insurance Guarantee Fund.

13.10 All Certificates must show that Vendor's policies have been endorsed per the requirements.

13.11 Once ALL Agreement paperwork is completed and received by County, an email will be sent to Vendor requesting online registration with myCOI. It is critical that County is provided with an accurate email address. The cost to register is $19.95 per year and a credit/debit card will be needed. Part of the registration process includes providing contact information for Vendor's insurance agent(s), which will be needed at the time of registration. Once registered, an email will be sent to the insurance agent(s) requesting them to upload a current Certificate of Insurance (COI) directly into the myCOI website. Certificates of Insurance cannot be mailed, emailed or faxed to County. Vendor will not be allowed to begin work and no payments will be made until registration is completed and a compliant Certificate of Insurance is received from Vendor's agent(s). This is a yearly requirement for the duration of the Agreement.

14.0 Indemnification: Vendor shall indemnify, save and hold harmless County and all its officers, agents or employees from and against any and all causes of action, demands, claims, losses, liabilities and expenditures of any nature whatsoever, including defense costs and fees, caused by intentional or negligent acts of, or omissions of, Vendor, its sub-vendors, agents or employees or accruing, resulting from, or related to the subject matter of this Agreement including, without limitation, any and all claims, losses, liabilities, expenditures, demands or causes of action of any nature whatsoever resulting from injuries or damages sustained by any person or property. Neither Vendor nor any of its agents will be liable under this section for damages arising out of injury or damage to persons or property directly caused or resulting from the sole negligence of County or any of its officers, agents or employees. In the event any lawsuit or other proceeding is brought against County by reason of any such claim, cause of action or demand, Vendor shall, upon written notice from County, resist and defend such lawsuit or proceeding by counsel satisfactory to County or, at County's option, pay for an attorney selected by County to defend County. This indemnification includes attorney's fees and all costs of litigation including appellate attorney's fees and costs as well as any judgments. The parties agree that this clause shall not waive the benefits or provisions of Section 768.28, Florida Statutes, or any similar provision of law. The provisions and obligations of this section shall survive the expiration or earlier termination of this Agreement. To the extent considered necessary by County, any sums due Vendor under this Agreement may be retained by County until all of the County's claims for indemnification pursuant to this Agreement have been settled or otherwise resolved; and any amount withheld shall not be subject to payment of interest by County.

15.0 Governing Law and Venue: The Agreement shall be governed in accordance with the laws of the State of Florida. In the event of litigation with respect to the obligation of the parties to the Agreement, the jurisdiction and venue of such action shall be an appropriate State Court in Citrus County, Florida.

16.0 Authority: Each person signing the Agreement warrants that he or she is duly authorized to do so and to bind the respective party to the Agreement.

Item	Document Description	Section Description	Page Number	3M's Explanations/Exceptions/Qualifications
1	Purchase Agreement	10.0 Transportation and Delivery	2 of 6	While 3M will endeavor to immediately notify the County of any potential delivery delays after purchase order receipt, it may not always be possible and 3M respectfully requests that five (5) days be changed to "Vendor, when known and able to notify after receiving a purchase order,...".
2	Purchase Agreement	13.0 Insurance, 13.1	3 of 6	Due to the volume of contracts, we are unable to provide notice in the event of cancellation, non-renewal or material change. However, should any applicable policies be cancelled before the expiration date thereof, notice will be delivered in accordance with the policy revisions.
3	Purchase Agreement	13.0 Insurance, 13.4	3 of 6	Since 3M is only selling product, we do not provide additional insured coverage. Please note that such status was not granted to Osceola County who is the primary contract holder; since Citrus County is purchasing product from Osceola County's contract, 3M will not be granting additional insured status.
4	Purchase Agreement	13.0 Insurance, 13.6	4 of 6	3M will only be supplying product and not performing maintenance and services. Therefore, 3M does not typically provide under these circumstances waiver of subrogation.
5	Purchase Agreement	14.0 Indemnification	4 of 6	3M respectfully takes exception to line item 5 "without limitation" language, and requests that this be deleted and replaced with language that calls out maximum liability cap being the value of the amounts the County paid to-date under the Purchase Agreement. Additionally, 3M requests that lines 9-14 be deleted, "In the event any lawsuit or other proceeding is brought against County by reason of any such claim, cause of action or demand, Vendor shall, upon written notice from County, resist and defend such lawsuit or proceeding by counsel satisfactory to County or, at County's option, pay for an attorney selected by County to defend County. This indemnification includes attorney's fees and all costs of litigation including appellate attorney's fees and costs as well as any judgments."

PUBLIC ENTITY CRIMES STATEMENT

SWORN STATEMENT UNDER SECTION 287.133(3) (a), FLORIDA STATUTES: THIS FORM MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICER AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted with Bid, Proposal, ITN, or Contract Number **AR-21-12226-HL, for Sign Materials – Reflective Sheeting**.

2. This sworn statement is submitted by 3M Company whose business address is
[Name of entity submitting sworn statement]
3M Center, General Offices and (if applicable) its Federal Employer Identification Number (FEIN) is 41-0417775 (If the entity has no FEIN, include the Social Security Number of the individual signing this sworn statement: _____.

3. My name is Maria Paraschou and my relationship to the above is
[Please print name of individual signing]
Employee (Transportation Safety Division, Proposal and Contract Manager).

4. I understand that a "public entity crime" as defined in section 287.133(l)(g), Florida Statutes, means a violation of any state or federal *law by* a person with respect to and directly related to the transaction of business with any public entity in Florida or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

5. I understand that "convicted" or "conviction" as defined in section 287.133(l) (b), Florida Statutes, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non jury trial, or entry of a plea of guilty or nolo contenders.

6. I understand that "affiliate" as defined in section 287.133(l) (a), Florida Statutes, means:
   a. A predecessor or successor of a person convicted of a public entity crime; or
   b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

7. I understand that a "person" as defined in section 287.133(l) (e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

8. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. **[Please indicate which statement applies].**

X Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who is active in the management of the entity, nor any affiliate of the entity have been convicted of a public entity crime subsequent to July 1, 1989. To the best of our knowledge, due to the size of our business operations, and our tracking pro s, our response is limited to 3M Company, its officers and directors within the last five years.

____ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, AND **[Please indicate which additional statement applies].**

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

(Rev. December 2014)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Give Form to the requester. Do not send to the IRS.

Print or type
See Specific Instructions on page 2.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.
3M Company

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification; check only one of the following seven boxes:
☐ Individual/sole proprietor or single-member LLC ☒ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate
☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=partnership) ▶
Note. For a single-member LLC that is disregarded, do not check LLC; check the appropriate box in the line above for the tax classification of the single-member owner.
☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):
Exempt payee code (if any)
Exemption from FATCA reporting code (if any)
(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.)
3M Center, Building 225-4N-14

Requester's name and address (optional)

6 City, state, and ZIP code
St. Paul, MN 55144-1000

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the instructions for line 1 and the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 3.

- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding? on page 2.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting?* on page 2 for further information.

Item	Document Description	Section Description	Page Number(s)	3M's Explanations/Exceptions/Qualifications
1	Section B. General Provisions	Item B10(a). Applicable Licensing: Local Business Tax Receipt (formerly Occupational Licenses)	5 of 38	Upon award, 3M Company will obtain the required "Local Business Tax Receipt". 3M presently holds an active Business License with the State of Florida – License #810402.
2	Section B. General Provisions	Item B12. Relationship of the Parties	5 of 38	3M will indemnity, defend, hold, and save harmless the County, its officers, agents, and employees, from damages arising from 3M's negligent performance or failure to perform, in the performance of this agreement.
	Section B. General Provisions	Item B13. Indemnification (a)	5 of 38	3M agrees to indemnify and hold harmless the County, its officers and agents from third party claims, damages, losses or causes of action directly caused by the negligent or willful acts or omissions of work of 3M or its employees, in the performance of this agreement.
	Section C. Special Provisions	Item C24. Most Favored Customer	9-10 of 38	The pricing offered by 3M in this contract is based on the contract's other terms (such as length and number of products), competition for and size of the sales opportunity, and many other market factors. During this contract's term, this contract's pricing will be competitive based on these factors. Because local governments generally impose significantly different contract terms and such terms and conditions are not comparable to each other or to 3M's commercial terms, 3M cannot guarantee the lowest pricing in all instances.
	Section C. Special Provisions	Item C25. Price Reduction Clause	10 of 38	The pricing offered by 3M in this contract is based on the contract's other terms (such as length and number of products), competition for and size of the sales opportunity, and many other market factors. During this contract's term, this contract's pricing will be competitive based on these factors. Because local governments generally impose significantly different contract terms and such terms and conditions are not comparable to each other or to 3M's commercial terms, 3M cannot guarantee the lowest pricing in all instances.
	Section F. Bid Price Schedule	Bid Price Schedule	16-20 of 38	To clarify 3M's group totals, the group totals do not include the square foot price for "custom sizes (standard other than listed)". Additionally, the Total Bid Price Group 1-11 does not include the above mentioned square foot price for custom sizes.
	Section F. Bid Price Schedule	Bid Schedule, Group 7b	18 of 38	To clarify, 3M provides the requested 8519 Luster Overlaminate in a 48.5" width rather than the noted the 48". Pricing for this item is based on the 48.5"x50yd size.

Item	Document Description	Section Description	Page Number(s)	3M's Explanations/Exceptions/Qualifications
	Attachment F. Experience of Bidder	Item 3. "Value of work now under contract"	30 of 38	3M Company is a global, publicly traded, Fortune 500 company with approximately $32.1B in sales in 2019, and approximately 96,000 employees worldwide.
	Attachment F. Experience of Bidder	Item 3. "Pending Judgement claims or suits against firm:"	30 of 38	In the last five years, 3M Company and some of its subsidiaries are involved in numerous claims and lawsuits, principally in the United States, and regulatory proceedings worldwide. These claims, lawsuits and proceedings include, but are not limited to, products liability (involving products that the Company now or formerly manufactured and sold), intellectual property, commercial, antitrust, federal False Claims Act, securities, and state and federal environmental laws. Unless otherwise stated, the Company is vigorously defending all such litigation and proceedings. Information on these matters can be found in the Annual Reports under Legal Proceedings at: https://investors.3m.com/financials/annual-reports-and-proxy-statements/default.aspx
	Attachment F. Experience of Bidder	Item 4. Safety	31 of 38	3M Company limits the Safety Section of the Experience of Bidder Form to the below listed 3M Manufacturing Sites. To the best of 3M's knowledge, there have been no job related fatalities within the last five years and no OSHA fines in the last three years. In the event that any changes occur with regards to Safety Section of the Contract Document (OHSA Fines and fatalities) at the identified sites, 3M will notify the County within 30-days. {Brownwood, Texas, Nevada, Missouri, Guin, Alabama}
	Attachment F. Experience of Bidder	Item 5. Total Bonding Capacity & Value of Work Presently Bonded	31 of 38	3M has significant bonding capacity but does not track the total amount of work that is currently bonded. As a publicly traded company with a market cap of approximately $101.32B (02/2021), 3M has the financial capacity to support the performance of its businesses.

RE: **Request to Piggyback Seminole County (IFB-603974)**

Citrus County Water Resources, Utilities Division (CCUD) is requesting to piggyback the Contract Agreement between Hydromax USA LLC and Seminole County for hydrant and valve maintenance, repair, and flushing services. Contract IFB-603974-CAR was put into effect on 12/14/2020 and is valid for three years with two one-year mutual agreement renewal options. This contract will ensure Citrus County will maintain the maintenance and exercising of valve and hydrants Pursuant to Florida DEP Rules 62.555 and 62-555.350, regarding the maintenance of Hydrants and valves. This agreement is competitively priced, and we believe that Hydromax's history and experience in this field will serve both Citrus County Utilities and our customer base very well.

Thank you in advanced for your assistants and consideration of this request.

Attachment: PB 21-106 AGENDA 8-10-21 (15119 : PB 21-106 Seminole County IFB 603974-20/CAR; Hydrant & Valve Maintenance; Hydromax

8.0 Insurance: During the term of the Agreement, Contractor, at its sole expense, shall provide insurance of such a type and with such terms and limits as noted below. Providing and maintaining adequate insurance coverage is a material obligation of Contractor. Contractor shall provide County a certificate(s) of insurance, evidencing such coverage.

8.1 Minimum Insurance Requirements: Contractor shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the contractor, his agents, representatives, employees or subcontractors. The coverage's, limits or endorsements required herein protect the primary interests of County, and these coverage's, limits or endorsements shall in no way be required to be relied upon when assessing the extent or determining appropriate types and limits of coverage to protect Contractor against any loss exposures, whether as a result of the Project or otherwise. The requirements contained herein, as well as County's review or acknowledgement, is not intended to and shall not in any manner limit or qualify the liabilities and obligations assumed by Contractor under a contract.

8.2 Commercial General Liability: Contractor must obtain a general liability policy with minimum limits of $1,000,000 per occurrence and a $2,000,000 general aggregate.

8.3 Automobile Liability: Contractor must obtain coverage for all vehicles for Bodily Injury and Property Damage of not less than $1,000,000 combined single limit each accident. In the event the Contractor does not own vehicles, the Contractor shall maintain coverage for Hired & Non-Owned Auto Liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy.

8.4 Workers Compensation and Employer's Liability:

8.4.1 Contractor must obtain Workers Compensation insurance with limits in compliance with applicable state and federal laws; if any operations are to be undertaken on or about navigable waters, coverage must be included for the US Longshoremen & Harbor Workers Act. Employer's Liability limits for not less than $100,000 each accident, $500,000 disease policy limit and $100,000 disease each employee must be included.

8.4.2 For any officer of a Contractor that has exempt status as an individual, the County requires proof of workers compensation insurance coverage for that contractor/employer/owner's employees. If the contractor/employer/owner or individual has applied for a workers compensation exemption, the County does not recognize this exemption to extend to the employees of the contractor/employer/owner.

8.4.3 The purpose of this section is to ensure that all contractors, subcontractors, sole proprietors, or business entities of any kind who contract with the County for provision of goods or services, provide workers compensation coverage for all employees, and principles of subcontractors, subcontractors, sole proprietors, or other business entities. All provisions of this Section shall be construed in accord with this intent.

8.5 Professional Liability and/or Errors and Omissions Liability: Professional (E&O) Liability must be afforded for personal injury and Property Damage for not less than $1,000,000 each claim, $1,000,000 policy aggregate.

8.6 Other Insurance Provisions:

8.6.1 Contractor shall provide a Certificate of Insurance to County with a thirty (30) day notice of cancellation and/or changes in policy language, and ten (10) day notice if cancellation is for nonpayment of premium. The certificate shall indicate if coverage is provided under a "claims made" or "occurrence" form. If any coverage is provided under a claims made form the certificate will show a retroactive date, which should be the same date of the contract (original if contract is renewed) or prior.

Attachment: PB 21-106 AGENDA 8-10-21 (15119 : PB 21-106 Seminole County IFB 603974-20/CAR; Hydrant & Valve Maintenance; Hydromax

8.6.2 Contractor has sole responsibility for all insurance premiums and shall be fully and solely responsible for any costs or expenses as a result of a coverage deductible, co-insurance penalty, or self-insured retention; including any loss not covered because of the operation of such deductible, co-insurance penalty, self-insured retention, or coverage exclusion or limitation. For deductible or self-insured amounts that exceed $10,000, Contractor shall maintain a Commercial Surety Bond or Letter of Credit in an amount equal to said deductible or self-insured retention.

8.6.3 All required insurance policies must be maintained until the contract work has been accepted by County.

8.6.4 Citrus County, Florida, a political subdivision of the State of Florida, its officials, employees and volunteers are to be covered as an Additional Named Insured on all policies except Worker's Compensation. The coverage shall contain no special limitation on the scope of protection afforded to the County, its officials, employees or volunteers.

8.6.5 Contractor's insurance coverage shall be primary insurance as respects County, its officials, employees and volunteers. Any insurance or self-insurance maintained by County, its officials, employees or volunteers shall be excess of Contractor's insurance and shall be non-contributory.

8.6.6 For all policies of insurance: Contractor and its insurance carrier waive all subrogation rights against County for all losses or damages that occur during the contract and for any events occurring during the contract period, whether the suit is brought during the contract period or not. The County requires General Liability policies to be endorsed with CG 24 04 Waiver of Transfer of Rights of Recovery Against Others to Us or similar endorsement, and a WC 00 0313 Waiver of Our Right to Recover from Others for Workers Compensation coverage.

8.6.7 The Certificate Holder should read as follows: Citrus County, Florida, political subdivision of the State of Florida, 3600 W. Sovereign Path, Lecanto, FL 34461.

8.6.8 It is Contractor's responsibility to insure that all subcontractors comply with these insurance requirements. Contractor shall include all subcontractors as insured under its policies or shall furnish separate certificates and endorsements for each sub-contractor. All coverages for subcontractors shall be subject to all of the requirements stated herein.

8.6.9 With the exception of workers compensation policies, all required insurance policies must be written by a carrier having a minimum rating of A- by A.M. Best or similar rating company. All workers compensation policies must be written by carriers admitted in the State of Florida, and who participate in the Florida Insurance Guarantee Fund.

8.6.10 All Certificates must show that the Contractor's policies have been endorsed per the requirements.

8.6.11 Once ALL paperwork is completed and received by the County, an email will be sent to Contractor requesting online registration with myCOI. It is critical that the County is provided with an accurate email address. The cost to register is $19.95 per year and a credit/debit card will be needed. Part of the registration process includes providing contact information for Contractor's insurance agent(s), which will be needed at the time of registration. Once registered, an email will be sent to the insurance agent(s) requesting them to upload a current Certificate of Insurance (COI) directly into the myCOI website. Certificates of Insurance cannot be mailed, emailed or faxed to County. Contractor will not be allowed to begin work and no payments will be made until registration is completed and a compliant Certificate of Insurance is received from Contractor's agent(s). This is a yearly requirement for the duration of the Agreement.

9.0 Indemnification: Contractor shall indemnify, save and hold harmless the County and all its officers, agents or employees from all causes of action, claims, demands, losses, liabilities and expenditures of any nature whatsoever, including defense costs and fees, caused by intentional or negligent acts of, or omissions of Contractor, its subcontractors, agents or employees or accruing, resulting from, or related to the subject matter of this Agreement including without limitation, any and all claims, losses, liabilities, expenditures, demands or causes of action of any nature whatsoever resulting from injuries or damages sustained by any person or property. Neither Contractor, nor any of its agents will be liable under this section for damages arising out of injury or damage to persons or property directly caused or resulting from the sole negligence of the County or any of its officers, agents or employees. In the event any lawsuit or other proceeding is brought

Attachment: PB 21-106 AGENDA 8-10-21 (15119 : PB 21-106 Seminole County IFB 603974-20/CAR; Hydrant & Valve Maintenance; Hydromax

against County by reason of any such claim, cause of action or demand, Contractor shall, upon written notice from County, resist and defend such lawsuit or proceeding by counsel satisfactory to County or, at County's option, pay for an attorney selected by County to defend County. This indemnification includes attorney's fees and all costs of litigation including appellate attorney's fees and costs as well as any judgments. The parties agree that this clause shall not waive the benefits or provisions of section 768.28, Florida Statutes, or any similar provision of law. The provisions and obligations of this section shall survive the expiration or earlier termination of this Agreement. To the extent considered necessary by the County, any sums due Contractor under this Agreement may be retained by County until all of the County's claims for indemnification pursuant to this Agreement have been settled or otherwise resolved; and any amount withheld shall not be subject to payment of interest by County.

10.0 Public Records: Contractor will keep and maintain public records required by the County to perform the service. Upon request from the County's custodian of public records, Contractor will provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time and at a cost that does not exceed the cost provided in Chapter 119, Florida Statues, or as otherwise provided by law. Contractor will ensure that the public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the term of the Agreement and following completion of the Agreement if Contractor does not transfer the records to the County. Upon completion of the Agreement, Contractor will transfer, at no cost, to the County all public records in possession of the Contractor or keep and maintain public records required by County to perform the service. If Contractor transfers all public records to County upon completion of the Agreement, Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If Contractor keeps and maintains public records upon completion of the Agreement, Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's custodian of public records, in a format that is compatible with the information technology system of the County. If Contractor does not comply with the County's request for public records, the County shall enforce the provisions of the Agreement in accordance with the terms of the Agreement and may cancel the Agreement.

IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT NANCY COLOGNA, CUSTODIAN OF PUBLIC RECORDS, AT 3600 W. SOVEREIGN PATH, LECANTO, FL 34461; EMAIL: NANCY.COLOGNA@CITRUSBOCC.COM; PHONE: (352)527-5235.

11.0 Governing Law and Venue: The Agreement shall be governed in accordance with the laws of the State of Florida. In the event of litigation with respect to the obligation of the parties to the Agreement, the jurisdiction and venue of such action shall be an appropriate State Court in Citrus County, Florida.

WHEREAS, COUNTY has requested and received expressions of interest for the retention of services of contractors; and

WHEREAS, CONTRACTOR is competent and qualified to provide materials and services to COUNTY and desires to provide materials and services according to the terms and conditions stated in this Agreement,

NOW, THEREFORE, in consideration of the mutual understandings and covenants set forth in this Agreement, COUNTY and CONTRACTOR agree as follows:

Section 1. Materials and Services. COUNTY hereby retains CONTRACTOR to provide materials and services as further described in the Scope of Services attached as Exhibit A and made a part of this Agreement. CONTRACTOR is also bound by all requirements as contained in the solicitation package, all addenda to this package, and CONTRACTOR's submission in response to

BY Chanti Cole DEPUTY CLERK

this solicitation. Required materials and services will be specifically enumerated, described, and depicted in the Purchase Orders authorizing purchase of specific materials and services. This Agreement standing alone does not authorize the purchase of materials and services or require COUNTY to place any orders for work.

Section 2. Term. This Agreement takes effect on the date of its execution by COUNTY and continues for a period of three (3) years. At the sole option of COUNTY, this Agreement may be renewed for two (2) successive periods not to exceed one (1) year each. Expiration of the term of this Agreement will have no effect upon Purchase Orders issued pursuant to this Agreement and prior to the expiration date. Obligations entered by both parties under such Purchase Orders will remain in effect until delivery and acceptance of the materials authorized by the respective Purchase Order. The first three (3) months of the initial term are considered probationary. During the probationary period, COUNTY may immediately terminate this Agreement at any time, with or without cause, upon written notice to CONTRACTOR.

Section 3. Authorization for Materials and Services. Authorization for provision of materials and services by CONTRACTOR under this Agreement must be in the form of written Purchase Orders issued and executed by COUNTY. A sample Purchase Order is attached as Exhibit B. Each Purchase Order will describe the materials and services required, state the dates for delivery of materials and services, and establish the amount and method of payment. The Purchase Orders must be issued under and incorporate the terms of this Agreement. COUNTY makes no covenant or promise as to the number of available Purchase Orders or that CONTRACTOR will perform any Purchase Order for COUNTY during the life of this Agreement. COUNTY reserves the right to contract with other parties for the services contemplated by this Agreement when it is determined by COUNTY to be in the best interest of COUNTY to do so.

Section 4. Time for Completion. The materials and services to be provided by CONTRACTOR will be delivered, as specified in such Purchase Orders as may be issued under this Agreement, within the time specified in the Purchase Order.

Section 5. Compensation. COUNTY shall compensate CONTRACTOR for the materials and services provided for under this Agreement on a Fixed Fee basis at the rates as outlined in Exhibit C. When a Purchase Order is issued on a Fixed Fee basis, then the applicable Purchase Order Fixed Fee amount will include any and all reimbursable expenses and will be based on the unit pricing attached to this Agreement, or as reduced in the quoting process leading to specific Purchase Orders.

Section 6. Payment and Billing.

(a) CONTRACTOR shall supply all materials and services required by the Purchase Order, but in no event will CONTRACTOR be paid more than the negotiated Fixed Fee amount stated within each Purchase Order.

(b) For Purchase Orders issued on a Fixed Fee basis, CONTRACTOR may invoice the amount due based on the percentage of total Purchase Order materials and services actually provided, but in no event may the invoice amount exceed a percentage of the Fixed Fee amount equal to a percentage of the total services actually completed.

(c) COUNTY shall make payments to CONTRACTOR when requested as materials and services are provided, but not more than once monthly. Each Purchase Order must be invoiced separately. At the close of each calendar month, CONTRACTOR shall render to COUNTY an itemized invoice, properly dated, describing any materials and services provided, the cost of the materials and services provided, the name and address of CONTRACTOR, Purchase Order Number, Contract Number, and any other information required by this Agreement.

(d) The original invoice must be sent to:

Sanford, FL 32772-8080

A copy of the invoice must be sent to:

Seminole County Environmental Services Utilities Operations Division
3300 Dike Road
Winter Park, FL 32792

(e) Upon review and approval of CONTRACTOR's invoice, COUNTY shall pay CONTRACTOR the approved amount in accordance with the terms as set forth in Chapter 218, Part VII, Florida Statutes.

Section 7. General Terms of Payment and Billing.

(a) Upon satisfactory delivery of materials and services required under this Agreement and upon acceptance of the materials and services by COUNTY, CONTRACTOR may invoice COUNTY for the full amount of compensation provided for under the terms of this Agreement less any amount already paid by COUNTY. Upon review and approval of CONTRACTOR's invoice, COUNTY will, in accordance with the terms as set forth in Chapter 218, Part VII, Florida Statutes, pay CONTRACTOR the approved amount.

(b) COUNTY may perform or have performed an audit of the records of CONTRACTOR at any time during the term of this Agreement and after final payment to support final payment under this Agreement. Audits may be performed at a time mutually agreeable to CONTRACTOR and COUNTY. Total compensation to CONTRACTOR may be determined subsequent to an audit as provided for in this Section and the total compensation so determined will be used to calculate final payment to CONTRACTOR. Performance of this audit will not delay final payment as provided by subsection (a) of this Section.

(c) CONTRACTOR shall maintain all books, documents, papers, accounting records, and other evidence pertaining to materials and services provided under this Agreement in such a manner as will readily conform to the terms of this Agreement. CONTRACTOR shall make such materials available at CONTRACTOR's office at all reasonable times during the term of this Agreement and for five (5) years from the date of final payment under the contract for audit or inspection as provided for in subsection (b) of this Section.

(d) In the event any audit or inspection conducted after final payment but within the period provided in paragraph (c) of this Section reveals any overpayment by COUNTY under the terms of the Agreement, CONTRACTOR shall refund such overpayment to COUNTY within thirty (30) days of notice by COUNTY.

Section 8. No Waiver by Forbearance. COUNTY's review of, approval and acceptance of, or payment for the materials or services required under this Agreement does not operate as a waiver of any rights under this Agreement, or of any cause of action arising out of the performance of this Agreement. CONTRACTOR is and will always remain liable to COUNTY in accordance with applicable law for any and all damages to COUNTY caused by CONTRACTOR's negligent or wrongful provision of any of the materials or services provided under this Agreement.

Section 9. Termination.

(a) COUNTY may, by written notice to CONTRACTOR, terminate this Agreement or any Purchase Order issued under this Agreement, in whole or in part, at any time, either for COUNTY's convenience or because of the failure of CONTRACTOR to fulfill its obligations under this Agreement. Upon receipt of such notice, CONTRACTOR shall immediately discontinue all services affected, unless the notice directs otherwise, and deliver to COUNTY all data, drawings, specifications, reports, estimates, summaries, and any and all such other

information and materials of whatever type or nature as may have been accumulated by CONTRACTOR in performing this Agreement, whether completed or in process.

(b) If the termination is for the convenience of COUNTY, CONTRACTOR will be paid compensation for services performed to the date of termination.

(c) If the termination is due to the failure of CONTRACTOR to fulfill its obligations under this Agreement, COUNTY may take over the work and carry it to completion by other agreements or otherwise. In such case, CONTRACTOR will be liable to COUNTY for all reasonable additional costs associated with CONTRACTOR's failure to fulfill its obligations under this Agreement.

(d) CONTRACTOR will not be liable for such additional costs if the failure to perform the Agreement arises without any fault or negligence of CONTRACTOR, but CONTRACTOR will be responsible and liable for the actions by its subcontractors, agents, employees, persons, and entities of a similar type or nature. Matters beyond the fault or negligence of CONTRACTOR include acts of God or of the public enemy, acts of COUNTY in its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather, but in every case the failure to perform must be beyond the control and without any fault or negligence of CONTRACTOR.

(e) If after notice of termination for CONTRACTOR's failure to fulfill its obligations under this Agreement it is determined that CONTRACTOR had not so failed, the termination will be conclusively deemed to have been effected for the convenience of COUNTY. In such event, adjustment in the Agreement price will be made as provided in subsection (b) of this Section.

(f) The rights and remedies of COUNTY provided for in this Section are in addition and supplemental to any and all other rights and remedies provided by law or under this Agreement.

Section 10. Conflict with Contract Documents. Wherever the terms of this Agreement conflict with any Purchase Order issued pursuant to it or any other contract documents, including proposals submitted by CONTRACTOR, this Agreement will prevail. For the avoidance of doubt, proposals and any other documents submitted by CONTRACTOR are not incorporated into this Agreement, unless expressly stated otherwise.

Section 11. Equal Opportunity Employment. CONTRACTOR shall not discriminate against any employee or applicant for employment for work under this Agreement because of race, color, religion, sex, age, disability, or national origin. CONTRACTOR shall take steps to ensure that applicants are employed and employees are treated during employment without regard to race, color, religion, sex, age, disability, or national origin. This provision includes, but is not limited to the following: employment, upgrading, demotion or transfer, recruitment advertising, layoff or termination, rates of pay or other forms of compensation and selection for training including apprenticeship.

Section 12. No Contingent Fees. CONTRACTOR warrants that it has not employed or retained any company or person other than a bona fide employee working solely for CONTRACTOR to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for CONTRACTOR, any fee, commission, percentage, gift, or other consideration contingent upon or resulting from award or making of this Agreement. For the breach or violation of this provision, COUNTY will have the right to terminate the Agreement at its sole discretion without liability and to deduct from the Agreement price or otherwise recover the full amount of such fee, commission, percentage, gift, or consideration.

Section 13. Conflict of Interest.

(a) CONTRACTOR shall not engage in any action that would create a conflict of interest in the performance of its obligations pursuant to this Agreement with COUNTY or violate or cause others to violate the provisions of Chapter 112, Part III, Florida Statutes, relating to ethics in government.

(b) CONTRACTOR hereby certifies that no officer, agent, or employee of COUNTY has any material interest (as defined in Section 112.312(15), Florida Statutes, as over 5%), either directly or indirectly, in the business of CONTRACTOR to be conducted under this Agreement and that no such person will have any such interest at any time during the term of this Agreement.

Section 14. Assignment. Neither this Agreement nor any interest in it may be assigned, transferred, or otherwise encumbered under any circumstances by either party without prior written consent of the other party and in such cases only by a document of equal dignity with this Agreement.

Section 15. Subcontractors. CONTRACTOR shall first secure the prior written approval of COUNTY before engaging or contracting for the services of any subcontractors under this Agreement. CONTRACTOR will remain fully responsible to COUNTY for the services of any subcontractors under this Agreement.

Section 16. Indemnification of COUNTY. To the fullest extent permitted by law, CONTRACTOR shall hold harmless, release, and indemnify COUNTY, its commissioners, officers, employees, and agents from any and all claims, losses, damages, costs, attorney fees, and lawsuits for damages arising from, allegedly arising from, or related to CONTRACTOR's provision of materials or services under this Agreement caused by CONTRACTOR's act or omission in the performance of this Agreement.

Section 17. Insurance.

(a) General. CONTRACTOR shall procure and maintain insurance required under this Section at CONTRACTOR's own cost.

(1) CONTRACTOR shall provide COUNTY with a Certificate of Insurance on a current ACORD Form signed by an authorized representative of the insurer evidencing the insurance required by this Section (Professional Liability, Workers' Compensation/Employer's Liability, Commercial General Liability, and Business Auto). **The Certificate must have the Agreement number for this Agreement clearly marked on its face.** COUNTY, its officials, officers, and employees must be named additional insureds under the Commercial General Liability, Umbrella Liability and Business Auto policies. If the policy provides for a blanket additional insured coverage, CONTRACTOR shall provide a copy of the section of the policy along with the Certificate of Insurance. If the coverage does not exist, the policy must be endorsed to include the named additional insureds as described in this subsection. The Certificate of Insurance must provide that COUNTY will be provided, by policy endorsement, not less than thirty (30) days written notice prior to the cancellation or non-renewal, or by a method acceptable to COUNTY. Until such time as the insurance is no longer required to be maintained by CONTRACTOR, CONTRACTOR shall provide COUNTY with a renewal or replacement Certificate of Insurance before expiration or replacement of the insurance for which a previous Certificate of Insurance has been provided.

(2) In addition to providing the Certificate of Insurance on a current ACORD Form, upon request as required by COUNTY, CONTRACTOR shall provide COUNTY with a certified copy of each of the policies of insurance providing the coverage required by this Section within thirty (30) days after receipt of the request. Certified copies of policies may only be provided by the insurer, not the agent or broker.

Attachment: PB 21-106 AGENDA 8-10-21 (15119 : PB 21-106 Seminole County IFB 603974-20/CAR; Hydrant & Valve Maintenance; Hydromax

(3) Neither approval by COUNTY nor failure to disapprove the insurance provided by CONTRACTOR will relieve CONTRACTOR of its full responsibility for performance of any obligation, including its indemnification of COUNTY, under this Agreement.

(b) Insurance Company Requirements. Insurance companies providing the insurance under this Agreement must meet the following requirements:

(1) Companies issuing policies must be authorized to conduct business in the State of Florida and prove such authorization by maintaining Certificates of Authority or Letters of Eligibility issued to the companies by the Florida Office of Insurance Regulation. Alternatively, policies required by this Agreement for Workers' Compensation/Employer's Liability, may be those authorized as a group self-insurer by Section 624.4621, Florida Statutes.

(2) In addition, such companies must have and maintain, at a minimum, a Best's Rating of "A-" and a minimum Financial Size Category of "VII" according to A.M. Best Company.

(3) If, during the period that an insurance company is providing the insurance coverage required by this Agreement, an insurance company (i) loses its Certificate of Authority, or (ii) fails to maintain the requisite Best's Rating and Financial Size Category, the CONTRACTOR shall immediately notify COUNTY as soon as CONTRACTOR has knowledge of any such circumstance and immediately replace the insurance coverage provided by the insurance company with a different insurance company meeting the requirements of this Agreement. Until such time as CONTRACTOR has replaced the unacceptable insurer with an insurer acceptable to COUNTY, CONTRACTOR will be deemed to be in default of this Agreement.

(c) Specifications. Without limiting any of the other obligations or liability of CONTRACTOR, CONTRACTOR shall procure, maintain, and keep in force amounts and types of insurance conforming to the minimum requirements set forth in this subsection, at

Attachment: PB 21-106 AGENDA 8-10-21 (15119 : PB 21-106 Seminole County IFB 603974-20/CAR; Hydrant & Valve Maintenance; Hydromax

CONTRACTOR's sole expense. Except as otherwise specified in this Agreement, the insurance will become effective upon execution of this Agreement by CONTRACTOR and must be maintained in force until the expiration of this Agreement's term or the expiration of all Orders issued under this Agreement, whichever comes last. Failure by CONTRACTOR to maintain this required insurance coverage within the stated period will constitute a material breach of this Agreement, for which COUNTY may immediately terminate this Agreement. The amounts and types of insurance must conform to the following minimum requirements:

(1) Workers' Compensation/Employer's Liability.

(A) CONTRACTOR's insurance must cover it for liability that would be covered by the latest edition of the standard Workers' Compensation policy as filed for use in Florida by the National Council on Compensation Insurance without restrictive endorsements. CONTRACTOR is also responsible for procuring proper proof of coverage from its subcontractors of every tier for liability that is a result of a Workers' Compensation injury to the subcontractor's employees. The minimum required limits to be provided by both CONTRACTOR and its subcontractors are outlined in subsection (C) below. In addition to coverage for the Florida Workers' Compensation Act, where appropriate, coverage must be included for the United States Longshoremen and Harbor Worker's Compensation Act, Federal Employee's Liability Act, and any other applicable Federal or State law.

(B) Subject to the restrictions of coverage found in the standard Workers' Compensation policy, there will be no maximum limit on the amount of coverage for liability imposed by the Florida Workers' Compensation Act, the United States Longshoremen's and Harbor Worker's Compensation Act, or any other coverage customarily insured under Part One of the standard Workers' Compensation policy.

Attachment: PB 21-106 AGENDA 8-10-21 (15119 : PB 21-106 Seminole County IFB 603974-20/CAR; Hydrant & Valve Maintenance; Hydromax

(C) The minimum amount of coverage under Part Two of the standard Workers' Compensation policy is required to be the following:

$500,000.00	(Each Accident)
$500,000.00	(Disease-Policy Limit)
$500,000.00	(Disease-Each Employee)

(2) Commercial General Liability.

(A) CONTRACTOR's insurance must cover it for those sources of liability that would be covered by the latest edition of the standard Commercial General Liability Coverage Form (ISO Form CG 00 01), as filed for use in the State of Florida by the Insurance Services Office. Coverage must not contain any endorsements excluding or limiting Products/Completed Operations, Contractual Liability, or Separation of Insureds.

(B) CONTRACTOR shall maintain these minimum insurance limits:

General Aggregate	Two Times (2x) the Each Occurrence Limit
Personal & Advertising Injury Limit	$1,000,000.00
Each Occurrence Limit	$1,000,000.00
Pollution Liability	$1,000,000.00

(3) Professional Liability Insurance. CONTRACTOR shall carry Professional Liability Insurance with limits of not less than One Million and No/100 Dollars ($1,000,000.00).

(4) Business Auto Policy.

(A) CONTRACTOR's insurance must cover CONTRACTOR for those sources of liability which would be covered by Section II of the latest edition of the standard Business Auto Policy (ISO Form CA 00 01), as filed for use in the State of Florida by the Insurance Services Office. Coverage must include owned, non-owned, and hired autos or any auto used by CONTRACTOR. In the event CONTRACTOR does not own automobiles, CONTRACTOR shall maintain coverage for hired and non-owned auto liability for autos used by CONTRACTOR, which may be satisfied by way of endorsement to the Commercial General

Liability policy or separate Business Auto Liability policy. If the contract involves operations governed by Sections 29 or 30 of the Motor Carrier Act of 1980, endorsement MCS-90 is required.

(B) The minimum limits to be maintained by CONTRACTOR must be per-accident combined single limit for bodily injury liability and property damage liability.

(C) The minimum amount of coverage under the Business Auto Policy is required to be the following:

Combined Single Limit $1,000,000.00

(d) Coverage. The insurance provided by CONTRACTOR pursuant to this Agreement must apply on a primary and non-contributory basis, and any other insurance or self-insurance maintained by COUNTY or COUNTY's officials, officers, or employees must be in excess of and not contributing to the insurance provided by or on behalf of CONTRACTOR.

(e) Occurrence Basis. The Workers' Compensation policy, the Commercial General Liability, and the Umbrella policy required by this Agreement must be provided on an occurrence rather than a claims-made basis. The Professional Liability insurance policy may be on an occurrence basis or claims-made basis. If a claims-made basis, the coverage must respond to all claims reported within three (3) years following the period for which coverage is required and which would have been covered had the coverage been on an occurrence basis.

(f) Obligations. Compliance with the foregoing insurance requirements will not relieve CONTRACTOR, its employees, or its agents of liability from any obligation under this Section or any other Section of this Agreement.

Section 18. Dispute Resolution.

(a) In the event of a dispute related to any performance or payment obligation arising under this Agreement, the parties shall exhaust COUNTY administrative dispute resolution procedures prior to filing a lawsuit or otherwise pursuing legal remedies. COUNTY administrative

dispute resolution procedures for proper invoice and payment disputes are set forth in Section 22.15, "Prompt Payment Procedures", Seminole County Administrative Code. COUNTY administrative dispute resolution procedures for contract claims related to this Agreement, other than for proper invoice and payment disputes, are set forth in Section 3.5540, "Contract Claims", Seminole County Administrative Code.

(b) In any lawsuit or legal proceeding arising under this Agreement, CONTRACTOR hereby waives any claim or defense based on facts or evidentiary materials that were not presented for consideration in COUNTY administrative dispute resolution procedures set forth in subsection (a) above of which CONTRACTOR had knowledge and failed to present during COUNTY administrative dispute resolution procedures.

(c) In the event that COUNTY administrative dispute resolution procedures are exhausted and a lawsuit or legal proceeding is filed, the parties shall exercise best efforts to resolve disputes through voluntary mediation and to select a mutually acceptable mediator. The parties participating in the voluntary mediation shall share the costs of mediation equally.

Section 19. Representatives of COUNTY and CONTRACTOR.

(a) It is recognized that questions in the day to day conduct of performance pursuant to this Agreement may arise. Upon request by CONTRACTOR, COUNTY shall designate and advise CONTRACTOR in writing of one or more of its employees to whom to address all communications pertaining to the day to day conduct of this Agreement. The designated representative will have the authority to transmit instructions, receive information, and interpret and define COUNTY's policy and decisions pertinent to the work covered by this Agreement.

(b) At all times during the normal work week, CONTRACTOR shall designate or appoint one or more representatives who are authorized to act on behalf of CONTRACTOR and bind CONTRACTOR regarding all matters involving the conduct of the performance pursuant to

Attachment: PB 21-106 AGENDA 8-10-21 (15119 : PB 21-106 Seminole County IFB 603974-20/CAR; Hydrant & Valve Maintenance; Hydromax

this Agreement, and who will keep COUNTY continually and effectively advised of such designation.

Section 20. All Prior Agreements Superseded. This Agreement incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained in this Agreement and the parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Agreement that are not contained or referred to in this document. Accordingly, it is agreed that no deviation from the terms of this Agreement may be predicated upon any prior representations or agreements, whether oral or written.

Section 21. Modifications, Amendments, or Alterations. No modification, amendment, or alteration in the terms or conditions contained in this Agreement will be effective unless contained in a written amendment executed with the same formality and of equal dignity with this Agreement.

Section 22. Independent Contractor. Nothing in this Agreement is intended or may be construed as in any manner creating or establishing a relationship of co-partners between the parties, or as constituting CONTRACTOR (including its officers, employees, and agents) as an agent, representative, or employee of COUNTY for any purpose or in any manner whatsoever. CONTRACTOR is and will remain forever an independent contractor with respect to all services performed under this Agreement.

Section 23. Employee Status. Persons employed by CONTRACTOR in the performance of services and functions pursuant to this Agreement have no claim to pension, workers' compensation, unemployment compensation, civil service, or other employee rights or privileges granted to COUNTY's officers and employees, either by operation of law or by COUNTY.

Section 24. Services Not Provided For. No claim for services provided by CONTRACTOR not specifically provided for in this Agreement will be honored by COUNTY.

Section 25. Public Records Law.

(a) CONTRACTOR acknowledges COUNTY's obligations under Article 1, Section 24, Florida Constitution and Chapter 119, Florida Statutes, to release public records to members of the public upon request. CONTRACTOR acknowledges that COUNTY is required to comply with Article 1, Section 24, Florida Constitution and Chapter 119, Florida Statutes, in the handling of the materials created under this Agreement and this statute controls over the terms of this Agreement. Upon COUNTY's request, CONTRACTOR shall provide COUNTY with all requested public records in CONTRACTOR's possession, or shall allow COUNTY to inspect or copy the requested records within a reasonable time and at a cost that does not exceed costs as provided under Chapter 119, Florida Statutes.

(b) CONTRACTOR specifically acknowledges its obligations to comply with Section 119.0701, Florida Statutes, with regard to public records and shall perform the following:

(1) CONTRACTOR shall keep and maintain public records that ordinarily and necessarily would be required by COUNTY in order to perform the services required under this Agreement,

(2) CONTRACTOR shall provide the public with access to public records on the same terms and conditions that COUNTY would provide the records and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

(3) CONTRACTOR shall ensure public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed, except as authorized by law.

Attachment: PB 21-106 AGENDA 8-10-21 (15119 : PB 21-106 Seminole County IFB 603974-20/CAR; Hydrant & Valve Maintenance; Hydromax

(c) Upon termination of this Agreement, CONTRACTOR shall transfer, at no cost to COUNTY, all public records in possession of CONTRACTOR, or keep and maintain public records required by COUNTY under this Agreement. If CONTRACTOR transfers all public records to COUNTY upon completion of this Agreement, CONTRACTOR shall destroy any duplicate public records that are exempt or confidential from public records disclosure requirements. If CONTRACTOR keeps and maintains the public records upon completion of this Agreement, CONTRACTOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to COUNTY, upon request of COUNTY, in a format that is compatible with the information technology systems of COUNTY.

(d) Failure to comply with this Section will be deemed a material breach of this Agreement for which COUNTY may terminate this Agreement immediately upon written notice to CONTRACTOR. CONTRACTOR may also be subject to statutory penalties as set forth in Section 119.10, Florida Statutes.

(e) **IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO CONTRACTOR's DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTRACTOR MAY CONTACT THE CUSTODIAN OF PUBLIC RECORDS, THE SEMINOLE COUNTY PURCHASING AND CONTRACTS MANAGER, AT 407-665-7116, PURCH@SEMINOLECOUNTYFL.GOV, PURCHASING AND CONTRACTS DIVISION, 1301 E. Section 26. Governing Law, Jurisdiction, and Venue. The laws of the State of Florida govern the validity, enforcement, and interpretation of this Agreement. The sole jurisdiction and venue for any legal action in connection with this Agreement will be in the courts of Seminole County, Florida.

Section 27. Compliance with Laws and Regulations. In providing all services pursuant to this Agreement, CONTRACTOR shall abide by all statutes, ordinances, rules, and regulations pertaining to or regulating the provision of such services, including those now in effect and subsequently adopted. Any violation of these statutes, ordinances, rules, or regulations will constitute a material breach of this Agreement and will entitle COUNTY to terminate this Agreement immediately upon delivery of written notice of termination to CONTRACTOR.

Section 28. Patents and Royalties. Unless otherwise provided, CONTRACTOR is solely responsible for obtaining the right to use any patented or copyrighted materials in the performance of this Agreement. CONTRACTOR, without exception, shall indemnify and save harmless COUNTY and its employees from liability of any nature or kind, including costs and expenses for or on account of any copyrighted, patented, or unpatented invention, process, or article manufactured or supplied by CONTRACTOR. In the event of any claim against COUNTY of copyright or patent infringement, COUNTY shall promptly provide written notification to CONTRACTOR. If such a claim is made, CONTRACTOR shall use its best efforts to promptly purchase for COUNTY the legitimate version of any infringing products or services or procure a license from the patent or copyright holder at no cost to COUNTY that will allow continued use of the service or product. If none of these alternatives are reasonably available, COUNTY shall return the article on request to CONTRACTOR and receive reimbursement, if any, as may be determined by a court of competent jurisdiction.

Section 29. Notices. Whenever either party desires to give notice to the other, it must be given by written notice, sent by registered or certified United States mail, return receipt requested, addressed to the party for whom it is intended at the place last specified. The place for giving of notice will remain such until it has been changed by written notice in compliance with the provisions of this Section. For the present, the parties designate the following as the respective places for giving of notice:

For COUNTY:

Seminole County Environmental Services Utilities Operations Division
3300 Dike Road
Winter Park, FL 32792

With a copy to:

Seminole County Purchasing & Contracts Division

Section 30. Rights At Law Retained. The rights and remedies of COUNTY provided for under this Agreement are in addition and supplemental to any other rights and remedies provided by law.

Section 31. Headings and Captions. All headings and captions contained in this Agreement are provided for convenience only, do not constitute a part of this Agreement, and may not be used to define, describe, interpret or construe any provision of this Agreement.

Section 32. E-Verify System Registration.

(a) CONTRACTOR must register with and use the E-Verify system to verify the work authorization status of all new employees prior to entering into this Agreement with COUNTY. If COUNTY provides written approval to CONTRACTOR for engaging with or contracting for the

services of any subcontractors under this Agreement, CONTRACTOR must require certification from the subcontractor that at the time of certification, the subcontractor does not employ, contract, or subcontract with an unauthorized alien. CONTRACTOR must maintain a copy of the foregoing certification from the subcontractor for the duration of the agreement with the subcontractor.

(b) If COUNTY has a good faith belief that CONTRACTOR has knowingly violated this Section, COUNTY shall terminate this Agreement. If COUNTY terminates this Agreement with CONTRACTOR, CONTRACTOR may not be awarded a public contract for at least one (1) year after the date on which this Agreement is terminated. If COUNTY has a good faith belief that a subcontractor knowingly violated this Section, but CONTRACTOR otherwise complied with this Section, COUNTY must promptly notify CONTRACTOR and order CONTRACTOR to immediately terminate its agreement with the subcontractor.

IN WITNESS WHEREOF, the parties have made and executed this Agreement for the purposes stated above.

Fire Hydrants - Valves Maintenance and Repair and Flushing Services

Part 1
General Scope

GENERAL DESCRIPTION:

The Seminole County Environmental Services Department (SCES) requires services of experienced, licensed contractor(s) to provide maintenance, repair and replacement part services for fire hydrants, valves (including associated fittings, restraints and pipe), and flushing services on an "as needed" basis at locations within the SCES utility's distribution systems. SCES will furnish the successful contractor(s) with the most recent copy of the distribution systems atlas in an electronic format.

The Contractor(s) will be responsible for furnishing all labor, tools, equipment, parts and materials to complete the requested work as specified in the Scope of Service section. The Contractor(s) will also be responsible for furnishing all required ancillary services to which includes but is not limited to, mobilization, excavations, well pointing and pumping, shoring, line stops, wet taps, maintenance of traffic, and site restorations necessary to complete the requested work as specified in the Scope of Services.

STANDARDS:

A. SCES Utility Engineering Specifications for Water Distribution Construction.
B. Seminole County Standards for applicable public right-of-way improvements under County jurisdiction.
C. FDOT Utility Accommodation Manual (latest edition) and FDOT Design Standards for Construction, Maintenance and Utility Operations on the State Highway System (2017 or latest edition).
D. AWWA Standards for Maintenance, Repair and Replacement of fire hydrants (M-17) and distribution system valves (M-44) (most applicable and latest edition).
E. OSHA Standards as applicable to associated work.
F. Fire Hydrant Flow Testing and Marking (NFPA 291)(most applicable and latest edition). Includes potential areas of two hydrant testing for main capacity calculations or fire flow capabilities as requested by SCES.

SPECIAL CONDITIONS:

Contractor's Response Time: Contractor(s) shall be adequately staffed and equipped to respond to all aspects of the requested work within 72 hours, if required by SCES.

Contractor's Personnel: The Contractor(s) must employ and assign a Project Manager who will oversee the described work and who has a minimum of five (5) years continuous field and supervisory experience in all aspects of the described work. The Project Manager shall serve as the single point of contact for all work, be responsible for coordinating and scheduling all work (including restoration) and be available (by phone, if not in person) while contractor's crews work within SCES distribution systems.

The Contractor shall employ and designate a qualified Quality Control Manager who shall be responsible for re-inspection of all field processed data if it falls outside of tolerances. All such data shall be re-collected. The Quality Control Manager shall also be responsible of random sampling of not less than 10% of the total contract value. This will provide quality assurance of all physical aspects of the service and validation of all data attributes collected.

For each job or task assigned under this contract, the Contractor's Project Manager shall assign qualified and responsible service technicians to complete requested work. At any time the Contractor's personnel is working within the SCES distribution systems, notification is required to the SCES SCADA

Operations Center at 407-665-2767. All Service Technicians shall wear a uniform shirt that identifies the Contractor by name. All Service Technicians shall arrive at, and travel through the Utility system in a presentable service vehicle identified with the Contractor's name, logo and telephone number.

Contractor's Equipment: The Contractor shall utilize and maintain all equipment in a safe and responsible manner. It is the responsibility of the Contractor to maintain all equipment so as to avoid any leaking fuel, oil, and/or hydraulic fluid. If such leakage occurs, it shall be the responsibility of the Contractor to protect the environment and the surrounding surfaces from contamination and/or damage. If said leakage is excessive or cannot be adequately contained, said equipment must cease operation and be removed from the job site. All Contractor(s) service vehicles shall be maintained in a presentable manner and have Contractor name and logo adequately displayed.

SCES Requirements for Work and Site Visit Management: Contractor personnel shall notify their assigned SCES representative each day, prior to beginning work within the County utility system. All contractor personnel shall display on their person a company identification badge that is clearly visible at chest level and not covered by clothing or other items. This badge must have the company name, company phone number, the individual's name and the individual's photo. In addition, SCES requires that the Contractor create a service call or job order ticket that shall have, at a minimum, the following information:

- Company name and contact information
- Company job or work order number
- SCES contact name and phone number
- SCES job number and Seminole County purchase order number
- Date/time of beginning and ending of work
- Number of Technicians
- Work location and description of work to be performed
- Detailed description of solution and/or work completed

SCOPE OF SERVICES:

Hydrant Maintenance: Fire hydrant testing and maintenance shall be in accordance with AWWA - M17 Manual and NFPA 291 Manual for Installation, field testing, and maintenance of fire hydrants, to include the following procedures:

- Locate and access each fire hydrant
- Locate, access, and exercise fire hydrant isolation valve
- Check fire hydrant nozzle height for correct ground clearance
- Identify make, model, nozzle size and year of hydrant manufacture
- Lubricate operating nut (if appropriate for hydrant make/model) and all nozzle outlets with non-corrosive FDA approved lubricant
- Open hydrant with nozzle caps in place to check for seal leakage
- Verify that hydrant main (bottom) valve completely closes
- Flow hydrant to maximum rate for 15 minutes, record working pressure and calculate flow rate and gallons flushed. If hydrant fails to flow clear in the initial 15 minute flush, contact SCES SCADA Operations Center at 407-665-2767, notifying them of the anomaly. Continue to flow hydrant until water clears, checking in 15 minute increments. The use of a calibrated combination pitot gauge and hydrant diffuser is required for all hydrant flushing.
- Close hydrant completely. Back off the opening nut enough to take the pressure off the packing.

Attachment: PB 21-106 AGENDA 8-10-21 (15119 : PB 21-106 Seminole County IFB 603974-20/CAR; Hydrant & Valve Maintenance; Hydromax

- Remove all outlet nozzle caps, clean the threads, check the condition of the gaskets replace as required, and lubricate the threads. Check the ease of operation of each cap.
- Check outlet nozzle chains for free action on each cap. If the chains bind, open the loop end around the cap until they move freely.
- Record static pressure
- Re-attach hydrant nozzle caps
- Scrape, wire brush/or sand blast and paint hydrant appropriate color. Paint shall be Sherwin-Williams Sher-Cryl High Performance Acrylic, ANSI Safety Yellow, Pantone 109 or approved equal. Coating shall be spray applied to a minimum of a 4 ml dry coat thickness. In the event bare metal is exposed on above-ground metal, hydrant is to be primed with Sherwin-Williams Pro-Cryl Universal primer before new paint is applied. Additional color bonnet painting per NFPA 291 - Fire Hydrant Flow Testing and Marking may be required per SCES request.
- Replace (if defective) hydrant ID tag, or install (if not present) hydrant ID tag.
- Replace (if defective) blue reflective road marker, or install (if not present) blue reflective road marker. Reflective pavement markers in blue shall be used to identify the hydrant locations. Each marker is to be placed on the center line of the roadway lane closest to the hydrant.
- Obtain and record GPS site coordinates of hydrant.
- Document any operational deficiencies and/or miscellaneous findings.
- **Notification of all malfunctioning and/or out of service hydrants or valves shall be immediately reported to SCES.**

- Document all pertinent data into an electronic spreadsheet or database including the following:
  - Hydrant ID tag number
  - Hydrant address location
  - Hydrant GPS site coordinates
  - Date of flush or service
  - Hydrant brand
  - Hydrant model number
  - Hydrant year
  - Hydrant size
  - Hydrant flow rate obtained
  - Hydrant pressure after 5 minutes of flushing
  - Total gallons flushed during service
  - Degree of operating difficulty
  - Deficiencies and/or repairs required to be immediately reported to the Utility.
- All data shall be formatted to match existing SCES data system and/or forms. Data shall be delivered to the SCES in an electronic format compatible with SCES' ArcGIS/ArcMap system or SOL database.

Upper Barrel Repair: An upper bonnet repair shall consist of repairing and/or replacing all necessary components within the upper portions of the hydrant, from the operating nut downwards to the top of the break away (upper barrel) flange, in order to return hydrant to working order. Hydrant rotation shall also be considered as an upper barrel repair.

Lower Barrel Repair: A lower barrel repair shall consist of repairing and/or replacing all necessary components of the hydrant from the top of the break away (upper barrel) flange to the bottom of the hydrant foot valve in order to return hydrant to working order.

Valve Maintenance: Valve maintenance shall include the following procedures:

- Locate and access each valve
- Raise valve box to grade (if applicable)
- Align valve box to vertical position (if located outside of pavement)
- Clean debris and standing water from valve box

Attachment: PB 21-106 AGENDA 8-10-21 (15119 : PB 21-106 Seminole County IFB 603974-20/CAR; Hydrant & Valve Maintenance; Hydromax

- Operate valve from open to close and back to open position for two (2) complete cycles
- Obtain and record GPS coordinates of valve
- Paint valve box blue. Valves located inside residential or commercial driveways or aprons shall not be painted upon SCES request.
- Mark curve with a "V" marking. Curbing located inside gated communities or commerical properties shall not be painted upon SCES request.
- Document all pertinent data including location, type, and size of valve, direction of rotation to open position, numbers of turns to full open position, degree of operating difficulty, and note deficiencies and/or closed valves to be immediately reported to the Utility. All data shall be formatted to match existing SCES data system and/or forms. Data shall be delivered to the SCES in an electronic format compatible with SCES' ArcGIS/ArcMap system.

GPS Mapping: All the water distribution valves and fire hydrants encountered in this contract are to be GPS mapped within sub-meter accuracy and the data delivered in an electronic format compatible with SCES' ArcGIS/ArcMap system software. Coordinate data shall be field-collected with autonomous GPS readings and subsequently differentially corrected via post-processing. The contractor(s) shall further refine positions through filtering and inspection to eliminate noise', problematic satellite geometry and multi-path degradation. Point valve features shall be collected at an epoch of one (1) second with a minimum occupation of twenty (20) seconds. Specific parameters include:

- Elevation mask: 15 degrees above the horizon
- Coordinate system: as agreed with NAD 1983 State Plane Florida EAST
- Satellites: >= 4
- Position Dilution of Precision (PDOP) <6
- Horizontal Dilution of Precision (HDOP): <4
- Minimum number of raw positions collected: 20
- In the event of obstructions - where a clear GPS position cannot be captured a laser offset will be executed from a nearby location

At a minimum, and in addition to database attribute requirements, the following coordinate data items shall be generated as a result of this process.

- PDOP value
- HOOP value
- Correction status
- Date recorded
- Time recorded
- Total positions
- Filtered positions
- Horizontal Precision
- Vertical Precision
- Standard deviation
- car File Name
- X-coordinate
- Y-coordinate

Documentation: Documentation data will be collected on each distribution valve and/or hydrant and will be agreed upon, and be compatible with SCES' ArcGIS/ArcMap system software in advance of work start up.

Attachment: PB 21-106 AGENDA 8-10-21 (15119 : PB 21-106 Seminole County IFB 603974-20/CAR; Hydrant & Valve Maintenance; Hydromax

Data documentation will include, at a minimum:

a) **Physical data** - Identification number, map number, valve size, type of valve, use of valve, valve structure, depth of valve, number of turns, torque, if clean out was necessary, valve discrepancies (by category and details), box/vault discrepancies (by category and details)and any additional information as necessary.

b) **Location data** - Mapping grade GPS coordinate data parameters noted in the GPS mapping section

c) **Discrepancies** - Details on discrepancies so that a work order (as described below) can be concisely created.

Deliverable Data: The Contractor will provide applicable hydrant and valve data in a spatially accurate format compliant with SCES ArcGIS/ArcMap system and in the County's existing data structure. Contractor shall be able to fully integrate data into ESRI ArcGIS/ArcMap and shall be integrated into the SCES ArcGIS system. Metadata, including a detailed citation describing field data collection practices, equipment settings, post processing procedures, base stations used for differential correction and expected accuracy, are to be submitted with final and interim data deliveries. The data in electronic format shall contain the information agreed to by SCES and at a minimum the following attribute data:

- A unique identification number - For each device
- Data Dictionary-Valve Condition (operable, inoperable)
- Source document reference-valve discrepancies
- Date of Operation-Structure discrepancies
- Valve Size - PDOP value
- Valve Type-HDOP value

Obstructed GPS data shall be obtained through laser offset method.

Flushing Services: SCES may require the Contractor to perform unidirectional or maintenance flushing in certain locations within the utility's distribution systems. SCES will provide to contractor the flushing sequences developed by an Engineer for the specified areas. The contractor is responsible for locating the valves and hydrants identified in the Engineer's sequencing and verifying their operability. Upon completion of each sequenced flushing activities, the Contractor will return valves to their original position. This is to help with valves not being left in the wrong position. Pricing for unidirectional flushing will combine item 83 (valve maintenance without GPS location) for turning the valves and item A6 Time Unit for the actual flushing.

Hydrant and/or Valve Replacement and Installation: Hydrant and valve replacement and/or new installation work described in this solicitation package (see Price Schedule) shall be "all inclusive". The line item pricing of such work shall include all of but not limited to the following:

- Pre work job site evaluation
- Obtaining all utility and/or Right of Way (ROW) locates
- Notification of effected customers (with the exception of partial water system shut down)
- Job site safety and MOT
- Site excavation (typical <48" bury to bottom of pipe)
- Furnish and install all necessary materials to successfully complete the job
- Furnish and competently operate all necessary equipment to successfully complete the job
- Furnish and manage all necessary competent labor to successfully complete the job
- Excavation, backfill and compaction

Attachment: PB 21-106 AGENDA 8-10-21 (15119 : PB 21-106 Seminole County IFB 603974-20/CAR; Hydrant & Valve Maintenance; Hydromax

- Removal of all remaining spoil, materials and waste
- Complete site restoration unless otherwise specified by SCES

Work in Utility Easement/Right of Way (ROW) and Existing Utilities/ROW Improvements: The Contractor shall be responsible for obtaining all Utility Locates through, and in accordance with "Sunshine State One Call of Florida (SSOCOF) Excavation Guide" (latest edition). The Contractor shall take all possible precautions and be responsible for protecting all underground utilities and other improvements within the utility easement and/ or ROW. The Contractor shall promptly notify SCES of any conflicts with existing utilities that occurs as a result of said work. The Contractor shall be responsible for obtaining and adhering to all applicable Maintenance of Traffic (MOT) and/or Right of Way permits as required by Seminole County, State of Florida Department of Transportation (FDOT) or jurisdictional authority.

Job Site Management: The Contractor shall set up, manage and restore each job site in a responsible manner that includes but is not limited to Maintenance of Traffic (MOT), pedestrian safety, and property protection. At no time during the active progress of work shall the Contractor leave the job site unattended. The Contractor must request and gain approval from SCES for any specific job site-work that may extend past one work day. If approval is granted, all excavated areas must be backfilled and enclosed with safety mesh and proper MOT activated at end of each work day. Each job site (regardless of duration of work) must be maintained at all times in a responsible manner that does not unduly impact the surrounding areas and allows for adequate ingress/egress from properties affected. Any and all road and/or ingress/egress closures must be approved by the SCES in advance of the work. The Contractor shall present a contingency plan for such closures at time of approval request. Upon completion of work, the contractor shall backfill and compact affected areas in addition to clean up and removal of any accumulated dirt and/or rubble from job site. It shall be the ultimate responsibility of the Contractor to restore the Utility easement and/or right of way to pre-excavated condition. All restoration activities including irrigation system repairs shall be the responsibility of the contractor (reference Restoration and Contractor Pass Through section of this document).

Sub-contracted and Contractor "Pass-Through" Charges: Certain services shall be considered as "Pass-through" charges. These charges are interpreted to mean sub-contractor invoice total plus 10% administration and management costs. For the terms of this contract these services include landscape restoration (excluding irrigation repairs and <400ft^2 sod), asphalt restoration, concrete restoration, de-watering (well points) services, extended MOT (>72 hours), MOT with law enforcement presence during work activities. Prior to use of sub-contracted or cost pass through services, the Contractor shall obtain three (3) separate quotes for each of the sub-contracting activities and present to the SCES a recommendation of award for each service. If the acceptance of this recommendation is not approved, SCES reserves the right to perform any and all of these pass through activities. The SCES reserves the right to perform any and all of these pass through activities to avoid the additional pass through charges. If this right is exercised by SCES, the responsibility for such work will be removed from the Contractor.

Warranty: In order to insure fire hydrant and valve repair, replacement and installation meets the performance guaranteed by the manufacturer and retain warranties, the contractor shall guarantee all workmanship and materials for all described work for a period of two (2) years from the date of the repair or installation.

Purchase Order Terms and Conditions

1. Acceptance/Entire Agreement. This Purchase Order ("PO") is entered into between Seminole County, Florida ("County") and the Supplier referenced herein (individually, referred to as "Party," and collectively, "Parties"). By accepting this PO, Supplier accepts all Terms and Conditions contained herein. This PO, including specifications and drawings, if any, and referenced documents, such as solicitations and responses constitutes the entire agreement between the Parties. Whenever terms and conditions of Main Agreement, if any, conflict with any PO issued pursuant to Main Agreement, Main Agreement will control.

2. Inspection. Notwithstanding any prior payment or inspection, all goods/services are subject to inspection/rejection by County at any time, including during manufacture, construction or preparation. To the extent a PO requires a series of performances by Supplier, County reserves right to cancel remainder of PO if goods/services provided during the term of PO are non-conforming or otherwise rejected. Without limiting any rights County may have, County, at its sole option, may require Supplier, at Supplier's expense to: (a) promptly repair or replace any or all rejected goods, or to cure or re-perform any or all rejected services; or (b) refund price of any or all rejected goods or services. All rejected goods will be held for Supplier's prompt inspection at Supplier's risk. Nothing contained in PO will relieve Supplier's obligation of testing, inspection and quality control.

3. Packing & Shipping. Unless otherwise specified, all goods must be packed, packaged, marked and prepared for shipment in a manner that is: (a) in accordance with good commercial practice; (b) acceptable to common carriers for shipment at the lowest rate for the particular good; (c) in accordance with local, state, and federal regulations; and (d) protected against weather. Supplier must mark all containers with necessary lifting, handling, shipping information, PO number, date of shipment and the name of the consignee and consignor. An itemized packing sheet must accompany each shipment.

4. Delivery; Risk of Loss. All goods are FOB destination, and risk of loss will remain with Supplier until delivery by Supplier and acceptance by County. Goods delivered by Supplier that are damaged, defective, or otherwise fail to conform to PO may be rejected by County or held by County at Supplier's risk and expense. County may charge Supplier for cost(s) to inspect, unpack, repack, store and re-ship rejected goods.

5. Delivery of Excess Quantities. If Supplier delivers excess quantities of goods without prior written authorization from County, excess quantities of goods may be returned to Supplier at Supplier's expense.

6. Time is of the Essence. Time is of the essence for delivery of goods /services under PO. Failure to meet delivery schedules or deliver within a reasonable time, as determined by County, entitles County to seek all remedies available at law or in equity. County reserves right to cancel any PO and procure goods/services elsewhere if delivery is not timely. Supplier agrees to reimburse County for all costs incurred in enforcing its rights. Failure of County to cancel PO, acceptance, or payment will not be deemed a waiver of County's right to cancel remainder of PO. Delivery date or time in PO may be extended if Supplier provides a written request in advance of originally scheduled delivery date and time and County agrees to delayed delivery in writing prior to originally scheduled delivery date and time.

7. Warranties. Supplier warrants to County that all goods/services covered by PO conform strictly to specifications, drawings or samples specified or furnished by County, and are free from: (a) defects in title; and (b) latent or patent defects in material or workmanship. If no quality is specified by County, Supplier warrants to County that goods/services are of the best grade of their respective kinds, meet or exceed applicable standards for industry represented, are merchantable (as to goods) and are fit for County's particular purpose. Supplier warrants that at the time County accepts the goods/services, the goods/services will have been produced, sold, delivered and furnished in strict compliance with all applicable federal and state laws, regulations, ordinances, rules, labor agreements and working conditions to which goods/services are subject. Supplier warrants the title to goods furnished under PO is valid, transfer of such title to County is rightful and goods are free of any claims or liens of any nature whatsoever, whether rightful or otherwise, of any person, corporation, partnership or association. All applicable manufacturers' warranties must be furnished to County at time of delivery of goods or completion of service. All warranties are cumulative and are in addition to any other express or implied warranties provided by law.

8. Indemnification. To the fullest extent permitted by law, Supplier assumes any and all liability for damages, breach of PO, loss or injury of any kind or nature whatsoever to persons or property caused by, resulting from or related to the goods/services provided under PO. To the fullest extent permitted by law, Supplier shall indemnify and hold harmless County, its commissioners, officers, employees and agents from and against any and all claims, damages, demands, lawsuits, losses, costs and expenses, including attorneys' fees, patent, copyright or trademark infringement, judgments, decrees of whatsoever nature which County may incur as a result of claims, demands, lawsuits or causes of action of any kind or nature arising from, caused by or related to goods/services furnished by Supplier, its officers, employees, agents, partners, principals or subcontractors. Remedies afforded to County by this section are cumulative with and in no way affect any other legal remedy County may have under PO or at law. Supplier's obligations under PO must not be limited by any insurance coverage or by any provision in or exclusion or omission from any policy of insurance.

9. Insurance. Supplier, at its sole expense, shall maintain insurance coverage acceptable to County. All policies must name County as an additional insured. All insurance Certificates must be provided to the Purchasing and Contracts Division within ten (10) days of request. Supplier shall notify County, in writing, of any cancellation, material change, or alteration to Supplier's Certificate of Insurance.

10. Modifications. PO may be modified or rescinded in writing by County.

11. Material Safety Data Sheets. At time of delivery, Supplier agrees to provide County with a current Material Safety Data Sheet for any hazardous chemicals or toxic substances, as required by law.

12. Pricing. Supplier agrees that pricing included on PO shall remain firm through and until delivery of goods and/or completion of services, unless otherwise agreed to by the Parties in writing.

13. Invoicing & Payment. After delivery of goods/services by Supplier and acceptance by County, Supplier shall submit a properly certified invoice to: Seminole County Clerk of Court and Comptroller, P.O. Box 8080, Sanford, Florida 32772. Invoices must be billed at pricing stipulated on PO and must include County's Order Number. Thereafter, all payments and interest on any late payments will be paid in compliance with Florida Prompt Payment Act, §218.70, Florida Statutes.

14. Taxes. County is exempt from Florida sales tax, federal taxes on transportation charges and any federal excise tax. County will not reimburse Supplier for taxes paid.

15. Termination. County may terminate PO, in whole or in part, at any time, either for County's convenience or because of Supplier's failure to fulfill its obligations under PO, by written notice to Supplier. Upon receipt of written notice, Supplier must discontinue all deliveries affected unless written notice directs otherwise. In the event of termination, County will be liable only for materials procured, work completed or services rendered or supplies partially fabricated, within the authorization of PO. In no event will County be liable for incidental or consequential damages by reason of such termination.

16. Equal Opportunity Employer. County is an Equal Employment Opportunity ("EEO") employer, and as such, requires all Suppliers to comply with EEO regulations with regards to race, color, religion, sex, national origin, age, disability or genetic information, as may be applicable to Supplier. Any subcontracts entered into, as authorized by County, must make reference to this clause with the same degree of application being encouraged.

17. Assignment. Supplier may not assign, transfer, or subcontract PO or any right or obligation under it without County's written consent. Any purported assignment, transfer, or subcontract will be null and void.

18. Venue & Applicable Law. The laws of the State of Florida govern validity, enforcement, and interpretation of PO. The sole jurisdiction and venue for any legal action in connection with PO will be in the courts of Seminole County, Florida.

19. Fiscal Non-Funding. In the event sufficient budgeted funds are not available for payment to Supplier for a new fiscal period, County shall notify Supplier of such occurrence and PO will terminate on the last day of the current fiscal period without penalty or expense to County.

20. Public Records. Supplier acknowledges that PO and any related financial records, audits, reports, plans, correspondence and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Supplier shall maintain all public records and, upon request, provide a copy of requested records or allow records to be inspected within a reasonable time. Supplier shall also ensure that any public records that are exempt or confidential from disclosure are not disclosed except as authorized by law. In event Supplier fails to abide by provisions of Chapter 119, Florida Statutes, County may, without prejudice to any other right or remedy and after giving Supplier seven (7) days written notice, during which period Supplier still fails to allow access to such documents, terminate PO. **IF SUPPLIER HAS QUESTIONS REGARDING APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO SUPPLIER'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO PO, CONTACT CUSTODIAN OF PUBLIC RECORDS AT: 407-665-7116, PURCH@SEMINOLECOUNTYFL.GOV, PURCHASING AND CONTRACTS DIVISION, 1301 E. SECOND STREET, SANFORD, FL 32771.**

21. Right to Audit Records. County will be entitled to audit the books and records of Supplier to the extent that the books and records relate to this PO. Supplier must maintain books and records relating to this PO for a period of three (3) years from the date of final payment under the PO, unless the County authorizes otherwise in writing.

22. Severability. If any section, sentence, clause, phrase or portion of PO are, for any reason, held invalid or unconstitutional by any court of competent jurisdiction, such portion will be deemed separate, distinct, and independent and such holding will not affect validity of remaining portion of PO.

23. Headings & Captions. All headings and captions contained in PO are provided for convenience only, do not constitute a part of PO, and may not be used to define, describe, interpret or construe any provision of PO.

Amendment No. 1 to Agreement

QTE 19-072
Mowing Citrus County Libraries

THIS AMENDMENT is made and entered into by and between GAMCO Properties III, Inc., dba Third Generation Services, a corporation organized under the laws of the State of Florida (hereinafter referred to as "Contractor") and Citrus County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County").

WHEREAS, On September 24, 2019, County and Contractor entered into an Agreement to provide routine finish mowing, trimming, and clean-up services at Libraries on various locations throughout Citrus County for a term of two (2) years with an option to renew for three (3) additional one (1) year periods; and

WHEREAS, County and Contractor desire to amend the Agreement to exercise the first option to renew the Agreement for an additional one (1) year term, extending the duration of the Agreement to September 23, 2022; and

NOW THEREFORE, in consideration of the original Agreement and the foregoing recitals, County and the Contractor agree as follows:

1. The above Recitals are true and correct and are hereby incorporated into this paragraph.

2. County and Contractor hereby renew the Agreement for an additional one (1) year term, extending the duration of the Agreement to September 23, 2022.

3. County and Contractor, agree that all other terms, conditions, and pricing of the Agreement are hereby ratified and confirmed and shall continue in full force and effect except as amended herein.

AGENDA MEMORANDUM

FROM:	Colleen Scott, Management & Budget Director
SUBJECT:	Budget Transfers
AGENDA DATE:	**August 10, 2021**

BRIEF OVERVIEW:

Budget transfers increase the original budget for an expenditure account through a decrease in another expenditure account. These accounts must be within the same fund.

Utilities - Allocate funds to cover unanticipated shortfalls in various accounts.

Land Development - Allocate funds to cover travel related expenses for the Principal and Senior Planner to attend the 2021 APA Florida Annual Conference.

Housing (3) - Allocate funds to cover unanticipated shortfalls in various accounts.

Veteran Services - Allocate funds for the purchase of signature pads.

BUDGET IMPACT/FUNDING SOURCE:

Account No.	Account Title	Current Budget	YTD Expenditures	Encumbrances	Available Balance
					$0

As detailed on every budget transfer form attached.

RECOMMENDED ACTION:

Approve budget transfers for Utilities, Land Development, Housing (3) and Veteran Services for fiscal year 2020-21.

2. Program Specific Terms

Adult Child with a Disability: A child who is age 18 or older and is financially dependent on an older individual who is a parent of the child and has a disability.

Child: An individual who is not more than eighteen (18) years of age or an individual with disability.

Disaster Relief Services: ACL considers disaster relief services for older individuals to be any allowable OAA services during the period covered by Florida's MDD that are provided to eligible older individuals or family caregivers as defined under the OAA.

Family Caregiver: An adult family member, or another individual, who is an informal provider of in-home and community care to an older individual.

Frail: When an older individual is (1) determined to be unable to perform at least two activities of daily living without substantial human assistance, including verbal reminding, physical cueing, or supervision; or (2) unable to perform at least three such activities without such assistance; or, (3) due to cognitive or other mental impairment, requires substantial supervision because the individual behaves in a manner that poses a serious health or safety hazard to the individual or to another individual.

Grandparent: A grandparent or step-grandparent of a child, or a relative of a child by blood, marriage or adoption and who (1) lives with the child, (2) is the primary caregiver of the child because the biological or adoptive parents are unable or unwilling to serve as the primary caregiver of the child; and (3) has a legal relationship to the child, such as legal custody or guardianship, or is raising the child informally.

Major Disaster Declaration (MDD): States may request and receive an MDD by the President under the Stafford Act. Florida's request has been approved, which permits the Department and Contractor to use any portion of the funds made available under sections of OAA for disaster relief for older individuals. These flexibilities are only allowed during the period of the MDD. The Contractor will be notified by the Agency once the MDD period has ended, at which time these flexibilities will be waived and the Contractor must provide services in compliance with OAA.

B. General Description

1. General Statement

The primary purpose of the Coronavirus Consolidated Appropriations Act Program is to prevent, prepare for, and respond to coronavirus by providing nutrition services to older individuals and their caregivers.

2. Authority

All applicable federal laws, regulations, action transmittals, program instructions, review guides and similar documentation related to the following:

a. Catalog of Federal Domestic Assistance Nos. 93.043, 93.044, 93.045, 93.052, and 93.053;

b. Older Americans Act of 1965, as amended 2020;

c. Consolidated Appropriations Act, 2021, P.L. 116-260;

d. 42 U.S.C. 247d

e. 42 U.S.C. 303 and 604;

f. Rule 58A-1, Florida Administrative Code (FAC);

g. Section 430.101, Florida Statutes (F.S.); and

h. DoEA Programs and Services Handbook, which is hereby incorporated by reference, to include any subsequent revisions, thereof.

3. Scope of Service

The Contractor is responsible for the programmatic, fiscal, and operational management of the Coronavirus Consolidated Appropriations Act Program within its designated service area. The program services shall be provided in a manner consistent with the current Contractor's current approved application, and the current DoEA Programs and Services Handbook, which are incorporated by reference**.**

4. Major Program Goals

The major goals of the Coronavirus Consolidated Appropriations Act Program are to prevent, prepare for, and respond to coronavirus by providing nutrition services to older individuals and their caregivers.

C. Clients to be Served

1. General Description

The Coronavirus Consolidated Appropriations Act Program gives preference to older individuals with the greatest economic need and older individuals with greatest social need (with particular attention to low-income older individuals, including low-income minority individuals, older individuals with limited English proficiency, and older individuals residing in rural areas), and clients who are practicing social distancing due to the COVID-19 public health emergency.

2. Client Eligibility

a. Coronavirus Consolidated Appropriations Act Program

Consumers shall not be dually enrolled in the Coronavirus Consolidated Appropriations Act Program and a Medicaid capitated Long-Term Care Program.

b. Coronavirus Consolidated Appropriations Act for Nutrition Services under Titles III-C of the Older Americans Act

General factors that shall be considered in establishing priority for the receipt of nutrition services, include those older persons who:

i. Cannot afford to eat adequately;

ii. Lack the skills or knowledge to select and prepare nourishing and well-balanced meals;

Attachment: CV-21-CitCSS Original Attachment I (15152 : Coronavirus Consolidated Appropriations Act Amendment #1)

iii. Have limited mobility which may impair their capacity to shop and cook for themselves;

iv. Have a disabling illness or physical condition requiring nutritional support; or

v. Have been screened at a high nutritional risk.

vi. Is unable to obtain nutrition because the individual is practicing social distancing due to the emergency (only during the period of the COVID-19 public health emergency declared under section 319 of the Public Health Service Act [42 U.S.C. 247d]).

vii. In addition to meeting the general nutrition services eligibility requirements listed in Section 1.C.2.d. above, individuals must be mobile, not homebound, and physically, mentally, and medically able to attend a congregate nutrition program. Individuals eligible to receive congregate meals include the following:

(1) Individuals age sixty (60) or older;

(2) Any spouse (regardless of age) who resides at home with or attends the dining center with his/her eligible spouse;

(3) Persons with a disability, regardless of age, who reside in a housing facility occupied primarily by older individuals where congregate nutrition services are provided, or home delivered meals are delivered;

(4) Disabled persons who reside at home with or accompany an eligible person to the dining center;

(5) Volunteers, regardless of age, who reside at home with or provide essential services on a regular basis during meal hours;

(6) Persons at nutritional risk who have physical, emotional, or behavioral conditions which would prevent them from obtaining nutrition; and

(7) Persons at nutritional risk who are socially or otherwise isolated and unable to obtain nutrition.

II. *MANNER OF SERVICE PROVISION*

A. Service Tasks

To achieve the goals of the Coronavirus Consolidated Appropriations Act Program, the Contractor shall ensure performance of the following tasks:

1. Client Eligibility Determination

The Contractor shall ensure that applicant data is evaluated to determine eligibility. Eligibility to become a client is based on meeting the requirements described in Section I.C.2.

2. Targeting and Screening New Clients for Service Delivery

The Contractor shall develop and implement policies and procedures consistent with OAA targeting and screening criteria for new clients.

3. Program Services

The Contractor shall ensure the provision of program services is consistent with the Contractor's approved application and the current DoEA Programs and Services Handbook.

4. Program Eligibility Requirements

a. Eligibility Criteria

To be eligible for program participation, an entity must:

i. Be an agency that has received a grant under the OAA Title III [OAA section 311(42 U.S.C. 3030a)]; and

ii. Partner with a nutrition service provider that serves meals and is under the jurisdiction, control, management and audit authority of the AAA and the Department.

Attachment: CV-21-CitCSS Original Attachment I (15152 : Coronavirus Consolidated Appropriations Act Amendment #1)

b. Provider's Nutrition Service Operations

The Contractor shall ensure the nutrition service operations of the provider meet the requirements of this contract, as well as any other applicable regulations and policies prescribed current DoEA Programs and Services Handbook, USDHHS, USDA, DOH and local health departments, DBPR, or any other agency designated to inspect meal quality for the State.

c. Prescribed Nutritional Requirements

The Contractor shall ensure that each meal provided under this contract meets the following criteria:

i. Complies with the current Dietary Guidelines for Americans, published by the Secretaries of the USDHHS and USDA; and

ii. Provides a minimum of thirty-three and a third percent (33 1/3%) of the dietary reference intakes/adequate intakes for a female age seventy (70) or older as established by the Food and Nutrition Board of the National Academy of Sciences.

B. Use of Subcontractors

If this contract involves the use of a subcontractor or third party, then the Contractor shall not delay the implementation of its agreement with the subcontractor. If any circumstance occurs that may result in a delay for a period of sixty (60) days or more the initiation of the subcontract or the performance of the subcontractor, the Contractor shall notify the Agency in writing of such delay. The Contractor shall not permit a subcontractor to perform services related to this contract without having a binding subcontractor agreement executed. The Agency will not be responsible or liable for any obligations or claims resulting from such action.

1. Copies of Subcontracts

The Contractor shall submit copies of all subcontracts to the Agency within thirty (30) days of execution of each subcontract agreement.

2. Monitoring the Performance of Subcontractors

The Contractor shall monitor, at least once per year, each of its subcontractors, subrecipients, vendors, and/or consultants paid from funds provided under this contract. The Contractor shall perform fiscal, administrative and programmatic monitoring to ensure contractual compliance, fiscal accountability, programmatic performance and compliance with applicable state and federal laws and regulations. The Contractor shall monitor its subcontractors to ensure that the budget and scope of work are accomplished within the specified time periods, and that all other performance goals stated in this contract are achieved.

a. The Agency shall require the Contractor to enter all required data per the Department's CIRTS Policy Guidelines for clients and services in the CIRTS database. The data must be entered into the CIRTS database before the Contractor submits their Request for Payment to the Agency. The Agency shall establish time frames to ensure compliance with due dates for the Requests for Payment to the Agency.

b. The Agency shall require the Contractor to run monthly CIRTS reports and verify that the client and service data in the CIRTS database is accurate. This report must be submitted to the Agency with the monthly Request for Payment and must be reviewed by the Agency before the Contractor's Request for Payment can be approved by the Agency.

c. The Agency shall require the Contractor to report on outreach activities at least semi-annually using a uniform reporting format established by the Agency. Contractor reports must include the total number of outreach events or activities performed by the Contractor as well as the following information for each event or activity: date, location, type of event or activity, total number of participants, individual service needs identified, and referral sources or information provided to participants.

Attachment: CV-21-CitCSS Original Attachment I (15152 : Coronavirus Consolidated Appropriations Act Amendment #1)

C. Staffing Requirements

1. Staffing Levels

The Contractor shall assign its own administrative and support staff as needed to perform the tasks, responsibilities and duties under this contract and ensure that subcontractors dedicate adequate staff accordingly.

2. Professional Qualifications

The Contractor shall ensure that the staff responsible for performing any duties or functions within this contract have the qualifications as specified in the DoEA Programs and Services Handbook.

3. Service Times

The Contractor shall ensure the availability of services listed in this contract at times appropriate to meet client service needs, including, at a minimum, during normal business hours. Normal business hours are defined as Monday through Friday, 8:00 a.m. to 5:00 p.m. local time.

D. Deliverables

The following section provides the specific quantifiable units of deliverables and source documentation required to evidence the completion of the tasks specified in this contract. The Contractor must submit all required documentation in the time and manner specified for the minimum performance levels to be met. Each deliverable must be accepted in writing by the Agency based on the requirements for each deliverable before the Contractor submits an invoice requesting payment.

1. Delivery of Services to Eligible Clients

The Contractor shall ensure the provision of a continuum of services that meets the diverse needs of elders and their caregivers. Documentation of service delivery must include a report consisting of the following: number of clients served, number of service units provided by service, and rate per service unit with calculations that equal the total invoice amount. The Contractor shall ensure the performance and reporting of the following types of services in accordance with the Contractor's current approved application, the current DoEA Programs and Services Handbook, and Section II.A.

Under the Stafford Act, and the State of Florida's Major Disaster Declaration, the Contractor is permitted to use any portion of the funds in this contract to provide disaster relief services to eligible older individuals or family caregivers. Any services listed in Sections II.D.1.a. below may be provided.

a. Coronavirus Consolidated Appropriations Act for Nutrition Services under Title III-C of the Older Americans Act

Nutrition services are designed to reduce hunger and food insecurity and to promote socialization and the health and well-being of older individuals through access to nutrition and other disease prevention and health promotion services. The following services are included.

Congregate meals	Outreach
Congregate meals screening	Screening and Assessment
Home Delivered Meals	Shopping Assistance
Nutrition education and nutrition counseling	Telephone Reassurance

2. Provision of Services

The Contractor shall ensure the provision of the services described in the contract in accordance with the current DoEA Programs and Services Handbook, the Contractor's current approved application, and the service tasks described in Section II.A

Attachment: CV-21-CitCSS Original Attachment I (15152 : Coronavirus Consolidated Appropriations Act Amendment #1)

3. Administrative Responsibilities

The Contractor shall provide management and oversight of Coronavirus Consolidated Appropriations Act Program operations in accordance with the current DoEA Programs and Services Handbook and the Contractor's current approved application. Management and oversight of Coronavirus Consolidated Appropriations Act program operations include the following:

a. Prepare and submit application for approval, and revise as needed.

b. Establish written policies, procedures, criteria, and standards for purchasing and procurement of goods and services on an open and competitive basis.

c. Review routine and special reports submitted by subcontractors and vendors.

d. Provide technical assistance to subcontractors and vendors to ensure provision of quality services.

e. Monitor and evaluate subcontractors and vendors for fiscal and programmatic compliance.

f. Appropriately submit payments to subcontractors and vendors.

g. Establish procedures for handling recipient complaints and grievances concerning such adverse actions as service termination, suspension, or reduction.

i. Complaint Procedures

The Contractor shall develop and implement complaint procedures and ensure that subcontractors develop and implement complaint procedures to process and resolve client dissatisfaction with services. Complaint procedures shall address the quality and timeliness of services, provider and direct service worker complaints, and all other issues except the termination, suspension, or reduction in services, which shall be addressed through the grievance process as described in Appendix D of the DoEA Programs and Services Handbook. Complaint procedures shall include notification to all clients of the complaint procedure and include tracking the date, nature of complaint, and the disposition of each complaint.

h. Ensure compliance with CIRTS regulations.

i. Monitor performance objective achievements per targets set by the Department.

j. Conduct client satisfaction surveys to evaluate and improve service delivery.

E. Reports

The Contractor shall respond to additional, routine, or special requests for information and reports required by the Agency in a timely manner as determined by the Agency. The Contractor shall establish reporting deadlines and due dates for subcontractors that permit the Contractor to review and validate the data, and meet the Agency's reporting requirements.

1. Client Information and Registration Tracking System (CIRTS) Reports

a. Contractor shall input Coronavirus Consolidated Appropriations-specific data into CIRTS. To ensure CIRTS data accuracy, the Contractor shall use CIRTS-generated reports which include the following:

i. Client Reports;

ii. Monitoring Reports;

iii. Services Reports;

iv. Miscellaneous Reports

v. Fiscal Reports; and

vi. Outcome Measurement Reports.

Attachment: CV-21-CitCSS Original Attachment I (15152 : Coronavirus Consolidated Appropriations Act Amendment #1)

b. CIRTS Data Entries

The Contractor must enter all required data for clients and services in the CIRTS database per the DoEA Programs and Services Handbook and the CIRTS User Manual – Aging Provider Network users (located in Documents on the CIRTS Enterprise Application Services). All data must be entered in the CIRTS database by the Contractor, subcontractor, or nutrition provider. The Contractor must review monthly CIRTS reports to ensure data and billing accuracy before submitting the Request for Payment to the Agency.

2. Annual Service Cost Reports

The Contractor shall submit Annual Service Cost Reports, which reflect actual costs of providing each service by program to the Agency, due forty-five (45) days after the contract end date.

3. Spending Analysis Report

The Contractor shall submit a monthly Spending Analysis Report, in a format provided by the Agency, and must include the following:

a. The Contractor's detailed plan on how the surplus/deficit spending exceeding the threshold specified by the Department will be resolved;

b. Recommendations to transfer funds to resolve surplus/deficit spending; and

c. Input from the Contractor's Board of Directors on resolution of spending issues, if applicable.

4. OAA National Aging Program Information System (NAPIS) Report

Data required for the OAA NAPIS Report that is not recorded in CIRTS will be provided to the Agency in the format and on the date established by the Agency.

5. Program Highlight Narratives

The Contractor shall submit brief written narratives to the Agency for publication in the Program Highlight sections of the Department's Summary of Programs and Services, which is hereby incorporated by reference, to include any subsequent revisions thereof. The narratives shall reference specific events, including success stories, quotes, testimonials, or human-interest vignettes. The narratives shall be written for a general audience, with no acronyms or technical terms.

F. Records and Documentation

1. The Contractor agrees to make available to Agency staff and/or any party designated by the Agency all contract related records and documentation. The Contractor shall ensure the collection and maintenance of all program related information and documentation on any such system designated by the Department. Maintenance includes valid exports and backups of all data and systems according to Department standards. Data must be usable and must be maintained in a readable format by the Department.

2. CIRTS Data and Maintenance

The Contractor shall ensure, monthly collection and maintenance of client and service information in CIRTS or any such system designated by the Department. Maintenance includes ensuring that all data is accurate and current, and performing valid exports and backups of all data and systems according to Department standards.

3. Policies and Procedures for Records and Documentation

The Contractor shall maintain written policies and procedures for computer system backup and recovery and shall have the same requirement of its subcontractors. These policies and procedures shall be made available to the Agency upon request.

4. CIRTS Address Validation

The Contractor shall work with the Agency to ensure that client addresses are correct in CIRTS for disaster preparedness efforts. At least annually, and more frequently as needed, the Department will provide direction on how to validate CIRTS addresses to ensure they can be mapped. The Agency

Attachment: CV-21-CitCSS Original Attachment I (15152 : Coronavirus Consolidated Appropriations Act Amendment #1)

will receive a list of unmatched addresses that cannot be mapped, and disseminate this information to the Contractor who will correct addresses and send a list to the Agency with the confirmed addresses. The Agency will provide the corrected information to the Department. The Department will use this information to update maps, client rosters, and unmatched addresses and disseminate this information to the Agency who will provide this information to the Contractor.

G. Performance Specifications

1. Outcomes and Outputs (Performance Measures)

At a minimum, the Contractor shall:

a. Ensure the provision of the services described in this contract are in accordance with the current DoEA Programs and Services Handbook, the Contractor's current approved application, and Section II.A.

b. Timely and accurately submit to the Agency all documentation and reports described in Attachment I, Section II.E.

c. Timely and accurately, per Attachment X, submit to the Agency, Attachment XI.

d. Develop and document strategies in the approved application to support the Agency's standard of performance achievement, including increases for the following:

i. Percentage of most frail elders who remain at home or in the community instead of going into a nursing home;

ii. Percentage of APS referrals who need immediate services to prevent further harm who are served within seventy-two (72) hours;

iii. Percentage of active clients eating two or more meals per day;

iv. Percentage of new service recipients whose ADL assessment score has been maintained or improved;

v. Percentage of new service recipients whose IADL assessment score has been maintained or improved;

vi. Percentage of caregivers, who, after service intervention, self-report being very confident about their ability to continue to provide care; and

vii. Percentage of customers who are at imminent risk of nursing home placement who are served with community-based services.

2. The Contractor's performance of the measures in G.1., above, will be reviewed and documented in the Agency's Annual Monitoring Report.

3. Monitoring and Evaluation Methodology

The Agency will review and evaluate the performance of the Contractor under the terms of this contract. Monitoring shall be conducted through direct contact with the Contractor via telephone, in writing, or an on-site visit. The Agency reserves the right to conduct an on-site visit unannounced by persons duly authorized by the Agency. The Agency's determination of acceptable performance shall be conclusive. The Contractor agrees to cooperate with the Agency in monitoring the progress of completion of the service tasks and deliverables. The Agency may use, but is not limited to, one or more of the following methods for monitoring:

a. Desk reviews and analytical reviews;

b. Scheduled, unscheduled, and follow-up on-site visits;

c. Client visits;

d. Review of independent auditor's reports;

Attachment: CV-21-CitCSS Original Attachment I (15152 : Coronavirus Consolidated Appropriations Act Amendment #1)

e. Review of third-party documents and/or evaluation;

f. Review of progress reports;

g. Review of customer satisfaction surveys;

h. Agreed-upon procedures review by an external auditor or consultant;

i. Limited-scope reviews; and

j. Other procedures as deemed necessary by the Agency.

4. Performance Definitions

"Work day" shall mean a provider's staff member's eight (8) hour work period, unless specifically noted otherwise. "Day" shall mean a calendar day, unless specifically noted otherwise.

H. Contractor Responsibilities

1. Contractor Unique Activities

All tasks listed above in Section II, are solely and exclusively the responsibility of the Contractor and are tasks for which, by execution of this contract, the Contractor agrees to be held accountable.

2. Coordination with Other Providers and/or Entities

Notwithstanding that services for which the Contractor is held accountable involve coordination with other entities in performing the requirements of the contract, the failure of other providers or entities does not alleviate the Contractor from any accountability for tasks or services that the Contractor is obligated to perform pursuant to this contract.

I. Agency Responsibilities

1. Agency Obligations

The Agency may, within its resources, provide technical support and/or assistance to the Contractor to assist the Contractor in meeting the requirements of this contract. The Agency support, or lack thereof, shall not relieve the Contractor from full performance of contract requirements.

2. Agency Determinations

The Agency reserves the exclusive right to make certain determinations in the tasks performed by the Contractor and approaches used by the Contractor to perform those tasks. The absence of the Agency setting forth a specific reservation of rights does not mean that all other areas of the contract are subject to mutual agreement.

III. *METHOD OF PAYMENT*

A. Payment Method Used

The method of payment for this contract is a combination of Fixed-Fee/Unit Rate, Cost Reimbursement, and Advance Payments, subject to the availability of funds and Contractor performance. The Agency will pay the Contractor upon satisfactory completion of the Tasks/Deliverables, as specified in Section II.D., and in accordance with all other terms and conditions of the contract.

B. Unit of Service

1. Fixed Fee/Unit Rate

Contractor must meet the minimum level of performance stated in the contract in order to receive payment. Payments for Fixed Fee/Unit Rate shall not exceed amounts established in Service Rate Report, Attachment XIV.

Attachment: CV-21-CitCSS Original Attachment I (15152 : Coronavirus Consolidated Appropriations Act Amendment #1)

2. Cost Reimbursement

The Contractor agrees to utilize funds as detailed in the approved application and the Service Rate Report, Attachment XIV to this contract. Any change in the total amounts of the funds identified on the Service Rate Report requires a contract amendment.

C. Advance Payments

The Contractor may request up to two (2) months of advances at the start of the contract period to cover program administration and service costs. The payment of an advance will be contingent upon the sufficiency and amount of funds released to the Agency by the State of Florida (budget release). The Contractor's requests for advance payments require the written approval of the Agency. For the first month's advance request, the Contractor shall provide to the Agency documentation justifying the need for an advance and describing how the funds will be utilized. If the Contractor is requesting two (2) months of advances, documentation must be provided reflecting the cash needs of the Contractor within the initial two (2) months and should be supported through a cash-flow analysis or other information appropriate to demonstrate the Contractor's financial need for the second month of advances. The Contractor must also describe how the funds will be utilized for the first and second month. If sufficient budget is available, and the Department has in its sole discretion, determined that there is justified need for an advance, the Department will issue approved advance payments after contract execution.

1. All advance payments made to the Contractor shall be reimbursed to the Agency as follows: one–tenth of the advance payment received shall be reported as an advance recoupment on each Request for Payment, starting with report number 5, in accordance with the Invoice Report Schedule, Attachment X.
2. Interest earned on advances must be identified separately by source of funds (state or federal). Contractors shall maintain advanced payments of federal funds in FDIC interest bearing accounts unless an exception is made in accordance with 45 CFR 75.305. Earned interest must be returned to the Agency at the end of each quarter of the contract period.

D. Invoice Instructions

Payment shall be made upon the Contractor's presentation of an invoice subsequent to the acceptance by the Agency of the deliverables shown on the invoice. The form and substance of each invoice submitted by the Contractor shall be as follows:

1. The monthly invoice shall include the units of service established in the Contractor's approved application, per the requirements in the DoEA Programs and Services Handbook, at the rates established in the Service Rate Report, Attachment XIV. Documentation of service delivery shall include a report consisting of the following: number of clients served, number of service units provided by service, and rate per service unit with calculations that equal the total invoice amount. Any change to the total contract amount requires a contract amendment.
2. The Contractor shall submit the Request for Payment using Attachment XI Request for Payment form.
3. The Contractor shall include with its Fixed Fee/Unit Rate portion of the invoice, the units of services provided based on rates as established in Attachment XIV, number of clients, and the rates for the services provided per the requirements described in the deliverables and service tasks. The Contractor shall clearly state the provider name, the report month, and the invoice number on the invoice.

E. Payment Withholding

Any payment due by the Agency under the terms of this contract may be withheld pending the receipt and approval by the Agency of all financial and programmatic reports due from the Contractor and any adjustments thereto, including any disallowance not resolved.

F. Corrective Action Plan

1. Contractor shall ensure 100% of the deliverables identified in Section II. D. are performed pursuant to contract requirements.

Attachment: CV-21-CitCSS Original Attachment I (15152 : Coronavirus Consolidated Appropriations Act Amendment #1)

2. If at any time the Contractor is notified by the Agency that it has failed to correctly, completely, or adequately perform contract deliverables identified in Section II. D., the Contractor will submit a Corrective Action Plan (CAP) to the Agency that addresses the deficiencies and states how the deficiencies will be remedied within a time period approved by the Agency. The Agency shall assess a financial consequence for non-compliance on the Contractor as referenced in Section III.G. for each deficiency identified in the CAP which is not corrected pursuant to the CAP. The Agency will also assess a financial consequence for failure to timely submit a CAP to the Agency.
3. If the Contractor fails to correct an identified deficiency within the Agency-approved time period specified in the CAP, the Agency shall deduct the percentage established in Section III. G. from the payment for the invoice of the following month.
4. If Contractor fails to timely submit a CAP to the Agency, the Agency shall deduct the percentage established in Section III. G. for each day the CAP is overdue. The deduction will be made from the payment for the invoice of the following month.

G. Financial Consequences

The Agency will withhold or reduce payment if the Contractor fails to perform the deliverables to the satisfaction of the Agency according to the requirements referenced in Section II.D. The following financial consequences will be imposed if the deliverables stated do not meet in part or in whole the performance criteria as outlined in Section II. D.:

1. Delivery of services to eligible clients as referenced in Section II.A.3 and Section II.D.1 of this contract – Failure to comply with established assessment and prioritization criteria, as evidenced by CIRTS reports, will result in a 2% reduction of payment per business day. The reduction of payment will begin on the first business day following the Agency's notification to the Contractor that the identified deficiency was not cured or satisfactorily addressed in accordance with the Agency-approved CAP.
2. Services and units of services as referenced in Section II.D.2 of this contract – Failure to provide services in accordance with the current DoEA Programs and Services Handbook, the service tasks described in Section II.A, and Attachment XIV, or failure to submit required documentation will result in a 2% reduction of payment per business day. The reduction of payment will begin the first business day following the Agency's notification to the Contractor that the identified deficiency is not cured or satisfactorily addressed in accordance with the Agency-approved CAP.
3. Administrative duties as referenced in Section II.D.3 of this contract – Failure to perform management and oversight of program operations will result in a 2% reduction of payment per business day. The reduction of payment will begin the first business day following the Agency's notification to the Contractor that the identified deficiency was not cured or satisfactorily addressed in accordance with the Agency-approved CAP.
4. Timely submission of a CAP – Failure to timely submit a CAP after notification of a deficiency by the Agency will result in a 2% reduction of payment per business day the CAP is not received. The reduction of payment will begin with the subsequent invoice received from the Contractor and shall be prorated for each day the CAP was late following the due date specified by the Agency and shall remain in effect until the Contractor complies with the submission requirement.
5. Exceptions may be granted solely, in writing, by the Agency.

IV. *SPECIAL PROVISIONS*

A. Contractor's Financial Obligations

1. Consumer Contributions

Consumer contributions are to be used under the following terms:

a. The Contractor assures compliance with Section 315 of the OAA as amended in 2016, regarding consumer contributions;

b. Voluntary contributions are to be used only to expand services; and

Attachment: CV-21-CitCSS Original Attachment I (15152 : Coronavirus Consolidated Appropriations Act Amendment #1)

c. Accumulated voluntary contributions are to be used prior to requesting federal reimbursement.

2. Use of Service Dollars and Management of the Assessed Priority Consumer List

The Contractor is expected to spend all federal, state, and other funds provided by the Agency for the purpose specified in this contract. For each program managed by the Contractor, the Contractor must manage the service dollars in such a manner so as to avoid having a wait list and a surplus of funds at the end of the contract period. If the Agency determines that the Contractor is not spending service funds accordingly, the Agency may transfer funds to other service providers during the contract period and/or adjust subsequent funding allocations as allowable under state and federal law.

3. Coronavirus Consolidated Appropriations Act Funds

The Contractor assures compliance with Section 306 of the OAA, as amended in 2020, and will not use funds received under the Coronavirus Consolidated Appropriations Act to pay any part of a cost (including an administrative cost) incurred by the Contractor to maintain a contractual or commercial relationship that is not carried out to implement the Coronavirus Consolidated Appropriations Act services.

C. Remedies for Nonconforming Services

1. The Contractor shall ensure that all goods and/or services provided under this contract are delivered timely, completely, and commensurate with required standards of quality. Such goods and/or services will only be delivered to eligible program participants.

2. If the Contractor fails to meet the prescribed quality standards for services, such services will not be reimbursed under this contract. In addition, any nonconforming goods (including home delivered meals) and/or services not meeting such standards will not be reimbursed under this contract. The Contractor's signature on the Request for Payment Form certifies maintenance of supporting documentation and acknowledgement that the Contractor shall solely bear the costs associated with preparing or providing nonconforming goods and/or services. The Agency requires immediate notice of any significant and/or systemic infractions that compromise the quality, security or continuity of services to clients.

D. Incident Reporting

The Contractor shall notify the Agency immediately but no later than forty-eight (48) hours from the Contractor's awareness or discovery of changes that may materially affect the Contractor or any subcontractor's ability to perform the services required to be performed under this contract. Such notice shall be made orally to the Agency (by telephone) with an email to immediately follow, including the Contractor's plan for provision of services required by contract. This plan must detail the Contractor's anticipated plan for ensuring a continuity in services for each client impacted by and for the duration of the incident. Following submission of the plan, the Contractor is expected to provide the Agency updates in a frequency determined by the Agency as appropriate until the incident is resolved.

E. Volunteers

The Contractor shall ensure the use of trained volunteers in providing direct services delivered to older individuals and individuals with disabilities needing such services. If possible, the Contractor shall work in coordination with organizations that have experience in providing training, placement, and stipends for volunteers or participants (such as the Senior Community Service Employment Program or organizations carrying out federal service programs administered by the Corporation for National and Community Service).

F. Investigation of Criminal Allegations

Any report that implies criminal intent on the part of the Contractor or any subcontractors and referred to a governmental or investigatory agency must be sent to the Agency. If the Contractor has reason to believe that the allegations will be referred to the State Attorney, a law enforcement agency, the United States Attorney's office, or governmental agency, the Contractor shall notify the Agency immediately. A copy of all documents, reports, notes, or other written material concerning the investigation, whether in the possession of the Contractor or subcontractors, must be sent to the Agency with a summary of the investigation and allegations.

AGENDA MEMORANDUM

FROM:	Denise A. Dymond Lyn, County Attorney
SUBJECT:	Medicaid Assessment Program Proposal Letter
AGENDA DATE:	**August 10, 2021**

BRIEF OVERVIEW:

This proposal letter is for Nabors, Giblin & Nickerson, P.A. to provide professional services to the County relating to the consideration and implementation of a proposed Medicaid Assessment Program.

BUDGET IMPACT/FUNDING SOURCE:

Account No.	Account Title	Current Budget	YTD Expenditures	Encumbrances	Available Balance

RECOMMENDED ACTION:

Approval of the Medicaid Assessment Program Proposal letter from Nabors, Giblin & Nickerson, P.A.

Local Provider Participation Fund

Hospitals in Citrus County face unprecedented challenges. The continued cost of providing quality care, the stagnant rates of Medicaid reimbursement, and the lingering effects of the COVID-19 pandemic impose tremendous financial stress on health care systems.

A local provider participation fund (LPPF) allows the hospitals to take advantage of a federally funded program that would bring hundreds of millions of dollars of federal health care subsidy to the local community to cover gaps in reimbursement for Medicaid services.

- Hospitals in Citrus County annually provide millions of dollars-worth of uncompensated care to persons who qualify for Medicaid because Medicaid, on average, covers only 60% of the costs of the health care services provided by hospitals to Medicaid-eligible persons. This reimbursement shortfall leaves hospitals with significant uncompensated costs.
- Estimates show that Citrus County hospitals incur approximately **$8 million** in unreimbursed Medicaid-service costs each year.
- Hospitals in Citrus County desire to take on new financial obligations to support the non-federal share of a Medicaid managed care supplemental payment initiative to mitigate these unreimbursed costs.

Implementation of an LPPF provides an opportunity for Citrus County to leverage available federal dollars to help close the multimillion-dollar shortfall gap.

- An LPPF will enable the county to impose a uniform, non-ad valorem special assessment on hospitals that have a property interest—including an ownership or leasehold interest—in real property located in Citrus County.
    - This funding vehicle has been used for years in other states, as well as in other parts of Florida, including in the City of Orlando and Walton County.
    - Escambia, Brevard, Clay, Collier, Marion, and Charlotte Counties recently adopted ordinances establishing LPPFs to specifically address the Medicaid shortfall. Several other counties have upcoming votes.
- Funds collected through the LPPF assessments will be sent to the state through intergovernmental transfers. These funds constitute the non-federal share of increased Medicaid managed-care payments. This non-federal share receives a federal match.
- The state will use the funds, including the federal subsidy, to increase payments to Medicaid managed care organizations to fund greater reimbursement to hospitals for services provided to Medicaid patients.

The LPPF will generate millions of dollars to support hospitals and health care systems in Citrus County, and it will positively impact the region's economy.

- The LPPF will have a positive economic impact in the region without imposing new financial obligations on the County's citizens or businesses with no nexus to Medicaid.
- Private hospitals and health care systems in Citrus County not only provide vital health care services crucial to the local community, they also provide the local community with thousands of jobs and millions of dollars in economic impact. Implementation of an LPPF in Citrus County ensures the financial stability and viability of these hospitals and health care systems.

TITLE

ORDINANCE AUTHORIZING CREATION OF CITRUS COUNTY LOCAL PROVIDER PARTICIPATION FUND UNDER THE AUTHORITY OF ARTICLE VIII, SECTION 1(F) OF THE CONSTITUTION OF THE STATE OF FLORIDA AND SPECIFYING THE METHOD OF SETTING AND COMPUTING ANNUAL NON-AD VALOREM SPECIAL ASSESSMENTS TO BE DEPOSITED INTO THE FUND AND SPECIFYING AUTHORIZED USES FOR THE FUND PROCEEDS

WHEREAS, the hospitals in Citrus County's jurisdiction (the "Hospitals") annually provide millions of dollars of uncompensated care to uninsured persons and those who qualify for Medicaid because Medicaid, on average, covers only 60% of the costs of the health care services actually provided by Hospitals to Medicaid-eligible persons, leaving hospitals with significant uncompensated costs; and

WHEREAS, the State of Florida (the "State") received federal authority to establish the Statewide Medicaid Managed Care hospital directed payment program (the "DPP") to offset hospitals' uncompensated Medicaid costs and improve quality of care provided to Florida's Medicaid population; and

WHEREAS, impacted Hospitals have asked Citrus County (the "County") to impose an assessment upon certain real property owned by the Hospitals to help finance the non-federal share of the State's Medicaid program; and

WHEREAS, the only properties to be assessed are the real property sites of such Hospitals; and

WHEREAS, the County recognizes that one or more Hospitals within the County's boundaries may be located upon real property leased from governmental entities and that such Hospitals may be assessed because courts do not make distinctions on the application of special assessments based on "property interests" but rather on the distinction of the classifications of real property being assessed; and

WHEREAS, the funding raised by the County assessment will, through intergovernmental transfers ("IGTs") provided consistent with federal guidelines, support additional funding for Medicaid payments to Hospitals; and

WHEREAS, the County acknowledges that the Hospital properties assessed will benefit directly and especially from the assessment as a result of the above-described additional funding provided to said Hospitals; and

WHEREAS, the County has determined that a logical relationship exists between the services provided by the Hospitals, which will be supported by the assessment, and the special and particular benefit to the real property of the Hospitals; and

WHEREAS, the County has an interest in promoting access to health care for its low-income and uninsured residents; and

DRAFT

Attachment: 7.25_Citrus Ordinance_Final (17232 : Medicaid Assessment Program Proposal Letter)

WHEREAS, leveraging additional federal support through the above-described IGTs to fund Medicaid payments to the Hospitals for health care services persons directly and specifically benefits the Hospitals' properties and supports their continued ability to provide those services; and

WHEREAS, imposing an assessment limited to Hospital properties to help fund the provision of these services and the achievement of certain quality standards by the Hospitals to residents of the County is a valid public purpose that benefits the health, safety, and welfare of the citizens of the County; and

WHEREAS, the assessment ensures the financial stability and viability of the Hospitals providing such services; and

WHEREAS, the Hospitals are important contributors to the overall County's economy and the financial benefit to these Hospitals directly and specifically supports their mission, as well as their ability to grow, expand, and maintain their property and facilities in concert with the population growth in the jurisdiction of the County; and

WHEREAS, the County finds the assessment will enhance the Hospitals' ability to grow, expand, maintain, improve, and increase the value of their facilities under all present circumstances and those of the foreseeable future; and

WHEREAS, the County is proposing a properly apportioned assessment by which all Hospitals will be assessed a uniform amount that is compliant with 42 C.F.R. § 433.68(d); and

WHEREAS, on --------- the County adopted this Ordinance ------- enabling the County to levy a uniform non-ad valorem special assessment, which is fairly and reasonably apportioned among the Hospitals' properties within the County's jurisdictional limits, to establish and maintain a system of funding for IGTs to support the non-federal share of Medicaid payments, thus directly and specially benefitting Hospital properties.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF CITRUS COUNTY, FLORIDA:

SECTION 1. Chapter 86, of the Citrus County Code, is hereby amended, by adding a new Article VI, as follows:

Sec. 86-60. - Title.

This Article VI shall be known and may be cited as the "Citrus County Local Provider Participation Fund Ordinance."

Sec. 86-61. - Authority.

Pursuant to Article VIII, Section 1(f) of the Constitution of the State of Florida and Chapter 125 of the Florida Statutes, the Board is hereby authorized to impose a special assessment against private for-profit

DRAFT

Attachment: 7.25_Citrus Ordinance_Final (17232 : Medicaid Assessment Program Proposal Letter)

and not-for-profit hospitals located within the County to fund the non-federal share of Medicaid payments associated with Local Services.

Sec. 86-62. - Purpose.

The non-ad valorem special assessment authorized by this article shall be imposed, levied, collected, and enforced against Assessed Properties located within the County. Proceeds from the Assessment shall be used to benefit Assessed Properties through enhanced Medicaid payments for Local Services. When imposed, the Assessment shall constitute a lien upon the Assessed Properties equal in rank and dignity with the liens of all state, county, district, or municipal taxes and other non-ad valorem assessments. Failure to pay may cause foreclosure proceedings, which could result in loss of title, to commence. The Assessment shall be computed and assessed only in the manner provided in this Ordinance.

Sec. 86-63. - Alternative Method

This Ordinance shall be deemed to provide an additional and alternative method, as specified in § 197.3631, Fla. Stat., for the assessment and collection of the non-ad valorem special assessment described herein. The Ordinance shall be regarded as supplemental and additional to powers conferred by other laws and shall not be regarded as in derogation of any powers now existing, or which may exist in the future. This Ordinance, being necessary for the health, safety, and welfare of the inhabitants of the County, shall be liberally construed to effect the purposes hereof.

Sec. 86-64. - Definitions.

When used in this Ordinance, the following terms shall have the following meanings, unless the context clearly requires otherwise:

Assessed Property means the real property in the County to which an Institutional Health Care Provider holds a right of possession and right of use through an ownership or leasehold interest, thus making the property subject to the Assessment.

Assessment means a non-ad valorem special assessment imposed by the County on Institutional Health Care Providers located in the County limits to fund the non-federal share of Medicaid and Medicaid managed care payments that will benefit hospitals providing Local Services.

Assessment Coordinator means the person appointed to administer the Assessment imposed pursuant to this Article, or such person's designee.

Assessment Resolution means the resolution described in Section 86-68 hereof.

Board means the Board of County Commissioners of Citrus County, Florida.

Comptroller means the Citrus County Comptroller, ex officio Clerk to the Board, or other such person as may be duly authorized to act on such person's behalf.

County means Citrus County, Florida.

DRAFT

Attachment: 7.25_Citrus Ordinance_Final (17232 : Medicaid Assessment Program Proposal Letter)

Fiscal Year means the period commencing on October 1 of each year and continuing through the next succeeding September 30, or such other period as may be prescribed by law as the fiscal year for the County.

Institutional Health Care Provider means a private for-profit or not-for-profit hospital that provides inpatient hospital services.

Local Services means the provision of healthcare services to Medicaid, indigent, and uninsured members of the Citrus County community.

Non-Ad Valorem Assessment Roll means the special assessment roll prepared by the County.

Ordinance means the Citrus County Local Provider Participation Fund Ordinance.

Tax Collector means the Citrus County Tax Collector.

Sec. 86-65. - Interpretation.

Unless the context indicates otherwise, the terms “hereof,” “hereby,” “herein,” “hereto,” “hereunder” and similar terms refer to this Article. The term “hereafter” means after, and the term “heretofore” means before the effective date of the Ordinance.

Sec. 86-66. - Scope of Assessment.

Pursuant to § 125.01, Fla. Stat., the Board is hereby authorized to create a non-ad valorem special assessment that shall be imposed, levied, collected, and enforced against Assessed Property to fund the non-federal share of Medicaid payments benefitting Assessed Properties providing Local Services in the County. Funds generated as a result of the Assessment shall be held in a separate account called the local provider participation fund and shall be available to be used only to (1) provide to the Florida Agency for Health Care Administration the non-federal share for Medicaid payments to be made directly or indirectly in support of hospitals serving Medicaid and low income patients and (2) reimburse the County for administrative costs associated with the implementation of the Assessment authorized by this Ordinance, as further specified in the Assessment Resolution.

The Assessment must be broad based, and the amount of the Assessment must be uniformly imposed on each Assessed Property. The Assessment may not hold harmless any Institutional Health Care Provider, as required under 42 U.S.C. § 1396b(w). As set forth in Section 86-62, the Assessment shall constitute a lien upon the Assessed Properties equal in rank and dignity with the liens of all state, county, district, or municipal taxes and other non-ad valorem assessments. In addition to other remedies available at law or equity, the enforcement of the aforesaid Assessment shall be at the same time and in like manner as ad valorem taxes and subject to all ad valorem tax enforcement procedures afforded to the official annual real property tax notice.

Creation and implementation of the Assessment will not result in any additional pecuniary obligation on the County, Board, or County residents; the Assessment shall be imposed, levied, collected, and

Attachment: 7.25_Citrus Ordinance_Final (17232 : Medicaid Assessment Program Proposal Letter)

enforced against only Assessed Properties, and the Assessment Resolution shall provide that the County's administrative costs shall be reimbursed from the collected amounts. The County's administrative costs shall not exceed $150,000. Any reasonable expenses the County incurs to collect delinquent assessments, including any attorney's fees incurred as a result of contracting with an attorney to represent the county in seeking and enforcing the collection of delinquent assessments, are not subject to the limitation on administrative costs.

Sec. 86-67. - Computation of Assessment.

The annual Assessment shall be specified for each Assessed Property. The Board shall set the Assessment in amounts that in the aggregate will generate sufficient revenue to fund the non-federal share of Medicaid payments associated with Local Services to be funded by the Assessment.

The amount of the Assessment required of each Assessed Property may not exceed an amount that, when added to the amount of other hospital assessments levied by the state or local government, exceeds the maximum percent of the aggregate net patient revenue of all Assessed Hospitals in the County permitted by 42 C.F.R. § 433.68(f)(3)(i)(A). Assessments for each Assessed Property will be derived from data contained in hospital cost reports and/or the Florida Hospital Uniform Reporting System, as available from the Florida Agency for Health Care Administration.

Sec. 86-68. - Assessment Resolution.

The Assessment Resolution shall describe (a) the Medicaid payments proposed for funding from proceeds of the Assessment; (b) the benefits to the Assessment Properties associated with the Assessment; (c) the methodology for computing the assessed amounts; and (d) the method of collection, including how and when the Assessment is to be paid.

Sec. 86-69. - Non-Ad Valorem Assessment Roll.

The Assessment Coordinator shall prepare, or direct the preparation of, the Non-Ad Valorem Assessment Roll, which shall contain the following:

a) The names of the Assessed Properties;

b) The Assessment rate and amount of the Assessment to be imposed against each Assessed Property based on the Assessment Resolution.

The Non-Ad Valorem Assessment Roll shall be retained by the Assessment Coordinator and shall be open to public inspection. The foregoing shall not be construed to require that the Assessment Roll be in printed form if the amount of the Assessment for each Assessed Property can be determined by use of a computer terminal available to the public.

Sec. 86-70. - Notice by Publication.

Upon completion of the Non-Ad Valorem Assessment Roll, the Assessment Coordinator shall publish once in a newspaper of general circulation within the County a notice stating that the Board, at a

DRAFT

Attachment: 7.25_Citrus Ordinance_Final (17232 : Medicaid Assessment Program Proposal Letter)

regular, adjourned, or special meeting, on a certain day and hour, not earlier than 20 calendar days from such publication, will hear objections of all interested persons to approve the aforementioned Non-Ad Valorem Assessment Roll. Such notice shall include:

a) The Assessment rate;

b) The procedure for objecting to the Assessment rate;

c) The method by which the Assessment will be collected; and

d) A statement that the Non-Ad Valorem Special Assessment Roll is available for inspection at the Office of the Assessment Coordinator.

Sec. 86-71. - Notice by Mail.

In addition to the published notice required by Section 86-70, but only for the first fiscal year in which an Assessment is imposed by the Board against Assessed Properties, the Assessment Coordinator shall provide notice of the proposed Assessment by first class mail to the Assessed Properties. Such notice shall include:

a) The purpose of the Assessment;

b) The Assessment rate to be levied against each Assessed Property;

c) The unit of measurement applied to determine the Assessment;

d) The total revenue to be collected by the County from the Assessment;

e) A statement that failure to pay the Assessment will cause a tax certificate to be issued against the property or foreclosure proceedings, either of which may result in a loss of title to the property;

f) A statement that all affected and/or interested parties have a right to appear at the hearing and to file written objections with the Board within 20 days of the notice; and

g) The date, time, and place of the hearing.

Notice shall be mailed at least 20 calendar days prior to the hearing to each Assessed Property at such address as is shown on the Assessment Roll. Notice shall be deemed mailed upon delivery thereof to the possession of the United States Postal Service. The Assessment Coordinator may provide proof of such notice by affidavit. Failure of the Assessed Property to receive such notice, because of mistake or inadvertence, shall not affect the validity of the Assessment Roll or release or discharge any obligation for payment of the Assessment imposed by the Board pursuant to this Article.

DRAFT

Attachment: 7.25_Citrus Ordinance_Final (17232 : Medicaid Assessment Program Proposal Letter)

Sec. 86-72. - Adoption of Assessment Resolution and Non-Ad Valorem Assessment Roll.

At the time named in the notice, the Board shall receive and consider any written objections of interested persons. All objections to the Assessment Resolution and Non-Ad Valorem Assessment Roll shall be made in writing and filed with the Assessment Coordinator at or before the time or adjourned time of such hearing. At the date and time named in the notice, the Board may adopt the Assessment Resolution and Non-Ad Valorem Assessment Roll which shall:

a) Set the rate of the Assessment to be imposed;

b) Approve the Non-Ad Valorem Assessment Roll, with such amendments as it deems just and right; and

c) Affirm the method of collection.

Sec. 86-73. – Revisions to the Assessment Roll.

The Board may revise the Non-Ad Valorem Assessment Roll during the Fiscal Year to modify the Assessment rate through the adoption of an additional Assessment Resolution, following the procedures described in Sections 86-68 through 86-72.

Sec. 86-74. - Effect of the Assessment Resolution.

The adoption of an Assessment Resolution shall be the final adjudication of the issues presented (including, but not limited to, the method of apportionment and Assessment, the Assessment rate, the initial rate of Assessment, the Non-Ad Valorem Assessment Roll, and the levy and lien of the Assessments), unless proper steps shall be initiated in a court of competent jurisdiction to secure relief within 20 days from the date of Board action on the Assessment Resolution. The Non-Ad Valorem Assessment Roll shall be delivered to the Tax Collector or such other official as the Board by resolution shall designate.

Sec. 86-75. - Method of Collection.

The amount of the Assessment is to be collected pursuant to the Alternative Method, as specified in the Assessment Resolution.

Sec. 86-76. - Refunds.

If, at the end of the Fiscal Year, additional amounts remain in the local provider participation fund, the Board is hereby authorized to make refund to Assessed Properties in proportion to amounts paid in during the Fiscal Year for all or a portion of the unutilized local provider participation fund.

Sec. 86-77. - Responsibility for Enforcement.

The County and its agent, if any, shall maintain the duty to enforce the prompt collection of the Assessment by the means provided herein. The duties related to collection of assessments may be

DRAFT

Attachment: 7.25_Citrus Ordinance_Final (17232 : Medicaid Assessment Program Proposal Letter)

enforced at the suit of any holder of obligations in a court of competent jurisdiction by mandamus or other appropriate proceedings or actions.

Sec. 86-78. - Correction of Errors and Omissions.

No act of error or omission on the part of the Comptroller, Property Appraiser, Tax Collector, Assessment Coordinator, Board, or their deputies or employees shall operate to release or discharge any obligation for payment of the Assessment imposed by the Board under the provision of this Chapter.

Sec. 86-79. - Limitations on Surcharges

Payments made by Assessed Properties under this article may not be passed along to patients of the Assessed Property as a surcharge or as any other form of additional patient charge.

SECTION 2. APPLICABILITY.

It is hereby intended that this Ordinance shall constitute a uniform law applicable in all unincorporated areas of Citrus County, Florida, and to all incorporated areas of Citrus County where there is no existing conflict of law or municipal ordinance.

SECTION 3. SEVERABILITY.

If any portion of this Ordinance is held invalid or declared to be unconstitutional, inoperative, or void by any court of competent jurisdiction, such holdings shall not affect the validity of the remainder of this Ordinance.

SECTION 4. RESOLUTION OF CONFLICT OF LAWS.

In all instances where Florida law, as evidenced by the Florida Administrative Code, Florida Statutes, applicable case law or otherwise, mandates standards or requirements that are stricter than the provisions of this Ordinance, or where a matter is addressed by Florida law that is not addressed by this Ordinance, then said law shall govern. In situations where this Ordinance addresses a matter in a manner that is stricter than that of Florida law, the provisions of this Ordinance shall control.

SECTION 5. INCLUSION IN THE CITRUS COUNTY CODE.

The provisions of this Ordinance shall be included and incorporated in the Citrus County Code, as an addition or amendment thereto, and shall be appropriately renumbered to conform to the uniform numbering system of the Citrus County Code, once established.

SECTION 6. FILING OF ORDINANCE.

In accordance with the provisions of § 125.66, Fla. Stat., a certified copy of this Ordinance shall be filed with the Florida Department of State.

Re: Medicaid Assessment Program

Dear Ms. Lyn:

Pursuant to our discussions, please find the Firm's proposal for professional services to Citrus County (the "County") relating to the consideration and implementation of a proposed Medicaid Assessment Program.

We propose to charge fees for legal services rendered based upon hours expended at the following rates:

Firm Partners:	$300.00 per hour
Firm Associates:	$250.00 per hour
Law Clerks/Paralegals:	$ 75.00 per hour

To the extent that travel is required, time spent in travel will not be billed.

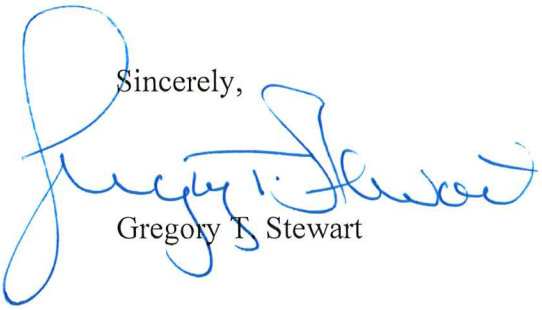

In addition to the compensation specified above, we request that expenses incurred which are directly related to the provision of services be reimbursed, including, but not limited to: copy and fax costs, long distance telephone costs, express mail and on-line research expenses. Travel expenses will be reimbursed in accordance with the provisions governing the travel of public officers and employees contained in Section 112.061, Florida Statutes.

To the extent you provide us with original documents during the course of this matter, we will hold these records for you during the pendency of your action. At the conclusion of your matter, we will contact you and make arrangements for the return of the records you provided. We will retain our file of your matter for our firm's normal retention period, which may be retained in electronic format.

Attachment: 2021 8.3 Proposal for Medicaid Assessment Program (17232 : Medicaid Assessment Program Proposal Letter)

We appreciate your consideration of our Firm for representation in this matter. Should any additional information be required, please feel free to contact me. If the terms of the representation are acceptable, we would appreciate it if you would sign a copy of this letter and return a copy to us.

Sincerely,

Gregory T. Stewart

Deputy Secretary for Medicaid
Florida Agency for Health Care Administration
2727 Mahan Drive, Mail Stop 8
Tallahassee, FL 32308

Dear Ms. Kidder:

In accordance with 42 CFR 438.6(c), the Centers for Medicare & Medicaid Services (CMS) has reviewed and is approving Florida's submission of a proposal for delivery system and provider payment initiatives under Medicaid managed care plan contracts. The initial proposal was received by CMS on November 16, 2020. A revised proposal was received by CMS on April 26, 2021.

Specifically, the following proposal for delivery system and provider payment initiatives (i.e. state directed payment) is approved:

- Uniform percentage increase for eligible hospitals established by the state for the rating period covering October 1, 2020 through September 30, 2021

This approval letter does not constitute approval of any Medicaid managed care plan contracts or rate certifications for the aforementioned rating period, or any specific Medicaid financing mechanism used to support the provider payment arrangement. All other federal laws and regulations apply. This approval letter only satisfies the regulatory requirement pursuant to 42 CFR 438.6(c)(2) for written approval prior to implementation of any payment arrangement described in 42 CFR 438.6(c)(1). Approval of the corresponding Medicaid managed care plan contracts and rate certifications is still required.

Note that this payment arrangement must be addressed in the applicable rate certifications. The state is always required to submit a contract action(s) to incorporate the contractual obligation for the state directed payment and related capitation rates that include this payment arrangement. CMS is happy to provide technical assistance to states and their actuaries.

If you have questions concerning this approval or state directed payments in general, please contact Lovie Davis, Division of Managed Care Policy, at (410) 786-1533 or lovie.davis@cms.hhs.gov.

Sincerely,

John Giles

Section 438.6(c) Preprint

Section 438.6(c) provides States with the flexibility to implement delivery system and provider payment initiatives under MCO, PIHP, or PAHP Medicaid managed care contracts. Section 438.6(c)(1) describes types of payment arrangements that States may use to direct expenditures under the managed care contract – paragraph (c)(1)(i) provides that States may specify in the contract that managed care plans adopt value-based purchasing models for provider reimbursement; paragraph (c)(1)(ii) provides that States have the flexibility to require managed care plan participation in broad-ranging delivery system reform or performance improvement initiatives; and paragraph (c)(1)(iii) provides that States may require certain payment levels for MCOs, PIHPs, and PAHPs to support State practices critical to ensuring timely access to high-quality care.

Under section 438.6(c)(2), contract arrangements that direct the MCO's, PIHP's, or PAHP's expenditures under paragraphs (c)(1)(i) through (iii) must have written approval from CMS prior to implementation and before approval of the corresponding managed care contract(s) and rate certification(s). This preprint implements the prior approval process and must be completed, submitted, and approved by CMS before implementing any of the specific payment arrangements described in section 438.6(c)(1)(i) through (iii).

Standard Questions for All Payment Arrangements

In accordance with §438.6(c)(2)(i), the following questions must be completed.

DATE AND TIMING INFORMATION:

1. Identify the State's managed care contract rating period for which this payment arrangement will apply (for example, July 1, 2017 through June 30, 2018):

October 1, 2020 through September 30, 2021

2. Identify the State's requested start date for this payment arrangement (for example, January 1, 2018):

October 1, 2020

3. Identify the State's expected duration for this payment arrangement (for example, 1 year, 3 years, or 5 years):

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1148 (CMS-10398 #52). STATE DIRECTED VALUE-BASED PURCHASING:

4. In accordance with §438.6(c)(1)(i) and (ii), the State is requiring the MCO, PIHP, or PAHP to implement value-based purchasing models for provider reimbursement, such as alternative payment models (APMs), pay for performance arrangements, bundled payments, or other service payment models intended to recognize value or outcomes over volume of services; or the State is requiring the MCO, PIHP, or PAHP to participate in a multi-payer or Medicaid-specific delivery system reform or performance improvement initiative. *Check all that apply; if none are checked, proceed to Question 6.*

   ☐ Quality Payments / Pay for Performance (Category 2 APM, or similar)
   ☐ Bundled Payments / Episode-Based Payments (Category 3 APM, or similar)
   ☐ Population-Based Payments / Accountable Care Organization (ACO) (Category 4 APM, or similar)
   ☐ Multi-Payer Delivery System Reform
   ☐ Medicaid-Specific Delivery System Reform
   ☐ Performance Improvement Initiative
   ☐ Other Value-Based Purchasing Model

5. Provide a brief summary or description of the required payment arrangement selected above and describe how the payment arrangement intends to recognize value or outcomes over volume of services (the State may also provide an attachment). If "other" was checked above, identify the payment model. If this payment arrangement is designed to be a multi-year effort, describe how this application's payment arrangement fits into the larger multi-year effort. If this is a multi-year effort, identify which year of the effort is addressed in this application.

STATE DIRECTED FEE SCHEDULES:

6. In accordance with §438.6(c)(1)(iii), the State is requiring the MCO, PIHP, or PAHP to adopt a minimum or maximum fee schedule for network providers that provide a particular service under the contract; or the State is requiring the MCO, PIHP, or PAHP to provide a uniform dollar or percentage increase for network providers that provide a particular service under the contract. *Check all that apply; if none are checked, proceed to Question 10.*

   ☐ Minimum Fee Schedule
   ☐ Maximum Fee Schedule
   ☒ Uniform Dollar or Percentage Increase

7. Use the checkboxes below to identify whether the State is proposing to use §438.6(c)(1)(iii) to establish any of the following fee schedules:

   ☐ The State is proposing to use an approved State plan fee schedule
   ☐ The State is proposing to use a Medicare fee schedule
   ☒ The State is proposing to use an alternative fee schedule established by the State

8. If the State is proposing to use an alternative fee schedule established by the State, provide a brief summary or description of the required fee schedule and describe how the fee schedule was developed, including why the fee schedule is appropriate for network providers that provide a particular service under the contract (the State may also provide an attachment).

The alternative fee schedule will utilize percentage add-on amounts to base payments. A detailed description is given in response to Questions 10 and 12.

Each hospital provider will receive their estimated allocation during the course of the year if the actual utilization is met within a maximum of +1% and a minimum of -5% of the projected utilization. The threshold reconciliation will be performed by the MCOs and the State annually. If the utilization exceeds 1% above the projected threshold, the MCOs must continue to make payments at the originally contracted rates. If the utilization falls more than 5% below the projected threshold, the hospital provider must return the minimum fee schedule payment amounts above the contracted rate.

9. If using a maximum fee schedule, use the checkbox below to make the following assurance:

☐ In accordance with §438.6(c)(1)(iii)(C), the State has determined that the MCO, PIHP, or PAHP has retained the ability to reasonably manage risk and has discretion in accomplishing the goals of the contract.

APPROVAL CRITERIA FOR ALL PAYMENT ARRANGEMENTS:

Attachment: FL 438.6(c) Proposal G Approval Letter Package 2020-2021 (17232 : Medicaid Assessment Program Proposal Letter)

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1148 (CMS-10398 #52). 10. In accordance with §438.6(c)(2)(i)(A), describe in detail how the payment arrangement is based on the utilization and delivery of services for enrollees covered under the contract (the State may also provide an attachment).

Consistent with 42 CFR §438.6(c)(1)(iii)(B), the contracted SMMC health plans will provide uniform percentage increases to the base health plan payments made to Florida eligible hospitals, as defined in Question 11 below, for actual inpatient and outpatient services provided to Medicaid managed care enrollees. As discussed in Question 12 below, the uniform percentage increases will be set by SMMC region and may vary by eligible hospital class and service. The percentage increases will be determined by the state and remain fixed for the state fiscal year. The uniform percentages will be reevaluated on an annual basis.

For example, if the base payment a Medicaid health plan has agreed to pay a hospital for providing inpatient services is $10,000, and the applicable percentage increase for inpatient services is 50%, then the calculated payment increase for inpatient services would be $5,000, resulting in a total payment of $15,000 for that enrollee's specific service. A similar calculation would apply to determine payment increased for outpatient services.

Medicaid health plan encounter data will be used to directly link payments to utilization of inpatient and outpatient services by facility for plan enrollees. Medicaid health plans are required to submit encounter data to the Florida Agency for Health Care Administration in accordance with formatting and timeliness standards set forth in their contracts with the State. Due to the uniform percentage increase being calculated after the encounter has been received, the directed payments will occur retroactively to each health plan.

The state's contracted actuary will include a separate payment term in the rate certification letter.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1148 (CMS-10398 #52). The time required to complete this information collection is estimated to average 1 hour per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. Attachment: FL 438.6(c) Proposal G Approval Letter Package 2020-2021 (17232 : Medicaid Assessment Program Proposal Letter)

11. In accordance with §438.6(c)(2)(i)(B), identify the class or classes of providers that will participate in this payment arrangement.

Florida hospitals operating in Florida's eleven SMMC regions that provide inpatient and/or outpatient services to Florida Medicaid managed care enrollees will participate in the payment arrangement as three mutually exclusive provider classes:

- a private hospital class,
- a public hospital class, which will include state government and non-state government hospitals; and
- cancer hospitals who meet the criteria in 42 USC 1395ww(d)(1)(B)(v).

12. In accordance with §438.6(c)(2)(i)(B), describe how the payment arrangement directs expenditures equally, using the same terms of performance, for the class or classes of providers (identified above) providing the service under the contract (the State may also provide an attachment).

QUALITY CRITERIA AND FRAMEWORK FOR ALL PAYMENT ARRANGEMENTS:

Under this payment arrangement, all eligible hospitals in the three mutually exclusive hospital classes providing inpatient and/or outpatient hospital services to SMMC enrollees will receive a separate uniform percentage increase for inpatient services and outpatient services, respectively. Health plan encounter data will be used to directly link payments to utilization of inpatient and outpatient services for plan enrollees using the same methodology across the class. The specific percentage increases applied will be evaluated on an annual basis.

The uniform percentage increases will be set by SMMC region. Within each region, the payment arrangement will direct expenditures equally to all hospitals within each class for providing the same service under the contract. However, the uniform rate increase percentage for each hospital class may vary. For example:

- Region A: private hospitals will receive a rate increase of 50% for inpatient services and 60% outpatient services; public hospitals will receive a rate increase of 60% for inpatient services and 45% for outpatient services; and cancer hospitals will receive a rate increase of 0% for inpatient services and 0% outpatient services.
- Region B: private hospitals will receive a rate increase of 60% for inpatient services and 30% for outpatient services; public hospitals will receive a rate increase of 45% for inpatient services and 70% for outpatient services; and cancer hospitals will receive a rate increase of 0% for inpatient services and 0% outpatient services.

In order to improve health outcomes for Medicaid recipients enrolled in managed care, the State is deploying a Hospital Quality Improvement and Measures Monitoring Program.

- Calendar Year 2019 will be the baseline year for calculating three performance metrics by Medicaid region and determining improvement targets for each region.
  - Cesarean Sections (C-sections)
  - Potentially Preventable Hospital Readmissions
  - Healthcare Associated Infections – run using Medicaid claims and encounters
    - Catheter Associated Urinary Tract Infections (CAUTI)
    - Central-line Associated Bloodstream Infections (CLABSI)
- The Agency will establish improvement targets for each region based upon the baseline data.
- The first program year will be Rate Year 2020-2021. During this first year, hospitals must participate in the Agency's quality initiatives related to reducing preventable hospital readmissions, emergency department diversion, and reducing C-sections. Hospitals that participate in these initiatives are eligible to receive the payment increases. Hospital must continue to participate for the duration of the initiatives, which may extend across program years.
- Payment increases for program year two (Rate Year 2021-2022) and subsequent years will include up to a six percent withhold from the federal share of payment increases, which will be paid to hospitals in regions that meet their improvement targets for the three metrics. Each performance metric accounts for two percent of the withhold.
  - At least nine months after the end of the second program year, the three performance metrics will be run for each region for the Rate Year 2021-2022 period. Each regional rate will be compared to the improvement target to see if it was met.
    - If a region meets the improvement targets for the three metrics, the hospitals in that region will receive the six percent withhold.
    - If a region meets the improvement targets for two metrics, the hospitals in that region will receive four percent (two-thirds of the withhold).
    - If only one of the metrics meets the improvement target, the hospitals in that region will receive two percent (one-third of the withhold).
    - Note that for the Healthcare Associated Infections metric, both sub-metrics must be met to receive the two percent.
  - Hospitals that do not have labor and delivery will not be used to determine the regional improvement targets for C-sections and will not be subject to the withhold for C-Sections. The maximum withhold for hospitals that do not have labor and delivery will be four percent.

this both in terms of this year's payment arrangement and that of the multi-year payment arrangement.

☒ In accordance with §438.6(c)(2)(i)(D), the State has an evaluation plan which measures the degree to which the payment arrangement advances at least one of the goal(s) and objective(s) in the quality strategy required per §438.340.

a. Describe how and when the State will review progress on the advancement of the State's goal(s) and objective(s) in the quality strategy identified in Question 13(c). If this is any year other than year 1 of a multi-year effort, describe prior year(s) evaluation findings and the payment arrangement's impact on the goal(s) and objective(s) in the State's quality strategy. If the State has an evaluation plan or design for this payment arrangement, or evaluation findings or reports, please attach.

In the first year of the program, the State will collect, in consultation with the hospitals and health plans, baseline data on the measures indicated in question 13c. The State will review and evaluate the data annually. The State will continue to collect performance data on those measures throughout the subsequent years of the program and assess the direction of change in relation to the baseline data to determine if the projected thresholds have been met. As noted in question 13d, for each of these areas of focus in which the region's average score meets the regional target, the State will make the withhold portion of the payment. The withhold payment will not be made if the regional targets are not met.

b. Indicate if the payment arrangement targets all enrollees or a specific subset of enrollees. If the payment arrangement targets a specific population, provide a brief description of the payment arrangement's target population (for example, demographic information such as age and gender; clinical information such as most prevalent health conditions; enrollment size in each of the managed care plans; attribution to each provider; etc.).

The payment arrangement targets all Florida Medicaid managed care enrollees where Medicaid is the primary payer of the hospital services.

c. Describe any planned data or measure stratifications (for example, age, race, or ethnicity) that will be used to evaluate the payment arrangement.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. AHCA will evaluate managed care payments made to and the numbers and types of inpatient and outpatient services provided by hospitals to enrollees and changes over time.

d. Provide additional criteria (if any) that will be used to measure the success of the payment arrangement.

As noted in response to question 13d, the State will evaluate C-Section Rate and PPR measures using data documented on the AHCA dashboard HERE. For the HAI measures, the State will review the star ratings of the hospitals in a region as documented on the Florida Health Finder webpage HERE.

REQUIRED ASSURANCES FOR ALL PAYMENT ARRANGEMENTS:

15. Use the checkboxes below to make the following assurances:

☒ In accordance with §438.6(c)(2)(i)(E), the payment arrangement does not condition network provider participation on the network provider entering into or adhering to intergovernmental transfer agreements.

☒ In accordance with §438.6(c)(2)(i)(F), the payment arrangement is not renewed automatically.

☒ In accordance with §438.6(c)(2)(i), the State assures that all expenditures for this payment arrangement under this section are developed in accordance with §438.4, the standards specified in §438.5, and generally accepted actuarial principles and practices.

Local Provider Participation Fund

Hospitals in Citrus County face unprecedented challenges. The continued cost of providing quality care, the stagnant rates of Medicaid reimbursement, and the lingering effects of the COVID-19 pandemic impose tremendous financial stress on health care systems.

A local provider participation fund (LPPF) allows the hospitals to take advantage of a federally funded program that would bring hundreds of millions of dollars of federal health care subsidy to the local community to cover gaps in reimbursement for Medicaid services.

- Hospitals in Citrus County annually provide millions of dollars-worth of uncompensated care to persons who qualify for Medicaid because Medicaid, on average, covers only 60% of the costs of the health care services provided by hospitals to Medicaid-eligible persons. This reimbursement shortfall leaves hospitals with significant uncompensated costs.
- Estimates show that Citrus County hospitals incur approximately **$8 million** in unreimbursed Medicaid-service costs each year.
- Hospitals in Citrus County desire to take on new financial obligations to support the non-federal share of a Medicaid managed care supplemental payment initiative to mitigate these unreimbursed costs.

Implementation of an LPPF provides an opportunity for Citrus County to leverage available federal dollars to help close the multimillion-dollar shortfall gap.

- An LPPF will enable the county to impose a uniform, non-ad valorem special assessment on hospitals that have a property interest—including an ownership or leasehold interest—in real property located in Citrus County.
    - This funding vehicle has been used for years in other states, as well as in other parts of Florida, including in the City of Orlando and Walton County.
    - Escambia, Brevard, Clay, Collier, Marion, and Charlotte Counties recently adopted ordinances establishing LPPFs to specifically address the Medicaid shortfall. Several other counties have upcoming votes.
- Funds collected through the LPPF assessments will be sent to the state through intergovernmental transfers. These funds constitute the non-federal share of increased Medicaid managed-care payments. This non-federal share receives a federal match.
- The state will use the funds, including the federal subsidy, to increase payments to Medicaid managed care organizations to fund greater reimbursement to hospitals for services provided to Medicaid patients.

The LPPF will generate millions of dollars to support hospitals and health care systems in Citrus County, and it will positively impact the region's economy.

- The LPPF will have a positive economic impact in the region without imposing new financial obligations on the County's citizens or businesses with no nexus to Medicaid.
- Private hospitals and health care systems in Citrus County not only provide vital health care services crucial to the local community, they also provide the local community with thousands of jobs and millions of dollars in economic impact. Implementation of an LPPF in Citrus County ensures the financial stability and viability of these hospitals and health care systems.

TITLE

ORDINANCE AUTHORIZING CREATION OF CITRUS COUNTY LOCAL PROVIDER PARTICIPATION FUND UNDER THE AUTHORITY OF ARTICLE VIII, SECTION 1(F) OF THE CONSTITUTION OF THE STATE OF FLORIDA AND SPECIFYING THE METHOD OF SETTING AND COMPUTING ANNUAL NON-AD VALOREM SPECIAL ASSESSMENTS TO BE DEPOSITED INTO THE FUND AND SPECIFYING AUTHORIZED USES FOR THE FUND PROCEEDS

WHEREAS, the hospitals in Citrus County's jurisdiction (the "Hospitals") annually provide millions of dollars of uncompensated care to uninsured persons and those who qualify for Medicaid because Medicaid, on average, covers only 60% of the costs of the health care services actually provided by Hospitals to Medicaid-eligible persons, leaving hospitals with significant uncompensated costs; and

WHEREAS, the State of Florida (the "State") received federal authority to establish the Statewide Medicaid Managed Care hospital directed payment program (the "DPP") to offset hospitals' uncompensated Medicaid costs and improve quality of care provided to Florida's Medicaid population; and

WHEREAS, impacted Hospitals have asked Citrus County (the "County") to impose an assessment upon certain real property owned by the Hospitals to help finance the non-federal share of the State's Medicaid program; and

WHEREAS, the only properties to be assessed are the real property sites of such Hospitals; and

WHEREAS, the County recognizes that one or more Hospitals within the County's boundaries may be located upon real property leased from governmental entities and that such Hospitals may be assessed because courts do not make distinctions on the application of special assessments based on "property interests" but rather on the distinction of the classifications of real property being assessed; and

WHEREAS, the funding raised by the County assessment will, through intergovernmental transfers ("IGTs") provided consistent with federal guidelines, support additional funding for Medicaid payments to Hospitals; and

WHEREAS, the County acknowledges that the Hospital properties assessed will benefit directly and especially from the assessment as a result of the above-described additional funding provided to said Hospitals; and

WHEREAS, the County has determined that a logical relationship exists between the services provided by the Hospitals, which will be supported by the assessment, and the special and particular benefit to the real property of the Hospitals; and

WHEREAS, the County has an interest in promoting access to health care for its low-income and uninsured residents; and

Attachment: Additional Item E6 (17232 : Medicaid Assessment Program Proposal Letter)

WHEREAS, leveraging additional federal support through the above-described IGTs to fund Medicaid payments to the Hospitals for health care services persons directly and specifically benefits the Hospitals' properties and supports their continued ability to provide those services; and

WHEREAS, imposing an assessment limited to Hospital properties to help fund the provision of these services and the achievement of certain quality standards by the Hospitals to residents of the County is a valid public purpose that benefits the health, safety, and welfare of the citizens of the County; and

WHEREAS, the assessment ensures the financial stability and viability of the Hospitals providing such services; and

WHEREAS, the Hospitals are important contributors to the overall County's economy and the financial benefit to these Hospitals directly and specifically supports their mission, as well as their ability to grow, expand, and maintain their property and facilities in concert with the population growth in the jurisdiction of the County; and

WHEREAS, the County finds the assessment will enhance the Hospitals' ability to grow, expand, maintain, improve, and increase the value of their facilities under all present circumstances and those of the foreseeable future; and

WHEREAS, the County is proposing a properly apportioned assessment by which all Hospitals will be assessed a uniform amount that is compliant with 42 C.F.R. § 433.68(d); and

WHEREAS, on -------- the County adopted this Ordinance ------- enabling the County to levy a uniform non-ad valorem special assessment, which is fairly and reasonably apportioned among the Hospitals' properties within the County's jurisdictional limits, to establish and maintain a system of funding for IGTs to support the non-federal share of Medicaid payments, thus directly and specially benefitting Hospital properties.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF CITRUS COUNTY, FLORIDA:

SECTION 1. Chapter 86, of the Citrus County Code, is hereby amended, by adding a new Article VI, as follows:

Sec. 86-60. - Title.

This Article VI shall be known and may be cited as the "Citrus County Local Provider Participation Fund Ordinance."

Sec. 86-61. - Authority.

Pursuant to Article VIII, Section 1(f) of the Constitution of the State of Florida and Chapter 125 of the Florida Statutes, the Board is hereby authorized to impose a special assessment against private for-profit

Attachment: Additional Item E6 (17232 : Medicaid Assessment Program Proposal Letter)

and not-for-profit hospitals located within the County to fund the non-federal share of Medicaid payments associated with Local Services.

Sec. 86-62. - Purpose.

The non-ad valorem special assessment authorized by this article shall be imposed, levied, collected, and enforced against Assessed Properties located within the County. Proceeds from the Assessment shall be used to benefit Assessed Properties through enhanced Medicaid payments for Local Services. When imposed, the Assessment shall constitute a lien upon the Assessed Properties equal in rank and dignity with the liens of all state, county, district, or municipal taxes and other non-ad valorem assessments. Failure to pay may cause foreclosure proceedings, which could result in loss of title, to commence. The Assessment shall be computed and assessed only in the manner provided in this Ordinance.

Sec. 86-63. - Alternative Method

This Ordinance shall be deemed to provide an additional and alternative method, as specified in § 197.3631, Fla. Stat., for the assessment and collection of the non-ad valorem special assessment described herein. The Ordinance shall be regarded as supplemental and additional to powers conferred by other laws and shall not be regarded as in derogation of any powers now existing, or which may exist in the future. This Ordinance, being necessary for the health, safety, and welfare of the inhabitants of the County, shall be liberally construed to effect the purposes hereof.

Sec. 86-64. - Definitions.

When used in this Ordinance, the following terms shall have the following meanings, unless the context clearly requires otherwise:

Assessed Property means the real property in the County to which an Institutional Health Care Provider holds a right of possession and right of use through an ownership or leasehold interest, thus making the property subject to the Assessment.

Assessment means a non-ad valorem special assessment imposed by the County on Institutional Health Care Providers located in the County limits to fund the non-federal share of Medicaid and Medicaid managed care payments that will benefit hospitals providing Local Services.

Assessment Coordinator means the person appointed to administer the Assessment imposed pursuant to this Article, or such person's designee.

Assessment Resolution means the resolution described in Section 86-68 hereof.

Board means the Board of County Commissioners of Citrus County, Florida.

Comptroller means the Citrus County Comptroller, ex officio Clerk to the Board, or other such person as may be duly authorized to act on such person's behalf.

County means Citrus County, Florida.

Attachment: Additional Item E6 (17232 : Medicaid Assessment Program Proposal Letter)

Fiscal Year means the period commencing on October 1 of each year and continuing through the next succeeding September 30, or such other period as may be prescribed by law as the fiscal year for the County.

Institutional Health Care Provider means a private for-profit or not-for-profit hospital that provides inpatient hospital services.

Local Services means the provision of healthcare services to Medicaid, indigent, and uninsured members of the Citrus County community.

Non-Ad Valorem Assessment Roll means the special assessment roll prepared by the County.

Ordinance means the Citrus County Local Provider Participation Fund Ordinance.

Tax Collector means the Citrus County Tax Collector.

Sec. 86-65. - Interpretation.

Unless the context indicates otherwise, the terms "hereof," "hereby," "herein," "hereto," "hereunder" and similar terms refer to this Article. The term "hereafter" means after, and the term "heretofore" means before the effective date of the Ordinance.

Sec. 86-66. - Scope of Assessment.

Pursuant to § 125.01, Fla. Stat., the Board is hereby authorized to create a non-ad valorem special assessment that shall be imposed, levied, collected, and enforced against Assessed Property to fund the non-federal share of Medicaid payments benefitting Assessed Properties providing Local Services in the County. Funds generated as a result of the Assessment shall be held in a separate account called the local provider participation fund and shall be available to be used only to (1) provide to the Florida Agency for Health Care Administration the non-federal share for Medicaid payments to be made directly or indirectly in support of hospitals serving Medicaid and low income patients and (2) reimburse the County for administrative costs associated with the implementation of the Assessment authorized by this Ordinance, as further specified in the Assessment Resolution.

The Assessment must be broad based, and the amount of the Assessment must be uniformly imposed on each Assessed Property. The Assessment may not hold harmless any Institutional Health Care Provider, as required under 42 U.S.C. § 1396b(w). As set forth in Section 86-62, the Assessment shall constitute a lien upon the Assessed Properties equal in rank and dignity with the liens of all state, county, district, or municipal taxes and other non-ad valorem assessments. In addition to other remedies available at law or equity, the enforcement of the aforesaid Assessment shall be at the same time and in like manner as ad valorem taxes and subject to all ad valorem tax enforcement procedures afforded to the official annual real property tax notice.

Creation and implementation of the Assessment will not result in any additional pecuniary obligation on the County, Board, or County residents; the Assessment shall be imposed, levied, collected, and

Attachment: Additional Item E6 (17232 : Medicaid Assessment Program Proposal Letter)

enforced against only Assessed Properties, and the Assessment Resolution shall provide that the County's administrative costs shall be reimbursed from the collected amounts. The County's administrative costs shall not exceed $150,000. Any reasonable expenses the County incurs to collect delinquent assessments, including any attorney's fees incurred as a result of contracting with an attorney to represent the county in seeking and enforcing the collection of delinquent assessments, are not subject to the limitation on administrative costs.

Sec. 86-67. - Computation of Assessment.

The annual Assessment shall be specified for each Assessed Property. The Board shall set the Assessment in amounts that in the aggregate will generate sufficient revenue to fund the non-federal share of Medicaid payments associated with Local Services to be funded by the Assessment.

The amount of the Assessment required of each Assessed Property may not exceed an amount that, when added to the amount of other hospital assessments levied by the state or local government, exceeds the maximum percent of the aggregate net patient revenue of all Assessed Hospitals in the County permitted by 42 C.F.R. § 433.68(f)(3)(i)(A). Assessments for each Assessed Property will be derived from data contained in hospital cost reports and/or the Florida Hospital Uniform Reporting System, as available from the Florida Agency for Health Care Administration.

Sec. 86-68. - Assessment Resolution.

The Assessment Resolution shall describe (a) the Medicaid payments proposed for funding from proceeds of the Assessment; (b) the benefits to the Assessment Properties associated with the Assessment; (c) the methodology for computing the assessed amounts; and (d) the method of collection, including how and when the Assessment is to be paid.

Sec. 86-69. - Non-Ad Valorem Assessment Roll.

The Assessment Coordinator shall prepare, or direct the preparation of, the Non-Ad Valorem Assessment Roll, which shall contain the following:

a) The names of the Assessed Properties;

b) The Assessment rate and amount of the Assessment to be imposed against each Assessed Property based on the Assessment Resolution.

The Non-Ad Valorem Assessment Roll shall be retained by the Assessment Coordinator and shall be open to public inspection. The foregoing shall not be construed to require that the Assessment Roll be in printed form if the amount of the Assessment for each Assessed Property can be determined by use of a computer terminal available to the public.

Sec. 86-70. - Notice by Publication.

Upon completion of the Non-Ad Valorem Assessment Roll, the Assessment Coordinator shall publish once in a newspaper of general circulation within the County a notice stating that the Board, at a

Attachment: Additional Item E6 (17232 : Medicaid Assessment Program Proposal Letter)

regular, adjourned, or special meeting, on a certain day and hour, not earlier than 20 calendar days from such publication, will hear objections of all interested persons to approve the aforementioned Non-Ad Valorem Assessment Roll. Such notice shall include:

a) The Assessment rate;

b) The procedure for objecting to the Assessment rate;

c) The method by which the Assessment will be collected; and

d) A statement that the Non-Ad Valorem Special Assessment Roll is available for inspection at the Office of the Assessment Coordinator.

Sec. 86-71. - Notice by Mail.

In addition to the published notice required by Section 86-70, but only for the first fiscal year in which an Assessment is imposed by the Board against Assessed Properties, the Assessment Coordinator shall provide notice of the proposed Assessment by first class mail to the Assessed Properties. Such notice shall include:

a) The purpose of the Assessment;

b) The Assessment rate to be levied against each Assessed Property;

c) The unit of measurement applied to determine the Assessment;

d) The total revenue to be collected by the County from the Assessment;

e) A statement that failure to pay the Assessment will cause a tax certificate to be issued against the property or foreclosure proceedings, either of which may result in a loss of title to the property;

f) A statement that all affected and/or interested parties have a right to appear at the hearing and to file written objections with the Board within 20 days of the notice; and

g) The date, time, and place of the hearing.

Notice shall be mailed at least 20 calendar days prior to the hearing to each Assessed Property at such address as is shown on the Assessment Roll. Notice shall be deemed mailed upon delivery thereof to the possession of the United States Postal Service. The Assessment Coordinator may provide proof of such notice by affidavit. Failure of the Assessed Property to receive such notice, because of mistake or inadvertence, shall not affect the validity of the Assessment Roll or release or discharge any obligation for payment of the Assessment imposed by the Board pursuant to this Article.

Attachment: Additional Item E6 (17232 : Medicaid Assessment Program Proposal Letter)

Sec. 86-72. - Adoption of Assessment Resolution and Non-Ad Valorem Assessment Roll.

At the time named in the notice, the Board shall receive and consider any written objections of interested persons. All objections to the Assessment Resolution and Non-Ad Valorem Assessment Roll shall be made in writing and filed with the Assessment Coordinator at or before the time or adjourned time of such hearing. At the date and time named in the notice, the Board may adopt the Assessment Resolution and Non-Ad Valorem Assessment Roll which shall:

a) Set the rate of the Assessment to be imposed;

b) Approve the Non-Ad Valorem Assessment Roll, with such amendments as it deems just and right; and

c) Affirm the method of collection.

Sec. 86-73. – Revisions to the Assessment Roll.

The Board may revise the Non-Ad Valorem Assessment Roll during the Fiscal Year to modify the Assessment rate through the adoption of an additional Assessment Resolution, following the procedures described in Sections 86-68 through 86-72.

Sec. 86-74. - Effect of the Assessment Resolution.

The adoption of an Assessment Resolution shall be the final adjudication of the issues presented (including, but not limited to, the method of apportionment and Assessment, the Assessment rate, the initial rate of Assessment, the Non-Ad Valorem Assessment Roll, and the levy and lien of the Assessments), unless proper steps shall be initiated in a court of competent jurisdiction to secure relief within 20 days from the date of Board action on the Assessment Resolution. The Non-Ad Valorem Assessment Roll shall be delivered to the Tax Collector or such other official as the Board by resolution shall designate.

Sec. 86-75. - Method of Collection.

The amount of the Assessment is to be collected pursuant to the Alternative Method, as specified in the Assessment Resolution.

Sec. 86-76. - Refunds.

If, at the end of the Fiscal Year, additional amounts remain in the local provider participation fund, the Board is hereby authorized to make refund to Assessed Properties in proportion to amounts paid in during the Fiscal Year for all or a portion of the unutilized local provider participation fund.

Sec. 86-77. - Responsibility for Enforcement.

The County and its agent, if any, shall maintain the duty to enforce the prompt collection of the Assessment by the means provided herein. The duties related to collection of assessments may be

Attachment: Additional Item E6 (17232 : Medicaid Assessment Program Proposal Letter)

enforced at the suit of any holder of obligations in a court of competent jurisdiction by mandamus or other appropriate proceedings or actions.

Sec. 86-78. - Correction of Errors and Omissions.

No act of error or omission on the part of the Comptroller, Property Appraiser, Tax Collector, Assessment Coordinator, Board, or their deputies or employees shall operate to release or discharge any obligation for payment of the Assessment imposed by the Board under the provision of this Chapter.

Sec. 86-79. - Limitations on Surcharges

Payments made by Assessed Properties under this article may not be passed along to patients of the Assessed Property as a surcharge or as any other form of additional patient charge.

SECTION 2. APPLICABILITY.

It is hereby intended that this Ordinance shall constitute a uniform law applicable in all unincorporated areas of Citrus County, Florida, and to all incorporated areas of Citrus County where there is no existing conflict of law or municipal ordinance.

SECTION 3. SEVERABILITY.

If any portion of this Ordinance is held invalid or declared to be unconstitutional, inoperative, or void by any court of competent jurisdiction, such holdings shall not affect the validity of the remainder of this Ordinance.

SECTION 4. RESOLUTION OF CONFLICT OF LAWS.

In all instances where Florida law, as evidenced by the Florida Administrative Code, Florida Statutes, applicable case law or otherwise, mandates standards or requirements that are stricter than the provisions of this Ordinance, or where a matter is addressed by Florida law that is not addressed by this Ordinance, then said law shall govern. In situations where this Ordinance addresses a matter in a manner that is stricter than that of Florida law, the provisions of this Ordinance shall control.

SECTION 5. INCLUSION IN THE CITRUS COUNTY CODE.

The provisions of this Ordinance shall be included and incorporated in the Citrus County Code, as an addition or amendment thereto, and shall be appropriately renumbered to conform to the uniform numbering system of the Citrus County Code, once established.

SECTION 6. FILING OF ORDINANCE.

In accordance with the provisions of § 125.66, Fla. Stat., a certified copy of this Ordinance shall be filed with the Florida Department of State.

Re: Medicaid Assessment Program

Dear Ms. Lyn:

Pursuant to our discussions, please find the Firm's proposal for professional services to Citrus County (the "County") relating to the consideration and implementation of a proposed Medicaid Assessment Program.

We propose to charge fees for legal services rendered based upon hours expended at the following rates:

Firm Partners:	$300.00 per hour
Firm Associates:	$250.00 per hour
Law Clerks/Paralegals:	$ 75.00 per hour

To the extent that travel is required, time spent in travel will not be billed.

In addition to the compensation specified above, we request that expenses incurred which are directly related to the provision of services be reimbursed, including, but not limited to: copy and fax costs, long distance telephone costs, express mail and on-line research expenses. Travel expenses will be reimbursed in accordance with the provisions governing the travel of public officers and employees contained in Section 112.061, Florida Statutes.

To the extent you provide us with original documents during the course of this matter, we will hold these records for you during the pendency of your action. At the conclusion of your matter, we will contact you and make arrangements for the return of the records you provided. We will retain our file of your matter for our firm's normal retention period, which may be retained in electronic format.

Attachment: Additional Item E6 (17232 : Medicaid Assessment Program Proposal Letter)

We appreciate your consideration of our Firm for representation in this matter. Should any additional information be required, please feel free to contact me. If the terms of the representation are acceptable, we would appreciate it if you would sign a copy of this letter and return a copy to us.

Sincerely,

Gregory T. Stewart

2727 Mahan Drive, Mail Stop 8
Tallahassee, FL 32308

Dear Ms. Kidder:

In accordance with 42 CFR 438.6(c), the Centers for Medicare & Medicaid Services (CMS) has reviewed and is approving Florida's submission of a proposal for delivery system and provider payment initiatives under Medicaid managed care plan contracts. The initial proposal was received by CMS on November 16, 2020. A revised proposal was received by CMS on April 26, 2021.

Specifically, the following proposal for delivery system and provider payment initiatives (i.e. state directed payment) is approved:

- Uniform percentage increase for eligible hospitals established by the state for the rating period covering October 1, 2020 through September 30, 2021

This approval letter does not constitute approval of any Medicaid managed care plan contracts or rate certifications for the aforementioned rating period, or any specific Medicaid financing mechanism used to support the provider payment arrangement. All other federal laws and regulations apply. This approval letter only satisfies the regulatory requirement pursuant to 42 CFR 438.6(c)(2) for written approval prior to implementation of any payment arrangement described in 42 CFR 438.6(c)(1). Approval of the corresponding Medicaid managed care plan contracts and rate certifications is still required.

Note that this payment arrangement must be addressed in the applicable rate certifications. The state is always required to submit a contract action(s) to incorporate the contractual obligation for the state directed payment and related capitation rates that include this payment arrangement. CMS is happy to provide technical assistance to states and their actuaries.

If you have questions concerning this approval or state directed payments in general, please contact Lovie Davis, Division of Managed Care Policy, at (410) 786-1533 or lovie.davis@cms.hhs.gov.

Sincerely,

Section 438.6(c) Preprint

Section 438.6(c) provides States with the flexibility to implement delivery system and provider payment initiatives under MCO, PIHP, or PAHP Medicaid managed care contracts. Section 438.6(c)(1) describes types of payment arrangements that States may use to direct expenditures under the managed care contract – paragraph (c)(1)(i) provides that States may specify in the contract that managed care plans adopt value-based purchasing models for provider reimbursement; paragraph (c)(1)(ii) provides that States have the flexibility to require managed care plan participation in broad-ranging delivery system reform or performance improvement initiatives; and paragraph (c)(1)(iii) provides that States may require certain payment levels for MCOs, PIHPs, and PAHPs to support State practices critical to ensuring timely access to high-quality care.

Under section 438.6(c)(2), contract arrangements that direct the MCO's, PIHP's, or PAHP's expenditures under paragraphs (c)(1)(i) through (iii) must have written approval from CMS prior to implementation and before approval of the corresponding managed care contract(s) and rate certification(s). This preprint implements the prior approval process and must be completed, submitted, and approved by CMS before implementing any of the specific payment arrangements described in section 438.6(c)(1)(i) through (iii).

Standard Questions for All Payment Arrangements

In accordance with §438.6(c)(2)(i), the following questions must be completed.

DATE AND TIMING INFORMATION:

1. Identify the State's managed care contract rating period for which this payment arrangement will apply (for example, July 1, 2017 through June 30, 2018):

October 1, 2020 through September 30, 2021

2. Identify the State's requested start date for this payment arrangement (for example, January 1, 2018):

October 1, 2020

3. Identify the State's expected duration for this payment arrangement (for example, 1 year, 3 years, or 5 years):

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1148 (CMS-10398 #52). The time required to complete this information collection is estimated to average 1 hour per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

STATE DIRECTED VALUE-BASED PURCHASING:

4. In accordance with §438.6(c)(1)(i) and (ii), the State is requiring the MCO, PIHP, or PAHP to implement value-based purchasing models for provider reimbursement, such as alternative payment models (APMs), pay for performance arrangements, bundled payments, or other service payment models intended to recognize value or outcomes over volume of services; or the State is requiring the MCO, PIHP, or PAHP to participate in a multi-payer or Medicaid-specific delivery system reform or performance improvement initiative. *Check all that apply; if none are checked, proceed to Question 6.*

   ☐ Quality Payments / Pay for Performance (Category 2 APM, or similar)
   ☐ Bundled Payments / Episode-Based Payments (Category 3 APM, or similar)
   ☐ Population-Based Payments / Accountable Care Organization (ACO) (Category 4 APM, or similar)
   ☐ Multi-Payer Delivery System Reform
   ☐ Medicaid-Specific Delivery System Reform
   ☐ Performance Improvement Initiative
   ☐ Other Value-Based Purchasing Model

5. Provide a brief summary or description of the required payment arrangement selected above and describe how the payment arrangement intends to recognize value or outcomes over volume of services (the State may also provide an attachment). If "other" was checked above, identify the payment model. If this payment arrangement is designed to be a multi-year effort, describe how this application's payment arrangement fits into the larger multi-year effort. If this is a multi-year effort, identify which year of the effort is addressed in this application.

STATE DIRECTED FEE SCHEDULES:

6. In accordance with §438.6(c)(1)(iii), the State is requiring the MCO, PIHP, or PAHP to adopt a minimum or maximum fee schedule for network providers that provide a particular service under the contract; or the State is requiring the MCO, PIHP, or PAHP to provide a uniform dollar or percentage increase for network providers that provide a particular service under the contract. *Check all that apply; if none are checked, proceed to Question 10.*

   ☐ Minimum Fee Schedule
   ☐ Maximum Fee Schedule
   ☒ Uniform Dollar or Percentage Increase

7. Use the checkboxes below to identify whether the State is proposing to use §438.6(c)(1)(iii) to establish any of the following fee schedules:

   ☐ The State is proposing to use an approved State plan fee schedule
   ☐ The State is proposing to use a Medicare fee schedule
   ☒ The State is proposing to use an alternative fee schedule established by the State

8. If the State is proposing to use an alternative fee schedule established by the State, provide a brief summary or description of the required fee schedule and describe how the fee schedule was developed, including why the fee schedule is appropriate for network providers that provide a particular service under the contract (the State may also provide an attachment).

The alternative fee schedule will utilize percentage add-on amounts to base payments. A detailed description is given in response to Questions 10 and 12.

Each hospital provider will receive their estimated allocation during the course of the year if the actual utilization is met within a maximum of +1% and a minimum of -5% of the projected utilization. The threshold reconciliation will be performed by the MCOs and the State annually. If the utilization exceeds 1% above the projected threshold, the MCOs must continue to make payments at the originally contracted rates. If the utilization falls more than 5% below the projected threshold, the hospital provider must return the minimum fee schedule payment amounts above the contracted rate.

9. If using a maximum fee schedule, use the checkbox below to make the following assurance:

☐ In accordance with §438.6(c)(1)(iii)(C), the State has determined that the MCO, PIHP, or PAHP has retained the ability to reasonably manage risk and has discretion in accomplishing the goals of the contract.

APPROVAL CRITERIA FOR ALL PAYMENT ARRANGEMENTS:

Attachment: Additional Item E6 (17232 : Medicaid Assessment Program Proposal Letter)

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. 10. In accordance with §438.6(c)(2)(i)(A), describe in detail how the payment arrangement is based on the utilization and delivery of services for enrollees covered under the contract (the State may also provide an attachment).

Consistent with 42 CFR §438.6(c)(1)(iii)(B), the contracted SMMC health plans will provide uniform percentage increases to the base health plan payments made to Florida eligible hospitals, as defined in Question 11 below, for actual inpatient and outpatient services provided to Medicaid managed care enrollees. As discussed in Question 12 below, the uniform percentage increases will be set by SMMC region and may vary by eligible hospital class and service. The percentage increases will be determined by the state and remain fixed for the state fiscal year. The uniform percentages will be reevaluated on an annual basis.

For example, if the base payment a Medicaid health plan has agreed to pay a hospital for providing inpatient services is $10,000, and the applicable percentage increase for inpatient services is 50%, then the calculated payment increase for inpatient services would be $5,000, resulting in a total payment of $15,000 for that enrollee's specific service. A similar calculation would apply to determine payment increased for outpatient services.

Medicaid health plan encounter data will be used to directly link payments to utilization of inpatient and outpatient services by facility for plan enrollees. Medicaid health plans are required to submit encounter data to the Florida Agency for Health Care Administration in accordance with formatting and timeliness standards set forth in their contracts with the State. Due to the uniform percentage increase being calculated after the encounter has been received, the directed payments will occur retroactively to each health plan.

The state's contracted actuary will include a separate payment term in the rate certification letter.

11. In accordance with §438.6(c)(2)(i)(B), identify the class or classes of providers that will participate in this payment arrangement.

Florida hospitals operating in Florida's eleven SMMC regions that provide inpatient and/or outpatient services to Florida Medicaid managed care enrollees will participate in the payment arrangement as three mutually exclusive provider classes:

- a private hospital class,
- a public hospital class, which will include state government and non-state government hospitals; and
- cancer hospitals who meet the criteria in 42 USC 1395ww(d)(1)(B)(v).

12. In accordance with §438.6(c)(2)(i)(B), describe how the payment arrangement directs expenditures equally, using the same terms of performance, for the class or classes of providers (identified above) providing the service under the contract (the State may also provide an attachment).

QUALITY CRITERIA AND FRAMEWORK FOR ALL PAYMENT ARRANGEMENTS:

Under this payment arrangement, all eligible hospitals in the three mutually exclusive hospital classes providing inpatient and/or outpatient hospital services to SMMC enrollees will receive a separate uniform percentage increase for inpatient services and outpatient services, respectively. Health plan encounter data will be used to directly link payments to utilization of inpatient and outpatient services for plan enrollees using the same methodology across the class. The specific percentage increases applied will be evaluated on an annual basis.

The uniform percentage increases will be set by SMMC region. Within each region, the payment arrangement will direct expenditures equally to all hospitals within each class for providing the same service under the contract. However, the uniform rate increase percentage for each hospital class may vary. For example:

- Region A: private hospitals will receive a rate increase of 50% for inpatient services and 60% outpatient services; public hospitals will receive a rate increase of 60% for inpatient services and 45% for outpatient services; and cancer hospitals will receive a rate increase of 0% for inpatient services and 0% outpatient services.
- Region B: private hospitals will receive a rate increase of 60% for inpatient services and 30% for outpatient services; public hospitals will receive a rate increase of 45% for inpatient services and 70% for outpatient services; and cancer hospitals will receive a rate increase of 0% for inpatient services and 0% outpatient services.

In order to improve health outcomes for Medicaid recipients enrolled in managed care, the State is deploying a Hospital Quality Improvement and Measures Monitoring Program.

- Calendar Year 2019 will be the baseline year for calculating three performance metrics by Medicaid region and determining improvement targets for each region.
  - Cesarean Sections (C-sections)
  - Potentially Preventable Hospital Readmissions
  - Healthcare Associated Infections – run using Medicaid claims and encounters
    - Catheter Associated Urinary Tract Infections (CAUTI)
    - Central-line Associated Bloodstream Infections (CLABSI)
- The Agency will establish improvement targets for each region based upon the baseline data.
- The first program year will be Rate Year 2020-2021. During this first year, hospitals must participate in the Agency's quality initiatives related to reducing preventable hospital readmissions, emergency department diversion, and reducing C-sections. Hospitals that participate in these initiatives are eligible to receive the payment increases. Hospital must continue to participate for the duration of the initiatives, which may extend across program years.
- Payment increases for program year two (Rate Year 2021-2022) and subsequent years will include up to a six percent withhold from the federal share of payment increases, which will be paid to hospitals in regions that meet their improvement targets for the three metrics. Each performance metric accounts for two percent of the withhold.
  - At least nine months after the end of the second program year, the three performance metrics will be run for each region for the Rate Year 2021-2022 period. Each regional rate will be compared to the improvement target to see if it was met.
    - If a region meets the improvement targets for the three metrics, the hospitals in that region will receive the six percent withhold.
    - If a region meets the improvement targets for two metrics, the hospitals in that region will receive four percent (two-thirds of the withhold).
    - If only one of the metrics meets the improvement target, the hospitals in that region will receive two percent (one-third of the withhold).
    - Note that for the Healthcare Associated Infections metric, both sub-metrics must be met to receive the two percent.
  - Hospitals that do not have labor and delivery will not be used to determine the regional improvement targets for C-sections and will not be subject to the withhold for C-Sections. The maximum withhold for hospitals that do not have labor and delivery will be four percent.

this both in terms of this year's payment arrangement and that of the multi-year payment arrangement.

☒ In accordance with §438.6(c)(2)(i)(D), the State has an evaluation plan which measures the degree to which the payment arrangement advances at least one of the goal(s) and objective(s) in the quality strategy required per §438.340.

a. Describe how and when the State will review progress on the advancement of the State's goal(s) and objective(s) in the quality strategy identified in Question 13(c). If this is any year other than year 1 of a multi-year effort, describe prior year(s) evaluation findings and the payment arrangement's impact on the goal(s) and objective(s) in the State's quality strategy. If the State has an evaluation plan or design for this payment arrangement, or evaluation findings or reports, please attach.

In the first year of the program, the State will collect, in consultation with the hospitals and health plans, baseline data on the measures indicated in question 13c. The State will review and evaluate the data annually. The State will continue to collect performance data on those measures throughout the subsequent years of the program and assess the direction of change in relation to the baseline data to determine if the projected thresholds have been met. As noted in question 13d, for each of these areas of focus in which the region's average score meets the regional target, the State will make the withhold portion of the payment. The withhold payment will not be made if the regional targets are not met.

b. Indicate if the payment arrangement targets all enrollees or a specific subset of enrollees. If the payment arrangement targets a specific population, provide a brief description of the payment arrangement's target population (for example, demographic information such as age and gender; clinical information such as most prevalent health conditions; enrollment size in each of the managed care plans; attribution to each provider; etc.).

The payment arrangement targets all Florida Medicaid managed care enrollees where Medicaid is the primary payer of the hospital services.

c. Describe any planned data or measure stratifications (for example, age, race, or ethnicity) that will be used to evaluate the payment arrangement.

Attachment: Additional Item E6 (17232 : Medicaid Assessment Program Proposal Letter)

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1148 (CMS-10398 #52). The time required to complete this information collection is estimated to average 1 hour per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. AHCA will evaluate managed care payments made to and the numbers and types of inpatient and outpatient services provided by hospitals to enrollees and changes over time.

d. Provide additional criteria (if any) that will be used to measure the success of the payment arrangement.

As noted in response to question 13d, the State will evaluate C-Section Rate and PPR measures using data documented on the AHCA dashboard HERE. For the HAI measures, the State will review the star ratings of the hospitals in a region as documented on the Florida Health Finder webpage HERE.

REQUIRED ASSURANCES FOR ALL PAYMENT ARRANGEMENTS:

15. Use the checkboxes below to make the following assurances:

☒ In accordance with §438.6(c)(2)(i)(E), the payment arrangement does not condition network provider participation on the network provider entering into or adhering to intergovernmental transfer agreements.

☒ In accordance with §438.6(c)(2)(i)(F), the payment arrangement is not renewed automatically.

☒ In accordance with §438.6(c)(2)(i), the State assures that all expenditures for this payment arrangement under this section are developed in accordance with §438.4, the standards specified in §438.5, and generally accepted actuarial principles and practices.

AGENDA MEMORANDUM

FROM:	Colleen Scott, Management & Budget Director
SUBJECT:	CARES Act Final Disbursements
AGENDA DATE:	**August 10, 2021**

BRIEF OVERVIEW:

On June 29, 2020, the Florida Department of Emergency Management entered into a funding agreement with Citrus County to pass-through funds from the CARES Act. The County was allocated funding of $26,113,992 across three phases of the program.

The Board of County Commissioners developed programs that provided emergency financial support through the Citrus CARES Small Business Grant Program. Of the 55 counties that received funding from the State, Citrus County was the third highest County (as a percentage of total awards) to provide small business assistance to the community.

In order to maximize all available CARES funds, the County submitted reimbursement of public safety salaries, including fire fighters' compensation for the cities of Inverness and Crystal River, and Emergency Medical Services, along with COVID administrative leave and telework costs for the Clerk of Court.

On June 9, 2021, the County received the Notice of Program Closeout from the State of Florida signifying the County had fulfilled all its reporting requirements. On July 12, 2021, the Board provided direction on the costs for a new CAD system and the allocation of costs to the Sheriff's Office, Fire Department, and Nature Coast EMS. This allocation impacts the disbursement of CARES funds. Staff is requesting authorization for disbursement/transfer of funds for COVID related expenditures to the following entities:

OUTSTANDING DISBURSEMENTS	OBLIGATED
Transfer General Fund - CIP	$ 1,000,000
DOH Salaries & Equipment	387,701
Clerk Admin Leave & Telework	38,023
City of Inverness - Fire	255,200
City of Crystal River - Fire	63,811
Emergency Medical Services	TBD
Emergency Medical Services - Cad System	TBD
Emergency Medical Services - Subsidy	TBD
Total - Disbursements	$ 1,744,735

TBD - To Be Determined based on cost to upgrade the Sheriff's CAD and Records Management System.

Obligated remaining balance of $445,179 is comprised of Workforce Expansion, Fiber - Inverness Airport, and United Way, $300K, $45,179, and $100K, respectively.

Citrus County
2020-2021 Legislative Report

This report will detail the progress on accomplishing the goals set out in the Legislative Agenda for the Citrus County Board of County Commissioners for FY 2020-2021:

1. **Economic Development: Inverness Airport Park**
   - Request: Infrastructure $6.2 million and Design $600,000
   - Result: Infrastructure $5,080,000.
   - *Comment: The estimate was revised to $5 million needed to construct the airport park. That request was funded. The County will need to fund design.*

2. **Continue Springs Initiative Funding**
   - Request: $50 million
   - Result: $25 million
   - *Comment: The Legislature also appropriated $500 million in resilient Florida Grant funds, $500 million in Wastewater Grant funds, and $8 million for Manatee Habit rehabilitation. All of these may be sources of funding for our water quality/restoration initiatives. See also Kings Bay and Homosassa under partner projects.*

3. **Transportation Initiatives**
   - Request: Suncoast Parkway Extension to exit Citrus County
   - Result: Suncoast Parkway Extension Included in Work Program
   - *Comment: SB100 repealed the MCORES program but directs the FDOT to develop and include in the work program, construction of controlled access facilities necessary to achieve free flow of traffic on U.S. 19, beginning at the terminus of the Suncoast Parkway 2 Phase 3 north predominantly along U.S. 19 to a logical terminus on I-10 in Madison County. The bill deems the project as a SIS facility, which must be developed using existing or portions of existing roadway to ensure the free flow of traffic by improvements. The FDOT must develop the project no later than December 31, 2035.*

   - Request: US 41, CR 491, SR 200 Improvements
   - Result: Not directly funded
   - *Comment: Although not directly funded in the state budget, the Legislature added $1.8 billion in funding to the FDOT work plan making these projects much closer to being realized.*

Attachment: Citrus County Report 2021 (16162 : 1:30 pm Legislation Update and Discuss Priorities for FY22/23)

Transportation Initiatives (continued)

- Request: FDOT SCOP Funding $96,017,639
- Result: $88,847,212
- *Comment: The Small County Outreach Program is a source of funds the county can access for road work. Even though this program was reduced slightly, $20 million from MCORES was added to a new Local Transportation Road fund which also has $89 million which we can access.*

4. Request Interim Project on Scallop Study and Bag Limits

- Result: Request has been made.
- *Comment: The Speaker and President will assign Interim Projects after the conclusion of the Special Session the week of May 17th to address gaming issues.*

5. Crystal River Airport

- Request: Work with federal delegation to receive approximately $5.5 million to extend runway 9/27 to 5,201 ft.
- Result: In progress
- *Comment: Commissioner Davis and I had a meeting with Congressman Webster's staff who expressed optimism that they would be able to identify funding in the upcoming federal infrastructure program being formulated. Commissioner Davis created an informative one pager describing the need for the Congressman. The ball is in Webster's court at this point.*

6. Support Ft. Island Trail Multi-Use Path

Request: Get project placed on SunTrail Opportunity List and then moved to SunTrail Priority List
Result: In progress
Comment: Working with FDEP Office of Greenways and Trails to get the project on the eligible opportunity list.

7. Partner Projects

- Request: Save Crystal River $4 million
- Result: $4 million
- *Comment: Save Crystal River Project*

- Request: Homosassa Restoration $4 million
- Result: $4 million
- *Comment: Homosassa River Restoration Group project. This money will come from funds appropriated for Springs's restoration.*

Attachment: Citrus County Report 2021 (16162 : 1:30 pm Legislation Update and Discuss Priorities for FY22/23)

Partner Projects (continued)

- Request: LifeStream Central Receiving/Baker Act Facility $1.5 Million
- Result: $1.5 million
- *Comment: LifeStream Project*

- Request: Tsala Apopka Lake Chain Cleanup
- Result: No funding
- *Comment: Request never submitted. Need to work with Too Far to help them submit and receive funding next year.*

- Request: Crystal River Riverwalk $1 million
- Result: No funding
- *Comment: Need to work with the City of Crystal River to receive funding next year.*

- Request: Bottled water withdrawal protection legislation
- Result: No legislation or amendment filed to address the situation
- *Comment: Need to work with the City of Crystal River to advance this initiative next year.*

8. Aquatic Plant Control

- Request: Maintain current funding level at $34.2 million
- Result: $34.2 Million
- *Comment: Unchanged from last year*

9. State Aid to Libraries

- Request: $33 million
- Result: $21.5 million
- *Comment: This still represents an increase from the $15.6 million appropriated in 2020/21. Citrus share of the money will be allocated per formula and we will see a small increase in funding.*

10. SHIP Funding/Sadowski funds

- Request: Maintain funding for SHIP
- Result: $209 million for the Florida Housing Trust fund
- *Comment: The Legislature has swept funds into General Revenue from the Florida Housing Trust fund every year since 2008. This year, the Legislature set a policy of splitting documentary stamp revenue, which formerly went only into the Housing Trust Fund, in thirds with the Water Sustainability Trust Fund and the Resilient Florida Trust Fund now getting one third each of the money. Additionally, the Legislation mandated that these trust funds would not be swept thus creating a reliable source of funding.*

WHEREAS, the Citrus County Board of County Commissioners ("Board") is the legislative and governing body of Citrus County, Florida, a political subdivision of the State of Florida, authorized to exercise governmental powers pursuant to Article VIII of the Constitution of the State of Florida and Section 125.01, Florida Statutes; and

WHEREAS, the Board of County Commissioners of Citrus County, Florida is charged with the responsibility of protecting the public by adopting and enforcing provisions related to animal control and cruelty; and

WHEREAS, from time to time, parts of the Code of Ordinances must be revised, repealed, adopted and or amended.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF CITRUS COUNTY:

Section 1. Definitions. Article II, Section 14-32 is amended in its entirety as follows:

When utilized herein, the following words and phrases shall have the following meanings, unless the content clearly requires otherwise:

Attachment: Animal Control Ordinance Update, July 14, 2021 (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

Abandonment means to forsake entirely or to neglect or refuse to provide or perform the obligations for care and support of an animal by its owner, harborer or agent.

Affidavit means a voluntary sworn declaration, in writing, made before competent authority.

Animal means any living dumb creature domestic or wild.

Animal control authority means the sheriff of Citrus County and his/her designated agents.

Animal control officer means any person employed by the Citrus County Sheriff's Office who is authorized to investigate, on public or private property, violations of state and local laws relating to animal care and management or cruelty, and to issue citations as provided in this section. An animal control officer is only authorized to bear arms or make arrests upon being certified as a law enforcement officer by the state pursuant to F.S. Ch. 943.

Animal services means the animal services division of the Citrus County Community Services Department.

Animal services officer (ASO) means any person employed by the county who is authorized to investigate, on public or private property, violations of state and local laws relating to animal care and management or cruelty, and to issue citations as provided in this section. An *animal services officer* is not authorized to bear arms or make arrests, but is deemed to be a code enforcement officer.

Animal shelter means a county facility operated for the purpose of impounding and caring for animals held under the authority of this article or state law. The animal shelter is not a commercial boarding kennel.

At large means off the premises of the owner and not under direct control, custody, charge or possession of the owner, or other responsible person, either by leash, cord, or chain by an individual physically capable of providing restraint.

Board means the Citrus County Board of County Commissioners.

Cable runner means a cable or rope, at least 30 feet in length, with each end securely fastened to a stationary object, with a pulley or other similar mechanism attached, allowing the animal to move freely along the length of the cable between stationary objects. The area must be free of obstructions, including trash, waste material, junk, weeds or other discarded materials, allowing the animal to move freely about.

Caretaker means a person who cares for, looks after, and is responsible for property and animals in the absence of their owner. Such person may be found to have taken on the responsibility pursuant to direct agreement with the owner, or by imputation through their actions in providing adequate food, water, shelter, and otherwise caring for the subject animals.

Cat means the domestic cat, *Felis catus*.

Chemical capture means the impoundment of an animal using a tranquilizing drug in a humane manner which renders the animal immobile.

Chronically at-large means an animal that has been found at large more than two times in any 12-month period.

Circus means any resident or nonresident variety show, exhibition, or act featuring performing animals. This shall not include petting zoos, resident or nonresident dog and cat shows which are sponsored and/or sanctioned by the American Kennel Club, United Kennel Club, Cat Fancier's Association or any affiliates thereof, nor shall it include any horse show.

Attachment: Animal Control Ordinance Update, July 14, 2021 (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

Citation means a written notice, issued to a person by an officer, that the officer has probable cause to believe that the person has committed a civil infraction in violation of this article and that the county court will hear the charge if disputed.

Commercial breeder means any person who engages in the breeding of dogs and/or cats for the purpose of sale or transfer of such dogs and/or cats for compensation. Hobby breeders are excluded from this definition.

Community cat means any cat which does not have a known owner or caregiver, which may be considered feral, but that has been sterilized, initially vaccinated against rabies, and has a tipped ear to indicate that such procedures have been performed.

Companion animal means any domestic animal that lives with and about the habitat of a human and that is dependent upon that human for its survival.

County means Citrus County, Florida.

Direct control means immediate, continuous physical control of an animal at all times, such as by means of a fence, leash, cord, or chain of sufficient strength to restrain said animal.

Dog means any domestic dog, *Canis lupus familiaris*.

Domestic animal means any equine or bovine animal, goat, sheep, swine, dog, cat, poultry, or other domesticated beast or bird.

Enclosure means any place where a domestic animal is maintained outdoors including, but is not limited to, a fenced yard, kennel, or run.

Excreta means any waste product such as sweat, urine, or feces, discharged from the body of the animal.

Exotic animals means any animal not native to Florida.

Feral means undomesticated, wild.

Fowl means poultry of any kind, including but not limited to chickens, pheasants, guineas, turkeys and geese. Any animal belonging to the class Aves.

Harbor means to provide food, water, and shelter or otherwise care for an animal. If a citizen keeps or harbors a stray dog or cat for five or more days, that person may be held accountable for any violations of the county animal services ordinance or Florida Statutes dealing with animals. Keeping a stray animal for five or more days does not constitute proof of ownership for that stray.

Hobby breeder means any person who breeds and/or raises on his/her property dogs, cats, and or companion animals, and who sells no more than two litters, or 20 dogs, cats and/or companion animals per year, whichever is greater.

Hybrid means a cross between a wild and domestic animal as defined by the Florida Fish and Wildlife Conservation Commission.

Identification means traceable identification.

Livestock means domestic animals kept for farm purposes, especially marketable animals, including but not limited to fowl, cattle, sheep, swine, horses, mules, goats, and offspring thereof.

Microchip means an electronic animal identification device.

Motor vehicle means any vehicle which is self-propelled operated by a motor or engine; also, one drawn by a vehicle so operated, as a trailer. This includes vehicles propelled by electric power, but does not include any bicycle, motorized scooter, electric personal assistive mobility device, or moped.

Attachment: Animal Control Ordinance Update, July 14, 2021 (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

Owner means any person, firm, corporation, or organization possessing, harboring, keeping, or having control or custody of an animal or, if the animal is owned by a person under the age of 18, that person's parent or guardian. In the case of a corporation, the knowledge and acts of agents and employees of corporations in regard to animals transported, owned, employed by or in the custody of a corporation, shall be held to be the knowledge and act of such corporation.

Pound seizure means claiming or selling of excess animals for research or experimentation.

Provocation means any act that causes an animal to bite or scratch, or attack in protection of self, offspring, owner or owner's premises.

Quarantine means the humane confinement of an animal in a secure enclosure which prevents the animal from coming in contact with any other animal or person.

Rehabilitator means an individual or group that is certified and/or licensed by the state or federal [government], and saves and/or cares for injured, disabled or misplaced wildlife species. To achieve rescue status, the individual or group must provide proof of proper licensing.

Rescue group/organization means a group or organization that regularly performs acts or instances of saving an animal from danger, harm, or death by placing the animal in a secure environment to achieve a permanent home. If the group or organization is a nonprofit organization, it must provide proof of a current certification issued under Internal Revenue Code section 501(3)(c).

Scratch means a scrape caused by the nails or teeth of an animal and of sufficient severity to break the skin, causing an entry point for infection.

Secure enclosure means a locked pen or other structure with four solid or chain link sides, none of which share perimeter fencing, a solid or chain link roof and a concrete floor that is suitable to prevent the entry of young children and designed to prevent the animal from escaping. Such enclosure shall be secured so as to prevent the dog from escaping over, under, or through the structure, shall be of sufficient size to allow the animal to stand up, lay down and turn around, shall allow a minimum of 80 square feet per dog, shall provide protection from the elements, and shall be posted on all sides with county approved "dangerous dog" signs.

Service animals means animals that are individually trained to perform tasks for people with disabilities, such as guiding people who are blind, alerting people who are deaf, pulling wheelchairs, alerting and protecting, or performing other special tasks. Service animals are working animals, not pets. Guide dogs, search and rescue dogs, detection and protection dogs and therapy dogs are considered service animals.

Severe injury means any physical injury that results in broken bones, multiple bites, or disfiguring lacerations requiring sutures or reconstructive surgery.

Shelter means any structure which provides an animal with protection from the elements (weather).

Small furbearers means rabbits, ferrets, hamsters, gerbils, guinea pigs and mice which are kept as domesticated animals or pets.

Tethering means the restraint of an animal via the attachment of a rope, cable or chain conducive to the size of the animal and the other end attached to a stationary object. The area must be free of obstructions including trash, waste material, junk, weeds or other discarded materials allowing the animal to move freely about.

Attachment: Animal Control Ordinance Update, July 14, 2021 (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

Trap means a humane, mechanical device for the purpose of impounding unrestrained animals.

Veterinarian means a veterinarian duly licensed and registered by the state or licensing area in which the veterinarian is practicing.

Voucher means a written statement showing receipt for money that can be redeemed for services at a later date.

Wildlife means any animal that is not considered domesticated and cannot be legally kept as a pet or livestock under state or federal law, i.e., raccoon, fox, bear, heron, etc.

Working dog means a canine working animal that has been trained to perform specific tasks for the purpose of aiding its owner, harborer or caretaker in that person's business functions. For example, but not by limitation, search and rescue dogs, protection dogs, and detection dogs are considered to be working dogs.

Section 2. Licenses. Article II, Section 14-33 is amended in its entirety as follows:

(a) *Requirements.*

(1) Except as provided for in subsection (c) of this section, all dogs, cats, and ferrets at least four months of age or older must be registered with animal services. Registration may be obtained for either one or three years.

(2) Except as provided for in subsection (c) of this section, all dogs, cats, and ferrets at least four months of age and older must have been issued a tag. A tag may be issued for either one or three years. The tag will expire at the end of that period or when the next rabies vaccine is due, whichever is earlier.

(3) In order to register or renew registration for a dog, cat or ferret, a current complete rabies vaccine certification must be provided to animal services along with any and all applicable fees for the rabies vaccine certification and tag.

(4) The tag may be obtained either from animal services or a veterinarian. Only rabies vaccination certificates signed by the veterinarian who administered the vaccine and tags approved for issuance by animal services shall be valid. Any rabies vaccination certification signed by any person other than a veterinarian licensed by the State of Florida will be considered invalid and a tag will not be approved for issuance by animal services.

(5) Any person who uses a registration or tag upon an animal other than that for which it was issued shall be deemed in violation of this section and shall be punishable as provided for in this article.

(b) *Fees.*

(1) The fee for registration certificates and tags shall be established by resolution of the board. There shall be a differential between the fee assessed for registration certificates and tags of intact dogs or cats versus sterilized animals, with intact animals to be charged at a higher rate unless a veterinarian has determined that the animal is not healthy enough to sterilize.

(2) There will be no tag fee assessed for service animals.

(3) There will be no registration fee or tag fee assessed to approved government agencies, government owned or operated animal shelters, or rescue groups holding a

Attachment: Animal Control Ordinance Update, July 14, 2021 (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

valid tax exemption under Internal Revenue Code section 501(3)(c) and registered under Article II, Section 14-47.

(4) A reimbursement fee, as established by the board of county commissioners, may be available for a dog or cat sterilized within 45 days of vaccination.

(c) *Exemptions to registration and tag requirements.*

(1) *Visiting dogs or cats.* The registration and tag requirements of this article shall not apply to any animal that will only remain in the county for a period of 60 days or less and for which animal services has been provided proof of domicile outside of the county, a current, valid certificate of rabies vaccination, and any applicable registration, required license, or permit required by the laws of the jurisdiction of domicile. This exemption is not intended to apply to those animals that are born or raised in the county for possible distribution outside the county.

(2) *Newly acquired.* The owner of a newly acquired dog, cat or ferret shall have 30 days to register the animal and obtain a tag for the dog or cat. This provision does not excuse the previous owner from any applicable registration or tag requirements.

(3) *Authorized shelters.* The county shelter shall be exempt from the registration and tag requirements of this article.

(4) *Required to wear tag.* All animals required to be registered and vaccinated for rabies shall wear a county animal license tag when not on the owner's property, or when not in proper confinement, except as may be otherwise specified in this article. Any person to whom a tag has been issued shall cause the tag to be fastened to a collar about the animal's neck so as to be clearly visible upon inspection. Violation of the provisions of this article shall be punishable as provided for in this article. Exceptions to the tag wear requirement are as follows:

a. An animal being shown in competition or being trained for competition.

b. Dogs being kept in a commercial boarding kennel, or a secure fenced or walled enclosure. It is required that the tag be displayed or otherwise maintained for easy inspection.

c. Hunting or working dogs while being trained or worked.

d. Exempt service dogs while performing their service duties.

e. An animal that has been implanted with a microchip, provided the microchip identification number, with owner's current information, is recorded with animal services.

(d) *Changes in owner information.* The person named as the owner and the address, as it appears on the registration certificate, shall be prima facie evidence of ownership and domicile of the animal. Animal services must be notified within 30 days of any change in ownership or any other change in the information contained in the registration certificate including address.

(e) *Costs.* The owner is responsible for all costs associated with the registration and tag requirements of this article.

Section 3. Impoundment. Article II, Section 14-35 is amended in its entirety as follows:

Attachment: Animal Control Ordinance Update, July 14, 2021 (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

(a) The Citrus County Sheriff and his/her authorized agents shall have the authority to enforce this article, and pick up, catch or procure any animal in violation of this article or any animal infected or believed to be infected with rabies, and cause said animal to be impounded. Animal control officers are not restricted to official citizen complaints while enforcing this article.

(b) The Citrus County Sheriff and his/her agents shall have the authority and be required to impound any animal that is in violation of this article, except as otherwise set forth herein. If the Citrus County Sheriff and/or his/her officers personally witness an animal at large, they shall have the authority to enter upon private property in pursuit of the animal. The animal control officers cannot enter a building designated for and used for residential purposes without the property owner's consent or without a properly issued search and seizure warrant. If any owner refuses the Citrus County Sheriff or his/her officers entrance to the premises while attempting to enforce this article, such officer shall proceed on the owner's premises in the company of the law enforcement officer with such legal warrant or other document of authority as is necessary to lawfully enter the owner's premises for the purpose of enforcing this article.

(c) There is no mandatory hold time for cats and kittens which have been impounded and are without any form of identification (including but not limited to collars, tags, microchips and tattoos). Cats and kittens impounded without any form of identification may be made available for adoption at any time after impoundment. Intact cats and kittens over the age of four months impounded without any form of identification may be spayed or neutered at any time after impoundment. Cats and kittens which are impounded and which have a form of identification will be held for five days from the date of impoundment unless in imminent danger of death from disease or trauma or injured to such an extent as to cause unjustified pain or suffering. A cat or kitten that is in imminent danger of death from disease or trauma or which has been injured to such an extent as to cause unjustified pain or trauma may be euthanized at any time after impoundment. Euthanasia of cats to prevent overcrowding will be conducted using the following priorities:

(1) Sick or diseased;

(2) Feral;

(3) Unadoptable.

(d) All puppies six months of age or less which are impounded without any form of identification (including but not limited to collars, tags, microchips and tattoos) may be made available for adoption and may be spayed or neutered any time after impoundment. Dogs which are impounded without any form of identification and which are not suffering from or suspected to have an infectious or contagious disease, or which have not been injured to such an extent as to cause unjustified pain or suffering, shall be held for redemption for a minimum of three days, including the day said animal was impounded, after which time the dog may be spayed or neutered and made available for adoption. Puppies six months of age or less and dogs which have identification and which have been impounded and are not suffering from or suspected to have an infectious or contagious disease, or which have not been injured to such an extent as to cause unjustified pain or suffering, shall be held for redemption for a minimum of five days, including the day said animal was impounded, after which the animal may be spayed or neutered and made available for adoption.

(e) Exotic animals, fowl, and small fur-bearers with identification shall be held for redemption for a minimum of five days; those without identification shall be held for twenty-four hours.

Attachment: Animal Control Ordinance Update, July 14, 2021 (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

(f) Animal services shall be required to attempt to contact the owner of any animal impounded that is wearing a current tag and/or has been implanted with a microchip before humane disposition of the animal.

(g) In the event any impounded animal is not claimed prior to the expiration of the proper impoundment period, animal services may release, adopt, destroy or otherwise dispose of such animal in accordance with established laws, rules and regulations and the policies of the board of county commissioners, without any compensation being paid to the owner.

(h) It is the responsibility of the pet owner to come to the shelter to look for and identify their lost pet.

(i) The following impounded animals shall not be placed for adoption to the general public:

(1) Hybrids;

(2) Dogs that demonstrate aggression; and

(3) Security and guard dogs.

(j) Impoundment exception for identifiable animals.

(1) An officer may release an animal impounded on the officer's vehicle prior to the animal's delivery to animal services when, in the officer's discretion, such release would be in the best interest of the health and welfare of the animal, and:

a. The owner can be ascertained and verified;

b. The animal does not appear to be abused or neglected; and

c. The animal is not chronically at large as defined in this article.

(2) Animals released pursuant to this section for which rabies vaccination and/or registration is required pursuant to sections 14-33 and 14-34, and whose owner cannot verify compliance with such requirements, shall be required to provide verification of rabies vaccination and registration, and compliance with the microchip requirements of section 14-37, within ten days of release.

(3) In no event shall an animal reported to have bitten or scratched a person be released pursuant to this exception unless all quarantine provisions are met.

Section 4. Adoption and redemption of animals. Article II, Section 14-37 is amended in its entirety as follows:

Any person who adopts or claims an animal from animal services must be 18 years of age, and is subject to the following conditions and/or requirements:

(1) *Redemption.*

a. The owner of an impounded animal shall have the right to redeem their animal, subject to the requirements of this article, unless it has been impounded pursuant to: (a) further investigation, (b) quarantine, or (c) animal service seeking custody, an order to provide care or a dangerous/hazardous dog determination, in which case the animal may only be redeemed when animal services, the public health unit or a court of competent jurisdiction has determined that all applicable state laws, statutes, ordinances and/or administrative polices have been fulfilled.

b. In the event any impounded animal that is subject to redemption is properly identified by the legal owner or authorized agent of the owner, the animal shall be released to the owner or agent upon payment of all fees as set forth by resolution, and available

Attachment: Animal Control Ordinance Update, July 14, 2021 (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

for inspection at animal services, and all costs incurred by the county on behalf of the impounded animal for the provision of proper care and confinement. All fees and/or costs collected by animal services shall be paid into the general fund as provided by law.

c. All persons claiming their animal must provide proof of ownership, proof of sterilization, as well as proof of current registration and rabies vaccination if such is required by this article. Redeemed animals for which sterilization, rabies vaccination and/or registration is required pursuant to sections 14-33 and 14-34, and whose owner cannot verify compliance with such requirements, shall be sterilized and vaccinated by the on-staff veterinarian prior to redemption. The owner shall be responsible for paying the cost of the vaccination and sterilization prior to redeeming the animal.

d. Exception to the sterilization requirement will be granted to animals impounded for the first time for reasons other than being stray; first time impounded animals having a current unaltered license and microchip; animals too young or infirm to be sterilized as determined by the shelter veterinarian.

e. All animals shall be implanted with a microchip prior to being redeemed. The owner shall be responsible for the cost of implanting the microchip and shall pay the fee prior to redeeming the animal. The procedure shall be done by, or under the direct supervision of, a veterinarian currently licensed by the state.

(2) *Adoption.*

a. All dogs and cats adopted from animal services must be properly vaccinated and sterilized. All dogs and cats adopted from animal services will be appropriately vaccinated and sterilized by the on-staff county veterinarian prior to the release of the animal. In the absence of the on-staff county veterinarian, a voucher must be obtained from animal services at the time of adoption, redeemable for such service(s) at a local participating veterinarian. Adopted animals for which sterilization and/or rabies vaccination is required shall obtain from animal services at the time of adoption a voucher, redeemable for such service(s) at a local participating veterinarian. The owner of such adopted animal must provide verification of rabies vaccination as required by law, and register such animal with animal services within 30 days of adoption. Verification of sterilization shall be provided within 30 days of adoption.

b. Animal services reserves the right to refuse the adoption of any animal in its custody.

c. All animals being adopted from animal services shall be implanted with a microchip for positive and permanent identification prior to release, and upon payment of fees for such service.

d. No live or dead animal in the possession of animal services shall be released to any entity, business, firm, corporation, institution or enterprise for research or experimental purposes other than a veterinary educational institution. Pound seizure is prohibited in the county.

e. Recognized rescue organizations may be exempt from the purchase of vouchers required by this article for sterilization and/or rabies vaccination, provided, however, that proof of such vaccination and/or sterilization is provided within 30 days.

f. The animal services director may, at his/her discretion, extend the time period for which an individual must provide verification of rabies vaccination, sterilization and/or registration, when such extension will not be injurious to the health, safety and welfare

Attachment: Animal Control Ordinance Update, July 14, 2021 (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

of the public. In no event shall the time of extension exceed 60 days, unless the animal qualifies for an exemption as set forth in this article or as otherwise recognized by law.

g. Any person who fails to have an adopted animal sterilized within the time allotted by this ordinance, unless such person was acting upon the contrary medical advice of a veterinarian regarding the adopted animal, shall be in violation of this article. The county shall have the right to repossess any adopted animal that is not sterilized pursuant to this section.

Section 5. Quarantine of animals. Article II, Section 14-38 is amended in its entirety as follows:

(a) Any person bitten or scratched, or having knowledge of any person bitten or scratched by any dog, cat or other animal shall report the fact immediately to the county health department.

(b) The provisions of sections 64D-3.028 through 64D-3.031, section 64D-3.033 and section 64D-3.037, Florida Administrative Code, as the same may be amended from time to time, and any agreement in effect between the Florida Department of Health and Citrus County, are hereby adopted by reference in this article. It is a violation of this article for any person to commit an act, or cause an act to be committed, in violation of said Florida Administrative Code provisions, as the same may be amended from time to time.

(c) It is a violation of this article for any person to commit an act, or cause an act to be committed, in violation of section 64D-3.001 through 64D-3.010 or 64D-3.012 through 64D-3.014, Florida Administrative Code, as the same may be amended from time to time.

(d) If quarantine of a dog or cat cannot be maintained at the owner's home or at another location pursuant to section 64D-3.038, Florida Administrative Code, the dog or cat shall be quarantined at the county animal shelter or other holding facility. It is a violation of this article for the owner of a dog or cat to refuse or fail to maintain the dog or cat under rabies quarantine as required by section 64D-3.038, Florida Administrative Code, as the same may be amended from time to time. If a quarantined animal shows signs of rabies infection prior to the end of the quarantine period, the animal shall be turned over to the Florida Department of Health for euthanasia and testing.

(e) The fees established pursuant to resolution for impoundment and maintenance of animals shall be applied to quarantined animals. No animal quarantined pursuant to this section may be released until all such fees have been paid.

(f) Notwithstanding any other provision of this section to the contrary, a dog that is quarantined in conjunction with a dangerous dog investigation shall additionally be subject to the provisions of section 14-45.

(g) The state health officer or his/her designated representative, or the county health department director or administrator or his/her designated representatives shall declare an area-wide quarantine when prevalence of rabies so indicates. The conditions of the quarantine shall control the movement, sale, impoundment or required euthanasia of animals in the quarantine area as specified by departmental policy and procedure guidelines as set forth in section 64D-3.040(d), Florida Administrative Code, as may be amended from time to time.

(h) All animals quarantined for biting a person shall be microchipped at the owner’s expense within 14 days of the end of the quarantine period.

Attachment: Animal Control Ordinance Update, July 14, 2021 (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

Section 6. Unlawful to keep stray animal. Article II, Section 14-39 is amended in its entirety as follows:

It shall be unlawful for any person to harbor, feed, and/or keep a stray animal except as follows:

(1) A qualified not-for-profit organization or other persons may feed or care for feral cats which are within a community cat colony.

(2) Any person who has notified animal services within 24 hours from the time such animal came into his or her possession. Except that upon receiving such notice, an animal control officer may take such animal and place it in the animal shelter. It shall be unlawful for any person to refuse to surrender any such stray animal to an animal control officer upon such officer's demand.

(3) Any person actively engaged in an attempt to trap/neuter/return stray cat(s) to include having the ear tipped for indication, microchipped and vaccinated against rabies. Upon such sterilization of stray cat(s), [it] will become known as a community cat.

Section 7. Confinement of cats and dogs in heat (estrus). Article II, Section 14-41 is amended in its entirety as follows:

(a) It shall be a violation of this section for the owner, harborer or caretaker of a cat or dog in heat (estrus) to fail to humanely and securely confine the cat or dog indoors or in an enclosed and locked structure that prevents the entry of a male cat or dog and prevents the female in heat from escaping. Confinement solely by leash, legal tether or other similar restraint, or with a fence, open kennel, open cage or run, does not comply with this section.

(b) If a female animal is to be released for an acceptable reason from the secured enclosure, then the owner of the female animal in heat shall have physical control over the animal at a distance of six feet or less, and be able to physically restrain the animal from coming into contact with a male animal. Acceptable reasons for release from confinement are limited to excretion, breeding and veterinary visits.

(c) A person intentionally breeding a female animal in a controlled environment, with the consent of the owner of the male animal, is exempt from this section during breeding.

(d) A violation of this section shall be a civil infraction and subject to a fine or other penalty as listed in section 14-60 of this chapter.

Section 8. Dangerous dogs. Article II, Section 14-45, is amended in its entirety as follows:

(a) *Definitions.* When used in this section, the following terms shall have the meaning indicated:

(1) *Dangerous dog* means any dog that according to the records of animal services:

a. Has aggressively bitten, attacked, or endangered or has inflicted severe injury on a human being on public or private property;

b. Has more than once severely injured or killed a domestic animal while off the owner's property;

c. Has been used primarily or in part for the purpose of dog fighting or is a dog trained for dog fighting; or

Attachment: Animal Control Ordinance Update, July 14, 2021 (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

d. Has, when unprovoked, chased or approached a person upon the streets, sidewalks, or any other public or private property that the person had a legal right to be on, in a menacing fashion or apparent attitude of attack, provided that such actions are attested to in a sworn statement by one or more persons and dutifully investigated by the appropriate authority.

(2) *Animal control authority* means the Citrus County Sheriff's Office, whether acting alone or in concert with Citrus County Animal Services, or other local governmental units and authorized by them to enforce the provisions of this ordinance as well as the animal control laws of the state.

(3) *Unprovoked* means that the victim who has been conducting himself or herself peacefully and lawfully has been bitten or chased in a menacing fashion or attacked by a dog.

(b) *Classification of dogs as dangerous.*

(1) An animal control authority shall investigate reported incidents involving any dog that may be dangerous and shall, if possible, interview the owner and require a sworn affidavit from any person, including any animal control officer or enforcement officer, desiring to have a dog classified as dangerous.

(2) An animal that is the subject of a dangerous dog investigation because of severe injury to a human being may be immediately confiscated by an animal control authority, placed in quarantine, if necessary, for the proper length of time, or impounded and held. The animal may be held pending the outcome of the investigation and any hearings or appeals related to the dangerous dog classification or any penalty imposed under this section. If the dog is to be destroyed, the dog may not be destroyed while an appeal is pending. The owner is responsible for payment of all boarding costs and other fees as may be required to humanely and safely keep the animal pending any hearing or appeal.

(3) Any animal that is the subject of a dangerous dog investigation, that is not impounded with the animal control authority, shall be humanely and safely confined by the owner in a securely fenced or enclosed area pending the outcome of the investigation and resolution of any hearings related to the dangerous dog classification. The address of where the animal resides shall be provided to the animal control authority.

(4) No dog that is the subject of a dangerous dog investigation may be relocated or ownership transferred pending the outcome of an investigation or any hearings related to the determination of a dangerous dog classification. In the event that a dog is to be destroyed, the dog shall not be relocated or ownership transferred.

(5) A dog shall not be declared dangerous if the threat, injury, or damage was sustained by a person who, at the time, was unlawfully on the property or, while lawfully on the property, was tormenting, abusing, or assaulting the dog or its owner or a family member. No dog may be declared dangerous if the dog was protecting or defending a human being within the immediate vicinity of the dog from an unjustified attack or assault.

(c) *Notice and hearing requirements for determination of dangerous dog classification.*

(1) After the investigation, the animal control authority shall make an initial determination as to whether there is sufficient cause to classify the dog as dangerous and shall afford the owner an opportunity for a hearing prior to making a final determination as to whether there is sufficient cause to classify the dog as dangerous and if so, the

Attachment: Animal Control Ordinance Update, July 14, 2021 (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

appropriate statutory penalty, i.e., 1) classify the dog as a dangerous subject to secure confinement by the owner; or, 2) destroy the dog if the dog caused severe injury to a human being and constitutes a likely future threat to public safety, health and welfare.

(2) The animal control authority shall provide written notification of the sufficient cause finding to the owner, by registered mail, certified hand delivery, or service in conformance with the provisions of Chapter 48, Florida Statutes, relating to service of process.

(3) The owner may file a written request for a hearing with the Office of the County Administrator within seven calendar days from the date of receipt of the notification of the sufficient cause finding and, if requested, the hearing shall be held as soon as possible, but not more than 21 calendar days and no sooner than five days after receipt of the request from the owner. If the owner does not timely request a hearing, the determination of animal control is final. If the dog is impounded and an appeal is requested, at the time appeal is requested the owner shall pay boarding costs and fees incurred from the date of impoundment through the date of the request to appeal. When the appeal to the County Administrator is concluded, the owner of an impounded dog shall pay the boarding costs and fees incurred after the date of appeal through the date of the County Administrator's decision. If the impounded dog is released to the owner at the conclusion of the appeal, the owner shall pay any boarding costs and fees due through the date of release.

(4) The formal rules of evidence shall not apply at the hearing and hearsay is admissible, but the hearing officer may not base his decision solely upon hearsay testimony.

(5) Upon a dangerous dog classification becoming final after hearing or by operation of law, the animal control authority shall provide a written final order to the owner by registered mail, certified hand delivery or service pursuant to F.S. Ch. 48. The owner may appeal the final order in the circuit court within ten business days after receipt of the final order. If the dog is not held by animal control, the owners must confine the dog in a securely fenced or enclosed area pending a resolution of the appeal. The appeal shall be the traditional record review applicable to other types of appeals from quasi-judicial decisions of administrative bodies or hearing officers. If the dog is impounded and the owner files an appeal to the circuit court, at the time the notice of appeal is filed the owner shall pay the County any boarding costs and fees due through the date of the filing of the notice of appeal. If the impounded dog is released to the owner at the conclusion of the appeal, the owner shall pay any boarding costs and fees due through the date of release.

(d) *Registration.*

(1) Within 14 days after a dog has been classified as dangerous by the animal control authority or a dangerous dog classification is upheld by the county court on appeal, the owner of the dog must obtain a certificate of registration from animal services. The owner must provide two current photographs of the dangerous dog to animal services at the time of registration.

(2) The owner of a dangerous dog will be required to purchase annually a certificate of registration and a dangerous dog tag. Certificates of registration are renewed in January of each year. Partial year registrations will be pro-rated by month.

(3) Animal services may issue certificates of registration, and renewals thereof, only to persons who are at least 18 years of age and who present to animal services sufficient evidence of:

Attachment: Animal Control Ordinance Update, July 14, 2021 (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

a. A current certificate of rabies vaccination for the dog.

b. A secure enclosure, as defined in section 14-32, to confine a dangerous dog and the posting of the premises with a clearly visible warning sign on all sides that informs both children and adults of the presence of a dangerous dog on the property.

c. Permanent identification of the dog with a tattoo on the inside thigh or microchip.

d. Sterilization. All dangerous dogs that are unsterilized will be required to be spayed or neutered immediately at the owner's expense.

(4) Unless the statutory penalty requires that the animal be destroyed, a dog that has been impounded which is subsequently classified as dangerous shall remain impounded until the owner purchases a certificate of registration and provides for its secure confinement in accordance with this section. If the owner does not make such provisions within 14 days of the latter of:

a. the final order of classification of dangerousness; or,

b. the conclusion of any appeal which is decided adversely to the owner,

the county will seek an order to have the animal remanded to the custody of the county. The owner shall be responsible for boarding fees, veterinary and other costs incurred by the county to maintain the dog during impoundment.

(5) The owner shall immediately notify animal services when a dog that has been classified as dangerous:

a. Is loose or unconfined.

b. Has bitten a human being or attacked another animal.

c. Is sold, given away, or dies.

d. Is moved to another address.

Prior to a dangerous dog being sold or given away, the owner shall provide the name, address, and telephone number of the new owner to animal services. The new owner must comply with all of the requirements of this section.

(6) Once a dog has been declared dangerous and registered in accordance with this section, any animal control officer shall, at any reasonable hour, have the right to inspect the owner's premises to determine compliance with the requirements of F.S. Ch. 767, and the conditions of this section. It shall be unlawful for an owner of a dangerous dog to deny the animal control authority access to inspect the owner's premises to determine compliance as provided in this section.

(e) *Exemptions.* The following shall be exempt from this section:

(1) Hunting dogs when engaged in any legal hunt or training procedure. Dogs engaged in training or exhibiting in legal sports such as obedience trials, conformation shows, field trials, hunting/retrieving trials, and herding trials, when engaged in any legal procedures. However, such dogs at all other times in all other respects shall be subject to this section. Dogs that have been classified as dangerous shall not be used for hunting purposes.

(2) Dogs used by law enforcement officials for law enforcement work.

(f) *Restraint of dangerous dog.*

Attachment: Animal Control Ordinance Update, July 14, 2021 (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

(1) The owner of a dangerous dog shall not permit the dog to be outside a secure enclosure unless the dog is muzzled and restrained by a substantial chain or leash and under control of a competent adult. The muzzle must be made in a manner that will not cause injury to the dog or interfere with its vision or respiration but will prevent it from biting any person or animal.

(2) The owner may exercise the dog in a securely fenced or enclosed area that does not have a top, without a muzzle or leash, if the dog remains within his or her sight and only members of his or her immediate household or persons 18 years of age or older are allowed in the enclosure when the dog is present, provided such person(s) is informed as to the animal's classification as dangerous.

(3) When being transported, such dogs must be safely and securely restrained within a vehicle.

(g) *Unlawful acts.* The following shall constitute a violation of this section:

(1) Failure to properly license a dangerous dog.

(2) Failure to maintain a current rabies vaccination.

(3) Failure to have animal wear a dangerous dog license.

(4) Failure to provide proper secure enclosure.

(5) Failure to have dog permanently identified with a tattoo or microchip.

(6) Failure to have a current certificate of registration.

(7) Failure to report a bite, scratch, or attack by his/her dangerous dog upon a human being or another animal.

(8) Failure to report a change of ownership or death of his/her dangerous dog.

(9) Failure to report change of address.

(10) Allowing the dog to run at large or remain unconfined.

(11) Allowing the dog to be outside of a secure enclosure without proper restraint.

(12) Failure to have the dog spayed or neutered.

Any owner of a dangerous dog who fails to maintain compliance with all provisions under this section shall be guilty of a misdemeanor of the second degree, punishable as provided by F.S. §§ 775.082 and 775.083. In addition, the dangerous dog shall be immediately confiscated by the animal control authority, placed in quarantine, if necessary, for the proper length of time, or impounded and held for ten business days after the owner is given written notification as provided for in this section, and thereafter destroyed in an expeditious and humane manner. Notice shall be by certified mail return receipt requested to the address of the owner on file with the animal services division, certified hand delivery, or service of process in conformance with F.S. ch. 48. This ten-day time period shall allow the owner to request a hearing as provided in section (i) The owner shall be responsible for payment of all boarding costs and other fees as may be required to humanely and safely keep the dog during the impoundment.

(h) *Attack or bite by dangerous dog; penalties; confiscation; destruction.*

(1) If a dog that has previously been declared dangerous attacks or bites a person or a domestic animal without provocation, the owner is guilty of a misdemeanor of the first

Attachment: Animal Control Ordinance Update, July 14, 2021 (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

degree, punishable as provided in F.S. §§ 775.082, or 775.083. In addition, the dangerous dog shall be immediately confiscated by the animal control authority, placed in quarantine, if necessary, for the proper length of time, or impounded and held for ten business days after the owner is given written notification as provided for in this section, and thereafter destroyed in an expeditious and humane manner. This ten-day time period shall allow the owner to request a hearing as provided in section (i). The owner shall be responsible for payment of all boarding costs and other fees as may be required to humanely and safely keep the animal during any appeal procedure.

(2) If a dog that has not been declared dangerous attacks and causes severe injury to or death of any human, the dog shall be immediately confiscated by the animal control authority, placed in quarantine, if necessary, for the proper length of time or held for ten business days after the owner is given written notification as provided for in this section, and thereafter destroyed in an expeditious and humane manner. This ten-day time period shall allow the owner to request a hearing as provided in section (c). The owner shall be responsible for payment of all boarding costs and other fees as may be required to humanely and safely keep the animal during any appeal procedure. In addition, if the owner of the dog had prior knowledge of the dog's dangerous propensities, yet demonstrated a reckless disregard for such propensities under the circumstances, the owner of the dog is guilty of a misdemeanor of the second degree, punishable as provided in F.S. §§ 775.082, or 775.083.

(3) If a dog that has previously been declared dangerous attacks and causes severe injury to or death of any human, the owner is guilty of a felony of the third degree, punishable as provided in F.S. §§ 775.082, 775.083, or 775.084. In addition, the dog shall be immediately confiscated by the animal control authority, placed in quarantine, if necessary, for the proper length of time or held for ten business days after the owner is given written notification as provided for in section (i), and thereafter destroyed in an expeditious and humane manner. This ten-day time period shall allow the owner to request a hearing as provided in this section. The owner shall be responsible for payment of all boarding costs and other fees as may be required to humanely and safely keep the animal during any appeal procedure.

(i) *Hearing on humane disposal of dangerous dog.*

(1) The purpose of a hearing under this section is not to determine whether or not a dog should be classified as a dangerous dog; this section only applies to those dogs who have previously been classified as dangerous either through the consent of the owner or by the animal control authority pursuant to the hearing and appeal process in section (c).

(2) The request for the hearing must be in writing and must be received by the office of the county administrator by the close of business on the final business day prior to expiration of the applicable deadline.

(3) The hearing shall be confined to the issue of whether or not the owner of the dangerous dog is able to properly meet the requirements listed in this ordinance to both care for the dog and keep the dog from being a threat to the health, safety and welfare of humans and other animals.

(4) The hearing shall be held as soon as possible, but not more than 21 calendar days and no sooner than five days after receipt of the request from the owner.

Attachment: Animal Control Ordinance Update, July 14, 2021 (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

(5) The formal rules of evidence shall not apply during the conduction of the hearing and hearsay is admissible, but the hearing officer may not base his decision solely upon hearsay testimony.

(6) A written copy of the decision shall be provided to the owner by certified mail return receipt requested, certified hand delivery or service pursuant to F.S. ch. 48. If the decision is to humanly dispose of the dog and the owner wishes to appeal that decision, the owner may file a written request for a hearing, in the county court to appeal the decision within ten business days after receipt of the decision. The appeal shall be the traditional record review applicable to other types of appeals from quasi-judicial decisions of administrative bodies or hearing officers.

(j) If the owner files a written appeal under either section (c) or (i), the dog must be held and may not be destroyed while the appeal is pending.

(k) If a dog attacks or bites a person who is engaged in or attempting to engage in a criminal activity at the time of the attack, the owner is not guilty of any crime specified under this section.

(1) Animal services maintains the authority to carry out euthanasia of a dangerous dog prior to the end of the ten-day quarantine period if a medical emergency exists. The following provisions must be met if the dog owner objects to his/her dog being euthanized.

(2) The victim's attending physician must provide, to the county health department, a signed written statement describing the medical emergency and the need for immediate euthanasia of the dangerous dog.

(3) The director of the county health department will evaluate the physician's request and make a written recommendation to the director of community services.

(4) The director of community services and the county attorney will review the physician's letter and the written recommendation of the public health director and then advise the animal services operations manager of the proper course of action.

Section 9. Article II, Section 14-49(a) (1)d is amended in its entirety as follows:

d. *Adequate space* means a space that allows a companion animal to easily sit, stand, lie down, turnabout and make other normal body movements in a comfortable normal position for a companion animal. An enclosure shall provide each animal a minimum of 80 square feet of open space and shall be suitable to prevent the escape of the animal or the entry of young children. Working law enforcement canines may be kept in a smaller encloser.

Section 10. Euthanasia of Animals. Article II, Section 14-55 is amended in its entirety as follows:

(a) Animal services will offer the service of euthanasia of animals after said animal has been released to the county. The form of euthanasia used is lethal injection.

(1) The owner of the animal must sign a release form stating that the animal has not bitten any person during the last ten days, and has not been exposed to rabies.

Attachment: Animal Control Ordinance Update, July 14, 2021 (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

(2) Any individual requesting the euthanasia of an animal must provide proof of ownership (e.g., AKC or UKC, CFA registration papers, health records, bill of sale, adoption agreement). Personal identification is required.

(b) Animal services reserves the right to refuse to perform euthanasia on any animal for which the above criteria cannot be met.

Section 11. Mandatory spay and neuter for cats. Article II, Section 14-65 is amended in its entirety as follows:

(a) *Purpose.* The board has determined that the unintended or uncontrolled breeding of cats within the county leads to many cats and kittens being unwanted, becoming strays, suffering privation and death, being impounded and euthanized at great expense to the community, and constituting a public nuisance and public health hazard. It is, therefore, declared to be the public policy of the county to encourage every feasible means of reducing the number of unwanted cats and kittens in the county.

(b) *Spaying, neutering of cats.*

(1) Every cat four months of age or older within the county shall be spayed or neutered, unless proof of one of the following exemptions is provided to the county:

a. The cat is registered with a national or international club or association and the owner certifies in writing to the county that the animal is being used, trained, or considered for use in a show(s), sporting competition(s), or other similar competitive event(s) held by one or more national or international clubs or associations.

b. A veterinarian licensed in the state certifies in writing that the cat is medically unfit to undergo the required spay or neuter procedure because of a medical condition, including but not limited to age, that would be substantially aggravated by such procedure or would likely cause the cat's death. The writing must state the date by which the cat may be safely spayed or neutered. The county may extend the time for spaying or neutering a cat or may exempt such cat from the spay/neuter requirement based upon the written medical recommendation of a licensed veterinarian. For a cat that is not spayed or neutered due to a health condition as provided herein, the license tag fee established by the board for sterilized cats shall apply. As soon as the medical condition that prevents a cat from being spayed or neutered ceases to exist, it shall be the duty of the owner of such cat to promptly comply with this section.

c. The owner wishes to keep the cat unsterilized and has purchased an unsterilized license and has microchipped the cat for identification. However, if the cat is trapped or otherwise found at large and impounded at animal services more than once, the license will be forfeited and the cat will be sterilized.

d. The cat is used for breeding purposes by a licensed hobby or commercial breeder and is registered as a pedigreed cat with the Cat Fancier Association or the International Cat Association.

e. The cat is being harbored by a shelter, humane society, or private animal nonprofit organization, whether public or private, whose principal purpose is securing the adoption of cats or offering sanctuary for cats, provided that the cat is spayed or neutered prior to being placed for adoption.

Attachment: Animal Control Ordinance Update, July 14, 2021 (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

Section 12. Article II, Section 14-66, entitled "Registration of rescue groups, breeders, hobby breeders and owners of eleven or more companion animals," is added as follows:

(a) Rescue groups, breeders, hobby breeders and owners of eleven or more dogs, cats and companion animals shall register annually with the County.

(b) The fee for annual registration is $25.

(c) Those registering shall submit a disaster plan and shall authorize animal control to inspect the location where the animals are kept.

(d) A $250 penalty may be assessed for failure to register.

(e) Law Enforcement personnel are exempt from registration.

Section 13. Severability. If any section, sentence, clause, phrase or provision of this Ordinance is held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality shall not be construed so as to render invalid or unconstitutional the remaining provisions of this Ordinance.

Section 14. Codification. The publisher of the County's Code of Ordinances, the Municipal Code Corporation, is directed to incorporate this article into the Code of Ordinances where indicated.

Section 15. Modification. The provisions of this Ordinance may be modified as a result of considerations that may arise during public hearings. Such modifications shall be incorporated into the final version of the ordinance adopted by the Board and filed with the Clerk.

Section 16. Effective Date. This Ordinance shall take effect as provided by law.

WHEREAS, the Citrus County Board of County Commissioners ("Board") is the legislative and governing body of Citrus County, Florida, a political subdivision of the State of Florida, authorized to exercise governmental powers pursuant to Article VIII of the Constitution of the State of Florida and Section 125.01, Florida Statutes; and

WHEREAS, the Board of County Commissioners of Citrus County, Florida is charged with the responsibility of protecting the public by adopting and enforcing provisions related to animal control and cruelty; and

WHEREAS, from time to time, parts of the Code of Ordinances must be revised, repealed, adopted and or amended.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF CITRUS COUNTY:

Section 1. Definitions. Article II, Section 14-32 is amended in its entirety as follows:

When utilized herein, the following words and phrases shall have the following meanings, unless the content clearly requires otherwise:

Attachment: Animal Contol Ordinance 2021 Draft Redline (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

Abandonment means to forsake entirely or to neglect or refuse to provide or perform the obligations for care and support of an animal by its owner, harborer or agent.

Affidavit means a voluntary sworn declaration, in writing, made before competent authority.

Animal means any living dumb creature domestic or wild.

Animal control authority means the sheriff of Citrus County and his/her designated agents.

Animal control officer means any person employed by the Citrus County Sheriff's Office who is authorized to investigate, on public or private property, violations of state and local laws relating to animal care and management or cruelty, and to issue citations as provided in this section. An animal control officer is only authorized to bear arms or make arrests upon being certified as a law enforcement officer by the state pursuant to F.S. Ch. 943.

Animal services means the animal services division of the Citrus County Community Services Department.

Animal services officer (ASO) means any person employed by the county who is authorized to investigate, on public or private property, violations of state and local laws relating to animal care and management or cruelty, and to issue citations as provided in this section. An *animal services officer* is not authorized to bear arms or make arrests, but is deemed to be a code enforcement officer.

Animal shelter means a county facility operated for the purpose of impounding and caring for animals held under the authority of this article or state law. The animal shelter is not a commercial boarding kennel.

At large means off the premises of the owner and not under direct control, custody, charge or possession of the owner, or other responsible person, either by leash, cord, or chain by an individual physically capable of providing restraint.

Board means the Citrus County Board of County Commissioners.

Cable runner means a cable or rope, at least 30 feet in length, with each end securely fastened to a stationary object, with a pulley or other similar mechanism attached, allowing the animal to move freely along the length of the cable between stationary objects. The area must be free of obstructions, including trash, waste material, junk, weeds or other discarded materials, allowing the animal to move freely about.

Caretaker means a person who cares for, looks after, and is responsible for property and animals in the absence of their owner. Such person may be found to have taken on the responsibility pursuant to direct agreement with the owner, or by imputation through their actions in providing adequate food, water, shelter, and otherwise caring for the subject animals.

Cat means the domestic cat, *Felis catus*.

Chemical capture means the impoundment of an animal using a tranquilizing drug in a humane manner which renders the animal immobile.

Chronically at-large means an animal that has been found at large more than two times in any 12-month period.

Circus means any resident or nonresident variety show, exhibition, or act featuring performing animals. This shall not include petting zoos, resident or nonresident dog and cat shows which are sponsored and/or sanctioned by the American Kennel Club, United Kennel Club, Cat Fancier's Association or any affiliates thereof, nor shall it include any horse show.

Attachment: Animal Contol Ordinance 2021 Draft Redline (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

Citation means a written notice, issued to a person by an officer, that the officer has probable cause to believe that the person has committed a civil infraction in violation of this article and that the county court will hear the charge if disputed.

Commercial breeder means any person who engages in the breeding of dogs and/or cats for the purpose of sale or transfer of such dogs and/or cats for compensation. Hobby breeders are excluded from this definition.

Community cat means any cat which does not have a known owner or caregiver, which may be considered feral, but that has been sterilized, ~~microchipped,~~ initially vaccinated against rabies, and has a tipped ear to indicate that such procedures have been performed.

Companion animal means any domestic animal that lives with and about the habitat of a human and that is dependent upon that human for its survival.

County means Citrus County, Florida.

Direct control means immediate, continuous physical control of an animal at all times, such as by means of a fence, leash, cord, or chain of sufficient strength to restrain said animal.

Dog means any domestic dog, *Canis lupus familiaris*.

Domestic animal means any equine or bovine animal, goat, sheep, swine, dog, cat, poultry, or other domesticated beast or bird.

Enclosure means any place where a domestic animal is maintained outdoors including, but is not limited to, a fenced yard, kennel, or run.

Excreta means any waste product such as sweat, urine, or feces, discharged from the body of the animal.

Exotic animals means any animal not native to Florida.

Feral means undomesticated, wild.

Fowl means poultry of any kind, including but not limited to chickens, pheasants, guineas, turkeys and geese. Any animal belonging to the class Aves.

Harbor means to provide food, water, and shelter or otherwise care for an animal. If a citizen keeps or harbors a stray dog or cat for five or more days, that person may be held accountable for any violations of the county animal services ordinance or Florida Statutes dealing with animals. Keeping a stray animal for five or more days does not constitute proof of ownership for that stray.

Hobby breeder means any person who breeds and/or raises on his/her property dogs, cats, and or companion animals, and who sells no more than two litters, or 20 dogs, cats and/or companion animals per year, whichever is greater.

Hybrid means a cross between a wild and domestic animal as defined by the Florida Fish and Wildlife Conservation Commission.

Identification means traceable identification.

Livestock means domestic animals kept for farm purposes, especially marketable animals, including but not limited to fowl, cattle, sheep, swine, horses, mules, goats, and offspring thereof.

Microchip means an electronic animal identification device.

Motor vehicle means any vehicle which is self-propelled operated by a motor or engine; also, one drawn by a vehicle so operated, as a trailer. This includes vehicles propelled by electric power, but does not include any bicycle, motorized scooter, electric personal assistive mobility device, or moped.

Owner means any person, firm, corporation, or organization possessing, harboring, keeping, or having control or custody of an animal or, if the animal is owned by a person under the age of 18, that person's parent or guardian. In the case of a corporation, the knowledge and acts of agents and employees of corporations in regard to animals transported, owned, employed by or in the custody of a corporation, shall be held to be the knowledge and act of such corporation.

Pound seizure means claiming or selling of excess animals for research or experimentation.

Provocation means any act that causes an animal to bite or scratch, or attack in protection of self, offspring, owner or owner's premises.

Quarantine means the humane confinement of an animal in a secure enclosure which prevents the animal from coming in contact with any other animal or person.

~~*Registered community cat colony* means a population of cats which are managed by a qualified not-for-profit organization according to a trap/neuter/release program approved by and filed with animal services and the county sheriff's office.~~

Rehabilitator means an individual or group that is certified and/or licensed by the state or federal [government], and saves and/or cares for injured, disabled or misplaced wildlife species. To achieve rescue status, the individual or group must provide proof of proper licensing.

Rescue group/organization means a group or organization that regularly performs acts or instances of saving an animal from danger, harm, or death by placing the animal in a secure environment to achieve a permanent home. If the group or organization is a nonprofit organization, it must provide proof of a current certification issued under Internal Revenue Code section 501(3)(c).

Scratch means a scrape caused by the nails or teeth of an animal and of sufficient severity to break the skin, causing an entry point for infection.

Secure enclosure means a locked pen or other structure with four solid or chain link sides, none of which share perimeter fencing, a solid or chain link roof and a concrete floor that is suitable to prevent the entry of young children and designed to prevent the animal from escaping. Such enclosure shall be secured so as to prevent the dog from escaping over, under, or through the structure, shall be of sufficient size to allow the animal to stand up, lay down and turn around, shall allow a minimum of ~~5~~8~~0~~0 square feet per dog, shall provide protection from the elements, and shall be posted on all sides with county approved "dangerous dog" signs.

Service animals means animals that are individually trained to perform tasks for people with disabilities, such as guiding people who are blind, alerting people who are deaf, pulling wheelchairs, alerting and protecting, or performing other special tasks. Service animals are working animals, not pets. Guide dogs, search and rescue dogs, detection and protection dogs and therapy dogs are considered service animals.

Severe injury means any physical injury that results in broken bones, multiple bites, or disfiguring lacerations requiring sutures or reconstructive surgery.

Shelter means any structure which provides an animal with protection from the elements (weather).

Small furbearers means rabbits, ferrets, hamsters, gerbils, guinea pigs and mice which are kept as domesticated animals or pets.

Tethering means the restraint of an animal via the attachment of a rope, cable or chain conducive to the size of the animal and the other end attached to a stationary object. The area must be free of obstructions including trash, waste material, junk, weeds or other discarded materials allowing the animal to move freely about.

Attachment: Animal Contol Ordinance 2021 Draft Redline (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

Trap means a humane, mechanical device for the purpose of impounding unrestrained animals.

Veterinarian means a veterinarian duly licensed and registered by the state or licensing area in which the veterinarian is practicing.

Voucher means a written statement showing receipt for money that can be redeemed for services at a later date.

Wildlife means any animal that is not considered domesticated and cannot be legally kept as a pet or livestock under state or federal law, i.e., raccoon, fox, bear, heron, etc.

Working dog means a canine working animal that has been trained to perform specific tasks for the purpose of aiding its owner, harborer or caretaker in that person's business functions. For example, but not by limitation, search and rescue dogs, protection dogs, and detection dogs are considered to be working dogs.

Section 2. Licenses. Article II, Section 14-33 is amended in its entirety as follows:

(a) *Requirements.*

(1) Except as provided for in subsection (c) of this section, all dogs, cats, and ferrets at least four months of age or older must be registered with animal services. Registration may be obtained for either one or three years.

(2) Except as provided for in subsection (c) of this section, all dogs, cats, and ferrets at least four months of age and older must have been issued a tag. A tag may be issued for either one or three years. The tag will expire at the end of that period or when the next rabies vaccine is due, whichever is earlier.

(3) In order to register or renew registration for a dog, cat or ferret, a current complete rabies vaccine certification must be provided to animal services along with any and all applicable fees for the rabies vaccine certification and tag.

(4) The tag may be obtained either from animal services or a veterinarian. Only rabies vaccination certificates signed by the veterinarian who administered the vaccine and tags approved for issuance by animal services shall be valid. Any rabies vaccination certification signed by any person other than a veterinarian licensed by the State of Florida will be considered invalid and a tag will not be approved for issuance by animal services.

(5) Any person who uses a registration or tag upon an animal other than that for which it was issued shall be deemed in violation of this section and shall be punishable as provided for in this article.

(b) *Fees.*

(1) The fee for registration certificates and tags shall be established by resolution of the board. There shall be a differential between the fee assessed for registration certificates and tags of intact dogs or cats versus sterilized animals, with intact animals to be charged at a higher rate unless a veterinarian has determined that the animal is not healthy enough to sterilize. ~~Proof of sterilization is required.~~

(2) There will be no tag fee assessed for service animals.

(3) There will be no registration fee or tag fee assessed to approved government agencies, government owned or operated animal shelters, or rescue groups holding a

Attachment: Animal Contol Ordinance 2021 Draft Redline (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

valid tax exemption under Internal Revenue Code section 501(3)(c) and registered under Article II, Section 14-47.

(4) A reimbursement fee, as established by the board of county commissioners, may be available for a dog or cat sterilized within 45 days of vaccination.

(c) *Exemptions to registration and tag requirements.*

(1) *Visiting dogs or cats.* The registration and tag requirements of this article shall not apply to any animal that will only remain in the county for a period of 60 days or less and for which animal services has been provided proof of domicile outside of the county, a current, valid certificate of rabies vaccination, and any applicable registration, required license, or permit required by the laws of the jurisdiction of domicile. This exemption is not intended to apply to those animals that are born or raised in the county for possible distribution outside the county.

(2) *Newly acquired.* The owner of a newly acquired dog, cat or ferret shall have 30 days to register the animal and obtain a tag for the dog or cat. This provision does not excuse the previous owner from any applicable registration or tag requirements.

(3) *Authorized shelters.* The county shelter shall be exempt from the registration and tag requirements of this article.

~~(4) *Registered community cat colony.* A community cat colony registered and managed by a qualified not-for-profit organization shall be exempt from the registration and tag requirements of this article.~~

(~~5~~4) *Required to wear tag.* All animals required to be registered and vaccinated for rabies shall wear a county animal license tag when not on the owner's property, or when not in proper confinement, except as may be otherwise specified in this article. Any person to whom a tag has been issued shall cause the tag to be fastened to a collar about the animal's neck so as to be clearly visible upon inspection. Violation of the provisions of this article shall be punishable as provided for in this article. Exceptions to the tag wear requirement are as follows:

a. An animal being shown in competition or being trained for competition.

b. Dogs being kept in a commercial boarding kennel, or a secure fenced or walled enclosure. It is required that the tag be displayed or otherwise maintained for easy inspection.

c. Hunting or working dogs while being trained or worked.

d. Exempt service dogs while performing their service duties.

e. An animal that has been implanted with a microchip, provided the microchip identification number, with owner's current information, is recorded with animal services.

(d) *Changes in owner information.* The person named as the owner and the address, as it appears on the registration certificate, shall be prima facie evidence of ownership and domicile of the animal. Animal services must be notified within 30 days of any change in ownership or any other change in the information contained in the registration certificate including address.

(e) *Costs.* The owner is responsible for all costs associated with the registration and tag requirements of this article.

Attachment: Animal Contol Ordinance 2021 Draft Redline (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

Section 3. Impoundment. Article II, Section 14-35 is amended in its entirety as follows:

(a) The Citrus County Sheriff and his/her authorized agents shall have the authority to enforce this article, and ~~shall be required to~~ pick up, catch or procure any animal in violation of this article or any animal infected or believed to be infected with rabies, and cause said animal to be impounded. Animal control officers are not restricted to official citizen complaints while enforcing this article.

(b) The Citrus County Sheriff and his/her agents shall have the authority and be required to impound any animal that is in violation of this article, except as otherwise set forth herein. If the Citrus County Sheriff and/or his/her officers personally witness an animal at large, they shall have the authority to enter upon private property in pursuit of the animal. The animal control officers cannot enter a building designated for and used for residential purposes without the property owner's consent or without a properly issued search and seizure warrant. If any owner refuses the Citrus County Sheriff or his/her officers entrance to the premises while attempting to enforce this article, such officer shall proceed on the owner's premises in the company of the law enforcement officer with such legal warrant or other document of authority as is necessary to lawfully enter the owner's premises for the purpose of enforcing this article.

(c) There is no mandatory hold time for cats and kittens which have been impounded and are without any form of identification (including but not limited to collars, tags, microchips and tattoos). Cats and kittens impounded without any form of identification may be made available for adoption at any time after impoundment. Intact cats and kittens over the age of four months impounded without any form of identification may be spayed or neutered at any time after impoundment. Cats and kittens which are impounded and which have a form of identification will be held for five days from the date of impoundment unless in imminent danger of death from disease or trauma or injured to such an extent as to cause unjustified pain or suffering. A cat or kitten that is in imminent danger of death from disease or trauma or which has been injured to such an extent as to cause unjustified pain or trauma may be euthanized at any time after impoundment. Euthanasia of cats to prevent overcrowding will be conducted using the following priorities:

(1) Sick or diseased;

(2) Feral;

(3) Unadoptable.

(d) All puppies six months of age or less which are impounded without any form of identification (including but not limited to collars, tags, microchips and tattoos) may be made available for adoption and may be spayed or neutered any time after impoundment. Dogs which are impounded without any form of identification and which are not suffering from or suspected to have an infectious or contagious disease, or which have not been injured to such an extent as to cause unjustified pain or suffering, shall be held for redemption for a minimum of three days, including the day said animal was impounded, after which time the dog may be spayed or neutered and made available for adoption. Puppies six months of age or less and dogs which have identification and which have been impounded and are not suffering from or suspected to have an infectious or contagious disease, or which have not been injured to such an extent as to cause unjustified pain or suffering, shall be held for redemption for a minimum of five days, including the day said animal was impounded, after which the animal may be spayed or neutered and made available for adoption.

Attachment: Animal Contol Ordinance 2021 Draft Redline (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

(e) Exotic animals, fowl, and small fur-bearers with identification shall be held for redemption for a minimum of five days.; those without identification shall be held for twenty-four hours.

(f) Animal services shall be required to attempt to contact the owner of any animal impounded that is wearing a current tag and/or has been implanted with a microchip before humane disposition of the animal.

(g) In the event any impounded animal is not claimed prior to the expiration of the proper impoundment period, animal services may release, adopt, destroy or otherwise dispose of such animal in accordance with established laws, rules and regulations and the policies of the board of county commissioners, without any compensation being paid to the owner.

(h) It is the responsibility of the pet owner to come to the shelter to look for and identify their lost pet.

(i) The following impounded animals shall not be placed for adoption to the general public:

(1) Hybrids;

(2) Dogs that demonstrate aggression; and

(3) Security and guard dogs.

(j) Impoundment exception for identifiable animals.

(1) An officer may release an animal impounded on the officer's vehicle prior to the animal's delivery to animal services when, in the officer's discretion, such release would be in the best interest of the health and welfare of the animal, and:

a. The owner can be ascertained and verified;

b. The animal does not appear to be abused or neglected; and

c. The animal is not chronically at large as defined in this article.

(2) Animals released pursuant to this section for which rabies vaccination and/or registration is required pursuant to sections 14-33 and 14-34, and whose owner cannot verify compliance with such requirements, shall be required to provide verification of rabies vaccination and registration, and compliance with the microchip requirements of section 14-37, within ten days of release.

(3) In no event shall an animal reported to have bitten or scratched a person be released pursuant to this exception unless all quarantine provisions are met.

Section 4. Adoption and redemption of animals. Article II, Section 14-37 is amended in its entirety as follows:

Any person who adopts or claims an animal from animal services must be 18 years of age, and is subject to the following conditions and/or requirements:

(1) *Redemption.*

a. The owner of an impounded animal shall have the right to redeem their animal, subject to the requirements of this article, unless it has been impounded pursuant to: (a) further investigation, (b) quarantine, or (c) animal service seeking custody, an order to provide care or a dangerous/hazardous dog determination, in which case the animal may only be redeemed when animal services, the public health unit or a court of competent jurisdiction has determined that all applicable state laws, statutes, ordinances and/or administrative polices have been fulfilled.

b. In the event any impounded animal that is subject to redemption is properly identified by the legal owner or authorized agent of the owner, the animal shall be released to the owner or agent upon payment of all fees as set forth by resolution, and available for inspection at animal services, and all costs incurred by the county on behalf of the impounded animal for the provision of proper care and confinement. All fees and/or costs collected by animal services shall be paid into the general fund as provided by law.

c. All persons claiming their animal must provide proof of ownership, proof of sterilization, as well as proof of current registration and rabies vaccination if such is required by this article. Redeemed animals for which sterilization, rabies vaccination and/or registration is required pursuant to sections 14-33 and 14-34, and whose owner cannot verify compliance with such requirements, shall be ~~required to be rabies~~ sterilized and vaccinated by the on-staff ~~county~~ veterinarian ~~or to purchase a rabies vaccination voucher, which is redeemable for such service at a local participating veterinarian, and provide verification of rabies vaccination to, and register such animal with, animal services within ten days of~~prior to redemption. The owner shall be responsible for paying the cost of the vaccination and sterilization prior to redeeming the animal.

~~d. An owner seeking to obtain possession of any unsterilized animal that was found at-large shall be required to purchase a spay/neuter voucher, which is redeemable for such service at animal services or a local participating veterinarian, and provide verification of such sterilization within 30 days of redemption.~~

d. Exception to the sterilization requirement will be granted to animals impounded for the first time for reasons other than being stray; first time impounded animals having a current unaltered license and microchip; animals too young or infirm to be sterilized as determined by the shelter veterinarian.

e. All animals shall be implanted with a microchip prior to being redeemed. The owner shall be responsible for the cost of implanting the microchip and shall pay the fee prior to redeeming the animal. The procedure shall be done by, or under the direct supervision of, a veterinarian currently licensed by the state.

(2) *Adoption.*

a. All dogs and cats adopted from animal services must be properly vaccinated and sterilized. All dogs and cats adopted from animal services will be appropriately vaccinated and sterilized by the on-staff county veterinarian prior to the release of the animal. In the absence of the on-staff county veterinarian, a voucher must be obtained from animal services at the time of adoption, redeemable for such service(s) at a local participating veterinarian. Adopted animals for which sterilization and/or rabies vaccination is required shall obtain from animal services at the time of adoption a voucher, redeemable for such service(s) at a local participating veterinarian. The owner of such adopted animal must provide verification of rabies vaccination as required by law, and register such animal with animal services within 30 days of adoption. Verification of sterilization shall be provided within 30 days of adoption.

b. Animal services reserves the right to refuse the adoption of any animal in its custody. ~~All potential adopters are required to complete an adoption screening application, and agree to a pre-adoption visitation by an animal services staff member.~~

c. All animals being adopted from animal services shall be implanted with a microchip for positive and permanent identification prior to release, and upon payment of fees for such service.

d. No live or dead animal in the possession of animal services shall be released to any entity, business, firm, corporation, institution or enterprise for ~~biomedical~~ research or experimental purposes other than a veterinary educational institution. Pound seizure is prohibited in the county.

e. Recognized rescue organizations may be exempt from the purchase of vouchers required by this article for sterilization and/or rabies vaccination, provided, however, that proof of such vaccination and/or sterilization is provided within 30 days.

f. The animal services ~~operations manager~~director may, at his/her discretion, extend the time period for which an individual must provide verification of rabies vaccination, sterilization and/or registration, when such extension will not be injurious to the health, safety and welfare of the public. In no event shall the time of extension exceed 60 days, unless the animal qualifies for an exemption as set forth in this article or as otherwise recognized by law.

g. Any person who fails to have an adopted animal sterilized within the time allotted by this ordinance, unless such person was acting upon the contrary medical advice of a veterinarian regarding the adopted animal, shall be in violation of this article. The county shall have the right to repossess any adopted animal that is not sterilized pursuant to this section.

Section 5. Quarantine of animals. Article II, Section 14-38 is amended in its entirety as follows:

(a) Any person bitten or scratched, or having knowledge of any person bitten or scratched by any dog, cat or other animal shall report the fact immediately to the county health department.

(b) The provisions of sections 64D-3.0~~01~~28 through 64D-3.0~~10~~31, section 64D-3.033 and section 64D-3.037 ~~and 64D-3.012 through 64D-3.014~~, Florida Administrative Code, as the same may be amended from time to time, and any agreement in effect between the ~~county health department~~Florida Department of Health and Citrus County, are hereby adopted by reference in this article. It is a violation of this article for any person to commit an act, or cause an act to be committed, in violation of said Florida Administrative Code provisions, as the same may be amended from time to time.

(c) It is a violation of this article for any person to commit an act, or cause an act to be committed, in violation of section 64D-3.001 through 64D-3.010 or 64D-3.012 through 64D-3.014, Florida Administrative Code, as the same may be amended from time to time.

(d) If quarantine of a dog or cat cannot be maintained at the owner's home or at another location pursuant to section 64D-3.0~~13(2)~~38, Florida Administrative Code, the dog or cat shall be quarantined at the county animal shelter or other holding facility. It is a violation of this article for the owner of a dog or cat to refuse or fail to maintain the dog or cat under rabies quarantine as required by section 64D-3.0~~13(2)~~38, Florida Administrative Code, as the same may be amended from time to time. If a quarantined animal shows signs of rabies infection prior to the end of the quarantine period, the animal shall be turned over to the Florida Department of Health for euthanasia and testing.

(e) The fees established pursuant to resolution for impoundment and maintenance of animals shall be applied to quarantined animals. No animal quarantined pursuant to this section ~~shall~~ may be released until all such fees have been paid.

Attachment: Animal Contol Ordinance 2021 Draft Redline (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

(f) Notwithstanding any other provision of this section to the contrary, a dog that is quarantined in conjunction with a dangerous dog investigation shall additionally be subject to the provisions of section 14-45.

(g) The state health officer or his/her designated representative, or the county health department director or administrator or his/her designated representatives shall declare an area-wide quarantine when prevalence of rabies so indicates. The conditions of the quarantine shall control the movement, sale, impoundment or required euthanasia of animals in the quarantine area as specified by departmental policy and procedure guidelines as ~~defined~~ set forth in ~~paragraph~~ section 64D-3.0~~13(2)(c)~~40(d), Florida Administrative Code, as may be amended from time to time.

(h) All animals quarantined for biting a person shall be microchipped at the owner's expense within 14 days of the end of the quarantine period.

Section 6. Unlawful to keep stray animal. Article II, Section 14-39 is amended in its entirety as follows:

It shall be unlawful for any person to harbor, feed, and/or keep a stray animal except as follows:

(1) A qualified not-for-profit organization or other persons may feed or care for feral cats which are within a community cat colony.

(2) Any person who has notified animal services within 24 hours from the time such animal came into his or her possession. Except that upon receiving such notice, an animal ~~services~~ control officer may take such animal and place it in the animal shelter. It shall be unlawful for any person to refuse to surrender any such stray animal to an animal ~~services~~ control officer upon such officer's demand.

(3) Any person actively engaged in an attempt to trap/neuter/return stray cat(s) to include having the ear tipped for indication, microchipped and vaccinated against rabies. Upon such sterilization of stray cat(s), [it] will become known as a community cat.

Section 7. Confinement of cats and dogs in heat (estrus). Article II, Section 14-41 is amended in its entirety as follows:

(a) It shall be a violation of this section for the owner, harborer or caretaker of a cat or dog in heat (estrus) to fail to humanely and securely confine the cat or dog indoors or in an enclosed and locked structure that prevents the entry of a male cat or dog and prevents the female in heat from escaping. Confinement solely by ~~a~~ leash, legal tether or other similar restraint, or with~~in~~ a fence, open kennel, open cage or run, does not comply~~is not presumed to be in compliance~~ with this section.

(b) If a female animal is to be released for an acceptable reason from the secured enclosure, then the owner of the female animal in heat shall have physical control over the animal at a distance of six feet or less, and be able to physically restrain the animal from coming into contact with a male animal. Acceptable reasons for release from confinement are limited to excretion, breeding and veterinary visits.

(c) A person intentionally breeding a female animal in a controlled environment, with the consent of the owner of the male animal, is exempt from this section during breeding.

(d) A violation of this section shall be a civil infraction and subject to a fine or other penalty as listed in section 14-60 of this chapter.

Section 8. Dangerous dogs. Article II, Section 14-45, is amended in its entirety as follows:

(a) *Definitions.* When used in this section, the following terms shall have the meaning indicated:

(1) *Dangerous dog* means any dog that according to the records of animal services:

a. Has aggressively bitten, attacked, or endangered or has inflicted severe injury on a human being on public or private property;

b. Has more than once severely injured or killed a domestic animal while off the owner's property;

c. Has been used primarily or in part for the purpose of dog fighting or is a dog trained for dog fighting; or

d. Has, when unprovoked, chased or approached a person upon the streets, sidewalks, or any other public or private property that the person had a legal right to be on, in a menacing fashion or apparent attitude of attack, provided that such actions are attested to in a sworn statement by one or more persons and dutifully investigated by the appropriate authority.

(2) *Animal control authority* means the Citrus County Sheriff's Office, whether acting alone or in concert with Citrus County Animal Services, or other local governmental units and authorized by them to enforce the provisions of this ordinance as well as the animal control laws of the state.

(3) *Unprovoked* means that the victim who has been conducting himself or herself peacefully and lawfully has been bitten or chased in a menacing fashion or attacked by a dog.

(b) *Classification of dogs as dangerous.*

(1) An animal control authority shall investigate reported incidents involving any dog that may be dangerous and shall, if possible, interview the owner and require a sworn affidavit from any person, including any animal control officer or enforcement officer, desiring to have a dog classified as dangerous.

(2) An animal that is the subject of a dangerous dog investigation because of severe injury to a human being may be immediately confiscated by an animal control authority, placed in quarantine, if necessary, for the proper length of time, or impounded and held. The animal may be held pending the outcome of the investigation and any hearings or appeals related to the dangerous dog classification or any penalty imposed under this section. If the dog is to be destroyed, the dog may not be destroyed while an appeal is pending. The owner is responsible for payment of all boarding costs and other fees as may be required to humanely and safely keep the animal pending any hearing or appeal.

(~~2~~3) Any animal that is the subject of a dangerous dog investigation, that is not impounded with the animal control authority, shall be humanely and safely confined by the owner in a securely fenced or enclosed area pending the outcome of the investigation and resolution of any hearings related to the dangerous dog classification. The address of where the animal resides shall be provided to the animal control authority.

(~~3~~4) No dog that is the subject of a dangerous dog investigation may be relocated or ownership transferred pending the outcome of an investigation or any hearings related

Attachment: Animal Contol Ordinance 2021 Draft Redline (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

to the determination of a dangerous dog classification. In the event that a dog is to be destroyed, the dog shall not be relocated or ownership transferred.

(45) A dog shall not be declared dangerous if the threat, injury, or damage was sustained by a person who, at the time, was unlawfully on the property or, while lawfully on the property, was tormenting, abusing, or assaulting the dog or its owner or a family member. No dog may be declared dangerous if the dog was protecting or defending a human being within the immediate vicinity of the dog from an unjustified attack or assault.

(c) *Notice and hearing requirements for determination of dangerous dog classification.*

(1) After the investigation, the animal control authority shall make an initial determination as to whether there is sufficient cause to classify the dog as dangerous and shall afford the owner an opportunity for a hearing prior to making a final determination as to whether there is sufficient cause to classify the dog as dangerous and if so, the appropriate statutory penalty, i.e., 1) classify the dog as a dangerous subject to secure confinement by the owner; or, 2) destroy the dog if the dog caused severe injury to a human being and constitutes a likely future threat to public safety, health and welfare.

(2) The animal control authority shall provide written notification of the sufficient cause finding to the owner, by registered mail, certified hand delivery, or service in conformance with the provisions of Chapter 48, Florida Statutes, relating to service of process.

(3) The owner may file a written request for a hearing with the Office of the County Administrator within seven calendar days from the date of receipt of the notification of the sufficient cause finding and, if requested, the hearing shall be held as soon as possible, but not more than 21 calendar days and no sooner than five days after receipt of the request from the owner. If the owner does not timely request a hearing, the determination of animal control is final. If the dog is impounded and an appeal is requested, at the time appeal is requested the owner shall pay boarding costs and fees incurred from the date of impoundment through the date of the request to appeal. When the appeal to the County Administrator is concluded, the owner of an impounded dog shall pay the boarding costs and fees incurred after the date of appeal through the date of the County Administrator's decision. If the impounded dog is released to the owner at the conclusion of the appeal, the owner shall pay any boarding costs and fees due through the date of release.

(4) The formal rules of evidence shall not apply at the hearing and hearsay is admissible, but the hearing officer may not base his decision solely upon hearsay testimony.

(5) Upon a dangerous dog classification becoming final after hearing or by operation of law, the animal control authority shall provide a written final order to the owner by registered mail, certified hand delivery or service pursuant to F.S. Ch. 48. The owner may appeal the final order in the ~~county~~ circuit court within ten business days after receipt of the final order. If the dog is not held by animal control, the owners must confine the dog in a securely fenced or enclosed area pending a resolution of the appeal. The appeal shall be the traditional record review applicable to other types of appeals from quasi-judicial decisions of administrative bodies or hearing officers. If the dog is impounded and the owner files an appeal to the circuit court, at the time the notice of appeal is filed the owner shall pay the County any boarding costs and fees due through the date of the filing of the notice of appeal. If the impounded dog is

released to the owner at the conclusion of the appeal, the owner shall pay any boarding costs and fees due through the date of release.

(d) *Registration.*

(1) Within 14 days after a dog has been classified as dangerous by the animal control authority or a dangerous dog classification is upheld by the county court on appeal, the owner of the dog must obtain a certificate of registration from animal services. The owner must provide two current photographs of the dangerous dog to animal services at the time of registration.

(2) The owner of a dangerous dog will be required to purchase annually a certificate of registration and a dangerous dog tag. Certificates of registration are renewed in January of each year. Partial year registrations will be pro-rated by month.

(3) Animal services may issue certificates of registration, and renewals thereof, only to persons who are at least 18 years of age and who present to animal services sufficient evidence of:

a. A current certificate of rabies vaccination for the dog.

b. A secure enclosure, as defined in section 14-32, to confine a dangerous dog and the posting of the premises with a clearly visible warning sign on all sides that informs both children and adults of the presence of a dangerous dog on the property.

c. Permanent identification of the dog with a tattoo on the inside thigh or microchip.

d. Sterilization. All dangerous dogs that are unsterilized will be required to be spayed or neutered immediately at the owner's expense.

(4) Unless the statutory penalty requires that the animal be destroyed, a dog that has been impounded which is subsequently classified as dangerous shall remain impounded until the owner purchases a certificate of registration and provides for its secure confinement in accordance with this section ~~and a court order to return the animal to the owner~~. If the owner does not make such provisions within 14 days of the latter of:

a. the final order of classification of dangerousness; or,

b. the conclusion of any appeal which is decided adversely to the owner,

the county will seek an order to have the animal remanded to the custody of the county. The owner shall be responsible for boarding fees, veterinary and other costs incurred by the county to maintain the dog during ~~such~~ impoundment ~~unless the owner prevails at the conclusion of all legal proceedings~~.

(5) The owner shall immediately notify animal services when a dog that has been classified as dangerous:

a. Is loose or unconfined.

b. Has bitten a human being or attacked another animal.

c. Is sold, given away, or dies.

d. Is moved to another address.

Prior to a dangerous dog being sold or given away, the owner shall provide the name, address, and telephone number of the new owner to animal services. The new owner must comply with all of the requirements of this section.

(6) Once a dog has been declared dangerous and registered in accordance with this section, any animal control officer shall, at any reasonable hour, have the right to inspect the owner's premises to determine compliance with the requirements of F.S. Ch. 767, and the conditions of this section. It shall be unlawful for an owner of a dangerous dog to deny the animal control authority access to inspect the owner's premises to determine compliance as provided in this section.

(e) *Exemptions.* The following shall be exempt from this section:

(1) Hunting dogs when engaged in any legal hunt or training procedure. Dogs engaged in training or exhibiting in legal sports such as obedience trials, conformation shows, field trials, hunting/retrieving trials, and herding trials, when engaged in any legal procedures. However, such dogs at all other times in all other respects shall be subject to this section. Dogs that have been classified as dangerous shall not be used for hunting purposes.

(2) Dogs used by law enforcement officials for law enforcement work.

(f) *Restraint of dangerous dog.*

(1) The owner of a dangerous dog shall not permit the dog to be outside a secure enclosure unless the dog is muzzled and restrained by a substantial chain or leash and under control of a competent adult. The muzzle must be made in a manner that will not cause injury to the dog or interfere with its vision or respiration but will prevent it from biting any person or animal.

(2) The owner may exercise the dog in a securely fenced or enclosed area that does not have a top, without a muzzle or leash, if the dog remains within his or her sight and only members of his or her immediate household or persons 18 years of age or older are allowed in the enclosure when the dog is present, provided such person(s) is informed as to the animal's classification as dangerous.

(3) When being transported, such dogs must be safely and securely restrained within a vehicle.

(g) *Unlawful acts.* The following shall constitute a violation of this section:

(1) Failure to properly license a dangerous dog.

(2) Failure to maintain a current rabies vaccination.

(3) Failure to have animal wear a dangerous dog license.

(4) Failure to provide proper secure enclosure.

(5) Failure to have dog permanently identified with a tattoo or microchip.

(6) Failure to have a current certificate of registration.

(7) Failure to report a bite, scratch, or attack by his/her dangerous dog upon a human being or another animal.

(8) Failure to report a change of ownership or death of his/her dangerous dog.

(9) Failure to report change of address.

(10) Allowing the dog to run at large or remain unconfined.

Attachment: Animal Contol Ordinance 2021 Draft Redline (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

(11) Allowing the dog to be outside of a secure enclosure without proper restraint.

(12) Failure to have the dog spayed or neutered.

Any owner of a dangerous dog who fails to maintain compliance with all provisions under this section shall be guilty of a misdemeanor of the second degree, punishable as provided by F.S. §§ 775.082 and 775.083. In addition, the dangerous dog shall be immediately confiscated by the animal control authority, placed in quarantine, if necessary, for the proper length of time, or impounded and held for ten business days after the owner is given written notification as provided for in this section, and thereafter destroyed in an expeditious and humane manner. Notice shall be by certified mail return receipt requested to the address of the owner on file with the animal services division, certified hand delivery, or service of process in conformance with F.S. ch. 48. This ten-day time period shall allow the owner to request a hearing as provided in section (i) The owner shall be responsible for payment of all boarding costs and other fees as may be required to humanely and safely keep the dog during the impoundment.

(h) *Attack or bite by dangerous dog; penalties; confiscation; destruction.*

(1) If a dog that has previously been declared dangerous attacks or bites a person or a domestic animal without provocation, the owner is guilty of a misdemeanor of the first degree, punishable as provided in F.S. §§ 775.082, or 775.083. In addition, the dangerous dog shall be immediately confiscated by the animal control authority, placed in quarantine, if necessary, for the proper length of time, or impounded and held for ten business days after the owner is given written notification as provided for in this section, and thereafter destroyed in an expeditious and humane manner. This ten-day time period shall allow the owner to request a hearing as provided in section (i). The owner shall be responsible for payment of all boarding costs and other fees as may be required to humanely and safely keep the animal during any appeal procedure.

(2) If a dog that has not been declared dangerous attacks and causes severe injury to or death of any human, the dog shall be immediately confiscated by the animal control authority, placed in quarantine, if necessary, for the proper length of time or held for ten business days after the owner is given written notification as provided for in this section, and thereafter destroyed in an expeditious and humane manner. This ten-day time period shall allow the owner to request a hearing as provided in section (c). The owner shall be responsible for payment of all boarding costs and other fees as may be required to humanely and safely keep the animal during any appeal procedure. In addition, if the owner of the dog had prior knowledge of the dog's dangerous propensities, yet demonstrated a reckless disregard for such propensities under the circumstances, the owner of the dog is guilty of a misdemeanor of the second degree, punishable as provided in F.S. §§ 775.082, or 775.083.

(3) If a dog that has previously been declared dangerous attacks and causes severe injury to or death of any human, the owner is guilty of a felony of the third degree, punishable as provided in F.S. §§ 775.082, 775.083, or 775.084. In addition, the dog shall be immediately confiscated by the animal control authority, placed in quarantine, if necessary, for the proper length of time or held for ten business days after the owner is given written notification as provided for in section (i), and thereafter destroyed in an expeditious and humane manner. This ten-day time period shall allow the owner to request a hearing as provided in this section. The owner shall be responsible for payment of all boarding costs and other fees as may be required to humanely and safely keep the animal during any appeal procedure.

Attachment: Animal Contol Ordinance 2021 Draft Redline (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

(i) *Hearing on humane disposal of dangerous dog.*

(1) The purpose of a hearing under this section is not to determine whether or not a dog should be classified as a dangerous dog; this section only applies to those dogs who have previously been classified as dangerous either through the consent of the owner or by the animal control authority pursuant to the hearing and appeal process in section (c).

(2) The request for the hearing must be in writing and must be received by the office of the county administrator by the close of business on the final business day prior to expiration of the applicable deadline.

(3) The hearing shall be confined to the issue of whether or not the owner of the dangerous dog is able to properly meet the requirements listed in this ordinance to both care for the dog and keep the dog from being a threat to the health, safety and welfare of humans and other animals.

(4) The hearing shall be held as soon as possible, but not more than 21 calendar days and no sooner than five days after receipt of the request from the owner.

(5) The formal rules of evidence shall not apply during the conduction of the hearing and hearsay is admissible, but the hearing officer may not base his decision solely upon hearsay testimony.

(6) A written copy of the decision shall be provided to the owner by certified mail return receipt requested, certified hand delivery or service pursuant to F.S. ch. 48. If the decision is to humanly dispose of the dog and the owner wishes to appeal that decision, the owner may file a written request for a hearing, in the county court to appeal the decision within ten business days after receipt of the decision. The appeal shall be the traditional record review applicable to other types of appeals from quasi-judicial decisions of administrative bodies or hearing officers.

(j) If the owner files a written appeal under either section (c) or (i), the dog must be held and may not be destroyed while the appeal is pending.

(k) If a dog attacks or bites a person who is engaged in or attempting to engage in a criminal activity at the time of the attack, the owner is not guilty of any crime specified under this section.

(1) Animal services maintains the authority to carry out euthanasia of a dangerous dog prior to the end of the ten-day quarantine period if a medical emergency exists. The following provisions must be met if the dog owner objects to his/her dog being euthanized.

(2) The victim's attending physician must provide, to the county health department, a signed written statement describing the medical emergency and the need for immediate euthanasia of the dangerous dog.

(3) The director of the county health department will evaluate the physician's request and make a written recommendation to the director of community services.

(4) The director of community services and the county attorney will review the physician's letter and the written recommendation of the public health director and then advise the animal services operations manager of the proper course of action.

Section 9. Article II, Section 14-49(a) (1)d is amended in its entirety as follows:

Attachment: Animal Contol Ordinance 2021 Draft Redline (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

d. *Adequate space* means a space that allows a companion animal to easily sit, stand, lie down, turnabout and make other normal body movements in a comfortable normal position for a companion animal. An enclosure shall provide each animal a minimum of 80 square feet of open space and shall be suitable to prevent the escape of the animal or the entry of young children. Working law enforcement canines may be kept in a smaller encloser.

Section 10. Euthanasia of Animals. Article II, Section 14-55 is amended in its entirety as follows:

(a) Animal services will offer the service of euthanasia of animals after said animal has been released to the county. The form of euthanasia used is lethal injection.

(1) The owner of the animal must sign a release form stating that the animal has not bitten any person during the last ten days, and has not been exposed to rabies.

(2) Any individual requesting the euthanasia of an animal must provide proof of ownership (e.g., AKC or UKC, CFA registration papers, health records, bill of sale, adoption agreement). Personal identification is required.

~~(3) Proof that euthanasia is a more humane alternative to its present existence must be provided.~~

(b) Animal services reserves the right to refuse to perform euthanasia on any animal for which the above criteria cannot be met.

Section 11. Mandatory spay and neuter for cats. Article II, Section 14-65 is amended in its entirety as follows:

(a) *Purpose.* The board has determined that the unintended or uncontrolled breeding of cats within the county leads to many cats and kittens being unwanted, becoming strays, suffering privation and death, being impounded and euthanized at great expense to the community, and constituting a public nuisance and public health hazard. It is, therefore, declared to be the public policy of the county to encourage every feasible means of reducing the number of unwanted cats and kittens in the county.

(b) *Spaying, neutering of cats.*

(1) Every cat four months of age or older within the county shall be spayed or neutered, unless proof of one of the following exemptions is provided to the county:

a. The cat is registered with a national or international club or association and the owner certifies in writing to the county that the animal is being used, trained, or considered for use in a show(s), sporting competition(s), or other similar competitive event(s) held by one or more national or international clubs or associations.

b. A veterinarian licensed in the state certifies in writing that the cat is medically unfit to undergo the required spay or neuter procedure because of a medical condition, including but not limited to age, that would be substantially aggravated by such procedure or would likely cause the cat's death. The writing must state the date by which the cat may be safely spayed or neutered. The county may extend the time for spaying or neutering a cat or may exempt such cat from the spay/neuter requirement based upon the written medical recommendation of a licensed veterinarian. For a cat that is not spayed or neutered due to a health condition as

Attachment: Animal Contol Ordinance 2021 Draft Redline (15162 : 2:00 Public Hearing on an Ordinance Pertaining to Animal Control)

provided herein, the license tag fee established by the board for sterilized cats shall apply. As soon as the medical condition that prevents a cat from being spayed or neutered ceases to exist, it shall be the duty of the owner of such cat to promptly comply with this section.

c. The owner wishes to keep the cat unsterilized and has purchased an unsterilized license and has microchipped the cat for identification~~a breeder permit from the county~~. However, if the cat is trapped or otherwise found at large and impounded at animal services more than once, the license will be forfeited and the cat will be sterilized.

d. The cat is used for breeding purposes by a licensed hobby or commercial breeder and is registered as a pedigreed cat with the Cat Fancier Association or the International Cat Association.

e. The cat is being harbored by a shelter, humane society, or private animal nonprofit organization, whether public or private, whose principal purpose is securing the adoption of cats or offering sanctuary for cats, provided that the cat is spayed or neutered prior to being placed for adoption.

Section 12. Article II, Section 14-66, entitled "Registration of rescue groups, breeders, hobby breeders and owners of eleven or more companion animals," is added as follows:

(a) Rescue groups, breeders, hobby breeders and owners of eleven or more dogs, cats and companion animals shall register annually with the County.

(b) The fee for annual registration is $25.

(c) Those registering shall submit a disaster plan and shall authorize animal control to inspect the location where the animals are kept.

(d) A $250 penalty may be assessed for failure to register.

(e) Law Enforcement personnel are exempt from registration.

Section 13. Severability. If any section, sentence, clause, phrase or provision of this Ordinance is held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality shall not be construed so as to render invalid or unconstitutional the remaining provisions of this Ordinance.

Section 14. Codification. The publisher of the County's Code of Ordinances, the Municipal Code Corporation, is directed to incorporate this article into the Code of Ordinances where indicated.

Section 15. Modification. The provisions of this Ordinance may be modified as a result of considerations that may arise during public hearings. Such modifications shall be incorporated into the final version of the ordinance adopted by the Board and filed with the Clerk.

Section 16. Effective Date. This Ordinance shall take effect as provided by law.

About Us

Ziggy's Haven, a 501(c)3 nonprofit organization, was founded in 2003 and has helped over 1000 parrots find homes while providing permanent sanctuary to 75 birds and helping over 200 animals remain in their homes.

Our Mission Statement

To enhance the lives of parrots and pets through education, outreach and intervention.

It doesn't matter if you are an animal person or not, you know that no animal deserves to be abused, starved, beaten, caged, chained, forgotten or abandoned. Through education, outreach and intervention, we can work towards change that will benefit the future generations of the children that we have taught compassion and responsibility to and the animals that each of them brings into their lives. We can make a difference one parrot at a time, one pet at a time, one child at a time, one step at a time.

Educational Programs for kids and adults.

We are often asked to visit libraries, bird clubs, wildlife clubs and more and we are happy to do so. Groups and clubs schedule visits to the sanctuary to learn about our organization and how they can help. We have some great programs for both types of visits.

We believe children are our most important asset. By educating children on the responsibilities of being a pet owner, we believe that we can lessen the problem of unwanted pets in our community in the future as these young people become adults.

We are actively involved with our local 4-H clubs, host events for our local foster children and welcome home school groups. Several students have done their community service hours at the sanctuary.

If you are interested in hosting an event or scheduling a group or individual visit to the sanctuary email info@ziggyshaven.com

COMMUNITY OUTREACH

We aid our local senior citizens, disabled and low-income residents.

We get several calls for placement due to loss of income, veterinary expenses and/or medical issues of the current owner. In most cases, these folks do not want to give up their pet but feel they do not have options. We give them options.

- We supply pet food
- Veterinary assistance
- Short term boarding solutions
- In-home assistance

Each option keeps another pet out of the shelter and in the home. Your donations help fund these programs.

You can make a difference!

- **Donate!** 100% of your tax-deductible donation benefits the birds in our care as well as funds our outreach programs.
- **Volunteer!** Volunteers are needed for a variety of tasks. Direct care at the sanctuary, outreach programs, fundraising, event planning, social media and more.
- **Adopt!** We have several amazing birds waiting for the right person to come along and give them a home of their own.
- **Foster!** By fostering a bird temporarily, you are allowing us to bring in a bird that we may not have space for.
- **Advocate!** Tell your friends about us. If you know of someone that needs assistance, please reach out.
- **Do not support breeders or pet stores.** Always adopt your next pet!

With your help we can continue to work towards our goal of No More Homeless Pets in Citrus County.

Wish List

If you can donate or help with any of the following list, please do!

- Bird toys
- Parrot, dog & cat food and litter
- Patio Stones/Pavers
- Grass seed/sod
- Fencing
- Landscaping
- Golf Cart or similar
- Copy machine
- Oxygen machine
- Bird cages, dog/cat crates
- Yard sale items

Services We Offer

- Long and short- term boarding
- Wing and nail trims
- Adoption Services
- Sanctuary Services
- Tours (suggested $5 donation)
- Ziggy's Blend for $20 a bag

AGENDA MEMORANDUM

FROM:	Charles R. Oliver, County Administrator
SUBJECT:	Appoint Lisa Woolston as Director of the Local Substance Abuse Treatment Program to the PSCC
AGENDA DATE:	**August 10, 2021**

BRIEF OVERVIEW:

There were some questions at the last Public Safety Coordinating Council meeting for LifeStream, however, a representative from LifeStream was not in attendance. Florida State Statute 951.26(a)(1)(j) provides that the "the director of a local substance abuse treatment program, or a member designated by the director, to be appointed to a 4-year term." Lifestream is recommending you appoint Lisa Woolston, LifeStream's local representative, to fill this position on the PSCC.

AGENDA MEMORANDUM

FROM:	Holly L. Davis, Commissioner
SUBJECT:	Medical Examiner Interlocal Agreement
AGENDA DATE:	**August 10, 2021**

BRIEF OVERVIEW:

Discussion and vote on the final version of the Medical Examiner 1st Amendment to Interlocal Agreement between Citrus County, Hernando County, Lake County, Marion County, Seminole County, and Sumter County for cost share of Medical Examiner Services.

BUDGET IMPACT/FUNDING SOURCE:

RECOMMENDED ACTION:

Motion and vote to approve the interlocal agreement and authorize the Chairman to execute the agreement.

FIRST AMENDMENT TO INTERLOCAL AGREEMENT BETWEEN CITRUS COUNTY, HERNANDO COUNTY, LAKE COUNTY, MARION COUNTY, SEMINOLE COUNTY, AND SUMTER COUNTY FOR COST SHARE OF MEDICAL EXAMINER SERVICES AND RELATED MATTERS

THIS FIRST AMENDMENT is made and entered into this _____ day of _____, 20_____, to amend that certain Interlocal Agreement ("Agreement") made and entered into on the 25th day of September, 2018, between **CITRUS COUNTY** ("CITRUS"), **HERNANDO COUNTY** ("HERNANDO"), **LAKE COUNTY** ("LAKE"), **MARION COUNTY** ("MARION"), **SEMINOLE COUNTY** ("SEMINOLE"), and **SUMTER COUNTY** ("SUMTER"), all of which are political subdivisions of the State of Florida. CITRUS, HERNANDO, LAKE, MARION, and SUMTER are collectively referred to in this First Amendment as the "DISTRICT 5 COUNTIES."

W I T N E S S E T H:

WHEREAS, the parties entered into the above-referenced Agreement on September 25, 2018, to provide for cost share of medical examiner services and related matters; and

WHEREAS, the parties desire to amend the Agreement to add SEMINOLE as a full member of the District Medical Examiner Committee and to enable the parties to continue to enjoy the mutual benefits the Agreement provides; and

WHEREAS, Section 16(b) of the Agreement provides that any amendments will be valid only when expressed in writing and duly signed by the parties.

NOW, THEREFORE, in consideration of the mutual understandings and agreements contained in this First Amendment, the parties agree to amend the Agreement as follows:

1. Section 3(a) of the Agreement is amended to read as follows:

Attachment: Medical Examiner 1st Amendment Interlocal CA-01A (6.25.21) (17211 : Medical Examiner Interlocal Agreement)

(a) There is hereby created a District Medical Examiner Committee consisting of one county commissioner from each of the DISTRICT FIVE COUNTIES and one county commissioner from SEMINOLE. Each county will appoint its own commissioner to the District Medical Examiner Committee. The District Medical Examiner Committee will collectively have administrative oversight of Florida Medical Examiner District 5 and Florida Medical Examiner District 24.

2. Section 3(e) of the Agreement is amended to read as follows:

(e) SEMINOLE is a full member of the District Medical Examiner Committee with all the rights and duties as each of the DISTRICT 5 COUNTIES. This Section 3 applies to SEMINOLE in the same manner as it applies to each of the DISTRICT 5 COUNTIES. However, nothing in this Agreement may be construed to mean that Florida Medical Examiner District 24 has merged with Florida Medical Examiner District 5 and each District will remain a separate entity.

3. Section 5(b) of the Agreement is deleted.

4. This First Amendment is effective on the date when the last party has properly executed this First Amendment as determined by the date set forth immediately below the respective signatures of the parties.

5. Except as modified by this First Amendment, all terms and conditions of the original Agreement remain in full force and effect for the term of the Agreement.

SUBJECT:	Prosperity Citrus
AGENDA DATE:	**August 10, 2021**

BRIEF OVERVIEW:
Discussion and vote on Resolution in supporting Prosperity Citrus.

BUDGET IMPACT/FUNDING SOURCE:

RECOMMENDED ACTION:
Motion and vote on approval of Resolution in Support of Prosperity Citrus.

RESOLUTION NO. 2021 – ____

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF CITRUS COUNTY, FLORIDA IN SUPPORT OF PROSPERITY CITRUS.

WHEREAS, Prosperity Citrus is an effort under the umbrella of Florida Prosperity Initiative which is directed by the Florida Chamber Foundation and has many leaders in both government service and business; and

WHEREAS, the goal of Florida Prosperity Initiative is to grow Florida to be the tenth (10^{th}) largest economy in the world by 2030; and

WHEREAS, pre-COVID-19, Citrus County employers identified that a skilled workforce is the top priority; and

WHEREAS, just like the rest of Florida, Citrus County's future economic development into a higher-wage area is dependent on early childhood education; and

WHEREAS, Prosperity Citrus seeks to make a difference in the next five years with adults, but the true measure of its success will be twenty (20) to forty (40) years out; and

WHEREAS, Prosperity Citrus represents a workforce development program to support economic development and is "compassionate conservatism" at its core; and

WHEREAS, supporting workforce development and economic development are important local government functions.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Citrus County, Florida, in regular session this _____ day of August, 2021, as follows:

1. The Board of County Commissioners recognizes that the goals and efforts of Prosperity Citrus align with many of the goals and efforts of county services to serve our citizens and businesses.

2. The Board of County Commissioners thereby extends its support to the goals and objectives of Prosperity Citrus to the extent of utilizing staff and resources as appropriate within already defined duties, objectives, and budgets of various departments.

Prosperity Citrus Executive Brief

The "who" and "why"

- Prosperity Citrus is under the umbrella of Florida Prosperity Initiative, via the Florida Chamber Foundation, which in turn has support from many leaders in government service and business
- Goal is to grow Florida to be the 10th largest economy in the world by 2030
- Employers (pre-COVID) identified that a skilled workforce was the top priority
- There are two primary benchmarks to achieving a skilled workforce:
    - "Ready for Kindergarten" scores, which only rise with active reading and other brain-development efforts from age 0-5
        - 80-85% of the brain is developed by age 3
        - It's virtually impossible for even the most caring parents to know how to maximize early brain development in their children, if they themselves did not have that start
    - 3rd grade reading scores: a failure to meet standards at 3rd grade is not impossible to overcome, but it becomes much harder after that. (Prior to 3rd grade, children are "learning to read". After 3rd grade, they are "reading to learn".)

Citrus County's Current Reality

- Citrus County scores:
    - Kindergarten readiness 50% and improving
    - Third grade reading achievement 54% and declining, despite having an outstanding public school system
- Citrus County poverty:
    - Countywide, 26.2% of children live in poverty
        - One zip code, 34428, has 56.9% of children living in poverty (741)
    - Free & reduced lunch 69.1%.
    - 54% ALICE households (Asset Limited, Income Constrained)

Just like the rest of Florida, Citrus County's future economic development into a higher-wage area is dependent on early childhood education. Prosperity Citrus seeks to make a difference in the next five years with adults, but the true measure of its success will be 20-40 years out.

The Florida Prosperity Initiative has identified Ten Root Causes of Poverty, and the more of these one suffers, the harder it is to break free and rise in life, especially if one's parents and grandparents were in the same situation (generational poverty).

We refer to these Ten Root Causes as, when they are solved, the Ten Pillars of Prosperity.

The United States has spent untold billions on combatting poverty, but handouts are not the solution, they only make people dependent on the system. Only through the dignity of achievement and work, can a person fully actualize their potential and become a productive member of society.

Citrus County, the State of Florida, and the United States, all have services from both government and nonprofits, to aid people suffering from the root causes. Prosperity Citrus seeks to leverage those already-obligated investments with a heavy volunteer, extremely low-cost and low-bureaucracy effort to pull these services together to coach individuals and families with executing a "strategic life plan" of sorts.

Think of it as: we have all the spokes, but to families and individuals in poverty, they're loose on the ground and disconnected, and must be picked up one by one to get basic needs met. Rare are they connected and organized between services, to meet the ultimate goal of changing a mindset from getting a next meal or rent payment, to escaping that cycle and starting on a new life course that has all ten Pillars of Prosperity satisfied.

The primary focus is getting the next generation on track with Kindergarten Readiness, and Third Grade Reading, but along the way we will assist and coach their parents, or childless adults, who just need a mentor to help put it all together.

Attachment: Prosperity Citrus proclamation backup v3 FINAL (17215 : Prosperity Citrus)

In short, Prosperity Citrus is Workforce Development to support Economic Development. It's fiscally prudent (leveraging already-deployed assets), and is "compassionate conservativism" to its core.

Florida Chamber Foundation's Path to Prosperity: Citrus County

Data Informed Decisions

Using the Florida Chamber Foundation's groundbreaking Florida Scorecard, associated Heat Maps, the Florida Gap Map, and our expert research and analysis, we not only have the ability to identify the unique issues plaguing each neighborhood, we can also curate the unique solutions needed to address each root cause blocking a path toward prosperity with the help of the business community.

Ten Root Causes of Poverty

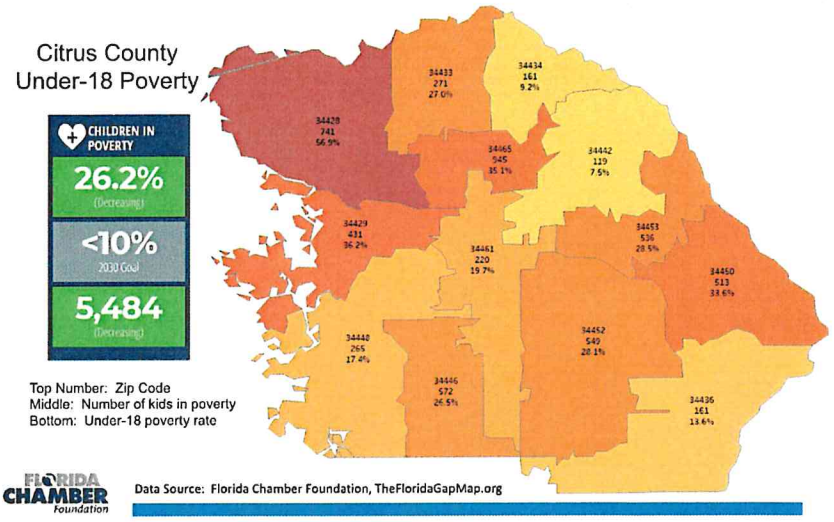

Early Learning Matters!

Third grade reading is an essential measure as one stops learning to read, and starts reading to learn. Studies have shown that 88 percent of those who fail to complete high school were behind in third grade. Not completing high school drastically impacts one's future as long-range studies have found high school dropouts cost society $260,000 over a lifetime.

BY THE NUMBERS

- # of zip codes: 13 of 983
- # of children in poverty: 5,484 of 829,342
- Number of households at or below the ALICE threshold identified by the United Way: 33,957
- Percentage of families "housing-cost burdened": 51.7%
- Percentage of Citrus third-graders reading at or above grade level: 61%
- # of children not reading at third grade level: 437
- Percentage students receiving free or reduced lunch: 67.6%

THE CASE FOR PROSPERITY

Tonight, 1 in 5 children will go to bed exhausted having battled a day full of unknowns wondering, "Where will my next meal come from? Will I be safe in my home tonight? Will I even have a place to call home?" Worse yet, these same children will wake up tomorrow and face those unknowns all over again.

For decades, the federal government has sunk trillions of taxpayer dollars into the epidemic that is poverty, yet, year over year, we see that these well intended attempts fail to address the root causes blocking ones path to prosperity.

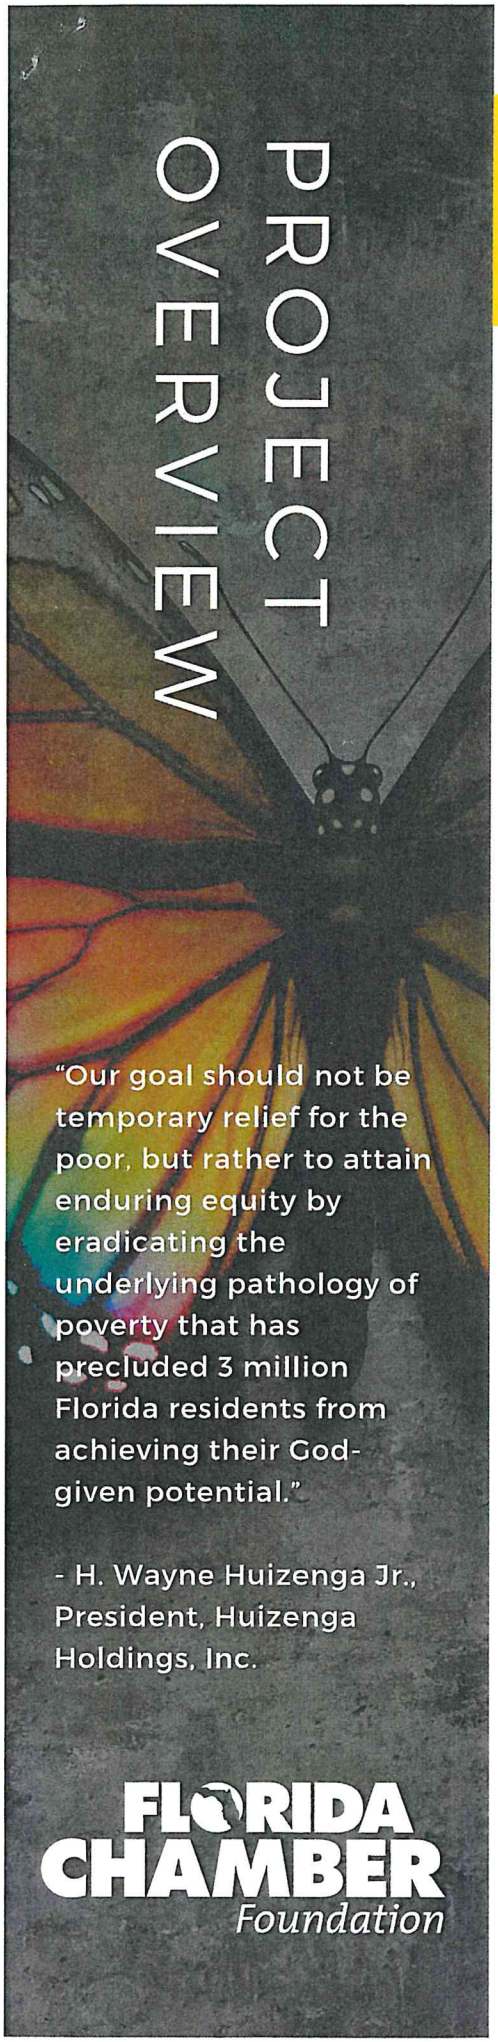

With that in mind, the Florida Chamber Foundation set out to create a pathway to prosperity for all children in Florida, ensuring that one's zip code, race, gender, ethnicity, or otherwise, would not determine their opportunities to prosper.

After extensively researching the path to prosperity, we identified the ten root causes that would impact one's ability to break the cycle of poverty. By attacking each root cause at its source and its location (zip code), the Prosperity Project will do what no one has before, create a model to eliminate generational poverty.

With an aggressive goal of cutting childhood poverty in half by 2030, we need the leadership, expertise, and resources of the business community to effect real change in every corner of the state.

FLORIDA CHAMBER FOUNDATION PROSPERITY PROJECT

The Florida Prosperity Project is a Chamber-led approach to cut childhood poverty in half – A key objective in the Florida Equality of Opportunity Initiative and essential for achieving the Florida 2030 Blueprint goals.

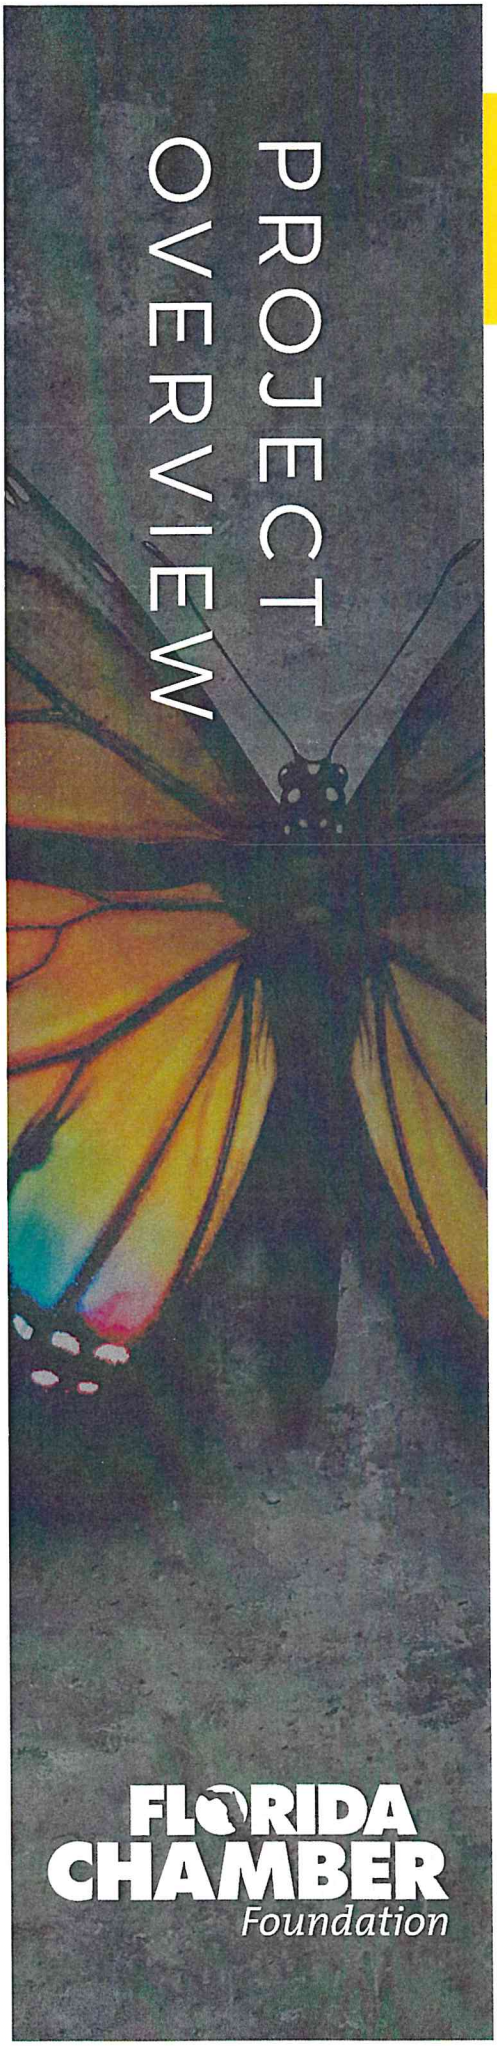

The latest government reports show there are 829,342 children living in poverty in Florida's 983 zip codes. The Florida Chamber Foundation's further analysis shows that half of them live in just 150, or 15%, of Florida's zip codes. With a belief that no child's zip code should dictate their future, and the business community can lead the efforts to change those outcomes, the Florida Chamber Foundation created the Florida Prosperity Project. We invite you to join us in this effort, helping lead Florida and each zip code on the path toward prosperity.

As part of the Florida 2030 Blueprint, the goal of the Florida Prosperity Project is to cut Florida's childhood poverty in half over the next decade – lowering our rate of childhood poverty from 20.1% to less than 10% - that's over 450,000 kids we can lift out of poverty if we unite the business community for good.

To do this, The Florida Prosperity Project has created the Florida Model – identifying the 10 root causes of poverty and their unique impact on each one of Florida's 983 zip codes. Understanding that this issue can not be solved by lawmakers in D.C., Tallahassee, or the County Commission, the Florida Prosperity Project aims to partner with businesses and existing community organizations to address this issue, at each root cause, and in every zip code.

To join us and help lead America's first holistic, Chamber-led approach to cut childhood poverty in half and create a pathway to prosperity for all, contact: Kyle Baltuch, SVP of Equality of Opportunity I kbaltuch@flfoundation.org I Phone: 850.521.1218

FLORIDA CHAMBER FOUNDATION PROSPERITY PROJECT

To take a stand on cutting childhood poverty in Florida, the Florida Prosperity Project is looking for partners to combat the 10 root causes of poverty:

- ·Lack of employment opportunities
- ·Inequities in education & workforce development
- ·Unaffordable & unattainable housing
- ·Insufficient transportation options
- ·Disproportionate health access and outcomes
- ·Food insecurity
- ·Inaccessible & unaffordable child care
- ·Unsafe environments
- ·Imbalanced outcomes in the criminal justice system
- ·Lack of recognition and access within a community

Understanding that this issue can not be solved by lawmakers in D.C., Tallahassee, or the County Commission, the Florida Prosperity Project aims to partner with businesses and existing community organization to address this issue, at each root cause, and in every zip code. To propel our efforts to end childhood poverty, we are looking for businesses to join us in the following ways:

- **Statewide Prosperity Project Advisory Board**: A small group of Florida's business leaders dedicated to ensuring a path to prosperity for all. These advisory board members will financially support the efforts of the Florida Prosperity Project and provide guidance, collaboration and consultation as the leaders of this effort.
- **County-Level Prosperity Project Leaders**: County-level leaders will act as the lead partners in each one of Florida's 67 counties. These organizations will be responsible for convening zip code level leaders and guiding county-specific needs. In most cases, local chambers, the local United Way, Boys and Girls Clubs and other existing local leaders are already working of parts of the problem and this county level collaboration and connection to chambers of commerce is proving to be a catalyst for change and an accelerator for action.

To join us and help lead America's first holistic, Chamber-led approach to cut childhood poverty in half and create a pathway to prosperity for all, contact: Kyle Baltuch, SVP of Equality of Opportunity I kbaltuch@flfoundation.org I Phone: 850.521.1218

FLORIDA CHAMBER FOUNDATION PROSPERITY PROJECT

- **Zip Code-level Prosperity Project Leaders**: True leaders in their communities, zip code-level leaders will act as the quarterback of their designated zip code. These organizations will be responsible for convening and supporting all root cause leaders and ensuring consistent participation and progress in their neighborhoods.
- **Root Cause Champions (within each zip code)**: With a passion for tackling the issues in their communities and the knowledge related to the specific root cause adopted, these champions are responsible for addressing one of the ten root causes in their zip code. Whether it is working with a doctor's office to help set up health clinics, partnering with a shelter to address the challenges of food security or housing in your neighborhood, the Florida Prosperity Project's Root Cause Champions will work with their community partners on the front lines in each zip code. Best practices will continuously be developed in one zip code at a time and can be shared for implementation in others.

We have seen what happens when we unite businesses for good at the statewide level. Now, it's time to unite your local business community for measurable and lasting results. We are inviting you to join the Florida Prosperity Project and make a commitment to communities in Florida.

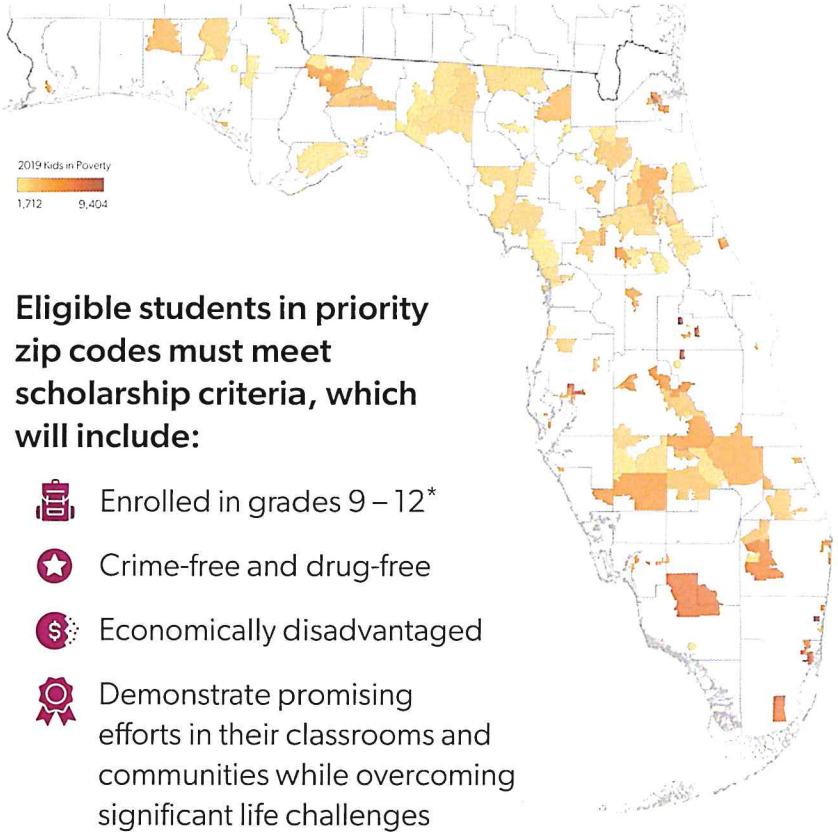

Bringing an end to generational poverty can sound like an audacious goal, but zip code by zip code, root cause by root cause, and business by business, we can lead Florida down a path to prosperity.

PATH TO PROSPERITY
SCHOLARSHIP PROGRAM

Education inequity is one of the 10 root causes of generational poverty identified by the Florida Chamber Foundation. In partnership with the Florida Prepaid College Foundation, the Path to Prosperity Scholarship Program aims to leverage up to **$10 million in matching funds** from businesses, organizations and private donors for college scholarships to children in priority zip codes.

Eligible students in priority zip codes must meet scholarship criteria, which will include:

- Enrolled in grades 9 – 12*
- Crime-free and drug-free
- Economically disadvantaged
- Demonstrate promising efforts in their classrooms and communities while overcoming significant life challenges

Together, we can make a difference one college scholarship at a time.

Prosperity Citrus
A community partnership to break generational poverty.

"Citrus County is not the first community to launch a Florida Prosperity Initiative, but by all measures has the greatest collaboration as a community, and in record time."

Kyle Baltuch
Senior Vice President of Equality of Opportunity, Florida Chamber Foundation

Stats:
Monthly meetings began February 2021: three "core group" meetings, then three "pillar expert" all-hands meetings.

61 individuals and 36 organizations have participated to date. See table for a partial list.

Launch:
The first outreach event was held August 7, 2021, at Jim LeGrone Park, specifically inviting 34429 and 34428 zip codes. Signups show 39 families were assisted in the Hall of Opportunity, opening the door for individual volunteer life coaches to work with them as trust grows.

RECOMMENDED ACTION:

a. Conduct a Public Hearing on August 10, 2021, at 5:01 p.m. to review and discuss PUD-21-04 - Brentwood Farms, LLC.

b. If approved, adopt and authorize the Chairman and Clerk to execute the ordinance for PUD-21-04 - Brentwood Farms, LLC.

ORDINANCE NO. 2021-

AN ORDINANCE OF CITRUS COUNTY, FLORIDA, A POLITICAL SUBDIVISION OF THE STATE OF FLORIDA, AMENDING THE CITRUS COUNTY LAND DEVELOPMENT CODE ATLAS AND THE BRENTWOOD FARMS MASTER PLAN FOR MULTIPLE CHANGES INCLUDING MEASUREMENT OF SETBACKS AND IMPERVIOUS SURFACE RATIO; PROVIDING FOR APPLICABILITY; PROVIDING FOR MODIFICATIONS THAT MAY ARISE FROM CONSIDERATION AT PUBLIC HEARING; PROVIDING FOR CODIFICATION, AND SCRIVENER'S ERRORS; PROVIDING FOR SEVERABILITY; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, on June 12, 2012, the Board of County Commissioners adopted the Citrus County Land Development Code as Ordinance No. 2012-06; and

WHEREAS, certain Atlas Amendments are necessary to maintain consistency with the Citrus County Comprehensive Plan;

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF CITRUS COUNTY, FLORIDA AS FOLLOWS:

1. The Master Plan of Development for Brentwood Farms, LLC is hereby amended as follows:

PUD-21-04 – Brentwood Farms, LLC

A request to modify the Land Development Code Atlas and the Master Plan (Planned Unit Development–PUD) of Brentwood Farms for multiple changes. This request is made pursuant to Section 4300, Planned Unit Developments (PUD) of the Citrus County Land Development Code, located in portions of Sections 22 and 23, Township 18 South, Range 18 East; more specifically Brentwood Farms, as further fully described in Exhibit "A" existing master plan, and Exhibit "B" conditions of approval, attached hereto and incorporated herein by reference.

2. The Atlas of the Land Development Code is hereby amended to reflect the changes described in Section 1 of this Ordinance.

3. All ordinances or parts of ordinances in conflict herewith are hereby repealed. It is the intent of the Board of County Commissioners that the provisions of this ordinance may be modified as a result of considerations that may arise during public hearings. Such modifications shall be incorporated into the final version of the ordinance adopted by the Board and filed by the Clerk to the Board pursuant to number 5.

CONDITIONS OF APPROVAL

1. *The revised Master Plan of Development for the subdivision of Brentwood (Exhibit "B") shall be subject to platting as specified in the Land Development Code. Up to ~~three buildings per housing type~~ forty spec homes shall be allowed prior to final platting ~~for models.~~ No homes shall be conveyed until the property has received final plat approval and recording. Condominiums and other similar methods of sale shall not be subject to platting.*

2. All developments shall take place in accordance with the approved Master Plan and submittal, as shown in Exhibit "A", and in accordance with the terms and conditions of approval as provided herein.

3. The total number of residential units shall not exceed 1,278.

4. The residential units will consist of the following:

Single-family – Conventional	169
Single-family – Villa	679
Multifamily – Attached	262
Multifamily – Retirement Center	178

5. Within unplatted and/or undeveloped residentially-designated areas as of the date of approval of application PUD-17-03 on June 26, 2017, including those outlined on the attached Exhibit "A" map, the residential land use type may be interchangeable among all approved residential uses (villa, single-family, and multi-family), at developer's discretion, so long as the overall quantities and gross densities of the entire Brentwood PD project do not exceed the previously approved project totals.

6. The maximum Impervious Surface Ratio (ISR) for the development will be as follows:

Single family – Conventional	50 percent
Single family – Villa	65 percent
Multifamily – Attached	70 percent
Multifamily – Retirement Center	70 percent
Commercial	70 percent

ISR will be calculated on the entire PUD, and not on any individual homesite. This will be demonstrated at the time of platting (and/or permitting for commercial sites) to confirm that ISR limits are met.

Attachment: Ordinance Draft (15131 : 5:01 PM PUD-21-04 – Brentwood Farms, LLC)

7. Front setbacks from right-of-ways except for corners, where secondary street frontage setbacks are to be reduced to 10 feet for the development, will be as follows:

Single family - Conventional	20 feet
Single family – Villa	18 feet
Multifamily	18 feet
Commercial	100 feet from the centerline of CR-486 65 feet from the centerline of N Brentwood Circle (25 feet from property line)

Side and rear setbacks:

Single family – Conventional	5 feet
Single family – Villa	5 feet – reducible to zero lot line, so long as 10 foot building separation is maintained
Multifamily	0 feet (minimum building separation 10 feet)
Commercial	According to LDC (Ord. 90-14)

Driveways on corner lots of 50 feet or less shall maintain the maximum separation from intersection corners, but not less than 50 feet measured centerline to centerline of the adjacent street to the driveway.

Building setbacks are measured to the vertical walls of structures (rather than to eaves).

8. The total commercial land use area of the Brentwood subdivision will be 14 acres (121,000 square feet commercial and 19,000 square feet office).

9. The total open space of the Brentwood subdivision will be 40 acres.

10. Drainage will be approved on a plat-wide basis by the County Engineer to assure the adequacy and compliance with the Master Drainage Plan approval.

11. As each of the individual tracts is developed, the development of the tract must comply with all development regulations in effect at the time of permitting.

12. There is no off-street parking reduction approval expressed or implied for the commercial areas.

13. The use of Tract 52 and 54 connecting to S.J.K. Boulevard and New Florida Avenue respectively in Beverly Hills in accordance with Plat Book 12, Page 70 for easement reservation, and the northwest corner of the proposed Phase VII Villas located at 22-18-18 connecting to Woodview Lane/Pine Cone Avenue as shown on the Master Plan of Development shall be maintained for the purpose of emergency access.

Attachment: Ordinance Draft (15131 : 5:01 PM PUD-21-04 – Brentwood Farms, LLC)

14. The use of Tract 51 (located at the end of West Trimble Lane) shall be maintained for open space and in accordance with Plat Book 12, Page 70 for easement reservation.

15. Fire hydrants are required for future development areas within 500 feet curbline distance in accordance with County Fire Prevention requirements. Water supply systems shall meet the requirements of the LDC and Citrus County Section 102, and fire department access roads shall meet the requirements of the 2004 Florida Fire Prevention Code NFPA 1 Chapter 18.

16. The Master Signage Plan shall indicate the location of each proposed sign, as shown in Exhibit "B" of Ordinance 2003-A23, and otherwise demonstrate compliance with LDC Section 9410, Development Identification Signs. Sign area, not including post(s) of secondary neighborhood identification signage, shall be no larger than 40 square feet.

17. A traffic study(ies) to address Phases VII and VIII (villas) must be submitted by the applicant and reviewed by the County prior to approval of improvement plans. The traffic study must address requirements for the need for a second vehicular access point to Woodview Lane/Pine Cone Street, and if additional impacts will warrant signalization and/or improvements at the intersection of Brentwood Circle and Norvell Bryant Highway sooner than specified in Condition 13 above. Any access onto Woodview Lane/Pine Cone Street shall be limited to emergency access.

17. Landscaping, tree preservation, biological survey requirements, and required buffers shall be addressed at the time of platting for the property under application PDO-04-01 and PDO-07-04 and shall be in accordance with LDC in effect at such time.

18. Within unplatted and/or undeveloped residentially-designated areas as of the date of approval of application PUD-17-03 (June 26, 2017), the residential land use types may be interchangeable among all approved residential uses (villa, single-family, and multi-family), at developer's discretion, so long as the overall quantities and gross densities of the entire Brentwood PD project do not exceed the previously approved project totals.

19. A buffer is required wherever multi-family lots adjoin adjacent lower density, residential land uses. The following buffer will be installed, either a six (6) foot privacy wall with landscaping planting along the fence/wall within a ten (10) foot strip, or a vegetative buffer twenty-five (25) feet wide will otherwise be employed. To the extent that natural vegetation exists of sufficient quality to provide an aesthetic visual screening, this may be employed consistent with either the wall/landscape buffer or vegetative planting whichever applies.

3. PLANNED UNIT DEVELOPMENT

a. PUD-21-04 Brentwood Farms, LLC

REQUEST: This request is to modify the Land Development Code Atlas and the Master Plan (Planned Unit Development–PUD) of Brentwood Farms for multiple conditions including a new entrance road, plat-wide stormwater calculations, and spec home construction prior to platting. This request is made pursuant to Section 4300, Planned Unit Developments (PUD) of the Citrus County Land Development Code.

LOCATION: Portions of Sections 22 and 23, Township 18 South, Range 18 East; more specifically Brentwood Farms development. A complete legal description of the property is on file with the Land Development Division.

STAFF CONTACT: Joanna Coutu, AICP, Director, Land Development Division

INTRODUCTION: Ms. Wright's overview included photos of the subject development and surrounding area and a proposed site plan submitted by the applicant indicating an additional access road to CR-486.

APPLICANT: Stephen Hallet represented the applicant. The application contains six requests for amendments to the Brentwood Planned Unit Development. The first request was to plat 400 +/- villa units on the 80 +/- acres west of the developed Brentwood subdivision. Request #2 is to construct an entrance road directly north of Ottawa Avenue at the intersection. They received an update via email from Engineering that they were in agreement with the proposed plan to have a single entrance road coming from Ottawa Avenue into Davis Reserve and not connecting to the existing Brentwood Farms. Request #3 was for the developer to be allowed to calculate stormwater at the time of platting. The fourth request was that all setbacks be measured to the vertical walls of the structures. The fifth request was to allow the developer to commence construction of up to 40 spec homes prior to platting. In the current PUD, the developer was allowed to build three model homes. Mr. Hallet stated that the developer is willing for the County to withhold the Certificates of Occupancy on these 40 spec homes until the infrastructure has been completed. The developer would not convey the homes until the property has been platted. Request #6 was to approve the ISR on the entire Planned Development at the time of platting.

QUESTIONS FROM STAFF: None.

Attachment: July 15, 2021, draft PDC minutes (15131 : 5:01 PM PUD-21-04 – Brentwood Farms, LLC)

COMMISSION QUESTIONS/COMMENTS:

Mr. Bass inquired if the developer had considered providing a connection to Brentwood and move the gatehouse to the north so the residents of Brentwood could access the proposed traffic signal at the intersection of Ottawa and CR-486. Mr. Hallet stated that the developer is not in agreement with that proposal. To move the gate farther back, the developer would have to create an additional road that would impact land that will be developed in the future. With the proposed road north of Ottawa, the developer is attempting to alleviate the burden of 1,400 residents using the one entrance/exit at Brentwood. Mr. Bass inquired about emergency access. Mr. Hallet advised that there would be two emergency accesses as required.

Mr. Bramblett requested clarification from Mr. Hallet that the density and number of units proposed are staying the same. Mr. Hallet stated yes.

Mr. Facemyer asked if a traffic study had been conducted. Mr. Hallet advised that a traffic study had been performed and is expecting the results in the coming weeks. Mr. Facemyer commented that the Brentwood intersection is a very dangerous intersection. Mr. Hallet explained that the developer is attempting to alleviate the amount of traffic using the Brentwood intersection by proposing the construction of an entrance road north of Ottawa for Davis Reserve.

Mr. Bass inquired as to why the developer requested to develop the 40 spec homes prior to plat approval. Mr. Hallet advised that the developer requested to begin the construction of those homes now as there is a current need for more homes. The developer would also like to have the spec homes built for marketing purposes of the new development.

Mr. Bramblett asked for further explanation with regard to the Brentwood residents not having access to the proposed entrance road at Ottawa. Mr. Hallet explained that the developer's proposal for Davis Reserve was for a gated entrance to be staffed 24 hours. Mr. Bramblett commented that there are other ways to accommodate the gated entrance as well as providing Brentwood residents an alternate access.

STAFF: Ms. Coutu's presentation included a color Master Plan of the Brentwood Development. She reviewed the applicant's requests to plat 400 +/- villa units, to clarify drainage will be approved on a plat-wide basis, and that the ISR will be calculated on the entire Planned Development and not on individual homesites. The developer also requested for the setbacks to be measured to the vertical walls of the structures. An additional request was for the developer to be allowed to commence construction on up to 40 spec homes prior to platting. Ms. Coutu advised of concerns with allowing this request. If permits were issued for the construction of the spec homes, it would be placing

Attachment: July 15, 2021, draft PDC minutes (15131 : 5:01 PM PUD-21-04 – Brentwood Farms, LLC)

more than one residential structure on one lot of record. The lots are formally created once the plat has been approved. This would also ensure that infrastructure is in place prior to occupancy of the homesites. In the Brentwood Planned Unit Development, the developer is allowed to construct three model homes, but they are requesting 40 spec homes which will create a multi-family use on a single-family lot. While Citrus Hills is very unlikely to not complete the plats, there is not much of a delay in permitting approval that would justify this request.

The developer has requested to plat and construct an entrance road directly north of Ottawa Avenue at the intersection of CR-486. The Engineering comments that were in the Staff Report were amended late on July 14, 2021, and she read the following comments received via email:

> The Engineering Division had requested as part of the new development that a cross access be installed from Brentwood through the Davis Reserve, so the residents in Brentwood could access CR-486 at the new traffic signal; however, this is very difficult because each subdivision will have its own gate and each subdivision is responsible for its own private roads.
>
> Cross access is predominantly used to connect commercial to commercial, or residential to commercial, not gated community to gated community. Therefore, we would like the PDC to consider approving the Davis Reserve as proposed with connection to CR-486 at the Ottawa signal. Cross access from the Brentwood Subdivision to the Ottawa light at CR-486 should be reconsidered when the commercial property fronting CR-486 and east of the Ottawa signal is developed in the future.

Ms. Coutu stated there were several conditions proposed by the developer; however, she only highlighted the obvious additions/deletions to the proposed conditions.

COMMISSION QUESTIONS/COMMENTS:

Mr. Bass inquired about the possibility of the number of spec homes being the number of villa models/styles that would be available in the development. Ms. Coutu explained the difference between spec homes and model homes. She stated that the Brentwood PUD was allowed three model homes.

Ms. Lyn provided comments and explanation with regard to interconnectivity versus cross access. Section 7110 of the Land Development Code does not require a road frontage or cross access connection in this situation. The Code does not require a connection or interconnectivity within two subdivisions, and it was not a requirement of the PUD.

Attachment: July 15, 2021, draft PDC minutes (15131 : 5:01 PM PUD-21-04 – Brentwood Farms, LLC)

PROPONENT:

Gaston Hall advised of his support to allow the developer to construct spec homes due to the shortage of homes and construction costs rising. His belief is that this will benefit the buyers in the end.

OPPONENT:

The following persons spoke regarding concerns about the increased traffic, an unsafe entrance/exit, emergency accesses and the construction of an additional entry:

Dawn Van Beughem commented that the developer sent out letters; however, the letter was confusing and the residents were not able to have a meeting to discuss due to COVID. She also expressed her concern regarding increased traffic and the unsafe entrance/exit into Brentwood.

Dennis Ronk stated his concern was the emergency exits.

George Guglielmo mentioned his concern with regard to increased traffic and the safety issues for the homeowners at Brentwood.

Ken Drange commented about the unsafe conditions for entering and exiting the subdivision without access to a traffic signal. He also commented about the density issues of constructing five homes per one-acre parcel. His concern was about the emergency exits and the increased volume of traffic.

Gail Palmer stated that in 2017 an accident closed the entrance to Brentwood and this is a safety concern for the residents.

Marshall Bissonnette advised that he resides on Abigail Path and is not in favor of a gated entrance. He is also concerned about the density issues affecting the property values for the neighborhood.

Judith Weis commented that she also resides on Abigail Path and will be cut off from the amenities in Brentwood.

Chris Smith mentioned that she resides on Abigail Path. She is concerned about being cut off from the Brentwood subdivision and the amenities and the safety concern.

Robert Lackner commented that this is a safety issue due to the unsafe entrance/exit of Brentwood.

Attachment: July 15, 2021, draft PDC minutes (15131 : 5:01 PM PUD-21-04 – Brentwood Farms, LLC)

Calvin Irvin stated his concern about the unsafe conditions of the existing entrance/exit. He also questioned the planning purposes and effectiveness of the traffic signal at Ottawa.

Samantha Thompson stated she and her family own a two-acre commercial property on Brentwood Circle. Her belief is that the residents did not completely understand the developer's language regarding interconnection.

REBUTTAL:

Mr. Hallet stated that the Engineering Division supported the applicant's proposal that Brentwood and Davis Reserve have separate entrances. He further explained that the developer requested the allowance to construct the 40 spec homes and would withhold the issuance of Certificate of Occupancy until the infrastructure and platting is completed. He indicated that the developer's proposal is to add a second entrance at the Ottawa signal to alleviate the traffic concerns that have been stated by the residents and the PDC should support this or all traffic would be forced to use existing access. At this time, the developer's proposal is that Brentwood and Davis Reserve will have two separate entrances. In accordance with the PUD, all of the required exits are there. He stated that the developer is well within the density range. Ms. Coutu asked Mr. Hallet to clarify the status of the three existing residents on Abigail Court, each of whom had just spoken. Mr. Hallet advised that the three existing residences on Abigail Court will be part of the new development and will utilize the entrance at Ottawa.

COMMISSION COMMENTS:

Mr. Bramblett stated that he cannot support the construction of 40 spec homes as this will not impact the sale value. He does support the other five requests by the applicant. He commented that the PUD was approved many years ago. He also offered the suggestion that the developer provide interconnectivity within the two subdivisions and should have considered a developer meeting with residents to work with their concerns. Mr. Bramblett also questioned why Engineering staff is not present to explain the change in their recommendation.

Mr. Burda advised that he cannot support the construction of 40 spec homes, but does support the other requests of the applicant. He agreed that the developer should consider interconnectivity within the two subdivisions as an act of good will.

Ms. Worthington stated she would not support the construction of 40 spec homes, but does support the additional requests by the applicant. She agreed that the PUD allows for the road, but this is not what the public desires.

Attachment: July 15, 2021, draft PDC minutes (15131 : 5:01 PM PUD-21-04 – Brentwood Farms, LLC)

Mr. Barmes commented that he agreed with the other comments and does not support the construction of 40 spec homes. He had a concern with lack of the traffic study at the time of this hearing.

Mr. Bass advised that he supports the construction of maybe 20 spec homes and the access road onto CR-486 via Ottawa. He commented that there should be interconnectivity from Brentwood and the new development, but not inside the gated area.

Mr. Facemyer stated that he cannot support the application and is troubled by the late change from Engineering staff.

MOTION: The Planning and Development Commission finds application number ***PUD-21-04 – CONSISTENT*** with the Citrus County Comprehensive Plan and Citrus County Land Development Code and that this Board recommends ***APPROVAL WITH CONDITIONS*** (not approving the allowance for 40 spec homes) of the application to the Board of County Commissioners based upon the evidence and testimony presented, and the staff report and conclusions regarding this petition.

MOTION:

1st Mr. Bramblett 2nd Ms. Worthington

VOTE: 6 - 1, Motion Carried

Nay: Facemyer

Ms. Coutu noted that the application is scheduled for the County Commission on August 10 at 5:01 p.m. and that information was on the notice that was sent to the Brentwood residents.

RECESS: 11:35 – 11:42

4. LAND USE APPLICATION

a. V-21-09 Russell Hoffman

REQUEST: This request is for a Variance from the Citrus County Land Development Code (LDC) for an addition to an existing single-family dwelling having less than the required 50-foot (35-foot with a berm or swale) minimum building waterfront setback, pursuant to Section 3501, Surface Water Protection Standards, as specified in the LDC.

LOCATION: Section 30, Township 19 South, Range 17 East; specifically, Lot 37 BLK 34 of Riverhaven Village (AK 1938996), which address is 11615 W.

DEPARTMENT OF GROWTH MANAGEMENT
LAND DEVELOPMENT DIVISION
STAFF FINDINGS REPORT
TO THE
BOARD OF COUNTY COMMISSIONERS

PLANNED UNIT DEVELOPMENT APPLICATION NO. – PUD-21-04 – Brentwood Farms, LLC
DATE: July 16, 2021
PREPARED BY: Joanna L. Coutu, AICP, Director; Land Development Division

REQUEST FOR AN AMENDMENT TO AN EXISTING PLANNED UNIT DEVELOPMENT:

REQUEST:	A request to modify the Land Development Code Atlas and the Master Plan (Planned Unit Development–PUD) of Brentwood Farms for multiple conditions including allowance of a new entrance road, plat-wide stormwater calculations, and spec home construction prior to platting. This request is made pursuant to Section 4300, Planned Unit Developments (PUD) of the Citrus County Land Development Code.
SUBJECT PROPERTY	Portions of Sections 22 and 23, Township 18 South, Range 18 East; more specifically Brentwood Farms. A complete legal is on file with the Land Development Division.
ACREAGE	Approximately 364 acres
FUTURE LAND USE DESIGNATION/LAND DEVELOPMENT CODE ATLAS DESIGNATION:	RMU, Residential Mixed Use District and MDR, Medium Density Residential District PDR, Planned Residential Development District, and MDR/PUD, Medium Density Residential District with a Planned Unit Development
SURROUNDING COMPREHENSIVE PLAN (GFLUM) DESIGNATIONS:	North – RMU, Residential Mixed Use District South – RMU, Residential Mixed Use District, MDR, Medium Density Residential District East – RMU, Residential Mixed Use District and TCU, Transportation/Communication/Utility District West – RMU, Residential Mixed Use District , MDR, Medium Density Residential District, LDR, Low Density Residential District, PSO, Professional Service/Office District
SURROUNDING LAND DEVELOPMENT CODE ATLAS DESIGNATIONS:	North – PDR, Planned Residential Development District South – PDR, Planned Residential Development District, CRR, Central Ridge Residential District, MDR, Medium Density Residential District East – PDR, Planned Residential Development District and TCU, Transportation/Communication/Utility District West – PDR, Planned Residential Development District, MDR-MH, Medium Density Residential District mobile homes allowed, MDR, Medium Density Residential District, LDR, Low Density Residential District, and PSO, Professional Service/Office District

Attachment: BCC staff report and locator map (15131 : 5:01 PM PUD-21-04 – Brentwood Farms, LLC)

SURROUNDING AREA	North – Improved single-family residential South – CR-486 (W. Norvell Bryant Highway); vacant and improved single-family residential East – Vacant and improved single-family residential lands, wastewater treatment plant Wes – Vacant and improved single-family residential and vacant commercial lands

CHARACTERISTICS OF THE SUBJECT PROPERTY

According to the *Soil Survey of Citrus County* (1988), the soil types in the area are primarily Candler fine sand (0 to 5 percent slopes) and Arredondo fine sand (0 to 5 percent slopes). Limitations to building site development are only slight. The subject property appears to be primarily located in Flood Zone X, with some isolated areas of A and AE flood zone, as found on the Flood Insurance Rate Maps 12017C0212D, 12017C0213D and 12017C0214D.

BACKGROUND AND ANALYSIS

This application contains multiple requests for amendment to the Brentwood Planned Unit Development. In 2017, Ordinance 2017-A26 (application PUD-17-03) allowed interchangeability between the various residential land use types within the undeveloped residentially-designated areas, at the developer's discretion, so long as the overall quantities and gross densities of each land use type do not exceed that of the approved PD project numbers for the Brentwood development. The applicant also received conceptual approval for a new entrance road, with the condition that it meet access management standards of the LDC at the time of platting.

Request #1 – *Plat 400 +/- villa units across the 80 +/- acres of unplatted acreage west of the developed Brentwood subdivision (the acreage is currently identified on the Brentwood Master Plan as Phase VII Villas and Phase VIII Villas).*

The existing Master Plan designates the housing type for each residential area as villas, single-family detached, or multi-family, with each designation having its own minimum frontage, setbacks, etc. As noted, in 2017 the Master Plan was revised to allow interchangeability for these uses provided they do not exceed overall project numbers.

Here is a summary of the units remaining for the subdivision to date:

Use Designation	Number of Units	Number Remaining	Number Remaining after 400 villas as proposed
SF	89	2	2
Villa	679	307	0
MF	252	172	79

The applicant has the ability to transfer 93 +/- multi-family units to the villa category, or alternatively can transfer the two remaining single-family units and an according amount of multi-family units to achieve the desired number in this unplatted area.

Attachment: BCC staff report and locator map (15131 : 5:01 PM PUD-21-04 – Brentwood Farms, LLC)

Request #2 – Plat and construct an entrance road directly north of N. Ottawa Ave. at its intersection with W. Norvell Bryant Hwy., to provide access between the newly designed area (to be platted) and the County's roadway system (specifically CR-486/W. Norvell Bryant Hwy). This request is consistent with the terms of PUD-17-03 and Ordinance No. 2017-A26.

As noted, the 2017 PUD revision also allowed consideration of a new roadway that would line up with the existing traffic light at N. Ottawa Avenue. This application would continue to codify that request by placing the actual roadway on the Master Plan. The proposed roadway would not be accessible to the existing platted areas of Brentwood, other than for emergency access as outlined on the proposed conceptual plan.

LDC Section 7120, Residential Subdivision Criteria, requires residential subdivisions of 75 units or more to have at least two access points. The existing Brentwood subdivision only has one access point, with two emergency access areas indicated. This proposal would allow up to 400 residential units with one main access and one emergency access to the developed Brentwood area.

The Engineering Division has reviewed this proposal and provided the following comments:

> It appears that the developer is proposing two separate gated communities, each with its own entrance to CR486. The Brentwood Subdivision would continue to use their existing entrance to CR486, and the proposed Davis Reserve would use a new entrance to CR486 at the Ottawa traffic signal. The Engineering Division supports this decision because it will help disperse traffic entering CR486. The Engineering Division had requested as part of the new development that a cross access be installed from Brentwood through the Davis Preserve, so the people in Brentwood could access CR486 at the new traffic signal; however, this is very difficult because each subdivision will have its own gate, and each subdivision is responsible for its own private roads.
>
> Cross access is predominantly used to connect commercial to commercial, or residential to commercial, not gated community to gated community. Therefore, we would like the PDC to consider approving the Davis Subdivision as proposed with connection to CR486 at the Ottawa signal. Cross access from the Brentwood Subdivision to the Ottawa light should be reconsidered when the commercial property fronting CR486, and east of the Ottawa signal is developed in the future.

Request #3 – Amend Master Plan Conditions of Approval to clarify that drainage will be approved on a plat-wide basis by the County Engineer to assure adequacy and compliance with the Master Drainage Plan.

Residential plats require stormwater calculations to provide for the infrastructure that is proposed, such as roads, etc. This request would allow the stormwater system to also accommodate for improvements such as individual residences (see Request #6) and would be reviewed at the time of platting by the County's Engineering staff.

Request #4 – All setbacks to be measured to the vertical walls of the structures. This is consistent with the current practices within Citrus Hills II DRI (a/k/a Terra Vista), Clearview Estates DRI (including all phases of Belmont Hills), and throughout Brentwood subdivision.

The BOCC recently adopted application OA-21-02, which revised the setback standard to allow measurement to the vertical walls of a structure. This request will confirm that structures within the Brentwood PUD will also be considered accordingly.

Attachment: BCC staff report and locator map (15131 : 5:01 PM PUD-21-04 – Brentwood Farms, LLC)

Request #5 – Developer shall be allowed to commence construction on up to 40 spec homes within the 80 +/- acreage prior to platting. With this request, if necessary, the developer would consider a condition that no such home shall be conveyed until the property is finally platted.

During the platting process, applicants have been able to permit one single-family model home prior to final plat approval. This consideration, which was allowable only after improvement plans had been approved so that infrastructure could be commenced, had been revised to allow up to three model homes in the Brentwood PUD to demonstrate various model types. The allowance for an early pre-final plat model home was based on the premise that the site was a residential lot of record so platted individual lots would not need to be created for one home to be placed on the site.

Staff has significant concern with allowing up to 40 spec (not model) homes to be permitted prior to final plat approval. Specifically, the permits would then be placing a multi-family use (more than one residential structure on one lot of record) in an area that was being platted for single-family use. While staff understands that there is a high demand for residential unit construction, the platting process is not so burdensome that the final plat cannot be completed (which would create the lots of record) prior to permit issuance of these sites. The applicant can proceed at their own risk with permit application, as is currently allowable, but actual permit issuance should be held until the lots are formally created via platting. (This would also ensure that infrastructure is in place prior to occupancy of the homesites).

The Planning and Development Commission reviewed this request at their July 15, 2021, hearing and did not support this particular proposal.

Request #6 – Amend Master Plan Conditions of Approval to clarify that ISR will be calculated on the entire PD, and not on any individual homesite. If required, we can have our engineers certify that any newly platted subdivision(s) will include the numbers to show the ISR allowances for lots within that newly platted subdivision as measured against the entire PD.

The Citrus Hills II DRI already uses this technique, which removes calculation of individual lot impervious surface ratios (ISR) and instead constructs stormwater standards to allow for development within the allowable setback area on each lot of record. The applicant can utilize a similar method for Brentwood, as proposed, which may require more additional stormwater compensation at the time of platting but would remove the individual standards for each lot of record.

Consistency with the Land Development Code (LDC) – The majority of the requests are consistent with the standards of the Land Development Code, with the exception of the request for additional spec homes prior to creation of the lots (Request #5). As noted, that request would allow a multi-family use in an area being platted for single-family use prior to creation of the single-family lots.

Consistency with the Comprehensive Plan - All development applications shall demonstrate complete compliance with the Comprehensive Plan. The application, with the exception of Request #5, appears to be consistent with the following objective and policies of the Comprehensive Plan:

Policy 17.5.5 *All major modifications to existing Planned Developments shall be approved by the BCC through the Atlas Amendment process. This requirement shall also apply to Planned Developments approved by the Planning and Development Review Board (PDRB) or its predecessor in function.*

[Staff note – the PUD amendment process is consistent with the Atlas Amendment process and allows overall review of the PUD amendment.]

Policy 10B.3.1 *Design of new transportation facilities shall be based on:*

Attachment: BCC staff report and locator map (15131 : 5:01 PM PUD-21-04 – Brentwood Farms, LLC)

a) the reduction of congestion, accidents or maintenance, and

b) the improvement of roadway LOS to provide adequate facilities and meet the standards of the designated service volumes shown in the five (5) year short term and/or twenty (20) year long range traffic projections.

[Staff note – the 2020 Level of Service (LOS) for CR-486, as identified by the County's traffic consultant, is "C", while the 2030 LOS is proposed to also be at level "C". The buildout of Brentwood with these additional units was included in these calculations; however, see Engineering Division concerns outlined elsewhere in this report.]

Concurrency – Brentwood Farms is served by Citrus County water and sewer. Garbage pick-up is provided by a local licensed franchise hauler. As such, the application has met concurrency requirements for water, sewer, and solid waste. There is no impact on school concurrency as the overall number of units is not proposed for change.

PROPOSED FINDINGS OF FACT

Staff reviewed this application under the standards of Section 4300, Planned Unit Developments (PUD), of the LDC. The BCC may adopt modified conditions of approval pursuant to LDC Section 4302, PUD Approval Procedures, when in the public interest and expressed in formal findings of fact. The reviewing body shall approve, approve with modifications and/or conditions, or disapprove the amendment to the Planned Unit Development. The reviewing body shall enter its reasons for such action in its record. As evidence, the following findings of facts are cited.

A. **Only uses which are consistent with the Comprehensive Plan may be approved as a PUD.** *The application does not propose changes to the uses already allowable within the PUD.*

B. **Any development approved through the PUD application process, which is not designated a use in the respective land use district for the subject PUD parcel, shall be compatible with established or planned uses both within the development footprint and surrounding neighborhoods and property.** *The PUD provides the benefit of a Master Plan of Development that serves to safeguard against potential conflicts with existing adjacent land uses. The request for spec homes prior to platting single-family residential lots raises concern as these would be designed as multi-family residences at the time of permit issuance. While multi-family uses are allowable in the PUD, their design and review are different while the permits would be requested to be reviewed for single-family use. That particular request was not recommended for approval by the PDC.*

C. **Accessory uses shall be permitted as set forth within the approved general concept plan or as found by the Board of County Commissioners to be compatible with an approved plan.** *N/A - accessory uses are not proposed to be modified with this request.*

D. **Subsequent to the approval of a PUD, uses not enumerated may be permitted through amendment of the PUD and approved by the Board of County Commissioners.** *N/A at this time. The application does not propose any additional uses in the approved PUD.*

Attachment: BCC staff report and locator map (15131 : 5:01 PM PUD-21-04 – Brentwood Farms, LLC)

E. **A PUD petition is subject to the following minimum acreage standards:**
   1. **A development consisting of a nonresidential development shall contain at least one acre;**
   2. **A residential development shall have a minimum of five acres; and**
   3. **A mixed-use development shall have a minimum of five acres.**

   The site is an existing development which meets these minimum standards.

F. **The land area included within the PUD development shall be of such proportions as to properly accommodate all proposed uses in keeping with the general requirements of the county and the established objectives and policies of the adopted Comprehensive Plan.** *The land area within the Brentwood development would remain unchanged with this application request.*

G. **Landscaping and design and maintenance shall follow the principles of *Florida Friendly Landscaping* ™ and the *Florida Yards and Neighborhoods (FYN) Homeowner Program* to reduce water use and fertilizer runoff.**

   1. **Planted turf grass and landscaping on residential lots shall be limited to a maximum of 50% of the upland portion of the lot.**
   2. **Turf grasses and landscape vegetation shall be common to the area and drought tolerant.**

   N/A – this application is an amendment to an existing master plan which contains its own standards for landscaping and design.

H. **There shall be no specific lot requirements for individual uses; provided, however, that the area designated for any particular use shall be of sufficient size and proportion so as to properly accommodate said use and to provide for adequate open space and buffering between it and an adjacent use.** *The applicant will be required to meet all lot and buffer standards outlined within the existing development approval and the Citrus County Land Development Code. The request would allow overall impervious surface ratio calculations rather than by individual lots, but setback standards would remain unchanged.*

I. **The maximum height of structures, setbacks, and density within a PUD development shall be as specifically established by the Board of County Commissioners in its approval action.** *The applicant has not requested a deviation of height or density with this application.*

J. **Approval of the proposed PUD development shall include approval of all maps, diagrams, tables, and reports submitted by the applicant.** *A revised Master Plan, that includes a new access roadway, has been provided by the applicant.*

K. **A planned unit development will terminate within three years of the date of approval if either a site development plan or preliminary subdivision plat application is not filed with the county. If one of these applications is not filed within the specified time frame, the PUD shall be null and void.** *N/A - this application is bound by the terms of the Brentwood master plan.*

SUMMARY OF FINDINGS

The application requests multiple changes to the conditions in the Brentwood Planned Unit Development , including designation of 400 +/- units as villa structures, delineating a new access road to CR-486, allowing stormwater and impervious surface ratio to be calculated on an overall plat-wide basis, and allowing setback standards to be to the vertical walls of the structure rather than the eaves. Each of those items is consistent with the policies of the Comprehensive Plan as identified in this report. Granting this request will not adversely affect the public interest and would be generally compatible with adjacent properties and other properties in the district provided the conditions as proposed by staff are adhered to.

One of the requests, however, that would allow up to 40 spec homes to be permitted and constructed prior to platting of the lots, would allow multiple units on one parcel of record. This would then be placing single-family units on one lot so that they are effectively multi-family units until the plat is completed. This particular request is not consistent with the Comprehensive Plan or Land Development Code as proposed.

There was significant discussion and public input at the July 15, 2021, PDC hearing regarding interconnection of the proposed access roadway to CR-486, as well as the status of the existing emergency access points in the Brentwood PUD. The PDC noted that the concept of an access roadway appeared to meet minimum criteria, and was supported by Engineering Division comments, but encouraged the developer to try to address the concerns of the existing Brentwood residents regarding these items.

PLANNING AND DEVELOPMENT COMMISSION (PDC) RECOMMENDATION: The Planning and Development Commission (PDC) discussed this application on July 15, 2021. The PDC recommended approval with conditions of the proposed request. The PDC found that the application is consistent with the requirements of the LDC and consistent with the Comprehensive Plan. Granting this request will not adversely affect the public interest and would be generally compatible with adjacent properties and other properties in the district.

PDC- RECOMMENDED CONDITIONS OF APPROVAL - New language is indicated by underlines while deleted language is indicated by strike-through (from PDO-07-04 and PUD-17-03)

1. The revised Master Plan of Development for the subdivision of Brentwood (Exhibit "B") shall be subject to platting as specified in the Land Development Code. No County permits shall be issued prior to approval of final plat; however, up to three buildings per housing type shall be allowed prior to final platting for models. Condominiums and other similar methods of sale shall not be subject to platting.

   ~~A revised Master Plan of Development shall be prepared as the binding Master Plan for the Brentwood Planned Development, superseding any and all prior Plans. Said Plan shall be submitted within thirty (30) days of approval by the Citrus County Board of County Commissioners and reflect all conditions of approval contained herein.~~

Alternative Condition #1 proposed by developer but not supported by the PDC or staff:

1. The revised Master Plan of Development for the subdivision of Brentwood (Exhibit "B") shall be subject to platting as specified in the Land Development Code. ~~No County permits shall be issued prior to approval of final plat; however,~~ uUp to ~~three buildings per housing type~~ forty spec homes shall be allowed prior to final platting ~~for models~~. No homes shall be conveyed until the property has received final plat approval and recording. Condominiums and other similar methods of sale shall not be subject to platting.

~~A revised Master Plan of Development shall be prepared as the binding Master Plan for the Brentwood Planned Development, superseding any and all prior Plans. Said Plan shall be submitted within thirty (30) days of approval by the Citrus County Board of County Commissioners and reflect all conditions of approval contained herein.~~

2. All developments shall take place in accordance with the approved Master Plan and submittal, as shown in Exhibit "B", and in accordance with the terms and conditions of approval as provided herein.

3. The total number of residential units shall not exceed 1,278.

4. The residential units will consist of the following:

Single-family – Conventional	169
Single-family – Villa	679
Multifamily – Attached	262
Multifamily – Retirement Center	178

~~5. Condition No. 5 deleted at the Public hearing on 10/26/2004.~~

5. Within unplatted and/or undeveloped residentially-designated areas as of the date of approval of ~~this application~~ application PUD-17-03 on June 26, 2017,, including those outlined on the attached Exhibit "B" map, the residential land use types may be interchangeable among all approved residential uses (villa, single-family, and multi-family), at developer's discretion, so long as the overall quantities and gross densities of the entire Brentwood PD project do not exceed the previously approved project totals.

6. The maximum Impervious Surface Ratio (ISR) for the development will be as follows:

Single family – Conventional	50 percent
Single family – Villa	65 percent
Multifamily – Attached	70 percent
Multifamily – Retirement Center	70 percent
Commercial	70 percent

ISR will be calculated on the entire PUD, and not on any individual homesite. This will be demonstrated at the time of platting (and/or permitting for commercial sites) to confirm that ISR limits are met.

7. Front setbacks from right-of-ways except for corners, where secondary street frontage setbacks are to be reduced to 10 feet for the development, will be as follows:

Single family - Conventional	20 feet
Single family – Villa	18 feet
Multifamily	18 feet
Commercial	100 feet from the centerline of CR-486 65 feet from the centerline of N Brentwood Circle (25 feet from property line

Attachment: BCC staff report and locator map (15131 : 5:01 PM PUD-21-04 – Brentwood Farms, LLC)

Side and rear setbacks:	
Single family – Conventional	5 feet
Single family – Villa	5 feet – reducible to zero lot line, so long as 10 foot building separation is maintained
Multifamily	0 feet (minimum building separation 10 feet)
Commercial	According to LDC (Ord. 90-14)

Driveways on corner lots of 50 feet or less shall maintain the maximum separation from intersection corners, but not less than 50 feet measured centerline to centerline of the adjacent street to the driveway.

Building setbacks are measured to the vertical walls of structures (rather than to eaves).

8. The total commercial land use area of the Brentwood subdivision will be 14 acres (121,000 square feet commercial and 19,000 square feet office).

9. The total open space of the Brentwood subdivision will be 40 acres.

10. Drainage will be approved on a ~~tract specific~~ plat-wide basis by the County Engineer to assure the adequacy and compliance with the Master Drainage Plan approval.

11. As each of the individual tracts is developed, the development of the tract must comply with all development regulations in effect at the time of permitting.

12. There is no off-street parking reduction approval expressed or implied for the commercial areas.

13. ~~The developer shall escrow $35,000 prior to the issuance of the 550th future building permit for a dwelling unit by Citrus County, from the date of approval of application CU-96-02, that being January 26, 1996. The funds will be used for improvements at the entrance at the CR-486 intersection. Should the developer fail to escrow $35,000 for this purpose prior to the issuance of the 550th future building permit as described herein, this shall be considered a default in the application, and no further building permits will be issued until compliance has been obtained. The County shall use these funds for improvements at the intersection at the time that this section of CR-486 is widened, or sooner, but within ten years of the date of the escrow, if no other improvements are warranted for traffic safety. Failure to utilize the escrowed funds by the county within ten years of the date of the escrow will result in forfeiture to the developer of the escrow along with any accrued interest, and the developer shall be relieved of all obligations of this condition only.~~ The use of Tract 52 and 54 connecting to S.J.K. Boulevard and New Florida Avenue respectively in Beverly Hills in accordance with Plat Book 12, Page 70 for easement reservation, and the northwest corner of the proposed Phase VII Villas located at 22-18-18 connecting to Woodview Lane/Pine Cone Avenue as shown on the Master Plan of Development shall be maintained for the purpose of emergency access.

14. The use of Tract 51 (located at the end of West Trimble Lane) shall be maintained for open space and in accordance with Plat Book 12, Page 70 for easement reservation.

15. Fire hydrants are required for future development areas within 500 feet curbline distance in accordance with County Fire Prevention requirements. Water supply systems shall meet the requirements of the LDC and Citrus County Section 102, and fire department access roads shall meet the requirements of the 2004 Florida Fire Prevention Code NFPA 1 Chapter 18.

Attachment: BCC staff report and locator map (15131 : 5:01 PM PUD-21-04 – Brentwood Farms, LLC)

16. The Master Signage Plan shall indicate the location of each proposed sign, as shown in Exhibit "B" of Ordinance 2003-A23, and otherwise demonstrate compliance with LDC ~~Section 7340, Community Directional Signs in Master Planned Developments and~~ Section ~~7410~~ 9410, ~~Residential~~ Development Identification Signs. Sign area, not including post(s) of secondary neighborhood identification signage, shall be no larger than 40 square feet.

17. A traffic study(ies) to address Phases VII and VIII (villas) must be submitted by the applicant and reviewed by the County prior to approval of improvement plans. The traffic study must address requirements for the need for a second vehicular access point to Woodview Lane/Pine Cone Street, and if additional impacts will warrant signalization and/or improvements at the intersection of Brentwood Circle and Norvell Bryant Highway sooner than specified in Condition 13 above. Any access onto Woodview Lane/Pine Cone Street shall be limited to emergency access.

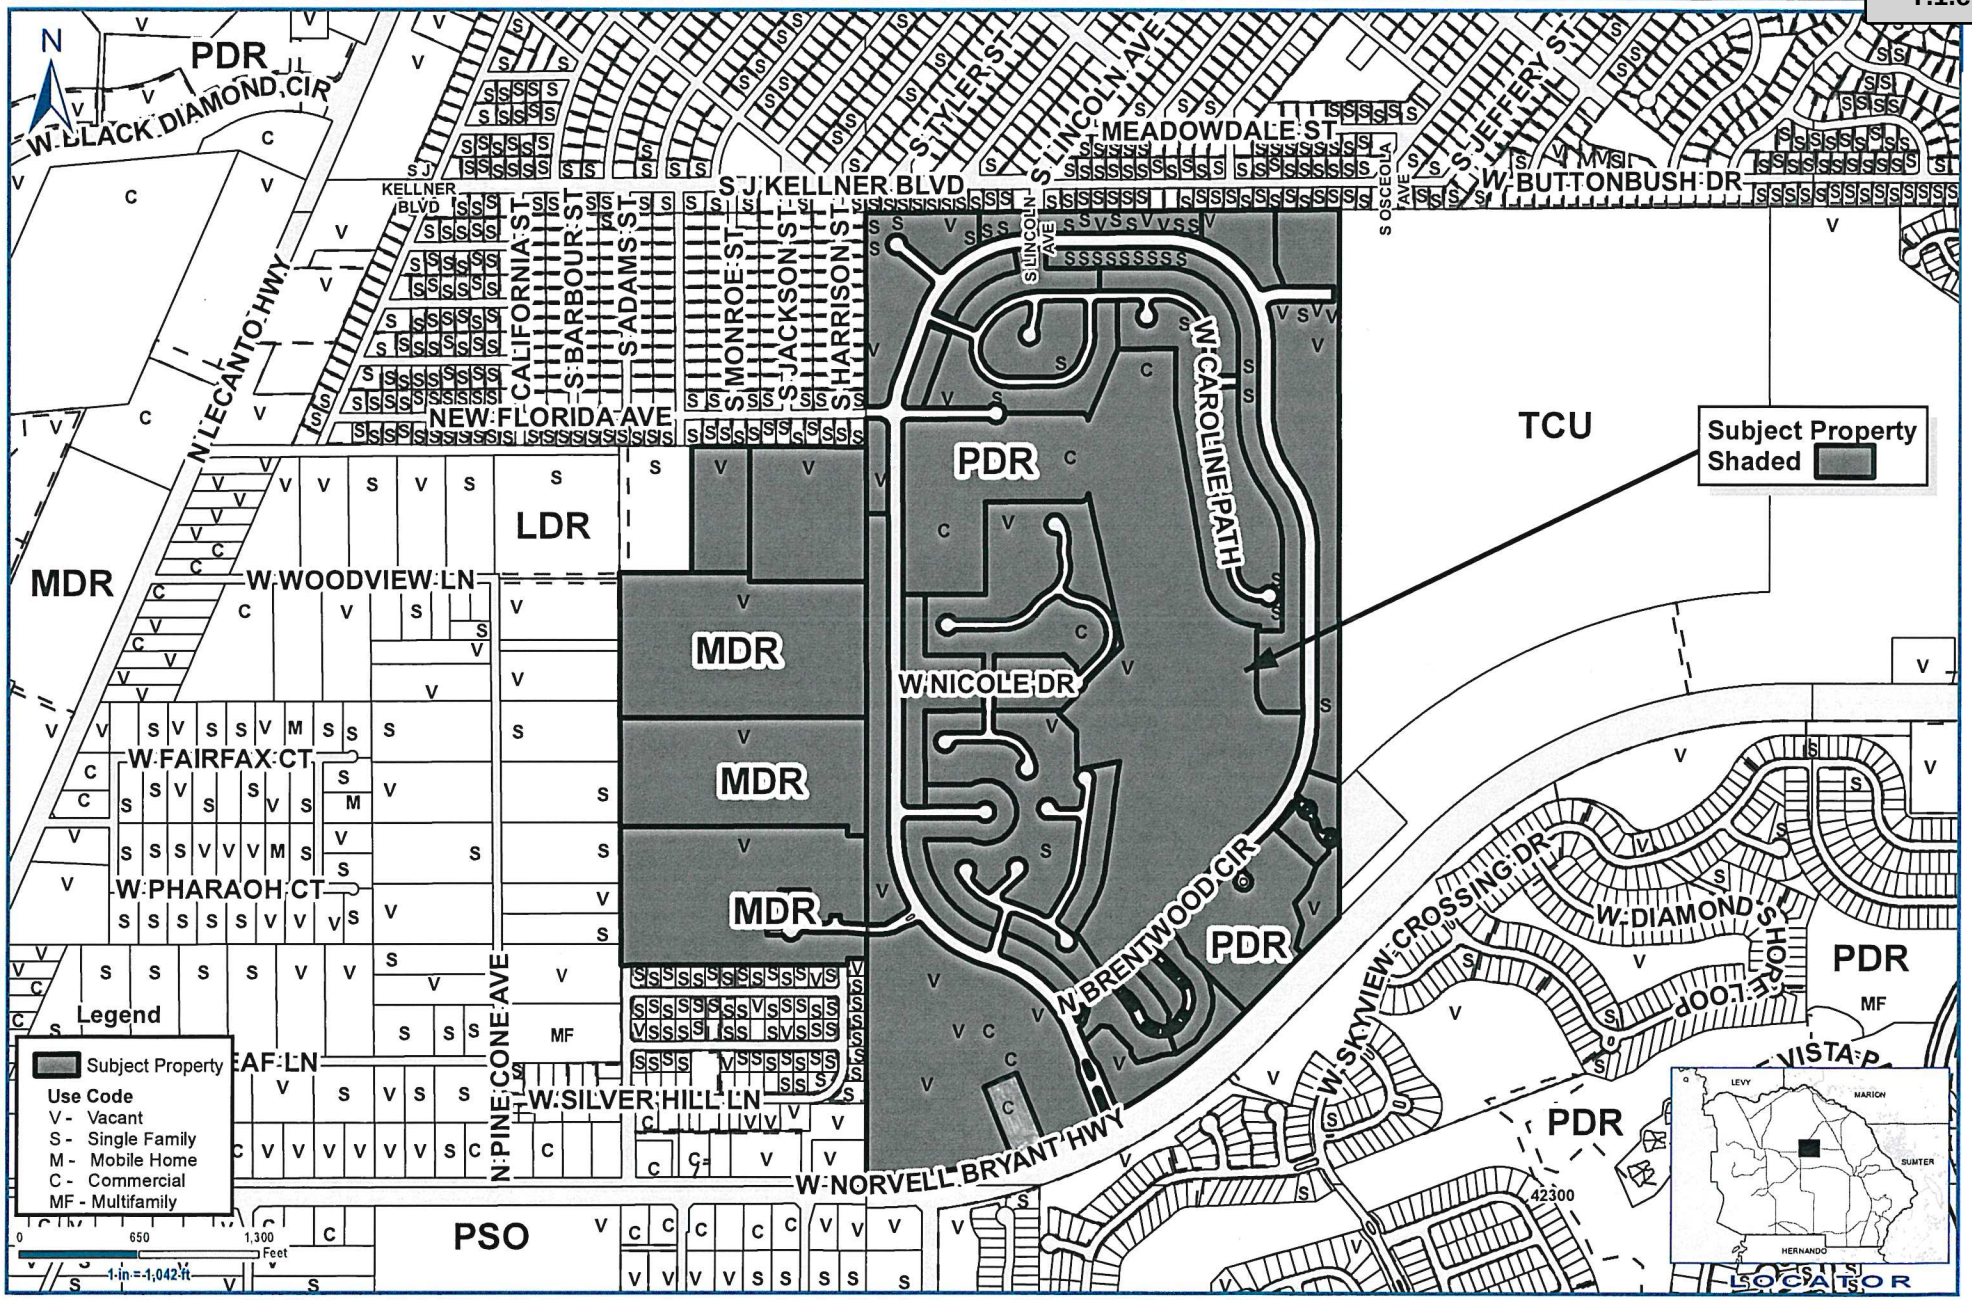

18. Landscaping, tree preservation, biological survey requirements, and required buffers shall be addressed at the time of platting for the property under application PDO-04-01 and PDO-07-04 and shall be in accordance with LDC in effect at such time.

19. Within unplatted and/or undeveloped residentially-designated areas as of the date of approval of ~~this application, including those outlined on the attached Exhibit B map~~ application PUD-17-03 (June 26, 2017), the residential land use types may be interchangeable among all approved residential uses (villa, single-family, and multi-family), at developer's discretion, so long as the overall quantities and gross densities of the entire Brentwood PD project do not exceed the previously approved project totals.

20. A buffer is required wherever multi-family lots adjoin adjacent lower density, residential land uses. The following buffer will be installed, either a six (6) foot privacy wall with landscaping planting along the fence/wall within a ten (10) foot strip, or a vegetative buffer twenty-five (25) feet wide will otherwise be employed. To the extent that natural vegetation exists of sufficient quality to provide an aesthetic visual screening, this may be employed consistent with either the wall/landscape buffer or vegetative planting whichever applies.

RE: BRENTWOOD FARMS PDO AMENDMENT

Please accept this letter as a formal request by Brentwood Farms, LLC, to amend the current Brentwood PUD. Specifically, we are seeking to modify the existing Planned Development Overlay for Brentwood subdivision as follows:

1. Plat 400+/- villa units across the 80+/- acres of unplatted acreage west of the developed Brentwood subdivision (the acreage is currently identified on the Brentwood Master Plan as Phase VII Villas and Phase VIII Villas);
2. Plat and construct an entrance road directly north of N. Ottawa Ave. at its intersection with W. Norvell Bryant Hwy., to provide access between the newly designed area (to be platted) and the County's roadway system (specifically, CR486/W. Norvell Bryant Hwy). This request is consistent with the terms of PUD-17-03 and Ordinance No. 2017-A26;
3. Amend Master Plan Conditions of Approval to clarify that drainage will be approved on a plat-wide basis by the County Engineer to assure adequacy and compliance with the Master Drainage Plan;
4. All setbacks to be measured to the vertical walls of the structures. This is consistent with the current practices within Citrus Hills II DRI (aka Terra Vista), Clearview Estates DRI (including all phases of Belmont Hills), and throughout Brentwood subdivision.
5. Developer shall be allowed to commence construction on up to 40 spec homes within the 80+/- acreage prior to platting. With this request, if necessary, the developer would consider a condition that no such home shall be conveyed until the property is finally platted.

Please let me know if there is anything else you require to begin the amendment process.

Thank you,

Hi Joanna:

I've had a chance to review and consider, with Stephen Tamposi, the other points raised in our conversation about the above-referenced application.

As a result, I'd like to modify the application to add:

"6. Amend Master Plan Conditions of Approval to clarify that ISR will be calculated on the entire PD, and not on any individual homesite. If required, we can have our engineers certify that any newly platted subdivision(s) will include the numbers to show the ISR allowances for lots within that newly platted subdivision as measured against the entire PD."

As for item #5 in the current application (regarding spec homes), we'd like to leave it as is. We'd like to have the Staff and Board at least consider it, to see if there are ways to allow it.

Thank you!

--Eric

WARNING: This email originated from an external Domain DO NOT CLICK unless you recognize the sender and know the content is safe.

Joanna:

I appreciate you sharing this with me. After reading it, I would like to express that a portion of the report appears to be quite unfair in its presentation (Engineering's recommendations are presented in a vacuum, without the necessary contextual information).

In that vein, please be reminded:

- During PUD 17-03, Commissioner Kinnard expressly pointed out, immediately prior to the vote, that there was no onus on the developer to build "Road A" or to interconnect it with Brentwood Circle;
- The existing PUD would allow Phases VII and VIII to connect to Brentwood Circle and continue with only the one access point to CR-486, that is, without building "Road A." Yet, once the developer considers building "Road A" (which effectively reduces the approved traffic on Brentwood Circle), Engineering would dictate that both are necessary, and should serve original Brentwood as well as new Phases VII and VIII;
- There is no mention in the report that "Road A" is wholly private, manned and gated for the exclusive use of property owners of Davis Reserve (Phases VII and VIII). The
- Brentwood Farms POA (non-developer owners within existing Brentwood) was presented with the option to interconnect and pay their fair share of the expenses. They convincingly voted not to connect, as they did not want to pay their share of ongoing maintenance (including personnel, facilities, and repairs).
- To connect Brentwood Circle with "Road A" without use of a gate would open their subdivision to the public rather than their currently private gated community that it is.

I don't know whether the omission of these relevant facts was accidental, or whether Staff believes it is up to the developer to present such facts at the time of presentation, or whether there is some other reason for the omission. Regardless, I am respectfully request that Staff reconsider the report on this point.

Thank you,

--Eric

July 14, 2021

To Whom It May Concern:

I cannot be present for the meeting, but would like to state my position.

I am opposed to the extensive developing of our beautiful neighborhood.

It would change the whole face of what we have here and why we bought here — even bringing down our property values. — As, I feel, what is being proposed would make Brentwood undesirable.

Thank you.

Dear Sir or Madam:

As you are aware, PUD-21-04 Brentwood Farms, LLC, that was addressed at the Plan Development Commission on Thursday, July 15, 2021, was approved with one excepti owner in the Brentwood Community of Citrus Hills, I am very distressed about the decis regarding the allowance of a new entrance road that excludes the existing community r Neither the last minute engineering report nor the traffic safety study was represented r at the meeting. Many members of the community spoke and requested that the builder his plan.

The existing entrance/exit to Brentwood onto County Road 486 is dangerous since it is turn, vehicles travel at a high rate of speed and the traffic has increased significantly sir The County Commission approved PUD1703 on March, 22, 2017: "Interchangeability o land use types within residential land use areas, and to allow a potential future entranc County Road 486." I respectfully request that you consider the safety of the current Bre residents by requiring the Ottawa gate to be available to current Brentwood residents.

Thank you for your attention in this matter.

Sincerely,

George Guglielmo

Dear Ms. Coutu,

I'm writing in reference to the future entrance to David Reserve. I believe we can avoid a very dangerous exit and entrance to Brentwood Farms.

When the developer Mr. Tamposi proposed a gated entrance at Ottawa ave we as a community voted against the extra expense of a manned gate but to keep gate unmanned. We did not vote against having an entrance and exit at Ottawa. The Ottawa light is only 383 steps from our very dangerous exit we presently use.

The present exit out of Brentwood is very dangerous with traffic going by at a high rate of speed and the difficulty of distinguishing which lanes the oncoming traffic is in proves a hazard easily avoided. On top of that cars exiting out of Brentwood wanting to go east must make a U-turn at the Ottawa light. Since I have been here we have had at least two fatalities that I know of and numerous accidents.

With the future construction of the new entrance their will be all of the equipment in place already to make an access road between Brentwood Farms and the proposed new entrance, with little additional expense. Safety is our main concern while Mr. Tamposi is upset, proving very vindictive that he didn't get his way with us paying for his manned gate to attract future home buyers at Davis Reserve.

I think it only common sense for the county to act in a responsible manner in regards to the safety of Brentwood's residents. What better time to right a major safety hazard than when construction equipment and manpower is already in place.

Kind regards,

Joanne,
My wife and I signed our contract to build our home in Brentwood back in 2009. With a delayed start our home was completed in 2012. They were working on widening the road at that time. The situation of the Brentwood gate is a serious problem as we have limited vision exiting Brentwood. It doesn't matter whether you are simply going right or want to get in the left lane, with limited vision you are taking a risk as the cars on Norvell Bryant are coming at you at 50 mph or faster.
We have had death's at this entrance! Please correct this situation by making the developer build an access road to the new gate or put a traffic light at the original Brentwood entrance. We shouldn't have to pay for a manned gate as we have not had a manned gate in the past.
Thank you,

Dear Commissioners,

I am one of the many residents of the Brentwood subdivision requesting your support for a connecting road to be built between the existing Brentwood subdivision and the planned Davis Reserve subdivision. We feel a connecting road, prior to the planned new Davis gatehouse would best serve both communities. This would be similar to the entrance to CVS pharmacy at N Terra Vista Blvd blvd and Norvell Bryant hwy.

The existing Brentwood entrance is incredibly unsafe, with at least one fatal accident, and we have been promised a remedy, for many years, once the Ottawa / Norvell Bryant intersection was developed.

I kindly request your support on this matter.

My husband and I have been residents of the Brentwood community for 10yrs +. These are the reasons we feel it is an absolute must to have a secure gate for our development.

1. Send of safety and security
2. Sense of a private community
3. Feeling of a closed community with neighbors we know 4. NO solicitors 5. Better property values

Aside from loving the area, The above also represents the reasons of why we originally purchased our home. I hope that the right decision is made to retain our great community as a gated one!

Hi Joanna,
My name is Jacqueline Schott and my Husband John , live at 1782 W Angelica Loop, Lecanto,34461.

We have lived in Brentwood for over 12 years.

Seems the longer we are here the more populated it is becoming, really that is no surprise because , This is a beautiful place.

Well let me get to the point, when we moved here the speed limit was 45 and they did 55.
Now the speed limit is 50 and they go 65 so trying to get out of Brentwood have become a dangerous condition for all who live here.

We still do not understand why the stop light was not put at Ottawa in the first place and we would not be.
Going through this now.

So this is my story.

Oh ,one more thing why are we not doing this at a different part of the season, I mean like when the Snowbirds are here also for their input. Why was the traffic study not done during peak season, when Snowbirds and school is in session?

To whom it may concern; My husband and I as property owners of a villa in Brentwood, wish to voice our opinion in the"much needed " new gate in the location of Ottawa and Norvell Bryant. As to the residents in the subdivision, many of whom are seniors, find it difficult to turn on to 486.
With the expected increase in the new neighboring subdivision, traffic will be almost impossible to enter smoothly into 486. It has always been a challenge because of the curve and rise of the road. Many individuals with slowing reflexes, could be endangering themselves and others.
I am hoping that you would consider the SAFETY of all the residents of Brentwood and Citrus County. Please allow all residents to use that much needed gate.

Dear Ms. Coutu,

First, thank you for this opportunity to comment and provide suggestions regarding the Citrus Hills Developer's proposal regarding a Control Gate into their new subdivision. We are property owners in Brentwood and are aware of the proposal. We continue to be very concerned for the safety of our residents when exiting the current entry/exit. The sight line for oncoming traffic the east is not only questionable but very dangerous especially when you realize that traffic is moving at 50 – 60 MPH. The Developer created this serious problem years ago and the County should hold them responsible for corrective action.

The proposal for the new subdivision includes an access road to the new entrance at Ottawa (that would alleviate the hazardous safety issue that currently exists.) However, the proposal presented to the Brentwood homeowners included a yearly fee to help pay for a " manned security entrance " similar to Terra Vista. This proposal was rejected by a majority of the Brentwood homeowners. You should be aware that the Brentwood homeowners already pay an HOA fee, a POA fee, CHG&CC fee as well as trash pickup. The proposed Security Gate will exist regardless for the benefit of the new subdivision residents.

In brief, we would like to make a suggestion. The proposal requires that all residents of the new subdivision and Brentwood resident would have to pass through the security gate to access the side road into the Brentwood area. This road would be parallel with 486. The proposal is that the main safety concern of

Attachment: Additional Information for item T1 (15131 : 5:01 PM PUD-21-04 – Brentwood Farms, LLC)

egress from Brentwood can be simply solved by installing the access road to Brentwood before the Security Gate connecting the access road with Brentwood Circle. The Brentwood residents could go in and out using the Ottawa Exit without using the proposed Security Gate. The Developer currently has another development, Belmont Hills which mirrors this situation but has an access road to Clearview Estates before the Security Gate entrance to Belmont Hills.

Please, let's remember that the primary goal should be to alleviate the dangerous situation that currently exists daily for the Brentwood residents.

Thank you for your consideration.

Joanna & Michael:
I have lived in Brentwood for 21 years. I was here when 486 was a two lane road. At that time the line of sight was much better when exiting Brentwood. When the road was increased to four lanes it reduced the line of sight. When the exit was changed to right turn only, it meant that you had to get across the two lanes and into the turn lane very quickly. this is a dangerous situation. Now you have an opportunity to change this. Make Steve Tamposi, the developer, reconfigure the Brentwood exit so residents can enter and exit at the Ottawa Street Traffic signal. This will greatly increase the safety of the current 400 residents of Brentwood.

Dear Ms. Coutu,

I am writing to you in regard to the current unsafe condition that exists when exiting the Brentwood Subdivision onto Norvell Bryant Highway. Given that this exit is positioned just past a blind corner on a 4 lane divided highway where typical speeds exceed 55 mph, the potential danger with our ever increasing traffic load is SERIOUS.

Residents of Brentwood have been informed that the developer of our neighborhood is adding an additional 400 homes just East of Brentwood and will employ an extension of Ottawa Rd. (at the corner of Ottawa and Norvell Bryant) as an entrance to that new development. This will put a significant increase (and related DANGER) to the residents of Brentwood trying to exit onto Norvelly Bryant. The fact that Brentwood residents must make a right hand turn and cross 2 lanes of traffic (within 2/10ths of a mile) in order to make a U-turn to proceed East on Norvell Bryant further exacerbates this highly dangerous traffic situation. I invite, in fact I plead with you, to PLEASE visit this community and experience this intolerable traffic condition yourself, remembering that most of the residents of Brentwood are elderly with somewhat diminished eyesight and reaction skills. AT A MINIMUM - I strongly request that a "Caution Blind Entrance Ahead" sign be placed on Eastbound Norvell Bryant prior to the blind curve that proceeds the Brentwood Subdivision as soon as possible! I trust that the County Commissioners along with the developer can and will arrive at a better, long term

Attachment: Additional Information for item T1 (15131 : 5:01 PM PUD-21-04 – Brentwood Farms, LLC)

solution, as the new development begins construction. A method for Brentwood residents to be able to EXIT our development at the new Ottawa extension is strongly suggested!

Good Morning -
I just wanted to voice my opinion and concern over the planned new entrance for Davis Reserve (Hwy 486 and N Ottawa Ave. intersection).
As a resident in the Brentwood neighborhood, I feel that our one (and only) entrance/exit has become a safety hazard.
When I want to travel east out of our subdivision, I have to turn west and cross over 2 lanes of westbound traffic to try and quickly get in the left turn lane at the Ottawa Ave. intersection and then do a complete U Turn. There is also a blind curve, with most vehicles going at least 50pmh, that I have to watch for when exiting N. Brentwood Circle.
I just ask, for the safety of all of our neighbors here, that you please consider requiring the developer to build a connecting road between our two neighborhoods, that allow us to use the new Hwy 486 & Ottawa Ave intersection that will be built for Davis Reserve.
Thank you,

Joanna Coutu, Director, Land Development

You have, no doubt, recently received some correspondence regarding the new development known as Davis Reserve. This is the area to the west of Brentwood of Citrus Hills. I am a resident of Brentwood.

As a concerned citizen, I'm writing to you in regard to the topic of safety at the entrance and exit of the current Brentwood community. It makes sense from a safety perspective to be able to exit the community at a traffic light at Ottawa Avenue. Currently, the Brentwood exit is a right-hand turn only. Furthermore, it is an exit from a stopped position into traffic that is traveling by with a 50 MPH speed limit. There is no merging or acceleration lane to afford a safer entry onto Norvell Bryant Highway (NBH). Moreover, there is limited sight distance for the cars exiting Brentwood because of the curve on NBH.

As a volunteer with the Citrus County Sheriff's Office I have access to a radar unit for monitoring the speed of cars on the county roadways. Recently, I've used this radar for checking the speed of westbound traffic past the entrance/exit of Brentwood on NBH. I've used the unit on multiple days at different hours of the day. Traffic is generally at the highest levels around 8:00 to 9:00 in the morning, noon, and between 4:00 and 5:30 in the afternoon. The results of a recent morning session indicated more than 25% of the cars exceeded the speed by at least 5 MPH. Furthermore, the highest clocked speeds were 69 MPH passing by the Brentwood entrance/exit. To make matters worse, the folks exiting Brentwood were staring into the rising sun in the east while trying to find a chance to enter a highway with limited sight distance. Not to mention that many folks leaving Brentwood have a need to get into the left lane of NBH in order to make a quick U-turn at Ottawa to go in the easterly direction. The situation could be made safer by rerouting the exiting cars to the proposed intersection at Ottawa Avenue.

Please consider helping to make Brentwood a safer place to travel to and from for all residents.

With kind regards,

Matthew Blazewicz

I am send this email in reference to PUD 21-04 for consideration of the planned changes as indicated by the developer: Brentwood Farms, LLC to build the development Davis Reserve/Brentwood Farms PD. I am concerned that the Commissioners are not being fully informed of certain issues associated with this new development. I am not opposed to the development, however as proposed there are critical flaws and incomplete studies that needs to be accomplished prior to being able to make a informed decision. Please review the following:

* This development is still a part of the Brentwood Farms Property Owners Association LLC. This therefore means that the roads are private roads, paid for by the Association membership. While the Developer is in control and has not turned Brentwood Farms over to the Association Membership (Homeowners) he pays the lions share for these roads cost because he does not want to show prospective buyers what the end game cost will be once he turns them over to the membership. He currently puts approximately $19,000 per year in Reserve account to repair/replace/improve all the roads. Based on your knowledge of road costs you can already see the impacts this will cause in the future as the approximately 20 miles of roads age (remember the roads in current Brentwood Farms area are over 20 years old now). But here is the major impact as I see it for this proposed road way system; members of the current Brentwood Farms Property Association will be paying for the Davis Reserve area roads without any direct access. Since these are technically two parts of a business, Brentwood Farms Property Owners Association LLC are we not required to have a service connector

Attachment: Additional Information for item T1 (15131 : 5:01 PM PUD-21-04 – Brentwood Farms, LLC)

road? Additionally, this would allow the members of Davis Reserve to easily and safely visit the Social Amenities of Brentwood Farms.

* At the last PDC meeting the GC for Brentwood Farms LLC made a couple of false statements in regards to how Davis Reserve residents could access the Pool, Golf Course, and Gym areas in Brentwood. He stated that these residents could take advantage of the sidewalks, walking and bike trails if they chose. There are no sidewalks, walking or bike trails in Brentwood. Furthermore, he threatened the PDC with the fact that he could just move all traffic out the existing Brentwood Circle exit if they didn't agree with the proposed Ottaw intersection. Actually if he will not connect the two subdivisions such that we all can exit at Ottaw then I would propose that this would be a better solution. Once we had the extra traffic associated with the new development we could request a stop light study to see if it would be more practical to have the light at Brentwood exit. However, if you could bring in any of the previous property sales persons for Citrus Hills, they would provide I'm sure, that one of the selling points was that in the future there was going to be a exit from Brentwood Farms at Ottaw.

* Now in review of the Traffic Study provided by LTG Engineering & Planning, they seem to have provided an incomplete study for consideration of impacts on current and future growth that should be considered prior to approval of this study. Here are a few but there are too many issues to address in this email.

* Use of FDOT Traffic Trends 2% growth. They only considered the three intersection located within a mile or less. They failed to mention or even consider the Traffic Corridor Study associated with the impacts on 486 based on the intersection of 589 (Sun Coast Toll Road).

* No Safety data was even included in the study. Impacts such as departing traffic from Brentwood Circle with the increased overall traffic on 486 heading west bound traveling at 50 MPH around a blind curve. Placing all these intersection so close together will cause the Brentwood Circle intersection probably the most unsafe intersection in Citrus County.

Attachment: Additional Information for item T1 (15131 : 5:01 PM PUD-21-04 – Brentwood Farms, LLC)

* Additionally, the study didn't take into consideration the demographics of the drivers in the Citrus Hills area. Most are retired and probably average well over 65 years.

* Now the front area of the proposal has retail and office commercial proposed. Based on this proposal there already exists a commercial facility that will be not connected by a service road or connector road as required by Florida Statue.

In conclusion I would like to point out that there are several solutions to the issue at hand concerning this proposed development that should resolve any concerns. They are:

1. Keep the existing Abagail Path and where it intersects Brentwood Circle place a transponder activated gate such as are located at all of the Terra Vista gates, so those individuals who want to pay the annual cost ($19.00) to have access directly to the Ottawa intersection can do so. This would have limited financial impacts to the developer and would allow for individuals to access our facilities too. This is how Citrus Hills allows Social Members which is required to live here to access facilities in Terra Vista if you don't want to go through the main gate. Least cost option for the Developer and would also solve the issues associated with the members who don't want to have increased cost of manned access. These members would not purchase the transponder.
2. Move the proposed manned gate above the commercial property and develop a connector road between Brentwood Circle and Ottawa extension. Connecting all businesses including the existing commercial property in Brentwood Farms. This is a greater cost for the developer initially but would ultimately have little extra cost as this is basically a requirement in the future as he starts developing the commercial properties.

I am send this email in reference to PUD 21-04 for consideration of the planned changes as indicated by the developer: Brentwood Farms, LLC to build the development Davis Reserve/Brentwood Farms PD. I am concerned that the Commissioners are not being fully informed of certain issues associated with this new development. I am not opposed to the development, however as proposed there are critical flaws and incomplete studies that needs to be accomplished prior to being able to make a informed decision. Please review the following:

* This development is still a part of the Brentwood Farms Property Owners Association LLC. This therefore means that the roads are private roads, paid for by the Association membership. While the Developer is in control and has not turned Brentwood Farms over to the Association Membership (Homeowners) he pays the lions share for these roads cost because he does not want to show prospective buyers what the end game cost will be once he turns them over to the membership. He currently puts approximately $19,000 per year in Reserve account to repair/replace/improve all the roads. Based on your knowledge of road costs you can already see the impacts this will cause in the future as the approximately 20 miles of roads age (remember the roads in current Brentwood Farms area are over 20 years old now). But here is the major impact as I see it for this proposed road way system; members of the current Brentwood Farms Property Association will be paying for the Davis Reserve area roads without any direct access. Since these are

Attachment: Additional Information for item T1 (15131 : 5:01 PM PUD-21-04 – Brentwood Farms, LLC)

technically two parts of a business, Brentwood Farms Property Owners Association LLC are we not required to have a service connector road? Additionally, this would allow the members of Davis Reserve to easily and safely visit the Social Amenities of Brentwood Farms.

* At the last PDC meeting the GC for Brentwood Farms LLC made a couple of false statements in regards to how Davis Reserve residents could access the Pool, Golf Course, and Gym areas in Brentwood. He stated that these residents could take advantage of the sidewalks, walking and bike trails if they chose. There are no sidewalks, walking or bike trails in Brentwood. Furthermore, he threatened the PDC with the fact that he could just move all traffic out the existing Brentwood Circle exit if they didn't agree with the proposed Ottaw intersection. Actually if he will not connect the two subdivisions such that we all can exit at Ottaw then I would propose that this would be a better solution. Once we had the extra traffic associated with the new development we could request a stop light study to see if it would be more practical to have the light at Brentwood exit. However, if you could bring in any of the previous property sales persons for Citrus Hills, they would provide I'm sure, that one of the selling points was that in the future there was going to be a exit from Brentwood Farms at Ottaw.

1. ATLAS AMENDMENT

a. AA-21-04 Monkey Island Holdings, LLC

REQUEST: This request is to amend the Land Use Atlas Map (LUAM) of the Land Development Code from GNC (General Commercial District with an expired Planned Unit Development (PUD)) to GNC (General Commercial District).

LOCATION: Sections 31 and 32, Township 19 South, Range 17 East; more specifically, Lots 1 through 14 of Block 20; and Lots 3 through 6 of Block 21; lying westerly of a north-south canal; together with all vacated roads and alleys therein; in the Town of Homosassa Plat, Plat Book 1, Page 6 (AK 3205572 and 3205569), which address is 5297 and 5299 S. Cherokee Way, Homosassa, Florida.

STAFF CONTACT: Joe Hochadel, Principal Planner, Land Development Division

INTRODUCTION: Ms. Wright's overview included an aerial view of the subject property, photos of the subject property and surrounding area and a copy of the Master Plan requested to be removed.

APPLICANT: Darryl Johnston, Esq. represented the applicant. He explained the applicant's request is to remove the expired PUD and amend the land use designation to allow expansion on the subject property.

QUESTIONS FROM STAFF: None.

COMMISSION QUESTIONS/COMMENTS: None.

STAFF: Mr. Hochadel stated the purpose of this application was to change the land use designation on the subject property from General Commercial District with an expired Planned Unit Development to General Commercial. The subject property in its entirety is approximately 6.25 acres. His presentation

Attachment: July 1, 2021, PDC draft minutes (15139 : 5:05 PM AA-21-04 – Monkey Island Holdings, LLC)

consisted of photos of existing buildings that are in current operation on the subject property and the vacant area to the east that is currently a grassed area. The presentation also included photos of the surrounding areas which are used for commercial purposes.

The previous Master Plan on this property was approved in 2006 (PDO-05-01) to allow for 72 motel suites, 15 motel rooms and 3,600 square-feet of commercial development. A permit was submitted to establish the Master Plan; however, it was never completed, and the permit expired in 2011 and the Master Plan expired in 2013. The applicant's request is to remove the expired Planned Unit Development. This would return the site to the underlying General Commercial designation and allow the applicant to develop the property in accordance with the uses that are allowed in the General Commercial District. The existing buildings on the subject property were placed and in use prior to the establishment of the Master Plan and have been in continual operation; therefore, the request is not new General Commercial within the CLR Region.

The subject property is surrounded predominantly by non-residential land uses. This request appears to be compatible with the Land Development Code and Comprehensive Plan. It also appears to be compatible with the surrounding area and the findings of fact are positive findings.

COMMISSION QUESTIONS/COMMENTS:

Mr. Dixon inquired if there had been any traffic studies performed. Mr. Hochadel advised that there were no traffic studies submitted to staff.

PROPONENT: None.

OPPONENT: None.

MOTION: The Planning and Development Commission finds application number ***AA-21-04 CONSISTENT*** with the Citrus County Comprehensive Plan and Citrus County Land Development Code and that this Board recommends ***APPROVAL*** of the application to the Board of County Commissioners based upon the evidence and testimony presented, and the staff report and conclusions regarding this petition.

ATLAS AMENDMENT
STAFF FINDINGS REPORT
TO THE
BOARD OF COUNTY COMMISSIONERS

APPLICATION NUMBER: AA-21-04 – Monkey Island Holdings, LLC
DATE: July 9, 2021
PREPARED BY: Joe Hochadel, Principal Planner, Land Development Division JH

This application is a request to amend the Land Use Atlas Map (LUAM) of the Land Development Code to remove an expired Planned Unit Development (PDO-05-01) and to allow development in the land use district pursuant to LDC standards.

REQUEST:	From: GNC, General Commercial District with an expired Planned Unit Development (PUD) To: GNC, General Commercial District
LOCATION:	Sections 31 and 32, Township 19 South, Range 17 East; more specifically Lots 1 through 14 of Block 20; and Lots 3 through 6 of Block 21; lying westerly of a north-south canal; together with all vacated roads and alleys therein; in the Town of Homosassa Plat, Plat Book 1, Page 6, (AK 3205572 and 3205569), which address is 5297 and 5299 S. Cherokee Way, Homosassa, Florida. A complete legal description of the property is on file with the Land Development Division.
ACREAGE:	Approximately 6.24 acres
SURROUNDING FUTURE LAND DESIGNATIONS:	North – CL, Low Intensity Coastal and Lakes District; GNC, General Commercial District South – CL, Low Intensity Coastal and Lakes District; GNC, General Commercial District; CLC, Coastal and Lakes Commercial District East – CL, Low Intensity Coastal and Lakes District; GNC, General Commercial District West – GNC – General Commercial District
SURROUNDING LAND DEVELOPMENT CODE ATLAS DESIGNATIONS:	North – CLR, Coastal and Lakes Residential District; GNC, General Commercial District South – CLRMH, Coastal and Lakes Residential District, mobile homes allowed; GNC, General Commercial District East – CLR, Coastal and Lakes Residential District; GNC, General Commercial District; CLC, Coastal and Lakes Commercial District West – GNC – General Commercial District
SURROUNDING EXISTING LAND USES:	North – Single-family residence, Vacant residential South – County boat parking, Office and retail uses East – Vacant commercial, Homosassa Elementary School West – Hotel and restaurant uses

Attachment: Staff report and locator map (15139 : 5:05 PM AA-21-04 – Monkey Island Holdings, LLC)

SOIL INFORMATION:	According to the *Soil Survey of Citrus County* (1988), the soil type in the area is primarily Matlacha, limestone substratum-Urban land complex, and Okeelanta-Lauderhill-Terra Ceia mucks.
FLOOD ZONE:	According to the Flood Insurance Rate Map (FIRM), the subject property is located in Flood Zone Coastal A Zone (CAZ) and AE and with a Base Flood Elevation of 11 feet and 12 feet, as found on Community-Panel Number 12017C0 311E.

BACKGROUND AND ANALYSIS:

The subject property previously received a master plan approval for a maximum of 72 motel suites (condominium ownership), 15 motel rooms, and 3,600 square feet of commercial space via application PDO-05-01 (Ordinance No. 2006-A13). A permit was submitted (2007-04735) to establish the master plan but was never completed and expired in 2011. Since a permit was never issued, the master plan expired in 2013.

The applicant is requesting to change the Land Use Atlas Map designation to remove the expired PDO designation and return the site to the underlying GNC designation. This will allow for the continued development of the site as allowed in the GNC District, without the restrictions of the previous master plan. The existing buildings on site were placed and in use prior to the establishment of the master plan and have been in continual operation.

Consistency with the Land Development Code and Comprehensive Plan: All development applications shall demonstrate complete compliance with the Land Development Code and the Comprehensive Plan. The removal of the previously approved PDO would allow development on the property to occur although the potential safeguards of a Planned Unit Development (PUD) will no longer be in place and a new one has not been provided. The application appears to be consistent with the following policies of the Comprehensive Plan.

Policy 17.2.11 Consistent with the Plan's basic strategy for protection of environmentally sensitive areas, the following guidelines shall apply to all development in the Coastal, Lakes and Rivers Region:

- No increase in residential density should be approved except for the Planned Development standards already contained in the plan, or as otherwise mitigated in the PORT district.
- No additional high intensity non-residential land uses shall be approved for this region. Specifically, new GNC and IND districts should be avoided.

Policy 17.6.14 Because the GNC district allows potentially high density/intensity development, it should not be located in areas of the County deemed to be environmentally sensitive areas. No new GNC shall be allowed in the Coastal, Lakes, and Rivers Region. New GNC shall be limited to the central ridge region.

Staff Comment – *The underlying land use on the subject property is GNC. The previous application did not amend the future land use designation and only amended the atlas by establishing the PDO. Removal of the expired PDO will return the site to the*

Attachment: Staff report and locator map (15139 : 5:05 PM AA-21-04 – Monkey Island Holdings, LLC)

underlying GNC designation. This request is not new GNC within the Coastal, Lakes, and Rivers Region.

Policy 17.5.4 All Planned Developments shall be approved by the Board of County Commissioners (BCC) through the LDC Atlas Amendment process.

Compatibility with Adjacent Land Uses: Removal of the Planned Development Overlay designation would return the site to the underlying GNC designation. The surrounding land uses are predominantly non-residential to the south, east, and west, and residential to the north across the canal. There is an existing hotel and restaurant to the west, which are under common ownership with the subject property, a County boat trailer parking lot, an office, a convenience store, and a single-family residence to the south, and the Homosassa Elementary School to the east. Any future development will have to meet the Land Development Code at time of permitting if the expired master plan is removed.

No agency comments have been received as of the date of the writing of this report.

PROPOSED FINDINGS OF FACT – LAND USE CHANGE

1. The request is to re-designate approximately 6.24 acres from GNC with an expired PUD to GNC on the Land Use Atlas Map.

2. The subject property is not located within the adopted PSA for Citrus County.

3. Concurrency can be met for solid waste and drainage. The site currently has central water and sewer services.

4. The site takes access from a public, local roadway.

5. The request is consistent with the Comprehensive Plan as the GNC designation is existing and not new GNC within the Coastal, Lakes, and Rivers Region.

PROPOSED FINDINGS OF FACT – PLANNED UNIT DEVELOPMENT

The Board of County Commissioners (BCC) may adopt, and the Planning and Development Commission (PDC) may recommend approval of, modified conditions of approval pursuant to LDC Section 4302, PUD Approval Procedures, when in the public interest and expressed in formal findings of fact. The reviewing body shall approve, approve with modifications and/or conditions, or disapprove the PUD. The reviewing body shall enter its reasons for such action in its record. As evidence, the following findings of facts are cited.

A. **Only uses which are consistent with the Comprehensive Plan may be approved as a PUD.** *The application proposes removal of an existing PUD, which would return to the existing LDC and FLUM land use designations. This will allow for the continued development of the site as allowed in the GNC District, without the restrictions of the previous master plan.*

B. **Any development approved through the PUD application process, which is not designated a use in the respective land use district for the subject PUD parcel, shall be compatible with established or planned uses both within the development footprint and surrounding neighborhoods and property.** *N/A – the application proposes removal of the existing PUD.*

Attachment: Staff report and locator map (15139 : 5:05 PM AA-21-04 – Monkey Island Holdings, LLC)

C. **Accessory uses shall be permitted as set forth within the approved general concept plan or as found by the Board of County Commissioners to be compatible with an approved plan.** *Any accessory uses proposed would be subject to LDC standards.*

D. **Subsequent to the approval of a PUD, uses not enumerated may be permitted through amendment of the PUD and approved by the Board of County Commissioners.** *The applicant is aware that removal of this expired PUD will only allow the subject property to develop with GNC allowable uses and future projects will have to meet all applicable standards within the Land Development Code. Any proposed uses or items not following the Land Development Code may require a new PUD application.*

E. **The land area included within the PUD development shall be of such proportions as to properly accommodate all proposed uses in keeping with the general requirements of the county and the established objectives and policies of the adopted Comprehensive Plan.** *The project area was found to be adequate for the 2005 PUD and is now proposed for removal; although the safeguards of a new PUD are not proposed.*

F. **Landscaping and design and maintenance shall follow the principles of *Florida Friendly Landscaping* ™ and the *Florida Yards and Neighborhoods (FYN) Homeowner Program* to reduce water use and fertilizer runoff.**

1. **Planted turf grass and landscaping on residential lots shall be limited to a maximum of 50% of the upland portion of the lot.**
2. **Turf grasses and landscape vegetation shall be common to the area and drought tolerant.**

This criteria was addressed with the existing PUD now proposed for removal.

G. **There shall be no specific lot requirements for individual uses; provided, however, that the area designated for any particular use shall be of sufficient size and proportion so as to properly accommodate said use and to provide for adequate open space and buffering between it and an adjacent use.** *The application would remove an existing PUD and use the underlying land use designation, resulting in non-residential land uses to the south, east, and west, and the non-residential requirements of the Land Development Code to provide protection of future development.*

H. **The maximum height of structures, setbacks, and density within a PUD development shall be as specifically established by the Board of County Commissioners in its approval action.** *The existing PUD addressed these standards, now proposed for removal. All future development will be required to meet LDC standards for height, setbacks, and density.*

I. **Approval of the proposed PUD development shall include approval of all maps, diagrams, tables, and reports submitted by the applicant.** *The existing PUD approved in 2005 will be removed with this application.*

J. **A planned unit development will terminate within three years of the date of approval if either a site development plan or preliminary subdivision plat application is not filed with the county. If one of these applications is not filed within the specified time frame,**

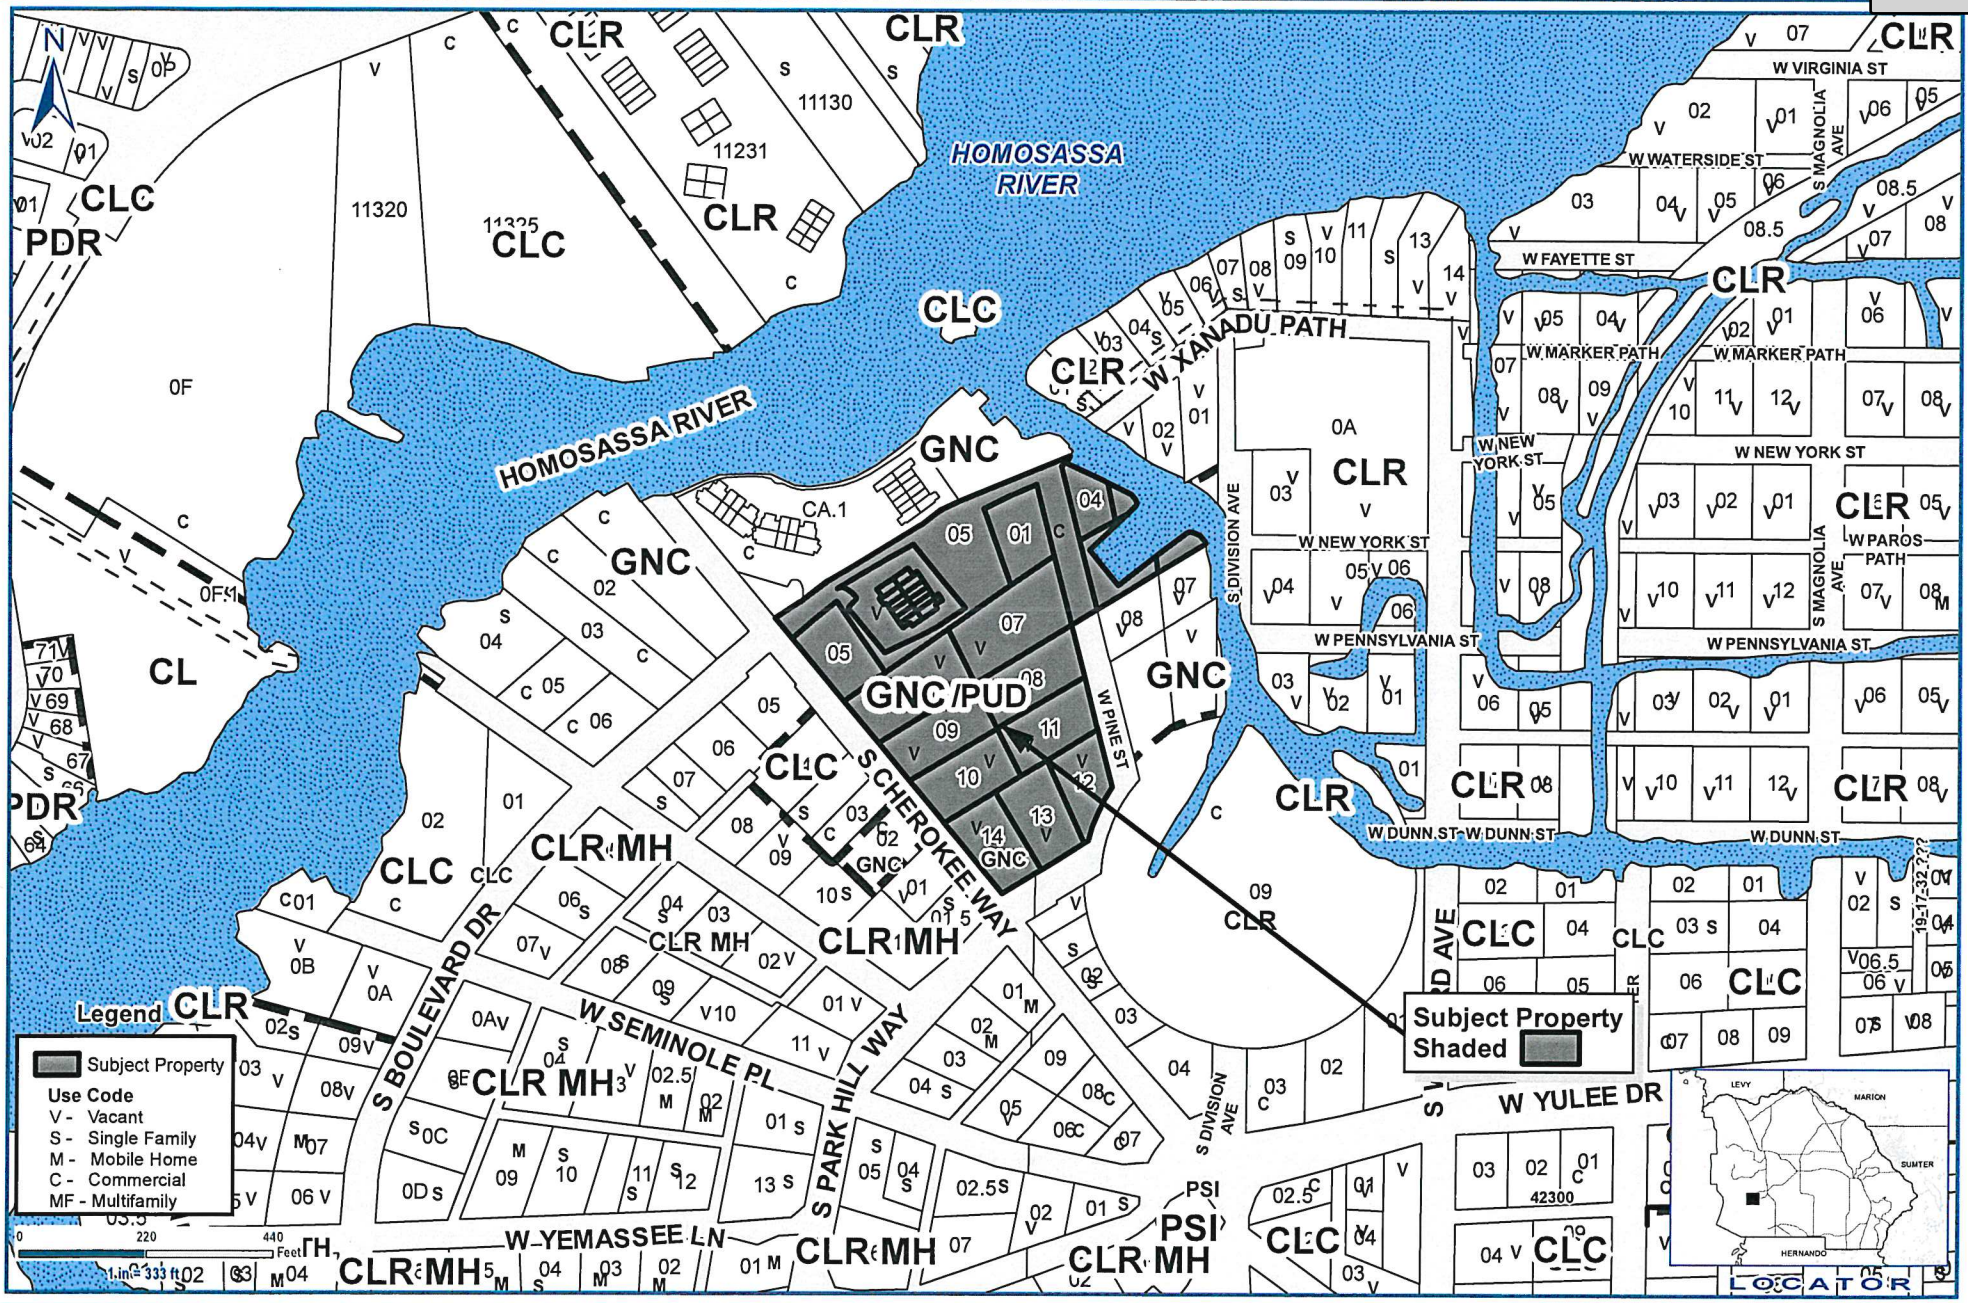

Attachment: Staff report and locator map (15139 : 5:05 PM AA-21-04 – Monkey Island Holdings, LLC)

the PUD shall be null and void. *The PUD approved in 2005 (now expired) will be removed with approval of this application.*

PLANNING AND DEVELOPMENT COMMISSION (PDC) RECOMMENDATION: The Planning and Development Commission (PDC) discussed this application on July 1, 2021. The PDC recommended approval of the proposed request to amend the Land Development Code Atlas Map. The PDC found that the application is consistent with the requirements of the LDC and consistent with the Comprehensive Plan. Granting this request will not adversely affect the public interest and would be generally compatible with adjacent properties and other properties in the district.
